Have You?

Have you ever struggled hard to gather enough money to pay your life insurance premiums?

Have you ever considered that though you may leave your family a large amount of insurance it may not provide for their future necessities?

Have you ever realized that the actual problem is not life insurance, but making provision for the wise use and investment of its proceeds?

Have you ever talked with our Trust Officers regarding a Will or an Insurance Trust Agreement by which you can make certain that your insurance insures? If not, come in at your earliest opportunity and let us explain this very important subject.

To The American People

There is no foundation for the alleged violations of law attributed to our Company by agents of the Federal Trade Commission and I want to say emphatically that Swift & Company is not a party to any conspiracy to defraud the Government. Nor has Swift & Company been guilty of improperly storing foods or of making false entries or reports.

Conferences of packers, where prices have been discussed, have been held at the urgent request and in the presence of representatives of either the Food Administration or the Council of National Defense. And yet the packers have been accused of committing a felony by acting in collusion on Government bids!

We have done our best, with other packers, large and small, to comply with the directions of the United States Food Administration in all particulars, including the furnishing of food supplies for the U. S. Army and Navy and the Allies, now being handled through the Food Administration.

We will continue to do our utmost, under Government direction, to increase our production and assist the Food Administration. We consider that the opportunity to co-operate whole-heartedly and to our fullest powers with this branch of the Government is our plain and most pressing duty.

The Trade Commission Attorney has, by false inference and misplaced emphasis, given to disconnected portions of the correspondence taken from our private files and read into the Record, a false and sinister meaning with the plain purpose of creating antagonistic public opinion.

The services of the packers of the United States are most urgently needed, and I regret exceedingly that we should at this time have to spend our efforts in defending ourselves against unfounded, unproved, and unfair assertions such as are being daily made public.

The President's Views on the Public Utility Situation

In a recent letter to the President, Secretary McAdoo called to his attention the serious situation facing public utilities at the present time. President Wilson replied, in part, as follows:

"I fully share the views you express regarding the importance of the public service as part of our national equipment, especially in war time. It is essential that these utilities should be maintained at their maximum efficiency and that everything should be done with that end in view.

"I hope that state and local authorities where they have not already done so, will when the facts are properly laid before them, respond properly to the necessities of the situation."

W. P. MURRAY, MENTOR BORN MAN, WAS A FRIEND TO EVERYBODY

We believe our readers will be interested in the following recount of the life of W. P. Murray gleaned from an article in the Cleveland Topics:

A man who will be remembered for the good he did in the world passed away at the death of Mr. W. P. Murray.

This good radiated from his strong, helpful and cheery personality into his home, among his friends, and wherever he went.

He was known as one of the most successful merchants of the city, having been connected for many years with Pickands, Mather & Company, and is called the "father" of the Cleveland Athletic Club. He was a supporter of many plans for civic betterment.

As a boy of fourteen he rode on horseback from Mentor to Cleveland and obtained his first job with the banking concern of E. B. Hale & Company.

Pickands, Mather & Company make the following statement regarding his career:

"William Parmelee Murray, merchant, was born at West Mentor, July 12, 1854, son of Robert and Sophronia (Parmelee) Murray, and grandson of John Murray of Scotch-Irish descent. His father, a native of Concord, Ohio, was a noted cattle buyer of the Western Reserve, carrying an unlimited cash in saddle bags while traveling on horseback though Ohio and adjacent states. The son was educated in the public schools of Mentor. At fourteen he [illegible] service of the Merchants' National bank as assistant paying teller, continuing with that institution eight years, when he retired to learn the commercial side of the iron, ore and coal trade. Associating himself with the Cleveland Furnace Company, he engaged in the manufacture of pig iron at Steubenville, Ohio, and two years later became selling agent on the road for Tod, Stambaugh & Company, pig iron manufacturers. Five years later he established the coal department with Pickands, Mather & Company, Cleveland, with which he was connected at the time of his death, and which has grown to immense proportions, shipping all over the north and northwest. Mr. Murray was a life member and past president of the Cleveland Athletic Club, of which he was honorary president at the time of his death, and a member also of the Union and Hermit Clubs, Cleveland, Duquesne Club, Pittsburgh, and was formerly a member of the Ellicott Square and Buffalo Clubs, Buffalo. He was married at Medina, N. Y., October 3, 1877, to Jennie C., daughter of Reuben S. Castle, of Medina."

His daughters are Miss Helen Parmelee Murray, Mrs. Margaret Murray Dangler, married to Mr. C. S. Dangler, and Edith Murray Teagle, deceased, who was the wife of Mr. Walter Teagle.

Mr. Murray's father and grandfather had been in the cattle business and drove cattle from as far east as Philadelphia for feeding and marketing in Ohio. [illegible] original fireplace and ovens.

The helpfulness of the man made many persons loyal to him. He was especially fond of starting young men on the road to business by advising them and sometimes by helping them in substantial ways. Many a Clevelander owes his success to Mr. Murray's encouragement and aid.

He saw the need for an athletic club in Cleveland, where men tied down to business all day might exercise and be entertained. He stood back of the finances of the Cleveland Athletic Club until they were on a sound basis.

Early in life he had learned to love animals and became a breeder of horses and cattle and a supporter of the race track and the fairs. He gave money and energy to improve the quality of animals.

One of Mr. Murray's characteristics was his fine and cheerful manner. His home life was beautiful and he was loyal to his friends.

Beside being remembered for his able executive abilities, Mr. Murray always will be given credit for having promoted many civic betterments, for having aided, unknown, many charities, and for having helped his friends to improve their condition in life.

TWENTY-SIXTH YEAR—NO. 8. WILLOUGHBY, O., MARCH 29, 1918. ONE DOLLAR AND TWENTY-FIVE CENTS A YEAR IN ADVANCE

COUNCIL VOTES DOWN ALL PAVING EXCEPTING WALDAMERE AVENUE AND RIVER STREET FROM PARK TO UNION; C. P. & E. QUESTION HELD IN ABEYANCE.

At a long drawn out council meeting Monday night all paving except Waldamere avenue, in the new allotment, and a River street strip from the park to Union street was voted down. A motion made by N. C. Smith to pave River street to Barber avenue was killed; and one made by Mr. Neumann, to pave nothing but the portion of River street mentioned, was carried in its place. No paving will be done therefore during the period of the war, but the portion of River street, and Waldamere avenue, according to present indications. Harry Hammar and Messrs. Douglas, Currie and Jordan were present. Mr. Hammar went over the C. P. & E. situation at length and various questions by S. D. Shankland and James McMahon and others were considered. That the public should know all details of the income and expenditures was acceded. Other details as to salaries, value of property, bond holdings, etc., is to be submitted, and further consideration given at a council meeting next Monday night.

WICKLIFFE SUPPLY CO. HAS $500 ROBBERY

Robbers entered the Wickliffe Supply Co. office and warehouse at Wickliffe Tuesday night. The safe was broken open with a crowbar. No money was secured. The typewriter, clock and other material were taken from the office. Twenty-five barrels of flour and a lot of new belting was secured in the warehouse.

Mr. Honeywell estimates the loss at about $500.00, and believes that the robbers conveyed the stolen property by auto to a waiting truck on St. Clair street. Dr. Stork saw an automobile at the plant at about 12 p. m. James Moloney and the Cleveland police are working upon the case.

LOST NATION ROAD PAVING COMMITTEE

At the Chamber of Commerce meeting Friday the following were appointed to serve on the Lost Nation Road paving proposition: S. D. Shankland, George Rockafellow, W. J. Carmichael, Sam Low, H. E. Talbot, Dr. Kenning, W. C. Collister, N. C. Smith, H. R. Brown, J. Rutland.

It is stated that there is no thoroughfare the paving of which would be as much benefit to Willoughby as that of the Lost Nation road. A conference will be held with the county commissioners Monday next.

AFFAIRS OF COMPANIES IN WHICH ANDREWS SCHOOL HAS HOLDINGS GRADUALLY IMPROVING.

At the meeting of the trustees of the Andrews School Tuesday night, matters pertaining to the steam and ice companies in New York in which the school has holdings, were gone over at length. All indications seem to point to a gradual improvement in the affairs of the New York companies. The holdings of the school are being well protected; the utilities companies have weathered conditions of weather and country almost unprecedented, so that at this time a general feeling of optimism prevails. Harry Hammar, attorney for the Institute, and R. N. Whitcomb of Painesville, together with A. H. Van Gorder, W. J. Carmichael, S. S. Wilson, S. D. Shankland and H. F. Kennedy were present at the meeting.

MOTHER OF MRS. VIALL DIES

Mrs. Zilpha Freeman Griste, wife of Dr. Griste of Twinsburg and mother of Mrs. Ethel Viall of Willoughby, passed away suddenly at her home Friday last. Mrs. Viall had intended spending the week end at the home of her parents but the unexpected death of her mother called her home Friday. The funeral took place Monday, from the family home.

Why Not Try It For a Year?

IF THE FARE IS INCREASED
Why not have a Commuters' Rate?
Good Half Hour Service?
Incorporated in an amendment to be in effect for a year?

This would keep Willoughby's franchise intact until 1934, while a receivership would remove the jurisdiction from the hands of the village, in all probability, with service as they deemed the income adequate to give.

TOM JOHNSON DAYS RECALLED BY CHARLES OTIS WHEN CHAMBER GATHERING TAKES UP FARE PROPOSITION.

"I haven't had such a good time since my old friend Tom Johnson used to tell us that three cent fare would pay, when we all knew it wouldn't," Charles Otis said at the Chamber of Commerce gathering last Friday night. About seventy guests enjoyed the supper at the Willoughby Inn, after which a free for all discussion of the fare raise desired by the C. P. & E. followed. Harry Coulby, mayor of Wickliffe, and president of the Pittsburg Steamship Co., attended; Charles Otis, president of the Cleveland Chamber of Commerce; T. P. Cadle, solicitor of the village of Mentor; and many others made up the list of interested and interesting guests. Mayor Coulby and Charles Otis swayed the sentiment of the gathering strongly in favor of the C. P. & E. by the remarks they made, both being much in favor of the granting of the street car company's request. However, J. Edw. Weit and T. P. Cadle presented some views on the situation that made it evident more time for consideration of the matter would be required. It was at this period of the meeting when Charles Otis spoke of the good old days when 3c fare was being so ardently advocated by Tom Johnson. The meeting was one of the most successful ever held by the chamber. Mayor Coulby and Charles Otis each gave an inspirational patriotic talk before the close of the gathering.

PAVING PROPOSITION TAKEN UP. LOST NATION ROAD CONSIDERED

The subject of paving came up for discussion at the chamber gathering. The sentiment of the body was much in favor of the paving of as many streets as consistent with prevailing conditions, as will be noted by the following:

Forty-nine voted for the paving of Center street; three against it. Fifty-two voted for the River street paving against one "no." Thirty-three wanted West Spalding paved, 15 against. Thirty-four wanted Barber avenue paved and 25 votes were cast for Wilson avenue with no opposition to either. Twenty-nine opposed the paving of East Spaulding, 19 in favor.

George Rockafellow and H. E. Talbot brought up the Lost Nation road proposition, claiming discrimination in favor of the North Ridge road. Mr. Von Beseler stated that the North Ridge road was a state highway and explained the appropriations that had been made by the state necessitating the immediate acceptance on the part of the county. It was shown that Willoughby is much affected by the state of the roads leading into it. Many are obliged to detour and go to Mentor in order to get to Willoughby at all. The matter is to be considered with the county commissioners.

PRIZES FOR SCHOOL GARDEN CLUB SECURED

E. M. Otis presented the subject of the garden clubs, pig clubs, etc., the pupils at the school have under way. First, second and third prizes were offered. First is to be given by Chas. Otis; second by Mayor Coulby and the third, fifty dollars, by the Willoughby Chamber of Commerce; this last suggested by Mayor Carmichael. Supt. Otis stated that garden plots were desired by the school. All having such to offer for use this summer are requested to get in touch with the high school.

TRYON FAMILY MOVE TO NEW YORK

Mr. and Mrs. A. H. Tryon have moved to New York. Mrs. Tryon left Willoughby Wednesday. Mr. Tyron, who is actively connected with a stock magazine, and who is known as one of the best short horn cattle men in the country, has accepted a position as manager of the Chisholm estate, located near New York, a very large and important country stock farm. Three or four Willoughby families, including the Glenn and the French families, have been taken by Mr. Tryon for employment upon the estate. Freight cars were chartered and stopped at Willoughby taking all of the furniture and personal property of the movers at one shipment.

MAYOR COULBY JOINS WILLOUGHBY CHAMBER OF COMMERCE.

Recent additions to the Willoughby Chamber of Commerce include Harry Coulby, mayor of Wickliffe, who joined Friday evening last; W. E. Thompson, county commissioner and George C. Von Beseler, village solicitor. Many complimentary and pleasing expressions were heard as to the splendid showing made at the gathering Friday night.

LOCAL BOYS TO RIVAL DOCKSTADER IN WILLOUGHBY MINSTREL SHOW.

Nothing draws a crowd like a show that features local talent. Especially is this so when a minstrel show is to be put on. Nothing gives such a chance for life and merriment. Here are some of the boys who will play and sing and take leading parts in the minstrel show and play to be given at the high school auditorium, Friday, April 5: Ernest Brott, Reed Fairley, Ralph Reader, Herschel Henn, Kenneth Lockwood, Geo. Rose, George Richards, "Butch" Briggs, Harry Barnes. Old fashioned minstrels, with new songs and new jokes, are promised by the producer.

DEATH SUMMONS WELL KNOWN WILLOUGHBY WOMAN.

Friends in Willoughby were grieved and shocked Tuesday to learn of the sudden and unexpected death of Mrs. Emma Brooks, wife of H. P. Brooks of River street, at their Cleveland apartments Monday night at 12 o'clock. Mrs. Brooks had been ill for a few days, but her illness was not considered serious. Mr. and Mrs. Brooks, with Jeanette, the daughter, had expected to open their home in Willoughby this present week arriving for Easter. Mrs. Brooks was a niece of N. C. Smith, and a daughter of the Silverthorns of Rocky River. Miss Jeanette is a student at the Woman's College.

Mrs. Brooks was a member of the Monday and Thursday Afternoon Bridge Clubs; the Woman's Club, and the Birthday Club.

The funeral occurred from the Wade Park Memorial Chapel Thursday, the Rev. H. E. Bright of Willoughby officiating.

James McMahon sang. Mr. and Mrs. N. C. Smith and Mrs. Ferris accompanied Rev. Bright. A host of friends grieve at this sudden loss of Mrs. Brooks from their midst.

The Waite Hill folks are going to have a social at the Grange hall Saturday evening.

GOVERNOR COX CALLS MEETING OF INTERURBAN MEN

W. H. Douglas of the C. P. & E. attended a meeting of interurban men, called by Gov. Cox at Columbus on Thursday last. The purpose of the meeting was to ascertain to what extent the suburban roads are prepared to assist the steam roads in hauling material. The financial difficulties of the interurban car companies are universal all over the country, and discussion of ways and means of getting the companies on their feet and assisting in steam road hauls was made. This was brought out at the Chamber of Commerce meeting Friday last.

FIRE IN MENTOR SHOWS UP EFFICIENCY OF TELEPHONE DEPARTMENT.

Few in Mentor knew at 7:30 a. m. Wednesday morning that they had almost been deprived of their telephone exchange. Miss Emma Norton passing the exchange on her way to work noticed that the roof was on fire. Mrs. Lamb was at the switchboard at the time. She called the fire company and proceeded right along at the switch board while the chemical fire enigne put out the blaze. The new engine, they say, more than paid for itself by its service Wednesday morning. What would Mentor do without its telephone service?

JONATHAN WARD CELEBRATES 95th BIRTHDAY.

Jonathan Ward, one of the two oldest men in Willoughby township, passed his 95th birthday March 15. By many years he has outlived all his brothers and sisters. He had as guests on that occasion his nephews, T. E. White and family of Wickliffe, and Charles Carpenter of Mentor.

MRS. REESE SELLS HOME.

It is reported that Mrs. Maud Reese has sold her home to Miss Rose Harris, who formerly owned property near Stop 36, the main line. Mrs. Reese will occupy a portion of Miss Minnie Excell's house. The changes are expected to take place about April 1st.

CALVARY QUARTETTE PRESENT SPECIAL EASTER SERVICE.

Willoughby is especially favored in again having the quartette from the Calvary Presbyterian church, for the evening Easter service at the Methodist church. The regular quartette, consisting of Mrs. Edna Strong Hatch, soprano; Miss Frances Sanderson, contralto; Warren Whitney, tenor, and James McMahon, will appear. Each member will sing a solo. There will be three anthems; a regular concert. It is pleasing to know that although this quartette had several requests to sing in Cleveland Easter Sunday, they were so pleased with the reception accorded them in Willoughby Christmas they felt that they must again sing for a Willoughby audience Easter.

THE C. P. & E. RESOLUTION MADE BY CHARLES OTIS

The motion introduced by Charles Otis at the general Chamber meeting, stated, that it is the sentiment of this body that they wish to see a fare adjustment that the company may have a fair rate, to extend for one year after the war. This was acceded to by a rising vote.

WHY BUY LAKE COUNTY GROWN RADISHES FROM CLEVELAND DISTRIBUTORS? ENQUIRES CHAS. OTIS.

Charles Otis brought out some feature of delivering and buying and selling in his speech Friday night which provide food for thought. Out at his farm at Waite Hill, he said, he often noted wagons going by, each loaded with produce. His own wagon would come along, possibly not even a quarter loaded. He wondered, he said, why joint loads could not come in on one trip. Then, too, he said, big trucks of garden stuff drive into the city and then Lake county folks buy back radishes and the rest of the green stuff at the local groceries bought of the Cleveland distributers.

EIGHTY-THIRD BIRTHDAY FINDS WICKLIFFE WOMAN WITH THREE GRANDSONS IN SERVICE; COL. McQUIGG WRITES LETTER OF CONGRATULATIONS.

Mrs. Augusta Wicker has the distinction of receiving a letter from Colonel McQuigg of the 112th regiment of engineers at Camp Sheridan, Montgomery. In the letter he congratulated her on having three grand sons in the army, namely, Albert, John and Wade Wicker. He told her they were fine young men and made good soldiers and that thye had been granted furloughs and that she would see them all soon.

Mrs. Wicker has two sons, Sherman, who lives with her, and Charles living on the same farm; and one daughter, Mrs. C. S. Smart of this village.

She has twelve grandchildren and five great grandchildren.

Recently Mrs. Wicker celebrated her 83rd birthday and to use her own expression, "the housewas full of children and sunshine." Altho at this advanced age she keeps young by taking interest in everything. She is pleasing to visit with and her knowledge of current events is truly wonderful. She is a member of the Wickliffe Red Cross and has done her bit by knitting several pairs of socks; and her bread making would put to shame many younger cooks.

It may be truly said of her that she is a grand woman.

THE C. P. & E. RAILWAY COMPANY IS SELLITS PRODUCT, "TRANSPORTATION," AT LESS THAN COST;

And has petitioned the council of the Village of Willoughby for increased revenue, which means increased fares.

Increased prices of materials and supplies, the increased cost of fuel, etc., are all significant and extremely important factors in the operation of its cars.

THE PROBLEMS THE COMPANY FACE

The street car company is therefore, facing today, the same problems that you face in the high cost of living. But we cannot stop buying the expensive things as you can, without stopping the operation of our cars.

◦ ◦ ◦ ◦

By pocketing your pride, you can make last year's old straw hat do for this year, but when our rail or wire is worn out, we MUST REPLACE THEM REGARDLESS OF COST.

◦ ◦ ◦ ◦

A RECEIVER AND THE SERVICE

TO CONTINUE TO SELL "TRANSPORTATION" AT LESS THAN COST MEANS BANKRUPTCY FOR US, WHICH IN TURN, MEANS A RECEIVER, WHO WILL ONLY OPERATE SUCH CARS AS SHOW A PAYING RETURN. THIS MEANS A LARGE REDUCTION IN THE SERVICE.

◦ ◦ ◦ ◦

We can only obtain relief through your willingness to cooperate with us by paying the slight increase in fare.

HOW THE PROFIT AFFECTS SERVICE

To sell "Transportation" at a fair profit, means satisfactory service for you. It will attract investors, who will provide the money for new equipment and extensions, all of which means prosperity for all of us.

◦ ◦ ◦ ◦

Poor service does not attract suburban residents. We can't give the service without the revenue that will pay expenses.

◦ ◦ ◦ ◦

CONTROL OF UTILITIES

Below we present a verbatim extract from the report of a Public Utilities Commission, where a fare raise was allowed:

WATERED STOCKS

FEW ARE AWARE, EVEN AMONG THE BEST INFORMED, OF THE REVOLUTION WHICH HAS TAKEN PLACE IN THE PAST TEN OR FIFTEEN YEARS IN THE RELATIONS BETWEEN PUBLIC SERVICE CORPORATIONS AND THE COMMUNITIES WHICH THEY SERVE. THE POPULAR IMAGINATION STILL BEHOLDS THE CORPORATION SEATED ASTRIDE THE PEOPLE'S NECK, DOMINATING ITS POLITICS, CORRUPTING ITS OFFICIALS, USING ITS STREETS AND THOROUGHFARES WITHOUT COMPENSATION AND EXACTING ENORMOUS PROFITS FROM FICTITIOUS INVESTMENTS. BUT HOWEVER TRUE THIS PICTURE MAY HAVE BEEN IN THE PAST, THE PUBLIC CONTROL OF UTILITIES HAS RESTORED THE AUTHORITY OF THE PEOPLE OVER THEIR SERVANTS.

THE PROPERTIES OF THESE UTILITIES ARE NOW CAREFULLY EXAMINED AND APPRAISED AT THEIR TRUE VALUE.

ANY WATER IN THEIR STOCK IS DISREGARDED AND RATES ARE ESTABLISHED ON THE BASIS OF REASONABLE COST TO THE CONSUMER AND FAIR RETURN TO THE INVESTOR.

PROGRESSIVE CORPORATION MANAGERS WELCOME THE CHANGE WHICH TRANSFORMS THEM FROM PUBLIC ENEMIES INTO PUBLIC SERVANTS, BUT ON THE OTHER SIDE SOME WHO DO NOT REALIZE THE CHANGED STATE OF AFFAIRS ARE PRONE TO USE THEIR NEWLY ACQUIRED POWERS IN BELABORING THEIR ANCIENT ENEMY.

IT IS TIME FOR THE PUBLIC TO REALIZE THAT THE POWERS CONFERRED UPON PUBLIC SERVICE COMMISSIONS, THOROUGHLY TESTED AND UPHELD BY THE COURTS, ARE AMPLE FOR THE PROTECTION OF THE PUBLIC AGAINST ALL THE EVILS FROM WHICH THEY HAVE SUFFERED IN THE PAST. IT IS TIME ALSO TO REALIZE THAT GOOD SERVICE CAN BE OBTAINED ONLY BY JUST AND EQUITABLE TREATMENT. NO STARVED HORSE EVER PULLED A HEAVY LOAD. THE UTILITIES HAVE BEEN DEPRIVED OF THE POWER TO MAKE UNJUST PROFITS. THEY MUST ALSO BE PROTECTED AGAINST UNJUST LOSSES. IF A UTILITY IS DRIVEN INTO A POSITION WHERE ITS CREDIT IS IMPAIRED AND IT CAN OBTAIN MONEY FOR OPERATIONS AND EXTENSIONS ONLY AT UNREASONABLE COST, THE PUBLIC MUST SHARE THE LOSS.

The Cleveland, Painesville and Eastern Railroad Company

MAYOR ISSUES APPEAL FOR SPRING CLEAN-UP WEEK.

The first two weeks in April are set aside as a period for ridding Willoughby village of dread fire hazards and disease spreaders. Let us make it simultaneous over the entire village.

I earnestly appeal to all civic bodies, the Chamber of Commerce, women's clubs, merchants and manufacturers, the fire department, the ministers and churches, lodges, teachers, and all patriotic Americans for co-operation.

This year is the most important of our history. Let us do this job well, and bolster up the great conservation movement of the state and nation.

Mayor.

Hippodrome

The spring drive of vaudevill features will open at B. F. Keith's Hippodrome Monday with Trixie Friganza as the headline feature. Miss Friganza, the adorable comedienne will be supported by beautiful Meliosa Ten Eyck and Max Weily, to very beautiful dancers. Miss Friganza will bring one of the best acts of her career. She always gives her friends in Cleveland something worth while and this season in addition to herself she offers her two talented dancing stars.

Miss Friganza is a well known star and has always been welcome here in various productions. From now until the end of the season the Hippodrome will offer a series of all star programs balanced in such a way as to afford a maximum of excellent entertainment. Another headline feature will be Homer Mason and Marguerite Emmerson Browne. It is a vaudeville gem. The lines are bright and crispy and the situations are just the sort to make the act a tremenduous success. Bob Mathews, who has been one of vaudeville's standard stars for many years will bring his latest production entitled "The Rounder of Old Broadway." Mr. Mathews will have a large supporting cast in his new act. He has so constructed his play as to mingle laughter and song without being incongruous. When Walter Brower was here last season he won much success by his droll manner of telling funny stories and he was booked this season because he had a lot of new stories. Frank Dobson and Co. will provide a lot of mirth and fun with his modern eccentricities. Among the other features will be "The Race of Man," a distinct novelty act shown for the first time in the West. The Toozoonine Troupe of Whirlwind Arabs. Ray and Bell, comedy performers and another headline feature to be announced later

Miles Theater

The Arabian Night, an elaborate musical comedy, will headline the Miles bill the coming week. The offering has a cast of five well-known comedians and a bevy of pretty girls. They carry four beautiful sets of scenery and other properties to make it one of the most pretentious acts in vaudeville. Fraunholz and Brandt will offer a quaint, humorous playlet called "All Wrong." Chas. Althoff is a comedian known as the Sheriff of Hicksville. Billie Elliott, a corker in cork, Nora Kelley, the Dublin girl, and the Thazer brothers, in classic equilibrist, will make one of the best vaudeville shows ever presented at the Miles. A big program of first run photoplays will be thrown in for good measure, making it a big, double show for one price. 15, 25 or 35 cents.

Liberty Theater

The Liberty stages its own "Review of Reviews" next week, instead of the customary vaudeville show. It's a big musical offering with a dozen principals, a chorus of sixteen, seven scenes and ten new songs, all written by Al Marney, director of the Liberty's orchestra. Among the principals are Irene and Bobby Shea, Milt Wood and Pat Lanigan, Joe Dailey, Paul Devere, Lucy McGrath, the Hastings, Schriever, Clifford trio. There will be two shows nightly and a Saturday matinee.

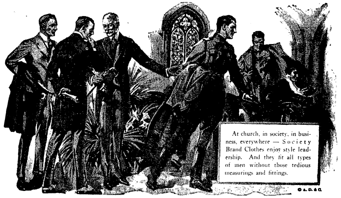
Society Brand Clothes

Ideal Apparel For Easter



At church, in society, in business, everywhere — Society Brand Clothes enjoy style leadership. And they fit all types of men without those tedious measurings and fittings.

The Cutaway—the coat of dignity—is the coat to wear at Easter-time. Some men imagine that they cannot wear a Cutaway. They labor under the delusion that the Cutaway is for the tall, handsome movie actor. Not so. The trouble isn't with the individual—it's with the clothing. The man who chooses his Cutaway from our stock—or rather lets us choose it for him—will find that he has "Just the figure" for one of these ultra-stylish garments. It's a matter of knowing what model to pick for different types of men. It's a matter of stocks sufficiently large to individualize. Come here and let us show you the rich Oxfords, Vicunas and unfinished Worsteds. Every garment is full silk lined and is bound by hand with fine silk braid. Cutaway coats and vests are priced at

$30, $35, $40 and $45

This will be a short week and a tremendously busy one—especially in those branches of this clothing store devoted to Young Men's Clothes. We earnestly advise that you come in now—before the crowds. The end of the week will be one grand rush—and the wise young fellows will get here early, taking plenty of time to choose the right clothes in the right fabrics and the right colors.

"SOCIETY BRAND" CLOTHES ARE PRICED AT

$25, $30, $35, $40, $45, $50, and $55

They're made for young men and for older men with young ideas. They're the clothes that have been the friend-winners of this great clothing business. It is well to note that the same high standard of workmanship prevails in all lines of "Society Brand"—the difference in price being merely a difference in fabrics and trimmings. Also remember, please, that we unconditionally guarantee our clothing to give satisfactory wear. It's because our clothes do not need the guarantee that we're so liberal in giving it.

BUY YOUR BOY AN

Academy "Two-Pants" Suit

In this line we have everything a parent might want for the boy—everything nobby that the boy would be delighted to wear. Here are single and double-breasted models with disappearing or full belts, smart military effects with full belts, metal buckles—and with regular, slash and patch pockets. Here are fancy tweeds, velours, cassimeres, plain blue, brown and green cheviots and flannels. They're lined with mohair and alpaca. An exceptionally attractive line is priced at.......... **$15**

Other Academy Suits $9.00, $10.00, $12.50, $13.50, $16.50, $18.00, $20.00 and $22.50.

Juvenile Suits

Made in smart, snappy Junior Norfolks, French Middy, Military, Eton Norfolk, Trench and Tommy Tucker models with detachable collars and cuffs, and full belts with metal or pearl buckles. Sizes 2 1-2 to 8 years, priced at $3.95, $5.00, $6.00, $7.00, $8.00, $9.00 $10.00 and $12.00.

Spring Top Coats

Boys' new reefers and trench coats with self, velvet and detachable sailor collars. Half, three-piece and full belts. Regular, patch and slash pockets. Nobby and well-made garments, every one of them. Sizes 2 1-2 to 10 years, at $3.95, $4.45, $5.00, $6.00, $7.00, $8.00, $10.00 and $12.00.

Service

Our Trust Department will assume full responsibility for any business of a trust nature.

For example, in acting for property owners under Real Estate Trust Agreements, we care for taxes, insurances, repairs, securing of tenants and collection of rents.

The volume of our business enables us to secure prices on repair work low enough to save the owner more than the moderate fee charged for management.

Properties managed by us seldom remain vacant. Statements are rendered at regular intervals and 4 per cent interest, under savings bank rules, is allowed on all net balances.

Consult our Trust Officers freely, without obligation, regarding your trust business.

Buy Your Lot Now

Get the Advantage of An Early Selection Before Prices Advance

The coming of spring activity will bring out a large number of Cleveland buyers who will quickly take up the remainder of the most choice lots. In fact, many of them have already been sold. Prices will be advanced at an early date. Now is the time to choose your lot. Don't put it off; it will mean second choice, and a higher price.

Willoughby-Euclid Avenue Subdivision

60x200, $480 up. 80x200, $640 up.

Terms very easy, a little down, a little month, with liberal cash discount.

Protected by conservative restrictions, of one house, for one family to the lot, with complete improvements (including sewer, water, sidewalks, shade trees, parks, tennis courts and paving) now being installed, this property offers an exceptional opportunity to secure a beautiful homesite in the choicest residence district of Willoughby.

Because of the increase in land values it will not be possible again to buy equally well located and developed property in Willoughby, at these low prices. Buyers of our property at present initial prices may be absolutely certain of a generous increase in value.

This period of high wages, the highest ever known, is the wise man's opportunity. The prodigal will not benefit. But the wise, prudent person will take advantage of the high wages of the present by making a start toward a home. Now is the time to act. A small down payment, and a few dollars a month will secure one of these exceptionally fine, big homesites.

We will be glad to co-operate in planning and financing your home. We have attractive designs and plans of modern homes which we will be pleased to have you look over. Let's talk it over.

They will say that no car of modest weight has so thoroughly met their ideas of physical comfort.

The superiority of the Liberty is almost instantly noticed by the difference in the way it rides and drives.

It is so pronounced as to be almost unbelievable, until you drive the car—and ride in it.

Public Utilities and the War

"The work of the war has thrown upon many of these corporations (public utilities) strains which they are unable to endure without prompt help...

"The first and most direct relief to the public utilities corporations can be given by the state public utilities commissions and municipal and local authorities with the broad-minded co-operation of the people generally, understanding the necessities of war and realizing that the more promptly its burdens are accepted the more promptly they will be lifted....

"The breaking down of the corporations would be a national calamity."

DID DRINK DO IT?

"What's the matter with Brown," snapped the sales manager of one of the large Grocery Stores on West 9th Street, as the door slammed after the departing figure. "He told us how he got that order three times and he didn't seem to realize it. He's done that a great deal of late—doesn't seem to be able to think straight."

The president kept his eyes on the door as though he was still following the vanished man. He's drinking too much—that's what's wrong with him. You can always tell them when they get to that stage. He's been a good salesman, but you'd better make arrangements to get someone else for his territory. We can't have a drinker acting as the representative of his firm." He turned to his desk. The incident was closed.

But the Sales Manager had heard of the Neal Institute and how Two Hundred other Ohio Corporations were saving valued employes instead of firing them and suffering financial loss in breaking in new men to replace the fallen. He gave Brown his ultimatum, "Brown, go to the Neal Institute—or you're fired. Your territory is too valuable for us to endanger it." Brown retains his territory today.

And another corporation counts the Neal Institute as an aid to industrial efficiency

BETTER FOOD AND DRINK FOR ALL THE PEOPLE

The people of America are adopting new methods, new standards that go to make for better living, better health and improved general fitness in mind, body and well being.

We see many good suggestions along this line from food manufacturers whose claims are invariably well founded and are part of a general forward movement to educate the people to a realization of the full nutriment value of certain foods.

But, what has been said about drinks — that are also nutritious healthful and appetizing?

Not much has been said, but our readers will appreciate a full knowledge concerning a drink that is really beneficial.

The human body requires six to eight glasses of water a day—or other form of non-injurious liquid. Water is good, but it can be improved on, by a drink that contains distilled water and other ingredients that give health and strength.

What every man, woman and child needs is a sufficient supply of pure liquid food, and they need it daily—regularly. A good drink to consider is one that contains all the nourishing properties of the best pearl barley and the nutritious tonic of hips —without being in the least way intoxicating.

There is strength in barley, hops and distilled water and they make a fine, pleasant tasting drink, when they are blended correctly. When you drink such a beverage each day you build your body stronger and sturdier, your mind is more clear and active, and you feel better in every way, than you otherwise would.

If the manufacturer of such a drink and its distributor, in your city, are responsible, and of good reputation, you may feel sure that the drink is right, it will not take you long to find out. Judge it by your first bottle or two—then drink it regularly.

There are numerous such drinks on the market—but as usual only one or two leaders. One that we can recommend to you is Bevera—now on sale and well and favorably known in this community.

The Coldest Winter In 48 Years

Weather reports show that this is the coldest winter Cleveland has experienced in 48 years.

And for the most part this cold has been continuous—there have been very few "breathing spells" in between.

You can well imagine the constant strain on Gas Service during this unusual period.

During most of this winter our customers have been using gas—as fast as we can deliver it.

Most of them have used considerably more gas than they ever used before—because weather conditions demanded it.

We recently published in the newspapers an advertisement explaining how to read a gas meter.

We hope that our customers are taking advantage of this—and are keeping their own records of meter readings.

By so doing you will have first hand information on the amount of gas you used during the coldest winter in 48 years.

Will You HELP Bring Back The Boys of This Community?

Our boys, the boys from this town and this county and this state, are fighting the Huns. They are in the trenches in France, they are sailing the U-boat-infested seas, they are going "over the top" in the face of German cannon and machine gun fire.

Many, many more of our boys are now training and will soon be in France, and more are yet to be called.

And, remember, these are our boys; those who are near and dear to us. They are doing their ALL. They are giving their ALL. They are prepared to make the extreme sacrifice that our homes, our town, our nation, may escape the ravages of the Hun.

We want them—one and all—to come back to us—

Will You Help to Bring Them Back?

Will you help to provide them with the things they need, with clothes and food and munitions, that they may complete as quickly as possible the terrible task assigned to them?

Will you support our boys while they are fighting for us, fighting the German autocracy that seeks to destroy our ideals of liberty and justice?

Compared to their heroic sacrifice our part is but small—that of providing the funds to keep them equipped; to build and man the ships that will transport their food, their clothes, their guns and their ammunition, and to pay for these things.

Yes, we, the people of this community, will support our boys.

We will do it by buying bonds of the Third Liberty Loan; by buying all these bonds we can; by making such sacrifices as are necessary to do this. That will be our support for Our Boys.

NEWS FROM WAITE HILL

Waite Hill, April 3, 1918

THE WAY THAT ALFRED TRYON DOES.

We note by the Willoughby Republican that Alfred Tryon has accepted a position as manager of the Chisholm estate located near New York, a very large and important conutry stock farm and has taken several families with him for employees on the farm. Freight cars were chartered and carried all the furniture and personal property of the movers at one shipment, and we thought how like Alfred that was, as he don't do things by halves. As when he was manager of the Otis estate here on Waite Hill, he moved several good sized buildings from one farm to another, over the hills and gulleys, and where the roads were quite narrow in some places, which seemed impossible for them to be taken through, but he said, "Oh yes, we'll get through all right," and they went, and the distance was probably one and one half miles, and one gulley was very deep and a very steep hill on either side; but this is the way Alfred does things. Nothing seems too difficult for him to undertake, so we think Mr. Chisholm has made a good choice of a manager.

Francis Yaxley and family have returned to Bainbridge after a stay of a week settling up the affairs of her parents, the late Mr. and Mrs. Richard Yaxley and one day the four sons and their families met at the house and divided up the household effects, which was much better to our way of thinking than to hold a public sale.

Little David, son of Mr. and Mrs. Oliver Cox, is very ill with whooping cough. Dr. Tanner is attending him.

Mr. Arleigh Grace and family have moved to a cattle farm near New York.

WHAT IS LIBERTY?

Do you think that you inherit liberty merely by being born, that it comes to you without effort just as you inherit eye-sight and your other natural possessions?

If so, you are making a great mistake.

Liberty is something that cannot be had for nothing. That is why it was said in the old days: "Eternal vigilance is the price of Liberty."

In these days

LIBERTY BONDS ARE THE PRICE OF LIBERTY

If you prefer American liberty to military autocracy, then you must do your share to see that it is not overcome and trodden under foot by the enemy.

If you cannot fight the enemy with gun and sword you can fight them with your money by buying LIBERTY BONDS so that America's brave soldiers will never lack anything that they need to help them to win the war and preserve Liberty.

Colonial Theater

"The Gypsy Trail," comedy by Robert Housum, former Cleveland newspaper man, is the Colonial's attraction for next week. Arthur Hopkins, another Clevelander, is the producer and in the cast is William Riley Hatch, also a native of the city. The story concerns an adventurous vagabond who elopes with the daughter of a Cleveland millionaire, wins her by the eloquence with which he describes his wanderlust, changes his mind about it, and changes it yet again. Its a whimsical play, of unusual merit in a literary way, and it has been splendidly received elsewhere. Otto Krueger, Allan Dinehart, and Elsie Mackay are featured players.

The German idea seems to be both rule and ruin.—Detroit Free Press.

Opera House

John E. Kellerd brings his own company to the Opera House next week in Shakespearean repertory. His is an organization which has been working steadily in Shakespeare for half a dozen years and among its members are players who worked in the classics in the famous Booth-Barrett company. The plays to be given during the week are "Hamlet," Monday and Thursday evenings; "The Merchant of Venice," Tuesday evening and Saturday matinee; "Macbeth," Wednesday and Saturday evenings and "Othello" Wednesday matinee and Friday evening. The engagement is at popular prices.

The President's Views on the Public Utility Situation

In a recent letter to the President, Secretary McAdoo called to his attnetion the serious situation facing public utilities at the present time. President Wilson replied, in part, as follows:

"I fully share the views you express regarding the importance of the public servic as part of our national equipment, especially in war time. It is essential that these utilities should be maintained at their maximum effiency and that everything should be done with that end in view.

"I hope that state and local authoritis where they have not already done so, will when the facts are properly laid before them, respond properly to the necessities of the situation."

Hippodrome

McIntyre and Heath, those old time delineators of American ministrelsy, who have made thousands laugh for years, are coming ot Cleveland next week. They will be the headline feature at B. F. Keith's Hippodrome in their new comedy hit, "On Guard." McIntyre and Heath are the real old guard of the stage today and while some of the younger stars come and go these knights of the burnt cork usually succeeded in providing an abundance of genuine laughter when ever they appear. Their new act is said to be even funnier than their Ham Tree offering. Following out the custom of the present season this theatre will offer a group of all star hits. Charles Howard & Co., which is said to be one of the season's most successful hits, will be another comedy treat. "A Happy Combination" is the name of Mr. Howard's combination. Judging from the line up of the acts as booked there will be plenty of comedy on this new show. Stewart and Donahue, who have been meeting with astonishing receptions everywhere, will present their original idea of eccentric fun making. Another newcomer will be Margaret Young, the girl who sings clever songs in a clever way. Rudinoff, the wonderful artist, who makes smoke pictures and who whistles in a most remarkable manner will be seen for the first time in Cleveland. Among the other acts will be Dpre and Dupre, a novelty in the art of cycling and the Casting Waltors. An additional headliner will be announced alter.

Prospect Theater

Kibble's revival of that everlasting old play, "Uncle Tom's Cabin," which will be seen at the Prospect next week promises to be a theatrical treat in every sense of the word. The company this year is bigger, better and brighter than ever and numbers over fifty people, among which are twenty negroes from the Sunny South, who have been especially engaged to fill out the many pretty pictures of the play and present their famous songs, dances and plantation "shines." So thorough and pleasing has been the production under this management that the press, public and pulpit have unanimously sung its praise, and thousands upon thousands have attended. It requires two seventy-foot cars to transport the special scenery, horses, ponies, donkeys, burros, bloodhounds, log cabin and other numerous novelties to make it the largest production of "Uncle Tom's Cabin" ever attempted.

Miles Theater

Musical comedy, travesty and novelty will prevail at the Miles the coming weekfl Ernie Porte & Company will be featured in an odd musical comedy offering called "Watch the Lillies Bloom," The production is presented with four special sets of scenery, a modern aeroplane, five comedians and a bevy of pretty girls. Cal Francis, the man who talks nine different languages, offers stories and song in each separate tongue. Cardo and MacLane offer a comedy travesty playlet called "Bringing Down Father." Susanne Keteque, operatic artiste; Clutch and Cohen in a joyful offering entitled "My New Saxon;" the Tuscora Troupe, known as the Sunburned Suns of Soudan in a whirlwind ground and lofty tumbling act full of sensational thrills, augmented with a beautiful five act photoplay featuring Roy Stewart in "Faith En-

Standard Theater

Week of April 7 the Standard theatre presents "The Kaiser," the beast of Berlin. This picture is positively the greatest production ever presented on any screen. It shows the inside life of the most hated man ever put on earth, as well as the brutes that co-operate with his tactics, and approve of all his brutal ways. Rupert Julian, who takes the leading part, can never be excelled in the character he takes that of the Kaiser. There is a nice story connected with the picture starting from the time when the whole world was still at peace, and love and friendship ruled the glad business of every day, and so on until the present time when all his brutality and inhuman acts are exposed in such a manner, that every one is hardly a good American that would miss seeing this production. Perfect characterization also are seen of all his war lords, played by well known screen artists, as well as of our great men such as Ambassador Gerard, Gen. Pershing, Gen. Haig, Gen. Joffre and others. And to see this is to see something that books and newspapers cannot impress upon us as clearly, as will this wonderful motion picture production.

Liberty Theater

Corse Payton, the famous stock actor, is featured on the Liberty's vaudeville bill next week in his newest sketch, "It's a Great Life If You Don't Weaken." Edna May Spooner (Mrs. Payton) also well known in stock, plays opposite him in the thirty minute sketch which has met with favor in the east. Other acts are those of the Carl Eugenie troupe, twelve acrobats; the Metropolitan four, singers; Simpson and Green, blackface dancers; five Avallons, circus folk and Usonia and Dosta, harpists. There will be pictures also.

PLAN NATIONAL BETTER BABY CAMPAIGN

On Liberty day, Saturday, April 6, Uncle Sam not only puts his third Liberty bonds on sale but he also goes bond himself for the lives of 100,000 American babies. In the second year of our entry into the war, to be known as Children's Year, he has pledged himself to save at least one-third of the 300,000 infants who die annually in this land from preventable causes.

To this end the children's bureau of the United States department of labor plans a national "better baby campaign" on a scale never before considered possible. Through the woman's committee of the Council for National Defense every child welfare agency in the country is being asked to co-operate in the saving of these tiny lives. On the basis of the quotas assigned to each state Ohio must save in the forthcoming year 4510 infants who ordinarily would die in the first few months of life. Of this number Cleveland must save 827.

Under the direction of Alvah S. Chisholm, executive head of the Babies Dispensary and Hospital, a committee of one hundred is being formed to handle Uncle Mos's drive on behalf of the babies. Assisting Mr. Chisholm is Mrs. J. N. Fleming, president of the Federation of Women's Clubs, and Dr. Richard A. Boit, chief of the child hygiene bureau, Division of health.

Although the federal campaign calls for a wholesale weighing and measuring of all children under five years of age this plan will be changed slightly in Cleveland and instead a complete census of all children under five years will be taken early in April. Once these children are listed public and private agencies will see that sick and well are put under the constant supervision of physicians and nurses skilled in the care of infants. This will be followed by an intensive protective campaign throughout the hot summer months when the greatest percentage of infants die.

We are waiting for Germany to say that she invaded Russia to protect the Bolsheviki from Japan.—St. Louis Star.

Empire Theater

"Mischief Makers," F. W. Gerhardy's burlesque rtoupe, is at the Empire next week in "The Advertising Man," three act farce with music. Joe Freed and Billy Purl head the comedians and Stella Morrissey is prima donna. It is lively burlesque with a big production, a big chorus and a prominent string of ensemble singing and dancing numbers, as well as numerous vaudeville specialities.

Star Theater

"Hip, Hip, Hurray Girls," a George Belfrage production, plays the Star next week. Two farces with music are on the bill, "Frolics in the Air," and the "Explorers," both by Junie McCree. Ben Pierce is the featured comedian. Additional attractions are the Marimba band, and Six Diving Belles, who will perform in and above a big tank on the stage. The show management is arranging a series of perfect figure and diving contests.

THEREFORE, be it resolved that the Mayor and the Council of Willoughby Village do hereby express on behalf of themselves and their fellow townsmen, their heartfelt sympathy for the members of the bereaved family of the departed soldier.

In all ages and among all peoples it has been considered the greatest of honors to die for one's country. Nicolas Rose has made this supreme sacrifice. His name is written in letters of gold on the scroll of victory. To him every good citizen owes a personal debt of gratitude.

May the memory of his patriotism and sacrifice be an inspiration to all loyal Americans here and everywhere.

BARNHISEL BARNS BURN; FORMER EMPLOYE SOUGHT BY FEDERAL OFFICERS

Two barns were burned on the David Barnhisel place on the Lake road Saturday night at about 8:30. Federal officers are searching for Joe Ondrick, an Austro-Hungarian, who has been employed by the Barnhisels since last October. He left Friday last after having been reported by the Barnhisels to the Federal officers in the belief that his actions would bear inspection. Many suspicious actions have led to this belief. No live stock was lost in the fire, but hay, feed and tools were lost. Twenty-seven cows filed out of the burning barn in a soldier like procession. All were saved, including two baby calves.

MOTHER OF MRS. HAHN PASSES AWAY

Mrs. Justine L. Basset, mother of Mrs. J. O. Hahn, passed away at the home of her daughter, 8104 Euclid avenue, Wednesday. The funeral was held at Kent. Mrs. Bassett was ill while she was with her daughter in Willoughby last summer, while the Hahns were occupying the Wilson home, and she has since then been gradually failing.

W. C. T. U. ADOPTS FRENCH ORPHAN

The W. C. T. U. met with Mrs. Ed. Wells and Mrs. Eliza Waite on Wednesday afternoon. Eighteen ladies were present. The devotions were in charge of Mrs. Goldsach. These were followed by a business session at which time it was voted to send two dollars to state headquarters for a 1918 prohibition campaign to make Ohio dry. Also the Union voted to adopt a French war orphan for which the Union will pay $36.50 for the year. It was decided to raise this by personal subscription, and as this work comes under the department of Flower Mission, the money can be paid at any time in the near future to either Mrs, Robert Wilson or Mrs. Olive Gridley, the superintendent of this department. With over seventy members, fifty cents a member should cover the expense and it is to be hoped the members will quickly respond that the good work may begin soon. The names of Mrs. Burr, Mrs. Barnes and Mrs. Dunlap were given in as new members.

Miss May Brown gave an excellent talk on the ratifying of the admendment. The states that have already ratified it are Mississippi, Virginia, Kentucky, South Carolina, North Dakota, Maryland, Montana, Texas, Delaware, South Dakota, and Massachusetts, which voted dry on Tuesday, April 2, two to one. Let us hope Ohio will "do her bit" as well.

WILLOUGHBY DELEGATION TAKES UP LOST NATION ROAD PROPOSITION.

Monday morning a delegation of men from Willoughby conferred with the county commissioners at Painesville regarding the Lost Nation road paving. W. E. Thompson, J. C. Phillips and F. P. Freshley are the commissioners. W. Albert Davis, auditor, Mr. Von Beseler and the county engineer were also present. That no discrimination was intended toward this part of the county in favor of the North ridge road was brought out by Mr. Phillips. That being a state highway, advantage had been taken of an appropriation by the state, the acceptance of which required immediate action. It was finally decided that a notice to bidders would be sent out for the Lost Nation road. This will be found in another column.

Residents of the Plains are exceedingly anxious to get the paving done. H. E. Talbot told of the dissatisfaction on account of the long delay, and it is hoped that a bid may later be received that will come within the present estimate.

WILLOUGHBY LOSES FIRST SOLDIER BOY; COMMUNITY PAYS HONORS AT FUNERAL

Nicholas Rose, first Willoughby soldier boy to lose his life, was buried from the Immaculate Conception church Tuesday morning. All of Willoughby turned out to do him honor. The Chamber of Commerce, the mayor and a portion of the council, business men, members of the Red Cross, school children and Andrews Institute pupils and the old soldiers all were represented. The church was crowded and what was probably the largest funeral procession ever formed in Willoughby, followed the remains to the cemetery, where taps were sounded by Charles Richardson as the casket, simply draped with the American flag, was lowered. Father Mosely in his remarks, following the services at the church, closed his sermon with a reference to the necessity of working together in our common cause, regardless of creed, religion or politics.

Nicholas was only 19 years old in March. He is remembered by many to whom he delivered milk upon his milk route. Following that he went to work on the railway, giving his age as 23, in order to get the employment.

He was drafted, but made no effort to correct the age that he had given the railway. He died in Chillicothe after a two weeks' illness from pneumonia, and was brought home accompanied by a soldier guard.

Ten thousand dollars insurance was carried by the boy for his sister, Clara Vitalle of 88 Second street. Willoughby will long remember the memorable and splendid gathering made to show honor and respect and sympathy at the passing of Nicholas Rose, Willoughby soldier boy.

THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

This Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES.

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

Buy Your Lot Now

Get the Advantage of An Early Selection Before Prices Advance

The coming of spring activity is bringing out a large number of Cleveland buyers who will quickly take up the remainder of the most choice lots. In fact, many of them have already been sold. Prices will be advanced at an early date. Now is the time to choose your lot. Don't put it off; it will mean second choice, and a higher price.

Willoughby-Euclid Avenue Subdivision

60x200, $480 up. 80x200, $640 up.

Terms very easy, a little down, a little month, with liberal cash discount.

Protected by conservative restrictions, of one house, for one family to the lot, with complete improvements (including sewer, water, sidewalks, shade trees, parks, tennis courts and paving) now being installed, this property offers an exceptional opportunity to secure a beautiful homesite in the choicest residence district of Willoughby.

Because of the increase in land values it will not be possible again to buy equally well located and developed property in Willoughby, at these low prices. Buyers of our property at present initial prices may be absolutely certain of a generous increase in value.

This period of high wages, the highest ever known, is the wise man's opportunity. The prodigal will not benefit. But the wise, prudent person will take advantage of the high wages of the present by making a start toward a home. Now is the time to act. A small down payment, and a few dollars a month will secure one of these exceptionally fine, big homesites.

We will be glad to co-operate in planning and financing your home. We have attractive designs and plans of modern homes which we will be pleased to discuss with you. Let's talk it over.

COAL SHORTAGE—

EXTREME COLD WEATHER
All Travelled Hand in Hand Last Winter.

Gas users, employing warm air heat, having burners in coal furnaces, encountered trouble from three sources—high gas bills, insufficient gas for comfortable warmth, inability to promptly secure coal.

Fuel Administrator Garfield advises "Buy Coal Now."

This means a comparatively large idle investment until next Winter.

Why not provide yourself with double, gas-coal equipment now.

Remove burners, re-install grates in your coal furnace and have installed a gas furnce beside your coal furnace so gas or coal can be economically burned, separately or together without change of any kind.

We are making a special offer now to furnish and install auxiliary furnaces with no payment down and a small installment each month beginning thirty days after work is completed.

One or two tons of coal is all you'll need to care for days when gas is short next Winter.

Don't delay action, the offer is only temporarily made.

ARCADE MUSIC STORE, 37 THE ARCADE [illegible]

Always remember that success isn't achieved through chance or accident. We didn't just happen to be the greatest clothing store in Ohio—and mentioned as one of the leaders in America. We attained that enviable position by giving clothing service—by selling the right clothes at the right prices—not once but ALWAYS.

The May Co.

Ohio's Largest and Best Store

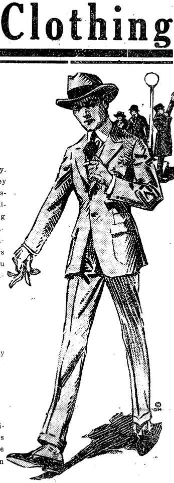
Ask For Eagle Stamps

The May Company has been responsible, in a measure, for eliminating the strained relationship between men and department stores. There was a time when men didn't fancy going to a department store for their needs. But we've made them like it. We have made it pay them well to come here—AND THEY CAME.

We Guarantee Our Clothing

We Guarantee Fit—We Guarantee Fabrics—

We Guarantee Styles



You need no clothing expert's advice or opinions when you buy a suit or overcoat at The May Company. We tell you the absolute truth about every garment we sell you and we stand ready to refund your money when the garment fails to live up to our every claim. We make this guarantee liberal because it isn't necessary. We establish this generous policy because we KNOW that we're absolutely safe. The transaction isn't really closed until the clothing satisfies you in fit, quality of fabric and style. The beauty and size of our Clothing Department always impress the visitor. The magnitude of our stocks reserves comment, for here are clothing varieties, style assortments, fabric variations and size ranges that are positively amazing. And our clothing business is operated on that well-defined and thoroughly established law of commerce that "big business brings concessions." We are able to sell clothing at a close margin of profit because our volume is so enormous. So you see that every buying advantage is presented in this great clothing store—advantages of large stocks, advantages of varied fabric, advantages of up-to-the-moment fashions and advantages of lowest possible prices.

$25, $30, $35 up to $55

At every price there is the same established standard of workmanship. The difference in price is merely a difference in fabric and trimmings.

Styles for the Older Men

Some men want clothes that are a little more sedate. Those men need look no further. We have anticipated their needs. We have carefully selected lines of conservative styles that will appeal to men of more serious tendencies—men who want their clothing a bit more conservative than their son's. In the "Kirschbaum," in the "Fruhauf" and in many other lines that we carry there are suits and overcoats made the way many business men want them made.

Swift & Company's 1918 Year Book

It shows that Swift & Company sells the meat from a steer for *less money* then the live steer cost!

Proceeds from the sale of the hide, fat, and other by-products covered all expense of dressing, refrigeration, freight, selling expense and the profit of $1.29 per steer as shown by Swift & Company's 1917 figures as follows:

Average price paid for live cattle per steer	$84.45
Average price received for meat	68.97
Average price received for by-products	24.09
Total received	93.06
This leaves for expenses and profit	8.61
Of which the profit per steer was	1.29

There are many other interesting and instructive facts and figures in the Year Book.

We want to send our 1918 Year Book, to anyone, anywhere—free for the asking. Address Swift & Company, Union Stock Yards, Chicago.

DEATH CALLS ANOTHER WELL KNOWN WILLOUGHBY RESIDENT

Death called a familiar figure in Willoughby, with the passing of Frederick V. Viall, who died in Twinsburg Saturday last. Mr. and Mrs. Viall had gone to Twinsburg to attend the funeral of Mr. Viall's mother. They were both taken ill, but Friday Mr. Viall had recovered sufficiently to plan to come home Saturday. He suffered fainting attacks, however, and passed away Saturday. His death came as a great shock to Willoughby friends. The body was brought to Willoughby and the funeral occurred at the old family home Tuesday afternoon, Rev. Charles Hull officiated. The schools were closed. The board of education, Conversational club, business houses, schools and individuals were all represented in the floral offerings showing the feeling and regard of the entire community.

Fred Viall was a man for whom his friends felt the greatest regard. He was always looking for something to do for somebody, one friend said Wednesday. In times past, when he had [illegible], it was always filled with children after the milk was disposed of, the same friend said. His heart

MAKING IT EASY TO BUY WAR STAMPS

Representatives from the four local manufacturing plants have been appointed by County Chairman Vaughn E. Wyman as a committee composing the W. S. S. Manufacturers' Unit of Willoughby, to provide some convenient way for the employees of these plants to purchase war savings stamps.

After consultation it was decided it would be much more convenient for the employees if a booth could be established in some available place in the business center and kept open during the hours when nearly every one comes on to the street.

They consulted the post master and he was very willing indeed to have a desk placed in the lobby of the post office, and clerks put in charge of the sales. It is believed this arrangement will be found very convenient for many besides the employees of our factories.

A complete record will be kept of the sales and a report will be made from time to time of the total purchases by the employees of the several plants as well as others who may take this means of buying their thrift stamps and war savings certificates.

Announcements of sales to the employees of the several factories will be made from time to time.

One of the employees of the Economy Engineering company has the distinction of making the first purchase of war savings certificates from the Manufacturers' Unit of Willoughby. The purchase was for $50.00. A good start.

The Voice of Lincoln

"We accepted this war for a worthy object, and the war will end when that object is attained. Under God, I hope it will not end until that time."

Fifty-four years ago when many people were asking, as some are asking to-day, what was the use of the war, Abraham Lincoln replied in the above stirring words.

The voice of Lincoln can be heard in America today. His appeal is for us to keep up the struggle until the object of the war is obtained and the world is made safe for democracy.

Every person in this country has a distinct share to do and YOUR share is to buy LIBERTY BONDS to provide the United States Government with the necessary money for carrying on the war to a successful end.

The more Bonds you buy, the quicker will the war end and the more American soldiers will return home safe and sound.

These American soldiers are risking their lives, but the buyer of LIBERTY BONDS does not even risk his money. When you buy a LIBERTY BOND, in addition to the satisfaction of performing your patriotic duty, you get the best investment in the world—a United States Government Bond, guaranteed by the richest nation in the world.

THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

This Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES.

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

KIRTLAND OPERATORS WHO RESIGN WILL BE MISSED.

The Misses Alta and Elsie Worallo left the chair the first of April. For seven months these sisters have been our "Hello Girls." Faithfully day and night they have tended the Kirtland switchboard. They proved very efficient, kind and willing centrals and we know that the people of Kirtland will greatly miss them. We surely wish them every success and know that such girls will make good in whatever they undertake.

Where Your Money Goes

WE are now building more naval and merchant ships than we have constructed in the last generation.

We are building a vast fleet of airplaines, and enormous supplies of artillery, motor trucks, machine guns, rifles and ammunition. We are feeding, clothing and training an army of a million men, and preparing for a million more. We have loaned billions of dollars to our allies to be spent in the United States.

From the shipyards of the Pacific to those of the Atlantic; on our farms and in our mines, mills and factories in every State in the Union; back of the firing lines in France, where men are training, camps are being erected and railroads built, billions upon billions are being expended for labor, for transportation, for materials and supplies of every description.

The mind can hardly conceive the sums of money required for our war preparations. Yet these expenditures are absolutely essential.

We must win the war quickly if possible; we must carry it on for years if necessary. We must do the job with American thoroughness, let the cost be what it may.

Remember, when you invest in your Liberty Bonds, that there is immediate, urgent, imperative need for every dollar you can spare.

Miles Theater

Lillian Kingsbury, Fred Dano and company present "The Coward," a sensational timely melodrama playlet for the feature offering at the Miles the coming week. This act comes well recommended by eastern papers and will no doubt create much favorable comment during its run at the Miles. The Youngers offer an artistic posing spectacle. The Four Holloways wire walking wonders are a most unusual attraction in a unique serial novelty. Sidney Falke, known as the joyful songologist, comes with a budget of funny stories and new songs. Claudie Coleman, the comedienne with a hundred hats has an eccentric offering that is worth more than the price of admission alone. Ross, Wyse & Co., in a comedy musical melange with picturesque setting of elaborate scenery completing the six acts of vaudeville features and with the great five-act Triangle photoplay, "Nancy Comes Home," starring Myrtle Luid, should make one of the best shows played at the Miles during the past year.

JASCHA HEIFETZ AT GRAYS

Not since the advent of Paderewski has an instrumentalist achieved the thrilling success that has come to young Jascha Heifetz, the remarkable Russian violinist who is ont yet out of his teens; and even Paderewski did not equal the records that Heifetz has made for this first season. The spell of his playing has enthralled audiences east and west, north and south, in Canada as well as in America. In New York he has played at least sixteen times in six months and for the sixteenth time the entire capacity of Carnegie hall was sold out two weeks in advance of the concert. Cleveland was not behind in its recognition of the genius of this youth at his first appearance in February. His second recital is being given at Grays' Armory next week on Wednesday evening. There has been a large and steady demand for seats. The public sale opens on Saturday at Dreher's, 1028 Euclid avenue.

Mr. Heifetz is giving an entirely new program, closing by request with the Scherzo-Tarantelle of Weiniawski, of which he has made so remarkable a record.

The Heifetz concert is under the direction of Adella Prentiss Hughes.

Prospect Theater

The Studio Club, Cleveland's premier singing organization, presents "The Princess Chic" at the Prospect theater the week of April 15 as their annual spring offering.

Every season the club gives music lovers the privilege of hearing a cantata, part songs with soloists imported from other music centers, and an opera in its entirty with principals and ensemble drawn from the club membership which is the ideal way of doing. Last season the club sang Victor Herbert's opera, "The Fortune Teller," to capacity audiences and the same taxed theater promises to be the result this year if a large advance sale is any indication.

The club is strong with many of the leading professional singers on the membership roll and as not one penny is spent on salaries, all the profits are turned back into production and orchestra which will be conducted by Walter Logan.

No more beautiful opera has been written than "The Princess Chic," which is sparkling with catchy melodies, the whistling kind which everybody likes, especially in war times. The scenes are laid in France and the costuming of the opera is especially attractive. The double cast of principals includes Francis J. Sadlier, founder and director of the club, Rena Titus, Bess Bevington Dow, Doris Stadden Kaser, Carrabelle Johnson, Anita Weseo, Mildred Claire Boltey, David M. Yost, who is also stage director, H. S. Burr, Percy Pippett, W. E. Brazier, Howard Justice, Edward Richter, Burman Smith, Elroy H. Ward, Lyman H. Kaser, Emil D'Zomba, Russell E. Morris and Odell Cuningham, premier danseuse.

SOME SKITS ABOUT THE POPULAR LIBERTY THEATER

Palmer C. Slocum, manager of the ever popular Liberty theater, is a very busy man, but he has taken time to tell his thousands of satisfied patrons a few words about the third anniversary of his playhouse in this wise:

Three years ago on April 10 the Liberty theater opened its doors to the public as an amusement institution.

The doors are still open and we have kept pace with, if not ahead of the ever-moving parade of progression.

This grand old dame "Entertainment" is a fickle jade. She frowns as easily and as often as she smiles. Her disposition is like March weather. We have courted her with lute and string, petted, patted and pardoned many of her eccentricities, and have poured many thousands of dollars into her always empty coffers to keep her good will.

As we remarked—the doors are still open.

Feeling as we do, a little celebration of our third birthday is in order. It would be of little interest without your presence. Naturally, we will expect you.

Vaudeville's most exclusive markets have been comber for material befitting such an occasion.

Just keep in mind that our Anniversary Week begins on Monday, April 8th. There will be two shows each evening. The first will begin at seven o'clock and the second at nine o'clock. A monster matinee will be given on Saturday at 2:30 o'clock.

Thank you.
PALMER C. SLOCUM,
Manager.

"THE MONTE CARLO GIRLS"

"Burlesque As You Like It"

Hippodrome

Henrietta Crossman will headline a brilliant program of all star features at B. F. Keith's Hippdrome starting next Monday. With a well selected company this well known lady of the American stage will offer a timely war comedy. It does not tell of the horrors of war but could have been founded on the war song, "Pack Up Your Troubles in Your Old Kit Bag and Smile." Miss Crossman has not been seen in Cleveland for several years. Her advent into vaudeville at the Hippodrome is another example of the rapid strides vaudeville is making. Maud Lambert, the charming musical comedy favorite and Ernest Ball, a native of Cleveland and who has written a number of famous songs, will return to greet their numerous Cleveland friends. Mr. Ball wrote "Mother Machree," "Love Me and the World Is Mine," "In the Garden of My Heart," "Till the Sands of the Desert Are Cold," "A Little Bit of Heaven Called Ireland," "Good-Bye, Good Luck, God Bless You," and many others.

Another popular headliner will be Pietro, the wizard of the piano accordian, who has been heard in nearly every home where there is a phonograph. Pietro has a new program for Cleveland audiences. He would rather play the Hippodrome than any theatre in the world because of the wonderful acoustics for his instruments McIntosh and his musical maids with some melodies of the hills of Scotland still present a picturesque and entertaining act.

Joe Rome and Tillie Cox will offer some terpsichorean comics. This will be their first appearance in Cleveland. A number of other headline hits to be announced later will be seen. The Rotary Club have purchased 600 seats for Monday night and the Gyro Club 200 seats for Thursday evening of next week.

THE "BEEF BARONS" CLEAR BUT $1.77 ON A STEER FOR WHICH THEY PAY $122.38

When you have to pay 39 cents for a club steak weighing only a pound, would it make you mad if you heard that the big Chicago packing house paid only 11 1-8 cents a pound for the steer that steak come out of?

Would your angry passions rise still higher if you knew the butcher who sold you that 39 cent steak paid the packer only 16 cents a pound for the side of beef from which he sliced the steak?

Here's a chance to do a little educational figuring while waiting for your blood to come to a boil. An average beef carcass, such as the retailer buys for about 16 cents a pound, contains 53 pounds of the club and porterhouse steak such as he sells to you at about 39 cents a pound. It contains 47 pounds of sirloin, for which he may charge 30 cents a pound; 51 pounds of rib, salable at 26 cents; 98 pound of round and rump at 25 cents; 131 pounds of chuck at 19 cents; 86 pounds of flank, shanks, suet and the like, at 19 cents, and 80 pounds of plate at 17 cents. Out of all that the retailer can make a cent a pound or more to pay his rent, telephone bill, help, taxes, delivery costs, ice bill and personal profits. But the same carcass also contains 63 pounds of bones which he has paid 16 cents a pound for but must sell for no more than 2 cents a pound. Also there has been a shrinkage of eight pounds or $1.28, which the butcher cannot even locate to view with grief.

Then here is another opening for pencil and paper investigation. The average carcass that the butcher bought for 16 cents a pound weighed 616 pounds, but it was all the meat there was in a steer weighing 1,100 pounds on the hoof, for which the packer paid the grower 11 1-2 cents a pound—hide, hair, hoof and et cetera. The packer paid the grower $122.38 for the "critter," and, after all the expense of slaughteing, cooling, shipping and delivering, sold the meat to the butcher for $98.56. The packing house, of course, gets its profits out of the by-products—the hide, hair, hoofs and other things a small slaughter house would throw away. But the packer gets only $34.83 for the by-products from our steer and after pyaing his $9.24 of operating expenses, has only $1.77 left as net profit on his $122.98 deal!

All this and much other interesting information, tending to keep the temper under control even when paying for T-bone steaks, may be found in the "1918 Year Book," a handsome pamphlet which the advertising department of Swift & Company, Chicago, offers to send to anybody on request.

The Willoughby Republican:

A number of the men from your home town are quartered in this Y. M. C. A. area. As you probably know, they are quarantined and will be for ten days longer. This is the usual procedure with new men.

The Y. M. C. A. is serving these men in many ways and it occurred to me that they might like to read the newspapers from their home towns. I asked them and they were much pleased to know that it might be possible.

If you will help the "Y" serve your boys, please send copies of your paper to Y. M. C. A. Building No. 72, Camp Sherman, Ohio.

Sincerely,
J. R. BURBAKER,
Executive Secretary, Y. M. C. A. No. 72

Editor's Note:—To the above letter we replied that all soldier boys, so desiring, receive The Republican free, and we have gladly added the "Y" rooms at the Camp for a few copies additional.

RED CROSS

Willoughby Branch

Everybody was gratified to see such a good attendance at the Tuesday meeting.

We are urged to do more and more and it seems the demand and necessity is more and more urgent. So come whenever you can. There's a place for you and work for you. Remember, that this is not a social function. Everybody but a pro-German is wanted and needed. All personal feelings should be laid aside in the name of our America and her cause.

Take a Chance on a Picture of the Flag for the Benefit of the Red Cross

We would be glad to have you buy a 10c chance on the lovely embroidered picture of the Flag, donated very generously by Mrs. Anderson, of the Shore Line. It is very pretty, is neatly framed and we hope everybody will help us make a large sum on it. Same can be seen at E. M. Crowther's store

A CALL FOR RED CROSS WORKERS.

To the women of Willoughby:

This is a call for more workers for the Red Cross. For over a year loyal women have been giving their service. Many have been working one day each week. Others two or three days. It is only fair that those who have never been to the Red Cross rooms will help to shoulder part of the responsibility.

We do not mean that these workers of the last year will quit, but only be helped so that their duties may not be quite so arduous.

Will you try and plan your affairs that Tuesday afternoons, belong to the Red Cross, and rise above all matters of creed, sect or petty differences or opinions and unite in this great necessary work? It will mean some sacrifice, some giving up of a plan or pleasure, but isn't it worth it? One afternoon each week is so little and yet how much good may be accomplished.

We all know spring is a busy time, with its mountains of work, but everything pales into insignificance when compared to the needs of those "over there," who must subject themselves to all kinds of conditions—cold, wet, fatigue, danger, death. We, who have so many comforts and pleasures and loved ones, surely can give each Tuesday afternoon to helpful endeavor in the Red Cross work rooms.

If you desire to work in the compress department, it is open either Monday, Tuesday or Thursday afternoons.

The rumor that the rooms will be close for a month is incorrect. We will be there to work and there to stay until our duties are lessened by the close of the war, the re-establishing of peace throughout the world and the lifting of the burden from many weary hearts.

Will you come?

MRS. KENNEDY,
Willoughby Red Cross.

MISCELLANY CLUB IS ENTERTAINED

The Miscellany Club of Mentor was entertained at the home of Mrs. R. N. Whitcomb at Painesville Wednesday last. Mrs. Whitcomb was formerly president of the club while a resident of Mentor.

DECORATION DAY PLANS CONSIDERED.

Dr. Kenning was appointed a committee of one to ascertain if the Eagle Commandery of Knight Templars were to participate in the local Decoration day parade this year. Dr. Kenning is the first to be appointed on a committee of this kind. Other bodies will probably take similar action.

DEATH OF ALONZO WATTS

Alonzo Watts died at his old home in Claridon, Monday, at the age of 86. Mr. Watts was a civil war veteran, and a member of the Masonic order for 50 years. A few years ago the Painesville lodge honored him with a celebration, at which time they presented him with a gold headed cane. During the war Mr. Watts sent a piece of hardtack home to his wife. This has been framed and is still retained by the family.

He was a cousin of the John Wats family, Euclid avenue, Willoughby. The funeral was conducted by the Odd Fellows in Claridon Thursday.

interest in everything won him hosts of friends.

His wife, Mrs. Ethel Griste Viall, is recovering from a serious illness at Twinsburg and was unable to attend the funeral. The body was therefore placed in the vault.

Mrs. Phoebe Jones of Wickliffe, an aunt, aged 87, was in attendance at the funeral. The birthdays of Mrs. Jones and Mr. Viall, falling upon the same day, the 9th of Feburary, had always been observed together. Mr. Viall was 59. The family have lived in Willoughby for many years.

The history of Lake and Geauga counties, published in 1878, speaks of the family and of the father, Jacob Viall, who served as sheriff for two terms and deputy U. S. marshal during Lincoln's administration. He was engaged in the saw mill and grist mill trade in Willoughby, the article states, and purchased the present home site, where the family, Miss Clara and Mr. and Mrs. Viall made their home, many years ago. A familiar figure, known to all, and who will be more than missed by all, was lost to Willoughby by the passing of Fred Viall.

The drive at Dr. Chesbro's home will extend from Euclid to Clark.

SPLENDID SPEAKERS ADDRESS WILLOUGHBY LIBERTY LOAN

A very good audience attended the Liberty Loan patriotic rally given under the auspices of the Willoughby Chamber of Commerce Saturday night. The house should have been crowded. The occasion and the speakers more than merited it. Capt Latham, of the British army and British recruiting office in Cleveland, and the Rev. Frank A. Houser of Cleveland, were the speakers. The latter is pastor of the Methodist church attended by Mayor Davis. He is a stirring and eloquent speaker.

Capt. Latham told with forceful and simple eloquence of the cause for which we are fighting. He said little of his own experiences, although he has been wounded three times and will soon return to the service. He is of Irish birth. Rev. F. A. Houser was born in America of German parentage but he is consumed with a love and patriotism for the Stars and Stripes that reaches right out and takes the audience in, when he talks. He told of the kaiser's plans and those of his father before him; of the protective mines that are laid in Berlin, and much more.

He told of a German florist in Cleveland whom he asked if he would send his sons to fight for America. The florist said he would, if Germany came over and attacked us here.

"Why in hell" inquired the Rev. F. A. Houser, with convincing force, "should we wait for them to come over here?"

The talks of both men were very inspiring and followed by a rising vote of appreciation by the audience, at the suggestion of Mr. Stockwell, who presided.

James McMahon sang and the audience joined him in the chorus of the "Battle Hymn of the Republic."

The W. R. C. had a pleasant gathering in Mentor Friday last. Mrs. Mayhew, of Willoughby, was among the guests and assisted in the initiation of a new member, Mrs. Matt Dickey, of Mentor.

MEMORIAM FOR MRS. HANNAH J. GIBSON

Funeral services were held for Mrs. Hannah J. Gibson at her late residence in this village Sunday afternoon at 2 p. m., April 7

Hannah Dunfee Gibson was born April 9, 1835, at Angola, New York. If she had lived till April 9 she would have been 83 years of age. She was the eldest daughter of Mr. and Mrs. George W. Dunfee of Buffalo, New York. Of a family of seven children four boys and three girls, she was the last to pass away. After a long illness of kidney trouble and pluro-pneumonia. She died April 4, 1918. When 15 years of age she joined the Baptist church when her grandfather, Rev. George W. Neff was pastor of the church. She was married to Franklin Warner Gibson October 1, 1859, at Buffalo, New York. Her husband preceded her to the better land July 30, 1899. Of this union was born Mrs. Ella Waite, Mrs. Minnie Stocking and William Gibson, George, Mary and Lena. Also seven grandchildren and four great-grandchildren. She was a kind and loving mother. There was never a burden too hard to bear for those she loved. She will be sadly missed in her home. Rev. Mr. Dunbar of Mentor had charge of the services and preached the sermon. Excellent music was furnished by Mr. James McMahon. The floral display was large. Her white casket was covered with flowers including a beautiful pillow with the word mother. Owing to other serious illness in the family the funeral was private. Interment was in the family lot.

We miss thee from our home, dear
 mother,
We miss thee from thy place.
A shadow o'er our life is cast,
We miss the sunshine of thy face.
We miss thy kind and willing hand,
Thy fond and earnest care,
Our home is dark without thee—
We miss thee everywhere.

HIGH SCHOOL BOYS GIVE SPLENDID MINSTREL SHOW

Everybody went to the high school last Friday night. Most folks went early; and those who went late and had no reserved seat, stood up; because the attraction was the long anticipated minstrel show, put on by James McMahon and the Willoughby high school boys. Everybody had a good time, the audience and the performers. The costume designers were not mentioned in any of the press agents' news matter; neither was any mention made as to who selected the neckties worn; and in each case the producer passed up drawing cards, as the actors were truly wonderfully arrayed. Reed Fairley, Ralph Reeder, Emerson Brott, Herschel Hern, together with the Cleveland quartette, George Brant, C. C. Smith, A. C. Frost and James McMahon, sang the songs and cracked the jokes in the first part. The olio, or the second part, was participated in by Herschel Hern and Robert Fox, who gave the dialogue, "Oh, Doctor," the play of the second part was put on by James McMahon, Reed Fairley and Herschel Hern. The patients who patronized the servants of "Dr. Quack," impersonated by Reed Fairley, were Emerson Brott, George Rose, "Butch" Briggs, Robert Fox and "Fatty" Ellsworth. A. C. Frost, who impersonated an old soldier, took his part so well Folks in the audience mistook him for Capt. Burgess, as he walked down the aisle. The boys and the producer surely deserve credit for put- [illegible]

COME

FRIENDLINESS AS WELL AS CLIMATE WARMS AND SOOTHES IN SOUTHERN CITY, SAYS WILLOUGHBY TOURIST.

Written for The Republican by Mrs. C. M. Pomeroy.

Coronado, Florida

Dear Republican:

As so many Willoughby people are spending this winter here perhaps some of your readers would be interested in a brief description of the place and the surrounding country.

Coronado lies on a narrow tongue of land half a mile wide and three hundred miles long. On one side is the ocean, on the other the Indian river. This is really not a river at all but a broad arm of the sea, with its inlet a few miles above here, and extending as far as Miami. The launches and sail boats go by frequently. Here we have a most beautiful view of the river in each direction. There is a draw bridge and a ferry when we want to go over to New Smyrna or other inland places. Some of our prominent Willoughby people have fine homes on the river front. They have built a sea wall and have broad winding walks. On the grounds belonging to Mr. Silsby and Mr. Miner there are several live oaks which are a source of wonder to tourists on account of their fantastic shape and enormous limbs and with their beautiful flowers and citrus fruits make their places almost ideal. Mr. Schultz has nearly completed an attractive bungalow near by. The Barber home is near the bridge. Under the present regime it has grown from a house with a few rooms to quite a pretentious hotel, even boasting an annex. We all appreciate the good table they set and no one could complain that Mother Barber does not know how to fill that aching void. Coronado has a model club home where there are gay times each Wednesday night. The Red Cross has its headquarters there. On the ocean front is another hotel and a large pavilion for dancing and picnics. We are proud of the bathing beach. It is as good as that at Daytonia and far better than that at Palm Beach. During the last five years Florida has constructed hundreds of miles of fine roads. Through the courtesy of Mr. and Mrs. Gordon Silsby, I had the pleasure of a 78 mile ride in their car over roads as level and smooth as a floor. We passed through DeLand and Lake Helen to the bluff overlooking Cassadaga, where Dr. and Mrs. Sherman live. We had a sea bass dinner there that would gladden the heart of an epicure. Everyone I meet in the land of flowers and sunshine is so neighborly and friendly that it is a source of delight to the more conservative northerner.

There is something in the very atmosphere that warms and soothes the soul as well as the body. Some people may long for the frozen north, but for pure contentment and happiness give me the balmy breezes, the song of the gay mocking birds and the bright sunshine of Florida.

Buy Your Lot Now

Get the Advantage of An Early Selection Before Prices Advance

The coming of spring activity is bringing out a large number of Cleveland buyers who will quickly take up the remainder of the most choice lots. In fact, many of them have already been sold. Prices will be advanced at an early date. Now is the time to choose your lot. Don't put it off; it will mean second choice, and a higher price.

Willoughby-Euclid Avenue Subdivision

60x200, $480 up. 80x200, $640 up.

Terms very easy, a little down, a little month, with liberal cash discount.

Protected by conservative restrictions, of one house, for one family to the lot, with complete improvements (including sewer, water, sidewalks, shade trees, parks, tennis courts and paving) now being installed, this property offers an exceptional opportunity to secure a beautiful homesite in the choicest residence district of Willoughby.

Because of the increase in land values it will not be possible again to buy equally well located and developed property in Willoughby, at these low prices. Buyers of our property at present actual prices may be absolutely certain of a generous increase in value.

The period of high wages, during the war, is the wise man's opportunity. The prodigal will not benefit. But the wise, prudent person will take advantage of the high wages of the present by making a start toward a home. Now is the time to act. A small down payment, and a few dollars a month will secure one of these exceptionally fine, big homesites.

We will be glad to co-operate in planning and financing your home. We have attractive designs and plans of modern homes which we will be pleased to discuss with you. Let's talk it over.

Representatives on the property Saturday afternoons and from 10 a. m. to 6 p. m. SUNDAYS.

Public Utilities and the War

"The work of the war has thrown upon many of these corporations (public utilities) strains which they are unable to endure without prompt help... "The first and most direct relief to the public utilities corporations can be given by the state public utilities commissions and municipal and local authorities with the broad-minded co-operation of the people generally, understanding the necessities of war and realizing that the more promptly its burdens are accepted the more promptly they will be lifted....

"The breaking down of the corporations would be a national calamity."

CALIFORNIA BUDDED WALNUTS
The Budded Walnut is different from the Soft Shell. The Soft Shell Walnut is grown by planting a seed from a parent Soft Shell Tree. A budded walnut is obtained by budding a nut grown in California, known as Placentia Perfection to the black walnut root, thus we have a walnut tree with a wild black walnut root which is very hardy and vigorous with a Placentia Perfection top which produces a nut a trifle larger than the Soft Shell, more uniform in shape and appearance, has a thinner shell, and a plumper and sweeter flavored meat, with as a rule a greater percentage of meat to the shell than the soft shell variety. Use them liberally sprinkled over the morning dish of cereals in pies and cakes, chopped up in salads or in combination with fruit juices over puddings and ice cream, as they contain a large amount of protein, fats and valuable nutritive qualities. Special 38c a lb. 2 lbs 75c. Regular price 40c.

CANNED TUNA FISH
The Tuna Fish is a very large fish found in the Mediterranean and along the Atlantic and Pacific coasts of North America. It often attains a length of 12 to 15 feet and a weight of a thousand pounds and upward, so you may know it is "some fish." It is caught in nets arranged in funnel form and is nearly black or dark blue above, with silvery sides and is white or silver spotted on the under parts. The flesh is considered a great delicacy, and is eaten both fresh and preserved, in cans and otherwise, in salt and oil. It is as delicate and delicious as the breast of chicken and is especially fine used in tempting salads. Our Banquet Brand is packed specially for us in California and contains only the most desirable part of the fish which is the white meat.
Small cans 23c. 6 cans $1.30. Regular price 25c.

Small wonder that Bond's is gaining in popularity every day. It's all on account of Bond's QUALITY at Bond's PRICE no "Magic"—just good, sound business. With clothes-selling conditions as they are at present, you'll find it well to investigate before you INVEST. If you do this conscientiously you cannot do otherwise than buy.

Bond's Clothes

Bond's Clothes
$20

From Maker Direct to Wearer—Just One Price

There you have the reason for this tremenduous business—the reason for our success. We offer every man a chance to look his best—and at a very nominal outlay for his clothes.

Thoroughly dependable clothes, mind you—not just ordinary $20 garments. Bond's Clothes are well worth $5 to $10 more than we ask—judging from the merchandise offered elsewhere at $25 to $30. But after all the most convincing proof is the merchandise itself. You don't need to be an expert judge of clothing values to realize at once the real quality of Bond's Clothes.

OUR GUARANTEE—Our guarantee is based upon the principle that you, above all, must be satisfied.

If for any reason a garment bought here does not give the service you believe it should—bring it back. We're big enough to give you your money back if you so desire.

We beg to announce that all Selkirk and Durbar Wilton Rugs and Hampton Body Brussels Rugs manufactured by Schofield, Mason & Co., have been withdrawn from show. SCHOFIELD, MASON & CO.

THESE well known Philadelphia Rug Manufacturers were called upon by the Government to lend aid and being a patriotic firm, they responded quickly and willingly. Their patriotism meant loss for many since, because they were compelled to discontinue the manufacture of their Selkirk and Durbar Wilton Rugs and their Hampton Body Brussels Rugs. The old story of one man's loss being another's gain is here exemplified again, for we secured the entire stock of these famous rugs at such low figures that we are prepared to offer you [illegible] remarkable [illegible] values of the entire year.

VEGETABLE DYES MAKE ORIENTAL RUGS BEAUTIFUL

The Sterling & Welch Co., Cleveland, is exhibiting a most splendid collection of Persian and Chinese rugs in hearth sizes, prices ranging from $16 to $50 each.

The outstanding feature of the rugs is the fact that vegetable dyes have contributed to their "glory"—they are so soft and harmonious in their colorings.

The individuality of these wonderful creations is a most distinctive point and no woman of an artistic nature can look at the rugs without feeling a real thrill.

oNthing in this line in recent years has been imported by this firm which can compare with this consignment in either price or beauty. A visit to the store means a purchase.

Life at Camp Graphically Described by Local Men.

IN FLANDERS FIELDS

By Lieut. Col. John McCrea, Canadian Expeditionary Forces

In Flanders fields, the poppies grow
Between the crosses, row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly,
Scarce heard amid the guns below.

We are the dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved; and now we lie
In Flanders fields.

Take up our quarrel with the foe!
To you, from failing hands, we throw
The torch. Be yours to lift it high.
If ye break faith with us who die
We shall not sleep, tho poppies blow
In Flanders fields.

S. D. Shankland was not the first speaker upon the program at the Presbyterian church Sunday night when the patriotic meeting, at which the local men who visited Chillicothe recently, told of their experiences, occurred. Rather he was the last and the poem above was given by him at the end of his talk, but it would have served nevertheless as a text or keynote for the interesting remarks made by each speaker, tending toward the spirit of sacrifice and interest that all should feel now. Mayor Carmichael, E. F. Birkholz and Mr. Shankland told of the camp life as they had found it on their trip Sunday last in company with other Lake county "Y" men, they visited the camp and made a thorough acquaintanceship with army detail. They are to be known as "Interviewing Men," and will answer all the questions of boys who are called to this new life. Such a meeting of the boys from Lake county who will go on the next call, leaving April 30th, occurred at Painesville Monday night.

MANY MORE BONDS MUST BE BOUGHT IN WILLOUGHBY TO GET AN HONOR FLAG

With the division of the Willoughby township quota between Willoughby and Wickliffe, which was decided upon at the Painesville meeting Monday night, Willoughby's quota is now about $70,000.00. The township quota was $69,000.00. Up until Wednesday night sales in Willoughby had been computed at $21,500.00. The largest single sale was $2500.00. Kirtland had sold about $17,000 up to Monday. Efforts were to be made to boost the sales. Willoughby must have an honor flag and it is believed that sales between now and May 4th will be such as to win the flag for Willoughby before that date. Willoughby has too much patriotism not to exceed its quota.

They will each sing a group of solos, and conclude with Liza Lehman's song cycle for four voices, "Alice in Wonderland." These are the old poems of our childhood about Father William, who balanced an eel on the end of his nose; the story of the "Whiting and the Snail." TWENTY-ONE STARS IN KIRTLAND SERVICE FLAG; PRESENTATION MADE AT LIBERTY LOAN MEETING

Lake County Has Given More Boys According to Population, Than Any Other County in State, Says Speaker.

A splendid patriotic and Liberty Loan meeting was well attended in Kirtland Sunday afternoon, April 14. Elder Lorenzo Powell opened the services with prayer. Rev. Mr. Randall of Willoughby made a strong and patriotic address. Mr. Crawford of Cleveland gave a masterly speech in behalf of our country and flag.

Kirtland Grange presented a service flag to Kirtland township in honor of her boys. The presentation was made by Clara Schupp Squires to William R. Crary, who received it in behalf of Kirtland township. Mrs. Squires said in part: "In behalf of Kirtland and Grange, I have the honor of presenting to you, the people of Kirtland township, this service flag. That you may keep each star (a young man who has willingly and nobly dedicated himself to his country), bright in your hearts. For he is willing to give the last full measure of his devotion."

Lewis Schupp, our only granger soldier; Raymond Givens, a lieutenant; Russell Davidson, Mark Booth, James Kitchen. These five served on the border. Orrville Allen, Leon Whitcomb, Lewis Barstow, Tenis Barthemas, Andrew Kocis, Minot Allen, Ralph Sked, John Lake, Ernest McClintock, Floyd Lilly, Hyram Moore, Ross Moore, Louis Millard, William Cox, Percy Childs, Rolland Daggett.

As a township we have reason for glorious pride in our twenty-one stars.

A solo by Lucretia Brewster Marie Whitemore sang "Keep the Home Fires Burning." Mrs. Schupp read a selected article. Music furnished by the high school.

W. R. Crary said in his speech of acceptance, "That Lake county, the smallest county in the state of Ohio, had given more soldiers according to her population than any other county in the state. As her wealth lay largely in her hills and her boys. She had given liberally of her fortune."

SOMETHING NEW AND INTERESTING AT GIBSON'S
I just want to say to the people of Willoughby that I have now on hand a complete lot of assorted sizes of the famous Savage Tires and Tubes, and the price is right. The Tires and Tubes are right, and the adjustment which are very few, are right. And I will put them up against any tire made regardless of price.
The season is just coming when you will need a lot of repairs. Come in and bring your order. I can save you some money. Why? Because I do not ask for the earth with a fence around it. And still later, just watch this space, for I shall tell you something that will get you thinking. Always filling orders, because if I have not got it I can get it or it isn't made.

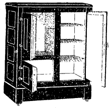
Own a Real Refrigerator



There is a difference between a Refrigerator and an ice-box. Anything that will contain ice and food will not necessarily refrigerate food.

The Sterling & Welch Company are displaying cold-retaining and heat-excluding sanitary and scientific Refrigerators.

You can buy an ice-box anywhere, but real refrigerators are rare. A properly insulated refrigerator saves ice, food and insures the safety and health of precious lives.

In our Refrigerators fresh, cold air is present in every inch of space all of the time. Odors are carried out and an even temperature maintained.

The proper time has now come to consider a Refrigerator, and The Sterling & Welch stock is varied, complete and interesting.

WESTERN RESERVE TO TAKE TWO FRENCH STUDENTS

The College for Women of Western Reserve University has announced to the Association of American Colleges that it will receive two of the French students, whom this association, in co-operation with the United States Bureau of Education and the French authorities, is planning to bring to American womens colleges next fall.

The association hopes to bring over 100 French girls who will be selected by a representative sent to France for that purpose. Each of the co-operating colleges is to take two girls and to provide them with room, board, tuition and other fees. The French authorities are to provide for their traveling expenses, clothing and incidentals.

Friends of Western Reserve University have agreed to raise $500 a year for each of the two students who will come to the College for Women. Three hundred and fifty dollars of this sum are for residence in one of the college dormitories, and the balance for tuition and other fees.

Hippodrome

There will be another all-headliner program. There will be nine standard vaudeville successes with a gala surprise headliner to be announced later. The Suffragette Revue, with 30 people, mostly girls, and written by William B. Friedlander, a native of Cleveland, will be an act sure to prove pleasing to the Hippodrome patrons. It is full of color and plenty of action and bright and catchy music. It is said to be a whole performance in itself. By special request from hundreds of patrons, The Misses Leightners and Alexander, who scored such a tremendous hit early in the season, will return and with plenty of new material. No act in vaudeville is more popular than Aveling and Lloyd, the two southern gentlemen who have an act quite different from all talking skits. With their droll southern twang and a lot of wholesome comedy they are usually one of the real hits of the program. Chris Richards, the pride of the London Music Halls, who is making his initial American tour, will present some dancing types. A real sensation will be the act offered by Kajiyama, the Japanese with the ability of quadruple brain concentration. This American made Oriental has really the most remarkable act ever seen on the stage. Among the other entertaining features will be Margargert Farrell, the Kelly Girl with character songs; Beauty, the "human horses," and Three Alexm, sensational equilibrists.

Colonial Theater

"Lord and Lady Algy," comedy by R. C. Carton, which had its first London production twenty-two years ago, is at the Colonal next week. William Faversham presents it and plays the title role. Others in the company, which is truly all star, are Maxine Elliott, Macklyn Arbuckle, Irene Fenwick, George Fitzgerald, Florine Arnold and Lumsden Hare. The production is a pretentious one, and such a cast should give a distinguished performance. The play, too, has stood the test of years.

Opera House

"Yours Truly," musical comedy by Herbert Stotehart and Thomas J. Gray starts the second week of its career at the Opera House Monday night. Arthur Pearson produces and his cast headed by T. Roy Barnes, numbers among its better known members such music show favorites as Lettie Yorke, Gertrude Vanderbilt, Henlen Gunther, Alice Fleming and Bernard Gorcey. The "Yours Truly" production is a good one, and the costuming, according to report, is unusually attractive. The initial week in Pittsburg was a good one.

Miles Theater

Variety will abound at the Miles the coming week. Each of the six acts presented will be distinctly different and all new to Cleveland patrons. The Six Serenaders will head the bill offering a classy melange of sparkling melodies and brilliant comedy with spectacular dances. Marion Munson presents "The Spy's Nest," a protean playlet in three scenes in which Miss Munson portrays eight different female characters. Walter Shannon and Marie Annis offer an amusing actlet called "The Shine Flirtation." Donovan and Murray have a travesty in rhyme and song called "Clubland"; Knapp and Cornalla in a potpourri of dancing acrobatic and musical oddities and Frank Wilson, novelty eccentric cyclist, make up the six acts of vaudeville variety. The special photoplay attraction will be Margery Wilson in the five-act melodrama, "The Law of the Northwest."

Standard Theater

Week of April 21st the Standard Theater presents a special production of Bessie Barriscale in "Those Who Pay." This production ranks as one of the greatest photoplays ever produced and the story is founded upon the eternal triangle, two women and a man. It tells of the adventures of a shopgirl, and of her love for a married man. The spirit of Christmas pervades the early scenes as Dorothy is weeping at the beside of her little sister, their mother and father having died. The little tot is ill and cries for a doll whereupon Dorothy goes out into the snow to buy a toy. Her adventures from this point to the finish of the drama, are full of interest, pathos and thrills, and it proves the old proverb, fho is it that pays when we fail to resist temptation? Is it the man or the woman? This every adult should and every child can see at Cleveland's most popular photoplay house, together with one of Mack Sennett's funniest comedies ever produced, "Saucy Madeline," featuring Ben Turpin.

Star Theater

Billy Watson's "Beef Trust" burlesque attraction which for nearly a score of years has made money on the strength of its oversize chorus, is the Star's booking for next week. Watson has a new production and a couple of new farces with music to take the place of the familiar fun. The show has been liked on the road, none the less. The company is a capable one, numbering among its better known members Beatrice Harlowe, Kathryn Pearl, Frances and Helen Russell, Harry Montague, Tony Kennedy and Ted Evans.

State of Ohio, Cuyahoga County, ss. Before G. W. Vocke, Justice of the Peace for Brooklyn Heights Township. Isadore Kutz vs. S. Weisglass, d. b. a. S. Weisglass & Company. On the 7th day of March, 1918, an order of attachment was issued by the above named Justice in the above entitled action for the sum of $160.00 and costs. Said case will be for hearing on April 30th, 1918. A11 A25

Prospect Theater

Who is there who has not read Alice Hogan Rice's two books about Mrs. Wiggs, Lovey Mary, Miss Hazy and all the others who companioned them in two of the most entertaining stories of the past fifteen years? Everybody has read them, and from the demand for seats at the Prospect theatre where Aiston and Wood's big revival of "Mrs. Wiggs of the Cabbage Patch" will be seen for an engagement of one week, starting Monday evening next, the popular Prospect avenue theatre will be crowded at every performance.

Mrs. Wiggs is a genuine creation, both in the stories in which she appears and in the play, and it is a genuine pleasure to see her in flesh and blood on the stage. Critics have vied with one another in their praise of "Mrs. Wiggs of the Cabbage Patch," especially in its dramatic form.

The usual bargain matinees will be given on Tuesday, Thursday aid Saturday.

Liberty Theater

The Liberty theatre will offer next week one of the most pretentious programs it has had this season. The headline act will be Keough and Nelson, in their new act called "A Vaudeville Cocktail," in three acts. Gertie and Vincent Van Dyke will be high up on the bill, as will Clements and Lorraine, Paul Earle, the Apollo Trio, and Jones and Wilson. There will be Mack Sennett comedy, Pathe war films and orchestra concerts. On Sunday the Seven Harvesters will be offered in conjunction with the Buhres, the Violinski brothers, as well as the feature film, "Married in Name Only."

Empire Theater

"The Broadway Belles" are at the Empire next week. George E. Snyder produces and moreover, is the author of the book and one of the leading comedians. Others in the cast with burlesque reputations are Joe Marks, Ed Cole, Will Lewis, Pearl Lawler, Jane May, Della Clarke and Florence Pointer. The show is a new one, with catchy music, lots of fun and a good scenic production. "Broadway Belles" has prospered on the road.

COUNTY FAIRS GIVE THRIFT STAMP PRIZE

Practically every count fair board in the state has agreed to give at least a part of premiums and prizes this year in War Savings and Thrift Stamps. The smaller fairs are following the example of the State Fair, which, it is announced, by the State Agricultural Board, will present a large proportion of premiums in government "baby bonds."

To each of the secretaries of the county and independent fairs has gone a telegraphic request from the Ohio War Savings Committee to arrange for distribution of War Savings Stamps as premiums. It is not expected that this plan will be followed rigidly, as partial cash payments must be made in some instances, where an exhibition involves expense on the part of the exhibitor.

WILLOUGHBY O. E. S. PAY TRIBUTE TO MRS. VIOLET WASSON

The following resolutions of sympathy and regard were adopted at the Monday meeting of the Willoughby Chapter O. E. S.

There are many times in the sailing of life's sea one must pause and take reckoning. One such time is when a trusted friend for years leaves the activities of this life for the peace of the life celestial.

Sister Violet Wasson has answered the summons that will come to each of us.

And we know the great loss that has come to our chapter and community in the passing of this good woman.

And these fraternal ties and friendships are sacred memories.

True to the highest ideals of life, she went in and out among us.

We have known Sister Wasson intimately, and who have loved her realize the greatness of our loss, and bow in solemn sympathy for those of her own flesh and blood.

Her work is finished. But we are grateful for the legacy of noble example which she has bequeathed to us.

The committee submits this tribute to the members of the Willoughby Chapter O. E. S. with the request that it be spread upon the records, a copy sent to the family and to each of the local papers.

MRS. C. C. COTTRELL,
HENRY SANDBURG,
MRS. HARRIET CARREL,

HUNDREDS OF MOTHERS' PICTURES

(Continued from Page 1.)

and another Tuesday night at Willoughby.

Mr. Carmichael in his talk took his listeners along the roads and streets of the camp; into the D. A. R., Red Cross and other buildings; and he spoke of the pride that all should feel for the splendid work accomplished, and for the splendid boys we have there. Capt. McCollister, he said, had been specially complimented by a government inspector for the manner in which the work of the horse hospital, of which he has charge, is conducted.

The work of the "Y" was the special topic of Mr. Bickholz. He told most earnestly and interestingly of the many things at the camp that appealed to him. He spoke of the three boys from Wickliffe, and one from Mentor, among the 22 from the county, all of whom were glad to see the men from home. The first and most appealing thing that Mr. Shankland noted at the "Y" huts, he said, was a bulletin board; and upon that bulletin board it said: "Our mothers," and there were pictures of them there; dozens and hundreds. "The soldier boys are the first line," Mr. Shankland continued; "the reserve line is the mothers." Every mother and listener in the audience must have been thrilled and inspired and made more hopeful, enthusiastic and patriotic by the splendid talk Mr. Shankland gave; and by the assuring manner in which each speaker told of the care that Uncle Sam is giving the boys, for their mental, physical and spiritual needs. Let us be sure, was the appeal of each, that we stand back of them!

Editor's Note—Lieut. John McCrea, author of "In Flanders Fields," given above, was killed in action shortly after the poem was written.

IMPROVED APPEARANCE OF THE BOYS AT CAMP.

All the speakers Sunday night commented upon the improved appearance of the boys who are in training at Camp Sherman. "They are all the same Willoughby boys," they said, "only they have improved. They are learning lessons we never taught them." Mr. Shankland expressed the belief that education would never go on as in the past. Mr. Shankland said he looked around for Wade Gilette while at the camp, but he was absent. His room, he stated, however, was in immaculate order. Harold Warner of the Kirtland road, was also mentioned.

KEEP THE HOME BOOKS COMING; YOUR BIT MAY BE A BOOK: TAKE IT TO WILLOUGHBY LIBRARY.

Miss Georgia Crobaugh at the Willoughby public library will receive and forward books for the use of soldiers in the camps at the front, pursuant to the following communication which has been received from the state committee of the American Library Association:

"Word has now come that General Pershing has ordered fifty tons per month of shipping space set aside by the army transport service for the shipment of books to France by the American Library Association. This shows the great importance Pershing places on reading matter for our boys "over there," and it means that we must send at least 100,000 volumes per month.

Will you not make your library a collection center for books to be given by you and your force, and send these books at stated intervals to the camp? It is also important to keep the gifts coming in as long as the need lasts. Though this request is for books, money is still acceptable."

ANDREWS TREES LABELED

Mr. Calland of the Ohio experimental station at Wooster was in town Tuesday and assisted in the placing of 200 labels upon the trees in the Andrews institute farm.

"It's a slogan in our home," a woman said the other day, "if you want to find anything, look in the Willoughby Republican."

Written for The Republican by Mrs. E. W. Hill.

All the letters and papers from the North are on the same strain. "Coldest winter on record, nearly fuelless, foodless, sugarless and the winter only half gone. I thought maybe it would be pleasant and cheerful to hear about the concert season here, and I could write a real sensible letter, full of statistics, figures and such like information, later on. You must realize that six months is a long time to do nothing (yet we always have a fellow [illegible] for the poor women, whose idea of Heaven was a place to do nothing forever and ever), fishing trips around the bay, auto rides along the waterfront, croquette and tennis games grow monotonous to the winter visitor. So the city fathers hired the Royal Scotch band for two months, January and February, to give two concerts daily at Williams park.

At the present writing, Feb. [illegible], they have been [illegible] more than half of their scheduled [illegible], and I do wish I could help you to see and realize what we enjoy daily. The Royal Scotch Highlanders Band is gorgeous in scarlet and gold uniforms with the different tartan plaids of Scotland helping out the color scheme. I will enclose several programs and the editor can select one to give you an idea of the entertainment program. All are fine, each one better as the weeks roll on, judging by the crowds that fill every seat every afternoon. You have heard that Florida had a cold wave, and it lasted almost through January (the local paper said, "We have had abominable weather but the stories circulated North" about this city were ridiculous, of ice in Tampa Bay and St. Petersburg is too absurd "for the water in the bay is salt and don't freeze."

Well, it was cold enough to disarrange our plans of attending the concerts every day. The wind came over Tampa Bay as penetrating as if from Lake Erie almost. The sun shone [illegible] a bit, but was like the proverbial [illegible] low dog as to warmth.

The band played (I don't see how they could) and O, so many people [illegible] and listened and on Sundays the [illegible] was full. The third Sunday in January (your record [illegible] day) was a cold but sunny day and the park was packed clear to the curb with autos parked all around as close as they could be allowed, made me think of Mentor park on a Sunday afternoon in August. The men [illegible] wore overcoats and the ladies furs, and one saw the finest ever, and [illegible] most all are handsome [illegible].

February ushered in a new [illegible] weather or the [illegible]. We have had warm or rather [illegible] days lately. The [illegible] balmy, roses [illegible] band plays, and St. Petersburg [illegible] happy. Last Sunday I went early [illegible] and get a good seat. [illegible] crowd was already large and [illegible] dense as 2 o'clock [illegible].

Sitting on one of the raised seats looking over and across the people the scene is the gayest possible. Nothing like in it the North as to color and vividness. From the band, scarlet and gold, the rainbow could not match the picture. All the tints of the spectrum are woven into the filament, laciest and crapiest textures that can be worn. Just enough black and white to give atmosphere to the scene, for black coats and Panama hats are much in evidence and I have found that if all colors, purple is the most striking. Royal purple stands out glaring and bold beyond any other, and we do not doubt that Solomon in all his glory was clothed in purple and fine linen every day. The scene is the most bewildering and beautiful that your imagination can picture and then add some. The band played, all listened and were wonderfully at [illegible]. [illegible]

We wait and watch and wonder maybe, among those thousands we might meet a friend of the long ago or of recent years [illegible] often one sees one familiar face. One thing we do know, we are all tourists from every state in the U. S. and Canada, and especially from Ohio.

The American Way

America is calling upon her young men to go to the front and risk their lives in the cause of liberty.

America, as represented by you and me, owes these men a great obligation. We owe them the duty of standing back of them in every possible way.

When a man offers his life for his country there is nothing too good for him. Whatever his country can do must be done.

The United States Government is taking every possible step to do its duty to its men and one of these steps is the selling of LIBERTY BONDS to raise the necessary money to provide the men with everything that they need so that their lives and health shall be protected in every way.

Are you doing your share? Have you bought all the LIBERTY BONDS that you possibly can?

TODAY is the day for you to co-operate with the United States Government, to do your share so that the men who are offering their lives to protect the people of America, of whom YOU are one, shall not go in need of anything that money can buy.

LOCAL ORDER WHO ADOPT FRENCH ORPHAN RECEIVES LETTER

The Modern Woodman of America, who raised funds by their recent dance with which to support a French orphan, have received the following communication. The name of the orphan they will support is Marcel Poile La Grand Paroise, France:

E. W. Bales, Clerk Camp 8947 M. W. A., Willoughby, O.

Esteemed Neighbor:

I am in receipt of your kind donation to the French War Orphans, for which I am enclosing receipt, also name and address of the child which I have assigned to you. I am also enclosing folder which explains the great work and the system by which the money is delivered directly to the child in sums of forty-five francs ($9.00) quarterly. The child will receipt you directly, but on account of war conditions and care in delivering the money, it may be three months before you hear from it.

You may correspond directly with the child at once, in any language you wish, but preferably in French. You will as a rule be answered in French, and if you desire comfort it and send it such presents as you may deem fit. However, it is suggested that the regular daily allowance donation be sent through the organiaztion so that delivery to the proper person is assured.

If you will see to it that your payments are made promptly, you will greatly facilitate my work and insure the child receiving its regular allowance without interruption. In remitting please mention number of child

There are hundreds of thousands of orphans in France today who are desperately in need of assistance and I shall appreciate your passing the enclosed folder to some one whom you think would contribute toward the fund

I am deeply grateful to you for your generous contribution. If such consideration as yours is followed out by many others, I know it will result in great comfort and relief of suffering and will lead to a lasting and unbreakable friendship between the two great nations, France and the United States. May we live to see the time when there shall be no need for such contribution as this, a time when there shall be no more wars and the world be as one nation

Yours fraternally,

[illegible] S. DeMOULIN,

Treasurer M. W. A. French War Orphan Fund

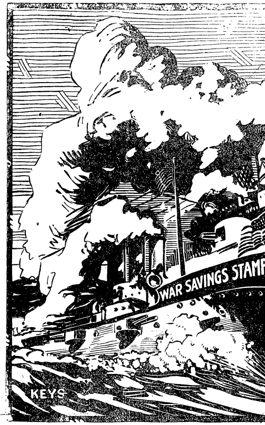
TWENTY-SIXTH YEAR—NO. 12 WILLOUGHBY, O., APRIL [illegible] 1918. ONE DOLLAR AND TWENTY-FIVE CENTS A YEAR IN ADVANCE



Let Nothing Be Lacking

WHERE IS THE BATTLESHIP, THAT MIGHTY FORTRESS OF THE SEA, WITHOUT ITS ATTENDANT TORPEDO BOATS TO WARD OFF THE SUBMARINES?

WHERE IS THE TORPEDO BOAT WHEN THE GREAT GUNS OF THE ENEMY BELCH TONS OF METAL IN BATTLE ARRAY, WITHOUT ITS GIGANTIC COMPANION?

TAKE A LESSON FROM THE GRIM NECESSITY OF COMPLETE EQUIPMENT IN THE FLEET.

LIBERTY BONDS ARE THE BATTLESHIPS OF THE FINANCIAL WAR FOR FREEDOM. WITHOUT THEM ARMY AND NAVY WOULD LIE HELPLESS. EVERY GUN WOULD BE SILENT, EVERY ENGINE STILL.

LIBERTY BONDS MUST BE TAKEN BY EVERY MAN AND WOMAN WHO CAN BUY.

THEY ARE VITAL, INDISPENSABLE, AND NO MAN IS A PATRIOT WHO WITHHOLDS HIS MONEY AT THIS CRISIS IN OUR NATIONAL LIFE.

WHAT, THEN, OF US WHO ARE NOT ABLE TO BUY BONDS? HOW SHALL WE HAVE A SHARE IN THE WAR FOR FREEDOM?

FREEDOM MEANS MORE TO US OF LITTLE MEANS THAN IT DOES TO THE WEALTHY. OUR LIBERTY IS OUR MOST PRECIOUS POSSESSION. CAN WE HAVE NO PART IN ITS SALVATION?

THE ANSWER IS CLEAR AND TRUE. FOR THE VAST ARMY WHO CANNOT BUY BONDS, RINGS OUT THE IMPERATIVE CALL,

Buy War Savings Stamps

AT 4.27% INTEREST

They are just as patriotic, just as helpful to the Government in quality, if not in quantity—and just as helpful to the buyer.

So let us stand together, wealthy and poor, capitalist and workingman—yes, even boys and girls—in the patriotic effort to answer our nation's call to defend the civilization of right against the brutality of ungoverned might and vicious lust for power.

Freemen, let the task of saving our liberty be borne by all of us! Let the Liberty Bond and the War Savings Stamp be as the battleship and torpedo boat—both necessary, both with a great work to do.

Let those of us of humble circumstances rejoice that we can have our part in the struggle, exalt ourselves with the knowledge that even our pennies can perform their part.

SOME NEW FACTS BEARING ON THE HISTORY OF MAN IN EUROPE

An Interesting Article Written For The Republican by C. M. Shipman, of the J. H. R. Products Co.

What do we suppose the dwellers in the oldest center of human habitation would think if they could visit that war infested area of the Marne and Somme valleys, the same land from which he dug his flints to fashion his rude tools and weapons for offence and securing food.

Strange as it may seem here is found some of the earliest evidences of man from a time so far in the dim past that the records of Egypt appears as of yesterday, without doubt they go back 100,000 years to this the Dawn Man, a creature whose remains are found sleeping with the fauna he knew: the Great Southern Mammoth, straight tusked elephant, rhinoceros, small wild horse and saber-toothed tiger, all dwelling in the semi-tropic forest of that time.

It is a question if at this time he had any powers of speech and he porbably fought with the strong canine teeth which he seems to have possessed.

These pre-human types, the ancestors of man, came from the anthropoid apes and man and the gibbon were the first, in this family tree, to branch off in Oligocene times, the orang then branched off in a widely different direction.

The stem of the chimpanzee and gorilla branched off at a more recent date and is more nearly allied to that of man.

In Pliocene times about 475,000 years ago, from this stock sprang a race, ancestor to man, and here the first direct evidence is found in the Trinil Race of Java, Pithecanthropus erectus, skull and skeleton show that this ape man could walk fairly upright, breathe by the use of the diaphram muscles and very possibly control the thumb and fingers in using primitive implements of wood, this preceded the use of stone.

Freeing the hands from walking threw the responsibility on the legs, which became more efficient for their purpose as supports. Thus the erect attitude became fixed and these upright simians emerged from their forests armed with sticks and with all the rudiments that have since enabled them to conquer the world.

Originally arboreal, now maintaining themselves in the open soon weeded out the unfit and by natural selection made real men of the survivors. The brain capacity of this race is estimated at 855 cu. cm. to 900 cu. cm., whereas the largest simian is 600 cu. cm., and the smallest recorded in the lower members of the human race is 950 cu. cm.

Next in the chain of evolution comes the remains of Heidelberg, 200,000 years old and the Piltdown, 150,000 years old, these races, the oldest in Europe, have left their remains the Heidelberg under 79 feet of glacial drift and the Piltdown in ancient gracial gravel and with them are found the fossil mastodon, hippopotamus and the wild horse.

In this strata are found the first eoliths, stones used by these ancient races for defence and possibly for dissecting food; they were not shaped by hand but selected for the purpose from the river bed and found by scientists today showing the signs of use.

Four great periods of cold have come and blanketed all the north of Europe and America with ice and cold driving all life south and as they receded each time plant life and animals again came in its wake.

During the third warm period, known as the Pre-Chellean, there appears the next stage of this human chain of evolution man-in-the-making, the Neanderthal race; they were in skull capacity and bodily structure about midway between the anthropoids and modern man, he could not walk entirely erect, the lower limbs were short and crooked and there in the valleys of the Somme and the Marne are found his remains and his "kultur" in stone 40,000 years old.

Gradually he added to his skill with stone implements, the chief handicap being his inability to oppose the thumb successfully to the fingers. This the anthropoids can not do at all. It is thought by many scientists that this was the great fact leading to man's evolution from the ape.

He passed through the Mousterian or Fourth Glacial Period with changes in the animal life; there have been dug from the frozen ground in Russia perfectly preserved Mammoths even to the food in the mouth and stomach. Then came the Post Glacial Period, approximately 25,000 years ago and with it a new race, the Cro-Magnon, of the real type man, Homo-Sapiens, skilled with the spear of wood pointed with stone and dominating that older race, the Neanderthal.

Gradually this race developed a culture [illegible] hunting (around one camp at Solutre, Fr., is found what is estimated to have been the remains of 100,000 wild horses), it is the cave life that excites the admiration; drawings on the walls of the mammoth, reindeer, horse and small figurines of the human form. At this period is shown the first signs of a religious turn and a hope of a life hereafter. In burying the dead usually food and skins and implements of the chase were placed in the grave which was fortunately in many cases in caverns so that they are preserved for us to see.

This brings us to the Magdalinian time, 16,000 years ago, according to Obermaier. No artists have ever had before them at the same time and in the same country such a panorama of animal life as that which surrounded the Cro-Magnon. They have left us pictures of more than thirty forms. This Cro-Magnon race was probably the most remarkable of the ancient people, over 6 feet tall with a brain capacity equaling our, 1800 cu. cm., highly skilled in the art of carving stone and ivory, they have left many evidences of a high culture.

One of the most remarkable of these finds was made out long ago. A passageway in one of these caverns was blocked by stalactites which had doubtless been thousands of years forming; an exploring party, being curious to see what was beyond had the mass of stalactites broken down and in a small chamber here lay two superb statuettes in clay about four feet long absolutely unbroken, representing the bison. The ground was covered with imprints of claws of bear, skeletons of which were buried here and there. These ancient sculptors passing through had dawn out all the canine teeth for ornaments. Their steps left their fine impressions on the humid and soft clay and we still see the outlines of several bare feet.

They lost several flakes of stone and the tooth of an ox pierced at the top and all this seemed as if it had been done yesterday. They had left an incomplete model and some lumps of kneaded clay which still carry the impression of their fingers. There it has lain awaiting a discover for at least 25,000 years!

This grand race reaches a period of marked decline. Other races have come and the stone age closes 7,000 to 10,000 years beforeo ur era. Apparently several races of mixed type overrun the country and culture of all kinds disappears. A few fishing barbs of bone are found. This is the Azilian era, an age of fishing and the finding of one of their burial caves gives the culture and some ideas of a ceremonial burial.

There are 33 skulls all faced west, embedded in red ochre and with necklaces of stag teeth and snail shells. With them are found the remains of ibex, stag, wild cattle and a wild horse, the tropical animal life has all gone, the reindeer and arctic fox leave their remains.

The discovery of the use of the bow and arrow made hunting easier and we now find large polished axe heads and evidences of the use of seeds, a new source of food from the soil and this more domestic life leads to the fashioning of pottery and here seemingly enters the first type of domestic cattle and hogs. The Lake Dwellers are among the last of these races, forced to take shelter on artificial islets in the lakes, as at Lake Constance in Switzerland.

The rise and fall of cultures such as we see today contending in Western Europe has been the outstanding feature of the history of man for ages, it is indeed unfortunate when a cultured race turns barbarian and seeks the destruction of the rest.

"I fully share the views you express regarding the importance of the public service utilities as a part of our national equipment, especially in war time. It is essential that these utilities should be maintained at their maximum efficiency and that everything reasonably possible should be done with that end in view. Colonial Theater

"Doing our Bit," with Frank Tinney, James J. Corbett, Ada Lewis, Charles Judels, Leah Norah, James Clemons, Virgina Fissinger, The Cansinos, Sam Ash, Leonore McDonough, and a dozen more principals, and a chorus of nearly 100, is booked for the Colonial next week. It has been unusually successful in New York. This show, as the cast indicates, is designed to amuse, and it should do that. The management (Shubert) is boasting of a spectacular finale, depicting the landing of American troops in France.

Opera House

"Intolerance," photo play directed by David Wark Griffith, has been booked for the Opera House, starting Sunday night. This is the picture which succeeded "The Birth of a Nation" as the wonder of the motion picture world, and its engagements in New York, Chicago and elsewhere have been highly successful. Especially interesting are its filmed representations of life in ancient Babylon in Judea nineteen hundred years ago, and in France under Charles IX.

Miles Theater

The Morelle Sextette, offering a high class vocal and instrumental musical program, will headline at the Miles the coming week. They have an odd and picturesque setting, dress in colonial style and present a bright melange of catchy melodies. Harry Jolson, brother of the eminent Al comes back this season with a new budget of funny coon songs and timely stories. Marlette's Manikins are a big troupe of marionettes who give a whole vaudeville show within fifteen minutes. Grace Gibson, Welsh comedienne, in a comedy dialect singing diversion; Mumford and Thompson in their comedy skit, 'A Nickle is a Nickle," and Pedrins troupe of educated monkeys make up a diversified program full of comedy and novelty.

A special feature photoplay, "The Kaiser, Beast of Berlin," will make everyone agree with the title when they see it.

Prospect Theater

Florence Edna May, a brilliant young playwright is the authoress of the new drama that has given scope for much discussion both for and against its stage representation. It is "The Unmarried Mother," the plot of which has to do with the subject of what is the future of children born out of wedlock. Without any semblance of sensationalism the young dramatist has taken one of the most vital questions of the day and turned it into a remarkable play with a punch in every line. At the same time Miss May has succeeded in off-setting the more strenuous scenes and situations with some refreshing comedy.

"The Unmarried Mother" is a modern drama and with the present tendency of the theatre as an educational institution as well as a place of amusement, plays like "The Unmarried Mother" are bound to find favor. This is a play that every woman and girl in this city should see. It opens at the Prospect Theater next Monday matinee, with matinees daily for ladies only. No one under sixteen years of age admitted. It will doubtless duplicate the wonderful business that it has enjoyed during its long run in Philadelphia, New York, Chicago and other cities.

Standard Theater

Week of April 28, the Standard theater presents Clara Williams in her greatest success, "Carmen of the Klondike." The story which is full of tense dramatic scenes and stirring situations, is laid in the klondike mountains of Alaska, during the days of the gold rush. Miss Williams plays the part of Dorothy Harlan, a former vaudeville favorite, who is daring the wilds of the north to join her lover, who is striving to make an existence there. On the boat to Alaska she meets Silk McDonald, a dance hall owner. She repulses his attention, and thereby starts a long siege of trouble and excitement. And one is held spellbound to the end. In the scenes there are sand storms, rain storms and night scenes, which make it intensely realistic. At the climax the most ferocious hand to hand battle between two men is fought, which has ever been reproduced on any screen. And as the best critics in the country have pronounced it, as being of great interest from beginning to end, without a dull moment.

Star Theater

"The Best Show in Town" is at the Star next week, at least so far as name is concerned. It is a James E. Cooper production, with Frank Hunter as the featured comedian and his support includes such burlesque favorites as Bert Lahr, F. Weeson, Lynn Cantor, Virginia Ware, the Davenports and Mattie DeLeece. Billy K. Wells wrote the book, a two-act musical comedy called "Some Town."

Empire Theater

"The French Frolics" are at the Empire next week with an old-time burlesque show which has capable comedians, a sure enough plot and a big and attractive chorus. Featured performers are Harry Hello, Jake Fields, Lena Daley, Ruth Hastings, Harry Morrissey, Charles Glick, John O. Grant, Frankie Burke and Walter (Finnegan) Parker. There'll be a two act musical comedy in eleven scenes.

HIS PLACE IN THE SUN

If the kaiser is still looking for a place in the sun, we know where he can get an all-summer job on an American farm, with board and lodging and as much as $30 a month in cash.—Springfield Union.

Maggie M. Bethel, who resides at New Augustine, Florida, will take notice that Charles H. Bethel filed a petition against her in the Court of Common Pleas of Cuyahoga County, Ohio, praying for divorce and relief on the ground of gross neglect of duty and extreme cruelty. Said petition is No. 161278, and will be for hearing on and after May 3rd, 1918.

ICE PRICES HIGHER—NO RAISE IN WAGES

Woe unto the people of Cleveland who are compelled to buy ice from the City Ice Delivery Company, for prices even at this time of the cold season have been advanced. Where they may go when summer's heat is at hand nobody will dare predict.

If ever there was a good "crop" of ice it was all last winter when for months zero weather prevailed and every lake, river and pond was frozen solidly.

The finest kind of ice was garnered by the thousands of tons at a comparatively small cost.

It costs very little more to now manufacture the artificial product.

Ammonia is a trifle higher.

Wages are the same now as were paid about a year ago by the Ice Trust. The same scale—$21.00 for 66 hours work, is still in force.

The men held a meeting Monday night and will ask on May 1st a weekly wage of $30—they earn it.

Last year the housewife paid 48 cents cash for 100 pounds of ice bought of the City Ice Delivery Company, which has a practical monopoly of the business in a thriving city of 800,000 people. She paid 50 cents a 100 if she asked for short time credit books.

She is now paying 50 cents cash for 100 pounds and if she seeks credit 5 cents a hundred pounds are added.

But there's no boost in wages—the surplus over last year's prices going into the coffers of the "monopoly."

It has a tremenduous sale of its "Distillata" water—water that costs the company but a trifle to make it "absolutely pure."

Verily, the people "catch it" these days from all quarters—especially from the cold hearted ice company.

The operation of the new filtration plant now supplying Cleveland and its suburbs with pure filtered water will mean a saving to thousands of people who have been buying from the C. I. Company.

Hippodrome

"All For Democracy," a powerful and gripping allegory of the present will be the headliner at B. F. Keith's Hippodrome next week. It is said to be one of the best acts ever presented in vaudeville and with its military and timely atmosphere should make an ideal attraction for the closing of the Liberty Loan campaign. In this act the character of Washington, Lincoln and Wilson are heard discussing the present world conflict.

An extra headliner will be the original vaudeville act presented by Rolfe and Maddox. This scored such a big hit with the country store band.

Another copy was seen here with Hitchy Koo, but next week's visit will be from the original act.

To still help the Liberty Loan drive the Hippodrome management has arranged to secure William J. (Sailor) Reilly of the U. S. S. Michigan who is known as the ragtime king of the navy. Sailor Reilly has been permitted to appear on the Keith circuit for patriotic purposes.

Ernest Evans, a newcomer to Cleveland, will present a smart diversement of music, song and dances. This act is full of color and action.

Duffy and Inglish, who are a couple of pecan fun makers, have been providing heaps of fun all over the country and should continue their success at the Hippodrome. Among the other entertaining features will be Dickinson and Deagon in a paprika of chatter and song. Beaumonte and Arnold presenting "The Seargentes," Prospert and Marst, the Belgian athletes, and Carl Rosini and company with a distinct novelty hit.

HOMES TO BE CREATED FOR WOMEN'S INDUSTRIAL ARMY OF CLEVELAND; WILL THE KIND PEOPLE PLEASE HELP?

There are thousands of girls and women in industrial service in greater Cleveland. These women are in war service, as much so as the men who are in American camps and in French trenches.

We need your old furniture and anything else that will help to furnish houses in which these women can live comfortably and happily.

Will you go into your basement and your store room and bring out the things that you have tucked away, thinking they might be needed some time? Will you give us these things to furnish homes for self supporting women who are not comfortably housed nad consequently they are unfit to meet the demands of the times by way of industrial service.

We need beds, springs, mattresses, comforts, pillows, sheets, slips, blankets, quilts, dressers, mirrors and the necessities of bedroom furnishings for many rooms. Will you look over your possessions and give us all that you do not badly need?

You perhaps have some chairs that you get tired of seeing around. We need them when you can spare them.

Will you list us for the rug that is getting shabby? It will help to make some woman comfortable.

This help that we are asking is a new kind of war service. A service that every woman in Cleveland can give with little effort and little sacrifice.

We want the small things as well as the large ones. We need some entertaining things, a Victrola, a record. We need tables, curtains, all the things that enter into the making of a home by way of necessity or comfort.

No matter how old things are, we want them. We have willing workers who can renovate things and give them a coat of paint.

Will you remember that the women who are employed in industrial service as so important that the country can not get along without them?

Please do not think that the thing that you can offer is too small to have value, it is not. We want anything that you can select from your home that will add to the comfort, awake or sleep, of the woman who works.

Will you give us all that you can spare from your comfortable home to give this woman a suitable place to live?

Will you help this movement along because we can not win this war if the woman in industrial service is not kept fit physically and mentally "to do her bit."

We know you will help with this great work, you have helped with every movement in war service that has needed you, and you will go on helping until the war is won and the reconstruction work is done.

Lists of gifts can be mailed to Mrs. Arthur Hall, chairman Federal Emergency Service Board, City Hall, Lakewood.

The congested housing conditions of the whole country has made a concerted movement necessary to relieve these conditions. Charles H. Whittaker, Washington editor and housing expert after making a survey of Cleveland conditions, said recently that the city is 50,000 houses short occasioned by the industrial conditions that have resulted from war. This would of course make the plight of many women and girls in industrial service very uncomfortable.

Dependent as we are on these women for the operation of a large majority of industries it becomes a pleasure as well as a war duty to work in co-operation with the country-wide housing movement launched by the Federal Government some months ago.

The National War Relief Workers of the country have agreed to solicit furniture, select suitable locations, open and conduct homes in all the large cities.

We shall rent houses as large as it is possible to furnish. We shall open several homes. We hope to find places large enough to accommodate thirty or forty girls and women. large rooms will be returned into dormitories.

Women who are interested in working for this most worthy cause will be listed into service if they will call Eddy 1487.

Furniture can be sent to Mrs. Lotta Brooks, 1965 E. 66th St., Rosedale 2676 W; Miss Kate Davis, 1290 North Lockwood street, Eddy 1487.

Lists of furniture can be given over the phone to Mrs. Brooks, Mrs. Davis, or any of the following ladies:

Mrs. J. K. Parker, 308 Overlook Park. Eddy 5198 W.

Mrs. Norman Anderson, 24 Bryn Mawr avenue. Eddy 23.

WILLOUGHBY WILL HAVE AN HONOR FLAG THIS WEEK IF GOOD WORK CONTINUES: WORKERS REPORT RESULTS

A meeting of the Liberty Loan district workers was held in the public library Wednesday night. L. B. Stockwell presided, and although all the workers were not present, the reports made by those present were most encouraging. Mr. Kinnison reported $1850.00 purchased on Barber avenue with at least $500 more promised. He expects the street to show $2500. Mr. Jordan reported $900.00 from the C. P. E. employees, with another $500 purchase in sight there; Mrs. Van Gorder's report showed about $6450.00 in the Euclid avenue district; Mrs. Seelye $2150.00 from around the Andrews school. Dr. Nelson found that many of the merchants had bought in other ways than through him along Erie street, but had $300.00 sales to report. Mr. Cross of the South farm stated $1000 had been subscribed upon the place. The S. S. Wilson Co took $1000.00; E. S. Fairley reported $1450.00; F. N. Shankland reported $2100.00 from his district; Mr. Brown had secured purchasers for $550.00 worth and Fayette Hazen reported that everybody on the Lake road had bought a bond, but purchases had been made before his canvass started. The total sales to Wednesday night were estimated at $14,800.00. Willoughby's quota is $70,650.00. Many of the workers had not reported Wednesday night, but with the net results shown $25,850.00 must still be sold before Willoughby can raise its honor flag. The Andrews school will take $20,000.00 Willoughby must pass its quota before the flag can be raised and it is hoped that the announcement can be made Friday night that the flag has been won. Bonds will be sold at the Liberty Loan rally meeting also.

LAKE COUNTY PASSES QUOTA

At a general Liberty Loan committee meeting in Painesville Monday night, it was announced that Lake county had passed its Liberty Loan quota, $548,600 worth of Liberty bonds, having been purchased up to that date.

PAINESVILLE HAS ITS HONOR FLAG

A business transaction relating to the estate of William Leuty was taken care of by Sam Low, of Willoughby, and A. C. Corlett of Cleveland in Willoughby Saturday last. Nine members of the Leuty family, besides two sisters-in-law and a brother-in-law were all present at the gathering.

PRELIMINARY PLANS FOR DECORATION DAY CONSIDERED

It was decided that the observance would be held Sunday, May 26, that appearing to be the wishes of the G. A. R. men. S. D. Shankland was made permanent chairman and E. F. Birkholz secretary. Another meeting was scheduled for Thursday night for further discussion of plans. Dr. Stocking of the Willoughby Ridge church will probably be the speaker of the day.

AMERICAN CLAY TO MAKE MORE ADDITIONS TO PLANT

An engineer was at the plant of the American Clay, Wednesday morning, planning additions to the foundry that more of the materials and castings required may be turned out here.

DR. QUAYLE ILL

Dr. Quayle is confined to his home at East 90th street, Cleveland, with rheumatic fever. He is quoted as saying that he is not seriously ill and that plans for the reclamation work are proceeding along at Washington.

J. K. SCHMIDT CALLED TO SERVICE

J. K. Schmidt, automobile editor of the Plain Dealer and editor in previous years of the Willoughby Delta, has been called to service. He passed the physical examination Tuesday and expects to leave in about two weeks for Kentucky training for the motor transport service in France. Mr. Schmidt's engagement to Miss Edna Van Kirren was just recently announced.

THRIFT STAMP PURCHASES NOW DAILY HABIT OF MANY WILLOUGHBY FOLKS

A recent number of the publication called the "Torch," issued by the Cleveland Advertising Club tells of an organization of well known Cleveland men, who have formed a salesman's club, to promote the sale of Thrift Stamps. The Manufacturers' Unit of Willoughby, composed of The American Clay Machinery Co., The J. H. R. Products Co., The Standard Tire & Rubber Co. and The Economy Engineering Co., seem to have established something, which though possibly not so wide-spread as the Cleveland Club, is proving most effective in the local results. At the booth which they have established in the postoffice, sales to the amount of $1,200.00 had been made up to Wednesday and upon that day $89.00 worth were sold by the girls. W. H. Douglas said he had established the habit of buying two stamps every day; one for each of his small daughters. Albert Wilder, of the American Clay, purchased $500.00 worth. Many folks who had no thought of buying Thrift Stamps, now have cards and buy stamps of the Manufacturers' Unit girls. Mr. L. W. Penfield is responsible for the happy thought that started the Thrift Stamp habit so substantially upon its way in Willoughby.

MANY HEAR DR. DILLA AT LADIES' AID MEETING

Dr. Dilla of the Lake Erie college, talked to an assemblage of ladies who occupied all the available seats in the lower floor of the Sunday school room at the Methodist church, Wednesday afternoon. Dr. Dilla spoke under the auspices of the Ladies' Aid society. Mrs. Carmichael was hostess, but in order to permit of a larger number hearing Miss Dilla, the affair was given at the church. Dr. Dilla takes up and explains the many queries that come to mind in relation to America and the war; the personality of the Kaiser, the publicity that America gives its war topics which she explained tend toward enlightening the public mind toward right conclusions, and not to domination as the Prussians do. The subject of taxation and reciprocity on the part of citizens who have received much from their government and therefore should give much in return, was dwelt upon at length.

Dr. Dilla has much literature that is sent out by the government and this may be obtained from her at the college at any time. Dr. Dilla does not advocate the elimination of the study of German from high schools and college. As is the belief of many, the understanding and reading of German is important, inasmuch as German newspapers, books and propaganda must be studied in order to know what is being presented to the public.

Dr. Dilla has a fund of facts at her command; her talks are enlightening and cover practically every present day query in regard to America and the war.

SOCIAL AT THE PRESBYTERIAN CHURCH

A "social for sociability's sake was held at the Presbyterian church on Thursday evening.

LAKE COUNTY'S RED CROSS QUOTA $30,000.00 LOCAL MEN TO OPEN CAMPAIGN HERE

The second campaign for $100,000,000 for the Red Cross will occur on the week of May 20th to 27th. The Lake county quota is $30,000. We raised $42,000 during the last campaign. Willoughby village and township will be taken care of by three teams—one in each precinct. F. N. Shankland is chairman of Willoughby village and township units, and the following team captains have been appointed:

Precinct A—E. P. Walsh
Precinct B—E. Birkholz.
Precinct D—F. N. Shankland.
Treasurer—Sam Low.

The names of the members of the teams will be announced as soon as the Council of National Defense selects the women who are to be on the teams. Each team is to have at least three women out of the ten members. None of the funds solicited can be used as payment of membership dues as that department is now handled separately.

Further particulars will be given next week.

HARLAN SHERMAN RECEIVES COMMISSION IN THE NAVY

Harlan Sherman arrived home from Pelham Station Tuesday night and will remain until Monday next. He has just finished a course at the camp and received his commission as ensign. Sixteen hours a day, he says, are devoted to their training. He had a two months' cruise to South America, which he found enjoyable and interesting. Additions which are being made to the camp at Pelham Station will make it the largest in the world, it is said.

THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

This Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES.

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

What Does "War Time" Mean To You

Are you complaining because "war time" means coal shortage; less sugar in your coffee; bad business; less money than you think you ought to make?

What about the boys who are fighting for you in France?

For you—a little economy and deprivation. For them the trenches; the pitiless storms of rain and sleet; the ceaseless deafening bombardment of the guns; hunger, cold and fever; wounds and death.

That you may dwell in peace, plenty, and security, they sacrifice everything, give everything, brave everything, and face a nameless grave with a smile and a song.

What are you doing, or giving, or sacrificing for them?

The Third Liberty Loan

is your opportunity to *prove* the patriotism that is in your heart and on your lips.

Your opportunity to show yourself worthy of the heroism, the devotion, the self-renunciation of your soldiers and sailors.

Your opportunity to share, in some small degree, the sufferings of those who stand ready to make the supreme sacrifice for you.

All you can do is little enough. You simply *lend* your money. Do it, and be glad that you can do so much and sorry you can do no more.

Organized For Thrift

Under the slogan "Every Little 'Two Bits' Helps" the employes of the East Ohio Gas Company have organized for thrift.

Fifty War Savings Stamp Teams have been formed with a membership embracing practically the entire East Ohio Organization.

Under the leadership of capable lieutenants these teams are competing for a prize to be given to the team which shows the greatest regularity in its weekly purchases of Thrift Stamps.

The competition is keen—because every East Ohio employee wants to go on record in a substantial way—that he is heart and soul with Uncle Sam in this war against autocracy.

How about you? Are you buying Thrift Stamps regularly?

CONSERVING THE AGUE

To a native of a certain section of the Southwest that is well known for its malarial tendencies a St. Louis traveling man said:

"I notice that there is a great deal of ague hereabout."

"Yes," was the laconic response.

"That's a great drawback. It unfits a man entirely for work, doesn't it?"

"Generally it does," said the other. "Still, here on my farm, when my man John has a right hard fit of the shakes we fastens the churn-dasher to him and, stranger, he brings the butter inside of fifteen minutes."—New York Times.

What Kind of Water Do You Drink?

For a hundred years or more MINNEHAHA SPRING has poured forth every hour two thousand gallons of sparkling water as pure and clear as a mountain stream.

The spring is situated on a high natural gravel cliff from which MINNEHAHA water percolates through miles of clean gravel and sand.

At the spring in a modern and sanitary bottling house the water is bottled and sealed in clean bottles ready for delivery.

The danger to health from drinking lake water is too great to warrant the risk (especially during the summer months).

It is a mistake to think that the boiling of lake water makes it fit to drink, if it is contaminated with filth when it goes into the kettle, it can not be good wtear to drink when it comes out.

Order a case of MINNEHAHA Sparkling Water, it is a natural spring water with a satisfying taste. You'll like it, and the cost is but little.

BIRDS SING AS GUNS BOOM IN "NO MAN'S LAND"

"No Man's Land" holds no terrors for the feathered tribe. Birds build their nests in the corners of the wire entanglements and sing merrily in the midst of the deafening cannonades. In fact, neither the strafing of the Hun nor the replies of the Allies' guns seem to have any effect on the wild life of the war-stricken country. A writer in the London Spectator tells of a bright moonlight night, with both the British and German guns booming when:

A crested lark sang sweetly as if anticipating the dawn, while a blackcap in the withered saplings that screened our gunpit trilled forth his lay, punctuated by the boom of the guns beneath him. The effect was very quaint, as during each pause in the gun-fire the blackcap's song echoed sweetly over the shell-riven earth. A German shell, better aimed than usual, scored a direct hit upon our gun, but the din of the explosion apparently did not trouble the bird, for he only fluttered away to the next sapling and continued his song.

At another time, when billeted in a chateau surrounded by extensive grounds and an extremely green and smelly moat, I listened to a nightingale, thrush, and blackbird piping for all they were worth, while not a hundred yards away the German shells were pounding to atoms some sheds and a barn.

Even in the trenches the birds do not appear to trouble about the sounds of war, and the wire entanglements of No Man's Land are a happy hunting-ground, and from a bird's point of view an ideal place for nest-building. Last year I found a blackbird's nest in a tangled corner, while at another corner a kestrel would perch and preen her feathers, utterly regardless of the flying bullets and shells.

One bird maneuver is rather surprising. A company of small birds—sparrows, chaffinches and other members of the same family—may be feeding quietly in the road or around a barn, when suddenly they will fly up and scatter at right angles. For a second or two there is nothing to be heard, then the sound of a shell comes faintly. Now, what instinct has taught the birds to disperse and fly in this way from the direct path of a shell? In the early days of the war they were not so wily, or perhaps their hearing was not so acute, for sparrows would remain in the ivy covering a house until the shell actually exploded, then they would whirl out and upwards like so many pieces of shrapnel. Other birds do not appear to have learned to do this, for in an orchard that the Germans were shelling the young swallows remained perched on the branches until the trees fell. Then they flew up and whirled about, actually hawking for insects over the ruins of their former roosting place. Yet the parent swallows were most anxious over the welfare of their young brood, and kept them together for a long time after they had left the nest. It is a wonder that they have not learned the danger that lies in the whine of an incoming shell.

CALIFORNIA PRUNE SALE

HILLSIDE BRAND CALIFORNIA PRUNES—Medium Size—are the first selection of the orchard, picked when ripe and dried by the rays of the sun. They are rich in sugar, abundant in flesh, of firm grain with small pits and thin skin. Healthy and delicious.

There is scarcely any limit to the good things which can be made from these fruits when properly cooked, and they may also be eaten much more freely by children or elderly people or those having rheumatism or other acid diseases, than the fresh fruits.

Serve them as a breakfast fruit or side dish. Use them in prune cakes—patties—puddings—stuffed—souffle and in ice creams—13c a lb. 2 lbs. 25c.

USELESS BOOKS FOR SOLDIERS

The Cincinnati Times Star is out of patience with the intelligence of the citizens who donated "reading matter" like the following to be sent to the soldiers:

"The Elsie books; a file of the "Undertakers Review," Sunday School books of fifty years ago; annual reports of the Bureau of Ethnology; a broken file of a German periodical devoted to natural history, dating from 1860; the Postal and Telegraph Code of the Argentine Republic; annual reports of the Episcopal Eye and Ear Hospital twenty years old; Ruskin's "Letters to Young Girls," Miss Leslie's "American Girl's Books, or Occupations for Play Hours (1866);" copies of the "Housewife" and "Home Needlework;" and a Diary for 1916, partly filled in by the donor.

The intelligence shown by the donors of these literary heirlooms resembles that of many others who have evolved side issue stunts of some form or other for winning the war. Possibly they get their ideas from observing some of the data that appears in Mr. Creel's $5000 a day publications.—Ohio Republican.

NO CHANCE FOR HER

He—"Here's a woman suing for divorce on the ground that she was in a trance when she got married."

His Better Half—"Well, if marriage won't bring her out of it, divorce won't!"—Judge.

PULPIT CAMOUFLAGE

"Mabel," queried the caller of the minister's little daughter, "does your father ever preach the same sermon twice?"

"Yes, I think he does," replied Mabel, "but he talks loud and soft in different places each time, so it doesn't sound the same to outsiders."—Indianapolis Sun.

SAVING IT FOR A GRAND FINALE

Senator Johnson says all that is asked on behalf of the colonel is that in the twilight of his life he may lay down that life for his country. That sounds a little sobby, Hi. The colonel isn't figuring on staging any sunset pictures just yet.—Columbia (S. C.) Record.

Swift & Company, although the largest packer, handles not to exceed one-eighth of the total meat production of the United States.

The five large packers do not handle to exceed one-third of the total meat production of the United States.

There is very **active competition** in the buying of live-stock and equally keen competition in the sale of dressed meats and by-products.

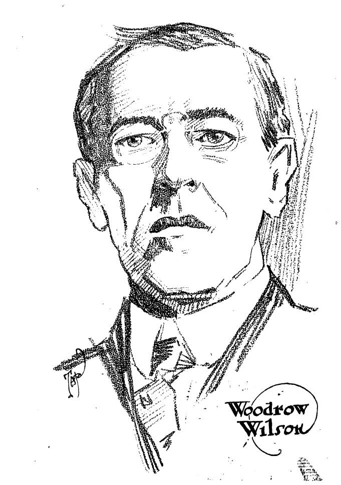
> *"I Suppose not many fortunate by-products can come out of this war, but if this country can learn something about saving out of this war it will be worth the cost of the war; I mean the literal cost of it in money and resources.*
>
> —WOODROW WILSON.



Save a quarter a day and it amounts to nearly $100 per year. Put away 14 cents a day and at the end of twenty years at 4 per cent interest it will amount to $1,548.46. Money earns money but the only way to make money work for you is to save it, and to save systematically. One-fourth of your income saved at 4 per cent will enable you to retire on full pay in 41 years.

WAR SAVINGS STAMPS ARE THE GREATEST INVESTMENT EVER OFFERED THE PEOPLE OF ANY NATION. THE VALUE OF WAR SAVINGS STAMPS IS FIXED BY LAW. THE INTEREST RATE IS 4.27 PER CENT. THE PURCHASER CAN HAVE HIS MONEY BACK WITH INTEREST AT THE POSTOFFICE ON 10 DAYS' NOTICE. THE WEALTH OF THE UNITED STATES IS BEHIND WAR SAVINGS STAMPS.

Uncle Sam Offers You $100 for $82.80 Invested in WAR SAVINGS STAMPS THIS MONTH

EACH WAR SAVINGS STAMP costs $4.15 in April and the face value of each Stamp is $5.00. Paste 20 of these STAMPS on a WAR SAVINGS CERTIFICATE (furnished free) and lay it away.

Your Government will pay you $100.00 for it on January 1, 1923, a profit of $17.20. Buy 200 of these STAMPS (the limit allowed by law) for $828.00 and make a profit of $172.00.

REMEMBER THAT IN SO DOING YOU ARE NOT ONLY HELPING YOURSELF AND YOUR FAMILY AND GETTING THE BEST INVESTMENT IN THE WORLD BUT YOU ARE HELPING TO WIN THE WAR AND WIN IT QUICKLY.

Thrift Is Insurance Against Hard Times

Thrift is wise spending and intelligent saving. The man who starves that he may save is not thrifty; he is foolhardy, for he destroys his capacity to earn and hence to save. The thrifty man spends wisely and thereby increases his capacity to earn and save.

When you buy WAR SAVINGS STAMPS you do not give your money away; you simply place it at the disposal of your Government in the hour of need.

"The man who does not and cannot save money can not and will not do anything else worth while," said ANDREW CARNEGIE. And the man who cannot save a few dollars not only for himself but also for his Government is not worthy of citizenship in this great free land of ours.

There is no middle ground no neutral zone its YES or NO.

LA TEMA BLADES
Made by the Gorham Co. of New York. The Blade of Integrity
La Tema Blades are the most important discovery of the times for the home.
They are forged from a natural alloy, by a process which gives a hardness and toughness to the metal that makes possible a keen, smooth, cutting edge superior to that of any plated blade.
Furthermore, when the edges become dull they can be sharpened in the same manner and as effectively as steel blades.
They will not rust, tarnish, nor be effected by dampness. Guaranteed.
We have several new attractive patterns in plated ware in stock with this famous blade.

TELEGRAM RECEIVED IN LAKE COUNTY STATES THAT PRESIDENT WILL BUY A BOND ON THE INSTALLMENT PLAN

Cleveland, Ohio., May 1, 1918.
Frank G. Johnson, Publicity Secretary
Lake County Liberty Loan Committee, Painesville, Ohio.

We got to President Wilson today and told him that more than ten million Americans had subscribed to Third Liberty Loan, but that a great many who had subscribed could buy one more fifty dollar bond by paying for it on the installment plan. The President has purchased all the bonds he can well afford, but he said he would go in for another fifty dollar bond paying five dollars down and five dollars per month if one million Americans will match him. The President will sign application for this bond at theater this week.

M. H. LAUNDON,
Publicity Secretary Central Liberty Loan Committee.

50th ANNIVERSARY BRINGS BOQUET FROM CAMP SHERIDAN

Harold Gray, who is located at Camp Sheridan, did not forget that Tuesday, April 30, was the golden wedding anniversary of his grandmother and grandfather, Mr. and Mrs. Hiram Gray of Vine street. On that day a splendid bouquet arrived all the way from Montgomery, Ala. It was one of the most appreciated gifts that the couple received. About 40 guests helped the couple observe the occasion at their Vine street home Tuesday night. Mrs. Kelsey, who is 86, and who prepared the supper and made the cakes for the couple, fifty years ago, when they were married at the Potter place on the Lake road, was prsent at the anniversary. The Rev. Pinney, who was pastor of the Methodist church at that time, performed the ceremony.

Mrs. Cherilla Haver, a neighbor on Vine street, was another interesting guest. She is 92 years of age and she came to the party and enjoyed the supper, bringing with her a gold thimble which she deemed an appropriate gift for the bride of 50 years, much of whose time is now spent in making quilts. Mr. Gray served in the Civil War, and will be 78 years of age in August. Mrs. Gray will be 72 years of age in July. Mrs. Gray had a corsage bouquet of forget-me-nots and roses provided by her children. Thirty-six dollars in gold coins were presented by the children and many other beautiful gifts were received.

The couple have six daughters and one son. All were present at the anniversary, and the daughters were all accompanied by their husbands.

HARP AND SONG DELIGHT WILLOUGHBY MUSICAL CLUB AUDIENCE.

One of the pleasant occasions that is looked forward to in Willoughby's social life is the Guest night for the Willoughby Musical Club. For this night the club prepares special entertainment, and the guests know that a delightful evening always awaits them. Last year and this, the affair has been given at the home of Mr. and Mrs. L. W. Penfield. Their spacious home has been opened and Mr. and Mrs. Penfield act as host and hostess for the club and its guests. The affair this year occurred Monday night. The rooms were filled with guests, about 125 being present. Carmela E. Cafarelli, well known Cleveland harpist, ably accompanied by Mrs. Gifford, also of Cleveland, presented the harp and song recital offered. Mrs. Etzensperger, in making the announcements, expressed regret at the absence of Mrs. Viall, the president of th club, who is ill. Miss Cafarelli is a harpist of rare ability. Her father has played for possibly 27 years, and much of Miss Cafarelli's charm as a player, is probably due to his excellent training. The audience was delighted with the program, which was presented in the order as named below:

PART I.

(a) La Colomba..Tuscan Folk Song
(b) Villanelle ..*..*..*... Gabrielle

At the close of the performance Mr. Penfield made a few happy remarks in which he congratulated the club on their achievements. He said he had intended to ask for a rising vote of thanks but as the audience were all standing at the time the speech was made, he knew that all concurred in the sentiments he expressed.

A pleasant social mingling of the guests closed a most delightful evening.

WHIST PLAYERS ENTERTAINED FOR HOST'S BIRTHDAY

Eight whist players enjoyed a most delightful evening at the Birdsell home Friday last. They were Clinton Crowthers, Capt. Wright, Lee Craine, Messrs. Doran, Gilbert, Harris and Clute, and J. C. Birdsell. The affair was in honor of the birthday of the host, J. C. Birdsell. Duplicate whist was played. Mrs. Birdsell arranged the patriotic colors for the color scheme in serving the refreshments.

WILLOUGHBY DEFEATS MADISON IN MOST SUCCESSFUL LITERARY CONTEST.

Score 11 to 1.

In the third annual literary contest between Madison and Willoughby, the local team were victors, winning every event. In only one event was there any question and that was given to Willoughby with a vote of two to one.

The largest crowd that has ever attended a contest at Willoughby was on hand to cheer the contestants from the local high school. One of the most interesting features of the contest was the cheering and singing of the high school boys and girls, both before and after the events were given.

Mary Wilder added a very interesting feature to the regular program by giving her prize composition on "Thrift." This had been committed to memory and was delivered in a better way than could be given by most high school pupils. Mary is a pupil in the eighth grade.

On the whole the closing literary contest of the year was the most successful that ever been held in Willoughby. The proceeds amounting to approximately $20 will be given to the Junior Red Cross.

NOTES OF THE HIGH SCHOOL

The literary contest between Madison and Willoughby last Thursday evening was won by Willoughby; they winning 11 points out of 12, which is a fine showing for Willoughby.

A meeting of the Athletic association a short time ago, awarded Reed Fairley and Chas. Seitz with sweaters for their showing in basket ball the past season.

Last Friday afternoon Willoughby played their second county league game with Kirtland, Willoughby walking away with a score of 9 to 1.

There will also be another game Saturday with Lakewood, at the municipal field. We need your support. Come and watch Willoughby win!

Willoughby school is increasing in the sale of Thrift Stamps.

From the music fund, the school took out a $50 Liberty Bond.

IN MEMORY OF JAMES W. GRAY

James Gray was born in Saginaw, Mich., Jan. 8, 1875, and departed this life April 15, 1918. Coming to Willoughby when he was but one year of age he spent the most of his life here with the exception of a few years which he spent in Collinwood, being employed on the N. Y. C. R. R. as conductor on the way freight. Ill health caused him to resign one year ago. He was a general favorite among all, being of a jolly disposition, he won the friendship of all whom he came in contact with. Besides one son, Gerald, he leaves two brothers and three sisters: Ernest, our local livery man; Charles, Mrs. Sadie Murney of Kirtland, with whom the son lives; Florence Diedrich of Madison; Cora Warner of Barberton, O.

A private funeral was held. The remains were brought to Willoughby and interred in the family lot. Rev. Randall officiated.

Miles Theater

Manager Gallagher says the reason the Miles prices are so popular is because "money" is like "time," the less we have of it, the further we make it go, and the Miles is a bank of Amusement into which people deposit economical payment and receive extravagant entertainment in return. Manager Gallagher issues a special invitation for everyone to visit the Miles next week to see one of the best combination vaudeville and picture shows ever presented in Cleveland. "Temptation," a fantastic comedy, will headline the program. This act is in reality a production as complete sets of scenery descriptive of the three scenes are carried. There is a cast of 10 artists headed by the prince of comedians, "Bobby Vail." The plot gives ample opportunities for many situations that are exceedingly funny, and there are several novel specialties introduced that help make the act a big offering.

There will be five other diversified acts of vaudeville and several timely photoplays that will give the bill double value for one price.

Opera House

"Intolerance," D. W. Griffith's spectacular film, which has proved popular at the Opera House this week, is to hold over for another seven days. This is the film which shows the Babylonian scenes which have been acclaimed the best ever attempted by photoplay makers. There are stories, also, which concern the life of Christ and the massacre of St. Bartholomew, combined with a pleasing modern drama.

A Business Should be as Big as Its Job

If bigness is of benefit to the public it should be commended.

The size of a business depends upon the needs which that business is called upon to serve. A business should be as big as its job. You do not drive tacks with a pile-driver—or piles with a tack-hammer.

Swift & Company's growth has been the natural and inevitable result of national and international needs.

Large-scale production and distribution are necessary to convert the live stock of the West into meat and by-products, and to distribute them over long distances to the consuming centers of the East and abroad.

Only an organization like that of Swift & Company, with its many packing plants, hundreds of distributing houses, and thousands of refrigerator cars, would have been able to handle the varying seasonal supplies of live stock, and meet the present war emergency by supplying, without interruption:

First—The U. S. soldiers and the Allies in Europe by shipping as much as 800 carloads of meat products in a single week!

Second—The cantonments in the United States.

Third—The retailers upon whom the American public depends for its daily supply of meat.

But many people ask—Do producers and consumers pay too much for the complex service rendered?

Everyone, we believe, concedes the efficiency of the Swift & Company organization—in performing a big job in a big way at a minimum of expense.

Swift & Company's total profit in 1917 was less than 4 cents on each dollar of sales of meat and by-products. Elimination of this profit would have had practically no effect on live stock and meat prices.

Do you believe that this service can be rendered for less by any other conceivable method of organization or operation?

These questions and others are answered fully and frankly in the Swift & Company 1918 Year Book sent free on request.

Standard Theater

For the week of May 5th Manager Grossman of the Standard theatre has secured one of the greatest screen plays of today, "Alimony," which deals with one of the foremost problems now confronting American society. It's a divorce drama, written by a man who spent ten years of his life as court reporter in New York City. He details his experiences in this photoplay, the plot following closely a criminal case which was published the country over a few years ago. The identity of the principal parties is disguised, but it is a fact that the crooked lawyer who is typified in this play is still doing time in Sing Sing for his attempt to fleece a wealthy young clubman. Besides the interesting story of this play numerous scenes of gay night life in New York's lobster palaces as it is lived by many of the wealthy of the metropolis will add splendor to the production.

Colonial Theater

"Getting Together," war play by Maj. Beith (Ian Hay), J. Hartley Manners and Percival Knight, comes to the Colonial next week under the auspices of the British and Canadian Recruiting mission. The cast numbers, among others, Blanche Bates (Mrs. George Creel), Holbrook Blinn, Percival Knight, Lieut. Gitz Rice of the Canadian, who will sing his own songs; William Roselle, Ruth Benson, Harriet Sterling and Suzanne Feday. The production, on tour with the cooperation of the naval and military forces of the United States, has proved effective in arousing war spirit. "Getting Together" has been turning them away wherever it his played.

WAR BREAD PREMIUMS

The customary premiums offered for bread, pies, cakes and pastries will be materially changed by the Ohio State Fair this year. Complying with a request sent out by the United States Food Administration prizes will be offered on products made from war recipes which use a minimum of wheat flour. A large appropriation has been given to the women's department of the State Fair for the express purpose of stimulating wheat saving measures.

All of the county fairs in Ohio have been asked to co-operate in this movement since it is believed that a noticeable good will result. Housewives should obtain a copy of the premium list from their county fair and from the State Fair to get acquainted with the "War Bread Premiums."

Hippodrome

If there ever was a bill of headline features in Cleveland the program next week should qualify to that title. Christie McDonald, assisted by Irene Rowan and William Haig, will be seen in a musical fantasy entitled "Cupid's Mirror." Christie McDonald is one of the best known of the American comic opera favorites. She is best remembered as starring in "The Spring Maid." Belle Baker, who needs no introduction to Cleveland audiences, will return with all new songs. She will open her engagement on Sunday instead of Monday. Robert T. Haines, another headliner will be supported by a capable company in his timely playlet entitled "The One Way Out." This act is said to be the best Mr. Haines has ever offered in vaudeville and he has had many successes. Bert Baker & Co., with his riotous comedy, will return by popular request. Mehlinger and Myers, who have been sensational hits all over the circuit and composers of popular songs, will sing some of their own compositions. Burns and Frabito, the Italian street singers, who offer just the sort of amusement that patrons of the Hippodrome enjoy, will present the second edition of the act. Among the other hits will be the Four Harmony Kings, some dusky singers of popular numbers; Teachowa Sensational Cats and Four Hartfords presenting "The New Chef."

Empire Theater

"The Cabaret Girls" is the name of the burlesque organization at the Empire for next week. The entertainment is a two-act farce with music entitled "The Girl in the Bottle," which is built to be laughed at. Louise Pearson, the "million dollar beauty," heads the cast, and she has in support such burlesque celebrities as Anna Rose, Rose Allen, Manny King, Harry Seymour, Fred Hall, Eddie Hale, Carl Dellorto, and Mike Kelly. There is a chorus, also, which can sing and dance and make effective costume changes.

Star Theater

The "Golden Crook" Extravaganza company, with Billy Arlington as its brightest star, comes to the Star next week. It is a Jacobs and Jermon production, for many years a favorite on the first burlesque wheel, and the cast is a capable one. Among its members, along with Arlington and his trick violin are Frank Devoe, Harlie Mayne, Eleanor Cochran, Edward Hennessey, Walter Lafoy and Carl Taylor. There is a big chorus, too, which works in a score of ensemble numbers. The show should prove a good one.

CLEVELAND TO HAVE CIRCUS TWO DAYS

Announcement was made today that John Robinson's Circus will give two exhibitions at Cleveland, O., on Monday and Tuesday, May 6 and 7.

The three special trains owned by this show are the finest ever built for the purpose. You will see them unload the handsomest lot of horses that ever delighted the eye of horsemen. The wagons, chariots, cages, etc., are beautiful specimens of handiwork from the world's best builders. The harness, trappings and paraphernalia, the costumes, decorations and accessories in every detail betray artistic excellence and lavish disregard of cost in order that patrons may have the very best.

It is notable that all employes of the Robinson Show are well dressed ladies and gentlemen, clean, courteous and distinguished in appearance, as befits the character of the exhibition to which they belong.

All these things mean something, and those who patronize these shows will observe that this quality pervades the entire institution down to the smallest detail. This is the principle upon which has been built up the reputation of the John Robinson Circus.

The big free street parade will be seen on the principal thoroughfares at 11 o'clock in the morning on the date of exhibition. Two performances at the usual hours will be given.

DANGER SIGNS

Have you ever experienced the repulsive sensation of greeting an excessive drinker with a hand shake—that tell-tale hand shows you at once by its clammy, lifeless feel, that his vaso-motor nervous system—the nerves controlling the circulation—has been paralyzed by the load that has been forced upon it and the tonicity of the delicate muscular fibres of the skin destroyed; at the same time did you notice the reflection of that balking kidney in the puffiness under the eyes; and did you note the pearl gray sclera of the eye becoming streaked and blotched with the absorbed pigment that a congested liver was no longer able to excrete? These gross signs of impending calamity should cause you to speak to that friend—his poisoned condition will not let him realize his danger himself. Tell him of the NEAL INSTITUTE and its wonderful work of saving these victims of the one great curse. In THREE DAYS this condition, showing the danger that this man's life is in, is changed very materially and, with the appetite and desire for alcoholic drink absolutely removed, kind nature at once comes to the rescue and he regains health and happiness. It's no fairy tale—just facts and if you would know more, write for illustrated free booklet and full information to the NEAL INSTITUTE, 3920 Euclid avenue, Cleveland, Ohio. Phone Rosedale 3490. Open day and night.

The council voted that $500 be taken from the endowment fund and used for the purchase of Liberty Bonds. This is the Cemetery Trust Fund.

ONE TOWN PLANTS TREES FOR SOLDIERS —ANOTHER USES LETTERHEADS THAT TELL WHAT TOWN IS DOING.

The Green Bay, Wisconsin, manufacturers and merchants have adopted a letter head that tells what the town is doing for the Liberty Loan, National Army, Red Cross, etc. It might be a good idea for Willoughby to follow, with its excellent record.

* * *

One American town is going to have a beautiful and lasting memorial for each of its soldiers who fight for Uncle Sam. The town is Oklahoma City, and the plan is to plant a tree for each soldier. Set at the foot of each tree, says the Oklahoma News, will be a metal plate bearing the soldier's name. The plan will result not only in a singularly appropriate monument to each soldier, but also in beautifying of the entire city. It will be the duty of each person who plants a tree in honor of a soldier to guarantee it will be permanently cared for.

AN APPRECIATION OF MONDAY NIGHT'S MUSIC

(Written for The Republican by James McMahon.)

It is seldom that Willoughby people are given an opportunity to enjoy an evening of music such as was afforded by the Willoughy Music Club in presenting Miss Cafarelli last Monday night. It is seldom that music clubs have at their disposal the talents of one so versatile. It is seldom we hear one who can combine the charm of the harp with the beauty of the voice. Yet all this was our happy lot Monday night Miss Cafarelli's voice, while small, showed evidence of fine training. Her Italian numbers were probably the best; her natural Italian accent and diction, adding materially to her interpretations. Too much cannot be said of her harp playing. Her technique is wonderful and the only regret is that she did not play more. The music club is to be congratulated upon their willingness to give us such artists.

ADVERTISING duplicates the human voice. It gives it volume to be heard, and it provides an audience to hear. There are thousands, if not hundreds of thousands, of Fords in the world, but advertising has eliminated from the human imagination all of them save one—Henry of Detroit. This needs no argument. It is the truth.

WILLOUGHBY WOMAN'S CLUB PROVIDES SPECIAL PROGRAM FOR GUEST DAY.

Many women wended their way to the Methodist church Friday afternoon last. It was guest day for the Woman's Club, and members of Willoughby clubs and the Mentor Miscellany Club had been invited to enjoy the program prepared. It was almost a S. R. O. audience, but seats were finally provided for all.

Mrs. Hazel Dicks Vokes of Cleveland, accompanied by Mrs. Merle Noteman, opened and closed the program, singing two groups of songs. She gives a most artistic presentation, singing beautifully. Mrs. Simmons, the speaker, has been abroad for many years. Her husband is an artist, and Mrs. Simmons has been actively engaged in the "Y" and canteen work in France. She told of the life of the civilians in France in war time, and she interwove into her story much of her personal experience, making the listeners loath to have her draw to a close. She cited gasoline is being sold at 28c per quart; coal at $65 to $75 per ton. Few, she said, bought a ton all at once. They are allowed 1 1-2 pounds of sugar per month; and guests, it is understood, always bring along their own sugar when invited to dinner or tea. Efforts are made to entertain and keep up the gayeties; otherwise the terrible strain could not be endured. Common bed sheets cost $2 each. She told of the great need of surgical dressings for Red Cross work; also for sweaters and socks. Helmets are needed, the boys in using them, pull the slips over their faces to keep the rats from running over them in the trenches at night. Sometimes she said, they dig a hole in the trench large enough for their head. If the rats run over the rest of their body, the boys are oblivious to it. The need for the Red Cross work is very great, Mrs. Simmons said. There has never been, in any war, she explained, such terrible wounded; casualties sometimes mounting to 3000 per day. Mrs. Simmons addressed an audience at the Cleveland Woman's Club the day following her appearance in Willoughby, and Mrs. Baker president of the latter club, stated that Mrs. Simmons was much pleased with the Willoughby reception and audience.

Excuse me for not having written sooner. But mama had mislaid the letter. By dint of a search mama recovered it. If you will excuse us, I will thank you much. My papa was killed at Largonne, May 25, 1915, and is buried on the plateau de Bolaite with his comrade, so they say.

I am living with my aunt, who sends me to school in Dussoubs street. Mama makes bombs since papa was killed. I send you my portrait and that of my little brother, who is now 2½ years old.

Mama joins me in thanking you for what you have done for us.

My teacher says that I am a good pupil and I shall try always to be good in order to merit your kindness.

I send you a kiss from a grateful Francaise.

It is understood that the erection of several other new homes will be started on the property at an early date.

HONOR FLAG AWARDED WILLOUGHBY AFTER STIRRING PATRIOTIC MEETING

Willoughby was presented with its honor flag at the Liberty meeting Friday last. B. C. Shepherd presented it to L. B. Stockwell, in behalf of the village, at the close of a stirring meeting at which $20,150 was subscribed; $53,200 had been bought in Willoughby at the opening of the meeting; $93,400 was reported at the close, and with Tony's Band, B. C. Shepherd, S. D. Shankland, E. F. Birkholz, two Canadial soldiers, each of whom had lost a leg in active service, and many others, all aiding in the process of selling bonds by speaking and playing. Willoughby folks made their bond purchases as easily and had quite as enjoyable time doing it, as though it were an afternoon picnic at Willoughbeach, even though the seriousness of the occasion never faded from view. B. C. Shepherd started the bond selling in the $1000 class, and J. J. Jordan was the first to respond. Jim Barnes, Ed Walsh and Sam Low quickly followed. Mr. Barnes made purchases of practically every denomination.

Bonds were then offered in the $500 and down to $50. Hand clappings followed every purchase. The last $50 purchase was made by Mr. Yanko, who made the first $200 purchase, and one or two in between. Mrs. Lena Lang Caveletto was the first woman buyer at the meeting, opening the $500 purchases; Tom Sansobrino was a $200 buyer; Marie Dixon bought a bond at the meeting, and also absorbed some ideas for use at the Thrift Stamp booth, over which she assists in presiding at the postoffice.

The 20,000 purchase from the Andrews school was announced at the close, and it would seem as though every one in Willoughby had a generous share in the honor flag, and in passing the quota of $70,650, and buying bonds to the amount of $93,400.

EXPERIENCING AN EARTH QUAKE FIRST HAND. DR. JEFFERS WRITES OF THE RECENT CALIFORNIA EARTHQUAKE.

Boyle Heights M. E. Church
202 N. St Louis St.
Los Angeles, Cal., April 23, 1918

My Dear Crowther,

We have just passed through an unusual experience and thought that it might be of interest to you. On Sunday at 3:30 p. m., we had the novel experience of an earthquake shock which lasted from 20 seconds to six minutes. We were all upstairs and felt the house rocking back and forth like the top of a great tree in a wind storm and we rushed for the street, but it was all over by the time we reached the open air. We sure were frightened and we found the streets full of people, some were crying, one said the world was coming to an end, but the majority were perfectly calm and composed. The quake was accompanied by a noise which sounded like falling buildings and I thought that half of the city had fallen, but in Los Angeles the damage was very small. It is said that the large office buildings down town swayed at the top a distance of five or six feet out of plumb and then slowly settled back to their former position. Some few of the big buildings are slightly twisted and many plate glass windows were broken.

At Hemet and San Jacinto, about 60 miles from here, there was damages amounting to $200,000. These two towns are badly wrecked but inside of 24 hours plans were under way for their rebuilding. Many of the wrecked structures were of the older class of buildings and they will be replaced by new and quake proof buildings; yet it is not easy to determine what is quake proof, for the most seriously damaged building in Los Angeles is the new Union Oil building, which may have to be taken down in order to insure safety. There was more or less damage all over Southern California, such as fallen chimneys, broken windows and the like. It was very fortunate that the shock came on Sunday when there were but few people on the streets or in high office buildings. There were only two fatalities, one a man who fell to the concrete pavement and cracked his skull and one had heart disease and died of the shock. Three or four miners were entombed by the caving in of a tunnel but were rescued after seven hours.

Fortunately the quake was not followed by fire as was the quake in San Francisco. The quake completely destroyed the home of R. E. Stout of San Jacinto, here lived "Aunt Ri," one of the characters in Helen Hunt Jackson's famous California novel, "Ramona," and beneath the ruins is "Ramona's chair," which has been visited by hundreds of tourists.

There were many freak occurrences in the shakeup. In Los Angeles two clocks on high buildings stopped at the minute when the quake occurred. One fire alarm was sounded and was answered by the department and found that the box had not been broken open.

At San Jacinto all the washed dishes in the Vosburg hotel were broken, while the pile of unwashed dishes remained uninjured. In a Monrovia drug store a picture fell from the wall and struck a cash register and rang up $6.50.

The state highway between Hemet and San Jacinto was cracked at intervals of about 500 feet. The cracks are from 2 to 10 inches wide, and in each case one side of the crevice is higher than the other. In some instances the crevice caused a rise or a depression of from one to six inches. The edges of the breaks were bulged, indicating that the highway had been bulged or buckled before it pulled apart by the vibrations.

There was quite a noticeable increase of water in the streams and old wells that had been dry for months are now full again and old dry streams have quite a considerable flow of water.

Sunday's quake is the second one to wreck San Jacinto and Hemet during the past 19 years and this was by far the most severe shock since San Francisco quake April 18, 1906.

We were glad to experience at first hand one of these wonderful phenomenas, but one will suffice to satisfy our curiosity; but it would take many more like it to frigthen us away from this paradise of God.

Give our regards to all old friends.

Most sincerely yours,
WILLIAM M. JEFFERS.

WAR PLANE AT WILLOWICK ATTRACTS MUCH ATTENTION

A Dayton war plane has been stationed on the Willowick Golf ground for several days. Twelve boys from the "Dorothea" have been sent out from Cleveland both to guard the plane and to secure practice in that activity. The airplane is one that was sent out from Dayton to use in Cleveland Liberty Day, at the time War Secretary Baker spoke. A change in the arrangements were made and permission was secured to have the machine land at the Willowick. It is a regular war plane. It will probably return to Dayton within a day or so.

THE RECORD OF
THE
CITIZENS LOAN & BUILDING CO.

The Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES."

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds, our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

To the User of NATURAL GAS

* * * *

A WORD WITH YOU

* * * *

"The Fuel Administrator, in his warning, says that the fuel shortage is expected to be MORE ACUTE NEXT WINTER THAN IT HAS BEEN DURING THE PAST."—News Item.

* * * *

The increased demand for natural gas, due to its low price, its high efficiency, its convenience and its cleanliness, has reached a volume beyond the production obtainable.

Last winter natural gas displaced, during the cold months, an average of 30,000 tons of coal per day. The peak load demand was equivalent to 40,000 tons in twenty-four hours.

Additional pipe line facilities were provided and a greater volume of gas was delivered than in any like period.

BUT THE SUPPLY OBTAINABLE WAS INADEQUATE TO MEET ALL DOMESTIC DEMANDS.

Last year we suggested that homes be provided also with appliances for the use of other fuels. Many auxiliary appliances were installed, and where this was done the home was comfortable.

Your response to our suggestion was liberal but not sufficient.

We wish again to ask those who have now no means of using fuel other than gas, to see to it that such appliances are installed in order to insure comfort during the cold days next winter.

We ask the assistance of all in order that, in so far as possible, an ample supply may be assured to care satisfactorily for domestic demands aside from gas used in furnaces.

The rapid decline of supply in the field and the increased rquirements by reason of the natural growth of cities render it necessary to advise you now of our inability to supply all demands.

We urge you to follow the advice of the Administrator and purchase your fuel at as early a date as possible.

The company has not in the past, does not now, and cannot promise for the future, an adequate supply of natural gas for all purposes.

To those who adopted our suggestions last year, we are sincerely grateful. We ask your co-operation in inducing your neighbor to benefit by your experience.

Our experts will advise free of cost to you.

"WE SELL THRIFT STAMPS"

THE RECORD OF
THE CITIZENS LOAN & BUILDING CO.

This Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES.

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

LA TEMA BLADES
Made by the Gorham Co. of New York. The Blade of Integrity
La Tema Blades are the most important discovery of the times for the home.
They are forged from a natural alloy, by a process which gives a hardness and toughness to the metal that makes possible a keen, smooth, cutting edge superior to that of any plated blade.
Furthermore, when the edges become dull they can be sharpened in the same manner and as effectively as steel blades.
They will not rust, tarnish, nor be effected by dampness. Guaranteed.
We have several new attractive patterns in plated ware in stock with this famous blade.

WAR PICTURES AT ANDREWS GYM BRING MANY GRAPHIC SCENES TO SPECTATORS

Frank Shankland showed a number of excellent war pictures at the Andrews gym Saturday last. It was really a district No. 6 show. S. D. Shankland, in a few preliminary remarks, explained. Mrs. Etzensperger sang, accompanied by Mrs. Frank Shankland. The pictures showed war scenes, aeroplanes, trenches, shells, soldiers of many nations, ruined cathedrals and many other features of the war. It was really a pictorial presentation of the war news, most ably and interestingly explained by Mr. Shankland; and the pictures portray the scenes in an educational manner much more easily grasped and retained than by the newspaper reports. The affair was primarily for Andrews students, but many others attended. All available seats in the gym were taken.

IMMENSE AUDIENCE ENJOYS CALVARY QUARTETTE CONCERT

An audience that competely filled the Methodist church gathered to hear the Calvary quartette Wednesday night. The concert had been long anticipated and the April Circle of the Ladies' Aid Society certainly fulfilled their promise to provide a rare treat for their listeners.

James McMahon opened the program with a few remarks about applause. They were along the same line as appears in the Hippodrome programs, to applaud the players; they like to know that the audience is being pleased. However, the audience needed no admonition to applaud. When they have singers like Miss Hatch, Miss Sanderson, Mr. Whitney and Mr. McMahon to listen to, they are prepared to applaud from start to finish. Every member was thoroughly enjoyed.

Mrs. James McMahon was a most able accompanist. Each singer rendered three solos and all participated in the "Alice in Wonderland" cycle that closed the evening.

EDITOR, BROTHER OF BENJAMIN MOSLEY, DIES

Arthur Mosley, brother of Benjamin Mosley, and Sunday editor of the Detroit Free Press for 28 years, died at his home in Detroit Thursday last. He had been ill for several months. He was born in England, coming to America with the family in 1854. The family lived in Pittsburg and Ravenna, and at the latter place the young man operated the Ravenna Republican. He studied law and was admitted to the bar, and finally became associated with the Detroit Free Press. He was made literary editor and shaped the course of the Sunday sections. In their article, the Detroit Free Press says:

"It was as literary editor that Mr. Mosley gained prominence in newspaper circles. A graceful writer, a master of English, with a keen appreciation of news values, and the ability to judge the public mind, he maintained his department on the high literary plane that made the Free Press famous the world over." He formed the Detroit Free Press Fresh Air camp, where hundreds of boys and girls were enabled to enjoy vacations. He was the leading spirit in the Christmas fund movement which brought cheer to hundreds of families.

He is survived by his widow, a daughter and two grandchildren, and by his brother, Benjamin, here. He was a regular summer visitor to Willoughby and will be remembered by many folks who have met him here.

WAR SAVINGS STAMPS ISSUED BY THE UNITED STATES GOVERNMENT
$20.00 From Every Person in Ohio

You've always been told you ought to save money; every day some savings bank advertisement tells you so. The chief reason given for saving money has been that you'd have the money with interest later on, as a step to financial independence and success.

That is an excellent reason, but there's a better reason than that. Save because we have pledged the honor of our country and our people to fight this war to our last dollar and to our last man if necessary. America does not break her word.

Money saved makes of you a better man or woman, boy or girl; makes you dependable, responsible; increases self-respect, which increases your value. Save money to help your country by buying War Savings Stamps and U. S. Thrift Stamps.

1—WAR SAVINGS STAMPS ARE A PROMISE TO PAY YOU THE AMOUNT YOU INVEST, AT THE END OF 5 YEARS, WITH 4 PER CENT INTEREST COMPOUNDED EVERY THREE MONTHS.

WILLOUGHBY BOY WRITES LETTER FROM ITALY

(Continued from Page 1)

to the Italian front. It seems a long time since I left the States, and I have hopes of returning home for a short time at the end of the year which is in June. While in France I experienced considerable at the front and really did some real hard work. I came down to Italy in November and have been quite active on this front. Of course, during the cold months we did not see much activity but work has started in earnest now and it's "guns for breakfast, guns for dinner and guns for supper time."

I have received many letters and newspaper clippings from the States regarding the activities back home and it seems as though everything tends towards the proper end. Sometimes I wonder though in the face of all the activity, whether the proper moves are being made, whether all efforts are properly aimed, and if the people are just serious enough, not too serious. Very often we get reports that people are getting too enthusiastic, sort of biting off more than they can chew. There is no doubt, however, that we are making wonderful strides and can come up to the line that is marked for us. May the time soon come when we can show what the U. S. stands for, the ideals, etc.

Since coming to this country I have been very much impressed by the enthusiasm of the Italian troops in the face of their recent retreat. Of course it was a blow, but they have stepped back with new vigor and have more than held their own. We are in a very active sector and I have seen them demonstrated. Because of the very strict censorship down here I cannot mention many of the things I would like to about the Italian troops, their activities, etc.

It was just about a week ago that I returned from a permission. We are given a fourteen day permission at the end of three months and I considered myself very fortunate in having the opportunity of visiting such places as Florence, Rome, Naples, Pompeii, etc. It seemed fine to get away from the front and again mingle with the crowds and walk about with an air of freedom.

I have written very briefly at this time, probably incoherently but I will make another attempt when time is not pressing me. I want to thank you again for your very kind letter. I am glad to get all such interesting news. I am more than pleased that the Delts are doing well at Reserve this year. You spoke about sending me something. I appreciate this extremely. Of course, things are not like home circles and the only thing we really miss are tobacco and cigarettes. Otherwise we are well cared for.

Please give my regards to Mrs. Wilson, all the Delts and wishing you every measure of success, I am

Fraternally yours,
P. T. HANKS.

RINGLING BROTHERS ANNOUNCE DATE

Gigantic Spectacle and Thousand Arenic Sensations To Invade This Locality in Near Future

Word comes that Ringling Brothers' mammoth circus is to exhibit afternoon and night at Cleveland, Friday and Saturday, May 24 and 25.

Always the leaders in introducing the newest and greatest features the famous showmen this season announce the most remarkable program of their career. There is a brand new spectacle of gigantic proportions entitled "In Days of Old." Produced on the biggest stage ever built, it tells the story of the golden age of Ivanhoe, Robin Hood and King Arthur. An entire trainload of scenery is carried. The cast numbers 1,250 actors and there is an entrancing ballet of 300 dancing girls. A thousand arenic sensations follow the spectacle on the main tent program. There are great troupes of seals, dogs and monkeys that walk on tight ropes and ride horseback; herds of elephants in all new tricks; international athletes in feats of amazing strength; slides for life from tent-top to the ground by men suspended by the hair, and one—the great Hillary—who "jumps the gap" with skates attached to his head. The world's greatest stars such as May Wirth, who leaps from the ground to galloping steed with baskets tied to her feet, are presented in great number. There are twice as many clowns as before, a menagerie of 1,000 splendid animals, and, to introduce the holiday, an all new street parade three miles long.

Standard Theater

"The Hell Hound of Alaska," one of Wm. S. Hart's greatest pictures, will be shown at the Standard theater the week of May 13. He portrays the part of Yukon Ed, the leader of men, a prospector feared by all, for his strength and loved by all for his goodness of heart. He was the admirer and self appointed protector of Ruby McGraw but she married a man from the east, who was unfaithful and spent considerable time and much of Ruby's money on other women and wine. When he failed to return one night, Ruby during a raging storm, goes out in search of him and finds him in a drunken sleep by the roadside. Her exposure to cold resulted in pneumonia, and she died. Yukon Ed is then so angered that he hands him a brace of revolvers and says, "She is waiting for you now on the darkening trail and you are going to meet her." The wonderful Alaskan scenery, and the well trained work of his wolf hounds make this production very interesting.

Star Theater

Rose Sydell's "London Belles", burlesque organization owned and managed by a woman (and very successfully) is at the Star next week. Geo. F. Hayes, Ted Burns and Kate Pullman are the featured players. Others in the cast are Louise Hartman, J. Hunter Wilson, and Smith and Pullman, dancers with a great burlesque name. There is a big chorus, too, and an excellent production.

Empire Theater

"The Charming Widows" are at the Empire next week with two farces with music called "In the Palace of Sweets" and "At the Springs." They are built to be laughed at, and the cast, which includes Eddie Dale, Adam Lum, George Bartlett, Rena Vivienne, Harry Peterson, Connie Fuller, Earl Hale and Gussie White should make the laughs come out. There is a big chorus too, and a mystery act, called "Elsie," that the management brags about.

Onesine Schrade, residence unknown, but whose last known residence was No. 1632 High St., Louisville, Ky., will take notice that Robert Schrade filed a petition against her in the Court of Common Pleas of Cuyahoga County, Ohio, praying for divorce and relief on the ground of gross neglect of duty. Said petition is No. 162853 and will be for hearing on and after May 17th, 1918.

Hippodrome

Henri de Vries' and realistic production of Submarine F 7 will be the headline attraction at B. F. Keith's Hippodrome starting Monday matinee. This is unquestionably one of the most thrilling stage spectacles ever offered and should prove a timely theme. It tells the story of the crew of an American submarine damaged by a shell and crippled under the water. The rescue of the submarine and the blowing up of the enemy dreadnaught will bring any audience to its feet. Those who see Submarine F. 7 will remember it for days to come. This new show will be one of unusual brilliancy. Surrounding this big act will be a group of standard B. F. Keith successes. Stuart Barnes, the famous monologist, with new stories and songs, should prove very entertaining and it is safe to predict that the Misses Campbell, those two southern girls, who sing their own songs, will be tendered an enthusiastic reception. These two girls have been sensational hits everywhere and it is a rare treat to hear them sing "You're as Dear to Me as Dixie Was to Lee." Their coming will be really one of the events of the season. Sylvia Clark, the klassy little klown, who is a whole show in herself, has a cute and dainty way of making people laugh. This will be her first appearance here as an individual star. Another wonderful act will be the Boyear Co., a group of Russian singers and dancers presenting the picturesque and artistic novelty, "Kremlin of Moscow." This act will feature the mysterious Russian girl who is said to be one of the most beautiful girls of royalty who escaped after the revolution and who is now appearing in vaudeville with the Russian singers. There will be several other big headline features to be announced later.

LUNA PARK IS NOW OPEN FOR SEASON WITH 1000 WONDERS

Luna Park opened its 14th season Thursday noon. According to William Reutener, manager, more than $150,000 has been expended in making Luna "brighter and bigger and better than ever."

All of the many attractions that were so successful last season have been entirely overhauled and many new ones secured.

The Belfry for Bats, Cave of the Winds and the Whip are three of the big new attractions to be shown.

The Whip is a new ride, and has been one of the big sensations in the eastern parks. It is said to be replete with thrills.

The Cave of the Winds and the Belfry for Bats are two new funny houses. The latter has more than one hundred novelties and laugh producers. An Alpine slide, a periscope through which it will be possible to see everyone in the park, and many other features are promised.

Many thousand pounds of compressed air will be available in the Cave of the Winds, erected at a big cost.

Manager Reutener announced Wednesday that the 20,000 square feet of the dance pavilion have ben scraped and polished, making it better than when the hall was built last season. The roller rink has 14,000 new pairs of skates, while sixty tons of gravel have been placed in the concert parden, where free movies and a cabaret will be presented nightly.

"Every attraction was running in full force Thursday noon," said Reutener. Each attraction has been thoroughly tested and, when the public comes, they will find a finished park.

Of the twenty acres at Luna, nine will be devoted to picnic and circus grounds.

DR. QUAYLE CALLED TO WASHINGTON

Dr. John H. Quayle, who is just recovering from a two weeks' illness with inflammatory rheumatism and moved out to his country place, Lakewood Farm, on Saturday, was called by Washington on the long distance phone Sunday and ordered to report in Washington Wednesday morning.

Of the 9000 men received in Camp Sherman the last week 23 per cent were found to be physically defective. Under the Quayle plan these men will all be reclaimd and made fit as perfect men as well as soldiers. It is impossible to estimate the results of this work first to the men themselves and second to the country. It was only through the untiring work of Dr. Quayle that these results were made possible. Lake County is proud of him and hopes his health will permit him to keep up this great work.

Miles Theater

Bert LaMont's novel vaudeville diversion called "World in Harmony," will be the feature offering at the Miles the coming week. The act has an odd cast consisting of Chinese, Indian, Negro, Hawaiian and white men who present a unique artistic singing specialty. The Doris Lester Trio introduces a new musical comedy skit called "A Breeze That Blew." The Platinum Models offer a novelty posing act in bronze. The Dancing Kennedys present a series of whirlwind dancing novelties. Brossius and Brown, known as the brainless wonders, have a funny pantomimic cycle act. The six acts of vaudeville will be augmented with the Triangle feature photoplay, "The Boss of the Lazy Y," starring Roy Stewart.

Colonial Theater

"My Boy," drama by Berte Thomas, is the Colonial's offering for next week. This is the war play which has been a sensation of the London season under the title "Out of Hell." The story concerns itself largely with the woes of motherhood in war time, and it is packed with thrills and dramatic action. David Powell and Effie Shannon, stars both of stage and screen, are the only players, and each doubles. "My Boy" should prove worth while.

Opera House

"Pershings Crusaders" official war films of the United States government come to the Opera House next week, under the auspices of the Bureau of Public Information. They show war work on farms and in factories in America, the activities of the navy, the guard and National army training camps, and the troops of the American Expeditionary force in France. These films are the real thing, and the government puts them out that those at home may know for what their effort goes.

LODGES AND COMMUNITY HOUSE AT CAMP SHERMAN MERIT LOYAL SUPPORT.

In the money-raising campaigns so successfully being carried on all around us, the families and friends of our boys at Camp Sherman must not overlook the debt of gratitude we owe to Maj. Gen. Glenn, commanding officer of the camp, for the erection of the lodges and community house there. Other camps have hostess houses, which are merely meeting places for soldiers and the friends, but at no other camp in the U. S. has there been any provision made for friends to stay over night in camp.

Through Maj. Gen. Glenn's influence and efforts, the land wos procured and money borrowed for the beginning of the work. Contributions from different organizations and subscriptions from all over the state have made it possible to carry on the work.

Today there are six lodges completed, but more are needed and the guests' waiting list is a long one. The lodges cost about $30,000 each and the plan was to assess each county on the basis of $10 per drafted man.

Lake county's quota is forty-four men, and is therefore indebted for the amount of $440.

Lake county is not the only delinquent county and a movement is on foot to work up patriotic enthusiasm throughout the state and call upon each county and township to advance its assessment as speedily as possible. A committee will be formed at once who will endeavor to have a member in each section to raise its pro rata of the assessment.

LIE MILLS ARE ACTIVE

In connection with war operations a splendid plan to adopt is to refuse to believe any report that does not come officially from Washington. The lie mills of the enemy are active and they are located in all parts of the country. It is the policy of the enemy to stir up discontent, apprehension and terror by any and every means in his power, and he will scruple at nothing in order to carry his point. Well he knows that any cause of anxiety or unrest subtracts from American efficiency.

Every loyal citizen of the United States should be assured of one truth—his government will advise the public freely of every circumstance in connection with war activities that directly affects the public. We do not have to depend on rumor for information, because the Bureau of Information is in existence for the purpose of supplying the people with the truth in every instance.

Just a few instances of needless worry over maliciously false reports might be cited. Recently the report was spread that ground glass had been found in the food of soldiers in some of the camps. The report was at once investigated by the authorities and found to be absolutely false and without the shadow of foundation—a malicious lie, deliberately circulated for the purpose of sowing alarm and discontent. When the falseness of the report was proven the government reassured the public and we have heard no more of the matter.

Then the report gained currency that some of the camps were located in notoriously unhealthful localities, and that epidemics of measles, meningitis and other diseases were raging. These, too, were given the lie by the government, and it was plainly shown that not in any camp had the death rate been above normal for the country, and in most instances was in fact far below normal, demonstrating the health efficiency of the entire army cantonments.

America can win the war. She will win the war. But she can subtract from her efficiency and unnecessarily prolong the conflict if she suffers herself to become alarmed over every idle report or malicious lie that is circulated. We must keep cool and apply every ounce of our energy in work that counts in aid of our government and the brave boys who are to fight our battles on the fields of Europe and on the seas.

Trust your government. It is right, and it has a due regard for your peace of mind, and everything that you should know that is calculated to affect that peace of mind will be duly communicated to you by those in authority.

Bury the products of the lie mills in utter unbelief. That way it will be harmless.

LAKE COUNTY INVESTS $60,000 IN THRIFT STAMPS TO MAY 1.

What This Money Will Do.

Columbus, O.—(Special).—Visualizing the possibilities to the government, in its time of direct need, of the revenue derived from Lake county's 1918 quota of War Savings and Thrift Stamps, the Ohio War Savings Committee has prepared calculations indicating how far toward construction of the greatly demanded transports this county can contribute. Lake county is in a so-called $480,000 class; that is, its yearly quota of War Savings Stamps approximates this total.

From governmental statistics, it is determined that Lake county's 1918 quota of War Savings Stamps, $476,700 will accomplish these things:

Will furnish the steel for two of the 7000-ton steel transports, of which the government is building 1260, or

Will provide shipping accommodations to Europe for 329 soldiers, estimating that it costs $1458 to furnish facilities to send one soldier to France, or

Will drive 11,800,000 rivets—enough for 18 ships—at four cents each, in steel transports; each will carry 12000 men, or

Will come within $100,000 sufficient to pay for the labor cost on one of the steels transports.

To the first of May, Lake county's sale of War Savings and Thrift Stamps had reached a total of $60,000.

WILLOUGHBY WOMAN TAKES ORATORICAL PRIZE AT MENTOR W. C. T. U. CONVENTION; NOTES OF THE DAY

(Reported by Mrs. George E. Allen.)

The Lake County institute of the Woman's Christian Temperance Union, held at the Mentor M. E. church, Tuesday, May 7, was largely attended and was one of the best ever held in the county. The morning was devoted to an executive meeting and considerable business was transacted. The afternoon program was exceedingly interesting, addresses being given by Mrs. Francis Fuller of Madison, Mrs. Helen Green of Cleveland, and Rev. Schaffner of Mentor. Mrs. W. W. Dieterich and Mrs. F. G. Salkeld of Painesville were also on the program. The evening was devoted to a "matrons' oratorical contest" and was a novel affair in charge of the county contest superintendent, Mrs. H. W. Gilfellan of Painesville. The participants in the contest were Mrs. Florence Tanner of Willoughby, Mrs. Nellie Markell of Mentor, Mrs. Fannie Dickenson of Richmond, Mrs. Mary Moore of Madison and Mrs. Alberta Williams and Mrs. Mary Stauffer of Painesville. The three judges, Rev. Dieterich of Painesville, Mrs. Schaffner and Miss Schields of Mentor had a difficult problem to solve, the contestants all doing so well. The prize, a beautiful volume of Francis Willard's Life," was awarded to Mrs. Florence Tanner of Willoughby, who, dressed in antiquated costume, convinced her audience with very forceful arguments that "women should vote." Mrs. Francis Lytle of Mentor gave two readings while the judges were making their decision. The music was furnished by Mrs. C. A. Duff of Painesville, Mrs. Lloyd Carlton of Mentor and the Mentor school children and was very much enjoyed.

The Mentor union served a delicious supper for the delegates present and a rising vote of thanks was extended to Mentor for their generous hospitality. The county president, Mrs. Della Hoose of Painesville presided in her capable manner at the morning and afternoon sessions.

* * *

Additional Report by Mrs. Dayton

About twenty people from Willoughby were in attendance at the Lake County Institute held in Mentor Tuesday. The program of the afternoon was of unusual interest. "The Campaign of 1918," by Francis Ensign Fuller, gave us an idea of the work the state is expecting of the temperance women. The county has adopted 6 war orphans and paid $65.00 toward an ambulance in France.

The new questionnaire conducted by Mrs. Dietrich and Mrs. Salkeld of Painesville was very interesting and instructive.

Solo, "Hats Off to the Flag," sang by Mrs. C. A. Duff, made the hit of the day and was called for again at the evening session, but the best of the afternoon program was the talk on "The Patriotism of Our Organization," by Mrs. Helen Green of Cleveland, once our county president. Mrs Green has one son in France, one in Camp Meade and another son nearly old enough to enlist. She told of her visit to Hampton Roads and many of the camps, and of the comfort bags made and sent by the W. C. T. U. of Cuyahoga, and of the warm welcome they had from the boys. She brought tears to many eyes, and smiles to our lips as well and inspired her hearers to new courage for the task set the women of today.

The house was filled for the evening program which consisted of music and reading by women of the different unions in the county, all of which were fine, but Mrs. Florence Tanner of the Willoughby union carried off the prize, which was "The Life of Francis Willard." A fine supper was served by the Mentor ladies to which the delegates did ample justice and a vote of thanks given Mentor for her royal welcome to us all.

ADVERTISING duplicates the human voice. It gives it volume to be heard, and it provides an audience to hear. There are thousands, if not hundreds of thousands, of Fords in the world, but advertising has eliminated from the human imagination all of them save one—Henry of Detroit. This needs no argument. It is the truth.

EAST OHIO GAS COMPANY TO PAY ITS MANY EMPLOYES SICK AND DEATH BENEFITS

A plan of annuities and sickness and death benefits for the employes of The East Ohio Gas Company has just been announced by M. B. Daly, president of the company.

In making the announcement, Mr. Daly said that this plan will have no bearing whatever in determining the amount of wages or salaries to be paid by the company but is granted as a voluntary reward for, and in appreciation of faithful and efficient service and as an evidence of the company's purpose to co-operate with the employe in making financial provision for times of sickness, accident or death

The essential features of the plan as outlined by Mr. Daly follow:

1. Annuities (effective May 1, 1918):

A regular allowance of 2 per cent of salary for each year of service for all employes at the age of 65 years, after 20 years' service, with a minimum of $300 per annum and a maximum of 75 per cent of salary. Special provisions for retiring employes less than 65 years of age after 20 and 30 years' service.

Special allowances for employes who are disabled or whose retirement on account of advancing years is desirable. The amount and duration of such special allowance to be determined according to the merits of each case.

Death benefits (effective June 1, 1918):

Death from sickness (including accidents off duty):

Homes Are Building

Select your lot now. Make a start toward a home of your own. The easiest way, the way most people have become happy home owners is to buy a lot, pay it off as quickly as possible, get a building loan, and then pay off the loan the same as rent.

You are invited to discuss with us, without obligation, our co-operative plan, which makes it easy for you to own your home.

Now is the time to act. Don't put it off. Delay will mean second choice and a higher price. Take advantage of present high wages and get started toward that "home of your own" you have dreamed of and longed for. We will be glad to show you how you can have it, with very little money. You can pay for it the same as rent while you use and enjoy your home.

Representatives on the property Saturday afternoons and Sundays.

Willoughby-Euclid Avenue Subdivision
60x200, $480 up. 80x200, $640 up.

Terms very easy, a little down, a little a month, with liberal cash discount.

Protected by conservative restrictions, of one house, for one family to the lot, with complete improvements (including sewer, water, sidewalks, shade trees, parks, tennis courts and paving) now being installed, this property offers an exceptional opportunity to secure a beautiful homesite in the choicest residence district of Willoughby.

Because of the increase in land values it will not be possible again to buy equally well located and developed property in Willoughby, at these low prices.

Buyers of our property at present initial prices may be absolutely certain of a generous increase in value.

What Kind of Water Do You Drink?

For a hundred years or more MINNEHAHA SPRING has poured forth every hour two thousand gallons of sparkling water as pure and clear as a mountain stream.

The spring is situated on a high natural gravel cliff from which MINNEHAHA water percolates through miles of clean gravel and sand.

At the spring in a modern and sanitary bottling house the water is bottled and sealed in clean bottles ready for delivery.

The danger to health from drinking lake water is too great to warrant the risk (especially during the summer months).

It is a mistake to think that the boiling of lake water makes it fit to drink, if it is contaminated with filth when it goes into the kettle, it can not be good when to drink when it comes out.

Order a case of MINNEHAHA Sparkling Water, it is a natural spring water with a satisfying taste. You'll like it, and the cost is but little.

A BLOODLESS DEER HUNT

In Fins, Feathers and Fur Mr. W. W. Kirkpatrick, gives this account of a young deer, born and living under natural conditions, when first meeting with the greatest and most deadly enemy of its family:

One June 13, in company with Professor W. H. Baird of Hamline university, I was "hiking" a short distance north of Bain in Aitkin county. The excellent feeding grounds, and the almost inaccessible hiding places, render this part of Minnesota a favored locality for the noble, but timid deer.

We had traversed almost the entire length of the island and were following an old beaver dam which intersects a marsh, when we discovered that for which we had so many times vainly sought.

Our find was a female fawn probably about a week old, devoid of fear so far as our presence was concerned. It seemed to take no interest in us whatever. Even when taken into our arms and fondled it made no attempt to escape.

The only alarm manifested by the fawn was caused by a freight train which passed at a distance of about an eighth of a mile. Vibrations of the earth were noticeable on account of the marshy condition of the land, and either these or the noise of the train seemed to excite the little creature which struggled to get free, and bleated most pitifully. But as the vibrations and noise ceased its excitement subsided and it relapsed into perfect contentment.

After taking a few "shots" with the camera, we returned the fawn to its bed and it curled up as contentedly as a kitten.

The most surprising thing to me was the total lack of fear and utter indifference to our presence, of a creature born in a wild state and which for the first time gazed upon a human being. I am curious to know at what age they first begin to show symptoms of fear in regard to man.

LEGAL NOTICE

Amelia Kern, whose place of residence is 1001 Market St., Reading, Shasta County, California; Gustave Ossman, whose address is unknown; Mary Rhode, whose place of residence is Castle Rock, Wash.; Herman Rhode, whose place of residence is Castle Rock, Wash.; Louise Rhode, whose place of residence is Castle Rock, Wash., and Anna Rhode, whose place of residence is Castle Rock, Wash., will take notice that Mary Ann Hauser Honeywell, as plaintiff, has filed a petition against them as defendants in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that she is the owner of a life estate by virtue of the following items in a certain will of J. P. Hauser, deceased; that said items 2 and 3 of said will contain the following statement, to-wit:

Second Item: I give, devise and bequeath to my beloved wife, Mary Ann Hauser, all my real and personal estate that I may have and own at my decease of every kind and description or that I may have any right or title to by heirship or bequest, for her own proper use and behoof [illegible] waste.

Third Item: After the death of my beloved wife, Mary Ann Hauser, the remaining property, if any there be, it is my will that it be equally divided between the legal representatives of my estate and of my wife, Mary Ann Hauser, to share and share alike.

The aforesaid items are contained in the will signed by J. P. Hauser, on the 19th day of January, 1883; that the aforesaid will has been duly admitted to Probate and record by the Probate Court of Cuyahoga County, Ohio, and was known as Probate Court case No. 7391 and is recorded in Volume X, page 381; that the premises in which said plaintiff hereinbefore holds a life estate in and by virtue of the said will of J. P. Hauser are described as follows:

Situated in the township of Independence, County of Cuyahoga and State of Ohio, and known as being 15 acres off of the east side of a certain tract or parcel of land sold by John A. and Harrietta Granger, by deed to Geo. A. Cochran on the 15th day of March, 1866; said tract or parcel of land so conveyed and of which the above 15 acres is a part, is described as follows:

Being situated in the town of Independence, said County of Cuyahoga, being sub-lot 20 of J. A. Granger's subdivision of a part of Tract No. 1 east of the Cuyahoga river in Independence and containing 39.50 acres of land.

That by the terms of said will plaintiff was to have and hold a life estate in said afore described premises; that the premises so described consist of a small farm situated on Granger Road in the Village of South Newburgh, and that on the said premises there is erected a 6-room house, also a small barn and numerous smaller outbuildings; that all of said buildings and all of the fences on said premises are in need of repair; that the premises are worth $13,000.00, but that the same can be rented for no more than $75.00 per annum, which, after paying the taxes and insurance, leaves no money for the sustenance and support of this plaintiff and for the necessary repairs on said premises, and makes the same a very poor investment.

Plaintiff further alleges in her petition that she is still the owner of said life estate and is in possession of the property; that it will be for her advantage and will do no substantial injury to any of the defendants in interest if the property is sold and the proceeds invested under the order of the Court of Common Pleas as provided by the Statutes of the State of Ohio.

The prayer of said petition is for the sale of said real estate free from said entailments, limitations and conditions, and after paying the costs of this suit, that the balance of the proceeds of said sale be re-invested according to law, as provided in Section 11925 to 11935, inclusive, of the General Code of Ohio.

Said petition is No. 163142 and the above named defendants are required to answer the same on or before the 8th day of June, 1918.

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and being a part of original Brooklyn Township lot No. 46, now in said City, bounded and described as follows:

Beginning at the intersection of the southerly side of Eichorn Avenue (formerly Evans Street) with the westerly side of West 47th Street (formerly Dupont Street); thence westerly along the southerly line of Eichorn Avenue 129.22 feet to the westerly line of land conveyed by Arthur G. and Anna Storer to Wm. "THE AMERICAN CREED"

The prize of $1000 offered by the city of Buffalo for "The American's Creed," was won by William Tyler Page of Friendship Heights, Md., near Washington. It reads:

"The American's Creed—I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from th consent of the governed; a democracy, in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes. I, therefore, believe it is my duty to my country to love it; to support its constitution; to obey its laws; to respect its flag, and to defend it against all enemies."

ARCHDEACON WILBERFORCE ANIMAL LOVER

In a volume recently issued by Elliot Stock some examples are given of the late Archdeacon Wilberforce's passionate love of birds and beasts. It dated from his earliest years. "One has heard him speak reminiscently," remarks the author, Mr. C. E. Woods, "of drawers at Eton filled with taboo live stock; of snakes that dwelt among his shirts, and of one poignant moment when, on going up to London from school to see the Duke of Wellington's funeral, he discovered that a half-sovereign which was to have been spent on a tame rat had fallen out of his pocket. He finished the story by adding: 'It was the bitterest moment I ever experienced.' All animals loved him, and over snakes in particular he possessed a power; in later life he would carry these ophidian pets entwined around his arm."

Writing of a later period in the archdeacon's life, Mr. Woods says: "Whether it were the little piping bullfinch, which, when he was recovering from a dangerous illness, he loved to have on his pillow, piping its one refrain, 'Ich liebe dich'; or the aged dog whose bedtime had to be mentioned in French lest he should immediately make himself invisible—the archdeacon's pets were treated with the consideration due to friends. Each loved dog had its little tombstone in the Abbey Gardens, marked with holy words of his own choosing; he was always pleased to tell how each pet rested at last in consecrated ground. Once the writer was with him when he discovered in the road a little pigeon that had been injured by a motor car. Very tenderly he carried it home, and with skilful fingers set and bandaged the broken wing, caring for the bird until it was able to fly away, 'which it did without one regret for me,' he said, half-humorously. On another occasion the writer and he observed a cat seated outside an empty house. 'Where's the caretaker?' he instantly inquired. It was presently discovered that the owner was away on a holiday. The archdeacon would not be satisfied until he had received his address, when he at once telegraphed that the cat had been left unprovided for."—The Animal World.

"By their songs ye shall know them." Last year the Ohio legislature placed quail or bob-whites among the song-birds, thus insuring them longer protection than they ever had as non-migratory birds. The sweet and cheerful notes of the bob-white make him entitled to a place among the master singers of the bird world. In "Friends in Feathers" Gene Stratton-Porter pays a fine tribute to the quail and his captivating music:

"I am sorry our legislators do not put quail among song-birds. Their plumage is much handsomer than some of our choicest singers; they are graceful and elegant on foot, while their music every one knows and loves. Only a note shorter and only a degree less melodious than the lark, which is of finer flavor as food; yet the soul sickens at the thought of such sacrilege in the case of the lark—why not the quail also?

"'Bob, Bob-White! Bob, Bob-White!' How beautifully it pipes up from meadow-grass and clover! How it softens and quivers with the passion of mating! How it swells and rings when flung as a challenge to a rival from stumps and fences! How it comes sweeping in certain, steady tones on the breast of the river! What would summer be to lovers of field and stream without it? How little children everywhere love and try to imitate it! Sip nectar of fruit and honey of flower that you may trill even sweeter, O ye favorites of protecting fortune, or soon this plucky little gamester of the fields will win enough hearts with his cheery whistle to place himself among you!"

This paper wishes it understood that it welcomes spring poetry, and can not secure too much of it. We intend to start in time to lay in our winter fuel.

PRE-HOOVER DAYS IN ENGLAND

Please don't buy sugar! Leave it to
the poor,
It only tends to make things sweet
and messy;
There was none in the days of Agin-
court and Crecy!

Potatoes, too! Why do you fondly
yearn
For things which come to table
hard or sodden?
They didn't have them at the time of
Bannockburn
Or Flodden!

Look to your dust-bins! and avoid the
trick
Of senseless prodigalities and wast-
ings,
Think how they lived in One, O double
six
At Hastings!

Surely the Ancients had not the mo-
nopoly
Of self-restraint? You, too, can
play the man, eh?
They simply did without things at
Thermopylae
And Cannae.

LEGAL NOTICE

A. Thatcher, —— Thatcher, wife or widow of A. Thatcher, the unknown heirs, devisees and legal representatives of A. Thatcher, deceased, R. E. French and the unknown heirs, devisees and legal representatives of R. E. French, deceased, all of whose places of residence are unknown, and the names of the unknown heirs, devisees and legal representatives of A. Thatcher, deceased, and R. E. French deceased, being unknown, will take notice that Eva Dikman, as plaintiff has filed a petition against them, as defendants, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that she is in actual possession and is the owner in fee simple of the following described premises, to-wit

Situated in the City of Cleveland County of Cuyahoga, and State of Ohio, and known as being sublot No 12 in Clewell and Irvine's reallotment of part of Jebesh Gallup's allotment in original lot No. 322 in said City and being 40 feet front on the easterly side of E. 65th Street, formerly Ted Street and 125 feet deep between parallel lines as per plat of said reallotment recorded in Vol. 7 of Maps, page 22 of Cuyahoga County Records.

The petition alleges that the defendants above named claim some interest in said premises by reason of a certain mortgage executed on January 8th, 1876, by the defendant, A Thatcher, in favor of the defendant R. E. French, upon the northerly ten feet of the premises above described which mortgage was given to secure the payment of the purchase price and which mortgage was recorded in Vol. 258, at page 217 of Cuyahoga County Records.

The petition alleges that at no time did the said A. Thatcher have any right, title or interest to the said northerly ten feet of the premises above described, and that the said R. E. French never obtained any right title or interest in and to the said premises or any part thereof, by reason of said mortgage deed; that the said A. Thatcher and R. E. French, or either of them, never took possession of the real estate above described, or any part thereof, so mortgaged as aforesaid, and never exercised any ownership or control over the said premises; that said conveyance by the said mortgage deed of that part of the premises herein described, namely The northerly ten feet, was made by inadvertence and mutual mistake, as to the title of the same, and that a cloud is thereby cast upon the plaintiff's title by said mortgage deed so appearing on the records of said County. The petition further alleges that the plaintiff and her predecessors from whom she derived title have been in actual, open, notorious continuous, uninterrupted, and adverse possession of all of said premises above described, for more than twenty-one years last past.

The prayer of said petition is that the said mortgage given by the said A. Thatcher to the said R. E. French conveying the northerly ten feet of the premises above described, be declared null and void; that the said A. Thatcher be declared to have no interest in said premises or any part thereof; that said mortgage deed be declared to have conveyed no interest to said R. E. French in the property above described, or any part thereof; that the title to all of said premises herein before described be forever quieted in this plaintiff and that all the interest of whatsoever kind or nature, whether the same be real or apparent, of any of said defendants, be cancelled, cut off and held for naught, and for relief.

Said petition is No. 162805 and the defendants above named are required to answer the same on or before the 25th day of May, 1918.

WE SELL THRIFT STAMPS

Don't forget the Red Cross Campaign next week.

LOST NATION ROAD AT LAST TO BE PAVED

It is now expected that the contract will be signed Monday which will result in the paving of the much talked of Lost Nation road.

A bid was received from C. A. Williams of Oberlin, which came under the estimate, based upon supplying a bituminous concrete pavement. The bid was $142,850. The county commissioners, Messrs. Phillips, Freshley and Thompson conferred with residents of the Plains, and Wednesday a delegation including Messrs. H. E. Talbot, Cole, French, John Rutland and J. Angell Bott, together with the commissioners, inspected roads in Cleveland, Lorain and Elyria of the type mentioned in the bid. The state is putting in this type of construction at Lorain and Cleveland and Cleveland and Elyria at points where military trucking is excessive

It was the unanimous sentiment of the commissioners that the road was the best that could be secured for the money. The road will be built on a concrete base, with a coating of two-inch asphaltic concrete. Dr. Quayle had selected the roads for inspection. Considerable pleasure is in evidence at the conclusions as the completed pavement will be of great benefit to Willoughby and the Plains residents. A delegation from Willoughby called at the court house a short time since, and were instrumental in getting the proposition brought up again.

WILLOUGHBY MAN NAMED AS DRY CAMPAIGN LEADER

No one could have designated Sunday as anything but wet. It rained heavily and continuously. However, interested residents from many parts of the county assembled at the court-house to attend the open meeting and organize the workers to assist in making Ohio dry. Mr. and Mrs. H. E. Talbot, Samuel Austin and H. Reeder of Wickliffe were present from this half of the county. John Rutledge, district manager, gave several stirring talks. E. F. Blakely thanked all for the good work last year, and complimented the Lake county newspapers for their share in the splendid results. A nominating committee, of which Mr. Williams was chairman, named S. D. Shankland as county chairman of the organization, succeeding E. F. Blakely; Martin Tuttle as vice chairman; W. H. Conner, secretary, and W. C. Harrison treasurer Each township is to make its own selection of executive committees.

Both the chairman, S. D. Shankland and the vice chairman, Martin Tuttle have the matter of the acceptance of the positions offered under advisement, and the nominations cannot be regarded as final until their acceptances have been received.

HARRY COULBY PROBABLE RED CROSS UNION SERVICE SPEAKER SUNDAY NIGHT

A patriotic Rd Cross union service will be held in the Methodist church Sunday night. It is probable that Harry Coulby, mayor of Wickliffe, and president of the Pittsburg Steamship Co., will be the speaker. With two such star attractions as Mrs. Fisher for the morning and Mr. Coulby for the evening the church should have a record attendance.

WICKLIFFE TO HAVE A CHAUTAUQUA

Wickliffe will have a Chautauqua. It will be held in August. Mr. Dickey of the Coit-Alber Co., has completed the arrangements. They accepted a $900 proposition, after which a 50-50 arrangement for the benefit of the Red Cross was made. In case of a loss, which Wickliffe, needless to say, does not anticipate, the Crane Works, Harry Coulby and the balance of the committee, will assume it.

CRANE WORKS BUILD BUNK HOUSES.

The Cleveland Crane & Engineering Co. are erecting "bunk houses." The houses are equipped with berths, also little windows and the berths and the windows are not unlike the accommodations and port holes found on a ship. About six of the houses will be constructed. They will accommodate ten men each.

MAYOR OF WICKLIFFE NAMED AS TREASURER OF LAKE COUNTY WAR CHEST FUND.

Plans Take In County Red Cross Drive

War chest plans were formulated in Painesville this week. A committee consisting of Messrs. Heartwell, Jerome, Smith, Davis and Robbins conferred in the office of Harry Coulby at Cleveland Monday morning.

In the evening a meeting attended by about sixty met at the Lake county Chamber of Commerce and formulated plans for a war chest, in which was to be incorporated the present Red Cross drive.

The Red Cross quota for Lake County was $30,000.

The campaign for the War Chest will be for about $100,000. Messrs. Hammar, Shepherd and B. J. Brown, new secretary of the Lake County Chamber, have been named as a committee to oversee and plan the campaign. Harry Coulby, mayor of Wickliffe, has been named as treasurer of the War Chest. A dinner was given at the Parmly Tuesday night for the Red Cross workers and the ministry for the purpose of formulating further war chest plans. Sentiment in the county is not entirely in favor of the new method of raising war funds. Initiative and individual effort are not as apt to be in evidence, it is clamed, but concensus of opinion seems to be that it is best to give the method a trial.

WILLOUGHBY TO HAVE RED CROSS PATRIOTIC NIGHT.

B. C. Shepherd announced Wednesday that Willoughby would have a patriotic speaker Monday, the 20th. Wm. Kennedy, secretary of the Chamber of Commerce at New Castle is the scheduled speaker, also Bombar Blank, a much wounded soldier, who spoke at Painesville Sunday afternoon. Special music will be provided. No solicitation of funds. Mr. Kennedy is regarded as the best patriotic speaker who has been heard in this part of the county.

WILLOUGHBY LOSES SECOND SOLDIER BOY

Body Brought Home From Texas.

E. P. Setter, another Willoughby soldier boy, has been brought home for burial. A telegram was received by Mr. Bruce operator at the Western Union here, Sunday night, stating that the boy had died at the base hospital. He has been in service on the border at Ft. Bliss, Texas Most of his life has been spent at the home of Mrs. Hannah Bruce, on the Lake road. His first enlistment occurred about 3 1-2 years ago. He received an honorable discharge and re-enlisted about eight weeks since. While in Willoughby the boy was employed at the rubber works; also at the Clayton Elliott farm. He was 23 years of age.

A telegram received by Mr. Manville, who has charge of the arrangements, stated that the body could be expected at 8:30 a. m. Saturday. The funeral will occur at 2 o'clock the same day, following the same arrangements as to marching and other ceremonies as held for Nicolas Rose. VAUGHN WYMAN RESIGNS AS THRIFT CHAIRMAN; WILLOUGHBY MAN APPOINTED.

Vaughn E. Wyman, who has been the chairman of the Thrift Stamp campaign in Lake county, has resigned. M. J. Rentschler, chairman of the local manufacturers' unit, decided that Willoughby being upon the map for sales and work, might well be represented also as having the county chairmanship. He therefore took the matter up with the Columbus headquarters, suggesting the name of W. J. Carmichael for the office.

A wire received Tuesday night stated that invitation had been extended Mr. Carmichael, and that he would accept. Mr. Carmichael is very well fitted to take care of the chairmanship duties. Willoughby is more than upon the map for sales, and the publicity given through the advertising campaign has given Willoughby much favorable mention.

THE GREATEST MOTHER IN ALL THE WORLD

The Greatest Mother in all the World
STRETCHING forth her hands to all in need; knowing no favorite, yet favoring all.
Ready and eager to give *first* aid to the wounded. Helping the little home that's crushed beneath an iron hand by showing mercy in a healthy, human way; rebuilding it, in fact, with stone on stone; replenishing empty bins and empty cupboards; bringing warmth to hearts and hearths too long neglected.
Seeing all things with a mother's sixth sense that's blind to jealousy and meanness.
Reaching out her hands across the sea to No Man's Land to comfort thousands who must stand and wait in stenched and crawling holes and water-soaked entrenchments.
She's cheering thousands, feeding thousands, healing thousands from her store; the Greatest Mother in all the World—the RED CROSS. Millions of loyal Americans will pledge a part of each month's earnings during June, July, August and September.
What Will You Do To Help?
Red Cross 2nd War Fund May 20-27
$100,000,000 must be raised in America
Every cent given to Red Cross War Fund goes for War Relief.
The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.
It is made up almost entirely of volunteer workers, 10,000,000 unselfish Americans.
It is today bringing relief to suffering humanity, both military and civil, in every war-torn Allied country.
It is there to help our soldier boys in time of need.
By helping the starving women and children in the ruined districts of France and Italy it performs a distinctly military service. A soldier who knows that Red Cross is helping his family fights with renewed spirit.
Thus does Red Cross help to win the war.
Congress authorizes it.
President Wilson heads it.
The War Department audits its accounts.
Your Army, your Navy, and your Allies enthusiastically endorse it.
Twenty-two million Americans have joined it.

Mothers' Day In The Willoughby Churches

Rev. H. E. Bright gave a most impressive talk at the Methodist church Sunday morning for the mothers' day services. Many of the listeners were moved to tears. A beautiful new flag floated in the church, the gift of Mr. and Mrs. A. H. Van Gorder, not for their boy alone, Mrs. Van Gorder had said but for all the boys. Previous to the church service Mrs. Van Gorder gave a talk of extreme interest to the Sunday school children. She had just returned from a visit to Lieut. Geo Van Gorder's camp previous to his departure with his ship.

AUTOMOBILES PROVIDED FOR MOTHERS AT CHURCH OF CHRIST.

Mothers' Day was observed in the Church of Christ last Sunday morning. Automobiles were provided by the members of the church to bring the aged and mothers or otherwise unable to come. A sermon entitled "Mothers of Great Men" was delivered by the pastor. Quotations from great men in which they laid emphasis upon the fact that they owed their successes in life to their mothers, were read. These suggested the fact that to have great men we must have great mothers. Yet greatness is not measured by position and wealth, but by the inner character. And no one is so instrumental in shaping character as the mother through her influence over the child in its early impressionable years. So all mothers have the privilege of being mothers of great men by the character that they develop in their sons.

REV. L. P. McCULLOCH LIKENS MOTHER TO THE CARNATION SYMBOL.

Rev. L. P. McCulloch took as his theme the carnation that is used to show honor to the mothers. He drew a lesson from its purity and strength, from the lasting qualities which it shows and from the richness of its development, all of which he likened to the qualities of the mother. Ernest Birkholz sang, "Face to Face." The choir sang, "Tell Mother I'll Be There," with the solo part taken by Mrs. Otis.

Bomber Blank intimates that the boche responsible for the bayonetting has not bayonetted any one since. U. S. Senator Nerris of Nebraska will be another speaker at this meeting and there will be music by two bands.

Hippodrome

B. F. Keith's Hippodrome has arranged a rare treat for next week's program of vaudeville features. Bessie McCoy Davis, widow of the late Richard Harding Davis, whose return to the stage was one of the events of the season, will be the headline feature de luxe. No lady on the stage today has won more universal popularity than Bessie McCoy. Her Yama Yama dance will be handed down as one of the monuments of the stage. She will be assisted by Thomas Conkey and Henry Coote in a period dance revue. This act has been declared to be the most beautiful and striking novelty of the season. Of course it would not be complete without the Yama Yama number which will be given as an encore. The Hippodrome management has received numerous letters of request asking that Williams and Wolfus and their funny "Hark, Hark, Hark" sketch be booked before the season closes. By rearranging the entire booking of the New York office this act was selected to play Cleveland next week. Those who have seen this act will want to see it again, and those who have not will certainly be happy to know that this funniest of all acts will be here. Eva Taylor, who has always been a favorite in Cleveland, will appear with Lawrence Grattain in Mr. Grattan's latest playlet success, "Reggie's Gift." It is unquestionably the best act Miss Taylor has ever presented and it will probably be made into a three-act drama for next season. Larry Reilly and his Celtic players will make his first Cleveland appearance in the dainty musical novelty, "The Minstrel of Kerry." Marshall Montgomery, America's premier ventriloquist, needs no introduction. He is coming next week with something new in his line of endeavor and judging from past visits his act should be most welcome. Other entertaining features will be Lloyd and Wells, Southern dancers; Lazar and Daly, blackface comediens; Derkins' animals and the Kanazama Japs.

Standard Theater

"The Doctor and the Woman," a feature photoplay that has stirred up the whole country will be shown at the Standard theater the week of May 19. The story is a screen adaption of Mary Roberts Reinhart's novel "K." published in McClure's Magazine, and will be remembered by thousands. Mildred Harris, the dainty little star, plays the principle role, and does even better work than she did in her other big success, "The Price of a Good Time." With her appears True Boardman, a star who needs no introduction to picture fans. The picture is an interesting one from start to finish, and the management would rather quit writing the story of the play as it wants its patrons, to follow it on the screen, and be spellbound with its numerous incidents, and surprises, that are better seen than described. Also one of the latest Mack Sennett comedy features will be shown and this promises to be one of the best shows in town without an exception.

Another good way for the bride to tell when the honeymoon is over is to notice when he begins kissing her like she was hot soup.

SOMETHING ABOUT THE SINGERS' CLUB AND THEIR CONCERT

Local Singer Receives Praise

Written for this paper by
MILO E. JUDON

The Singers' Club of Cleveland gave their final concert for the season Tuesday evening at the Grays Armory.

It was a great event for the club and also for musical society in Cleveland, it being the silver anniversary of the club.

Twenty-five years ago the Singers' Club was founded by Carroll B. Ellinwood with then about thirty members and has grown rapidly until today with 130 members under the leadership of Mr. Albert R. Davis the club enjoys the reputation of being the best of their kind and for their intellectual and interpretative singing.

The audience was the largest in the annals of the club and many numbers were repeated or encores called for.

The program varied from swinging and tripping melodies to heavy exacting numbers.

Mr. Carroll B. Ellinwood, founder of the club, directed in the singing of Suome's song.

The big number of the evening was Henry Van Dykes. The name of France with music arranged by James H. Rogers of Cleveland. It was a beautiful and affectionate tribute to our great ally, France.

"The Way of the World," written by Homer B. Hatch, a present member of the club, was given and received with much applause.

"The Song of the Camp," a big inspiring number by Stewart was given and a baritone obligato was beautifully sung by Mr. James A. McMahon, a member of the club, and well known to Cleveland musical circles and elsewhere.

The two soloists for the evening were Margaret Keys, contralto, and John Bornes Wells, tenor, both favorites in Cleveland, were much enjoyed and applauded.

The closing number Greigs Land Sighting was given in which Mr. Francis J. Sadlier, an old club member, sang an obligato solo and all the former club members in the audience were called to the stage and assisted in singing this number after which the Star Spangled Banner brought the concert to a close.

The soloists of the evening were accompanied by Mr. Alexander Russel, a famous composer. The club was directed by George Gale Emerson. Charles T. Ferry, a Cleveland composer and Charles E Clemens, a former director of the club.

After the concert a reception and luncheon was given the Singers' Club members and their friends by the Ladies' Fortnightly Musical Club at the Statler ballroom and a beautiful silver loving cup was presented to Frederick E. Gates, president of the Singers' Club to show their esteem and appreciation of the Singers' Club and what they have done in making Cleveland one of the greatest musical centers.

Whenever you find it impossible to tell twins apart tell them together.

Miles Theater

The Miles show next week will surely be in Class A-1. Every act on the bill is a recognized standard vaudeville attraction of unusual merit. Harry Bulger, late star with Cohan's Revue and other Broadway successes, will headline the show, offering a diversion of character delineations and comedy vocal numbers. Maurice Samuels & Company present the comedy dramatic playlet, "A Day at Ellis Island," with special scenery showing New York harbor, and the tribulations of an Italian immigrant landing in America. The Sully Family of five people have a hilarious comedy called the "Information Bureau." The Empire Comedy Four will entertain with comedy and songs that have made them famous, the world over. Joseph K. Watson offers humorous Hebrew comicalities in story and song. Lucy Gillette, a wonderful female juggler. does seemingly impossible tricks with light and heavy objects. This wonderful vaudeville show will be augmented with one of the most sensational five-act photoplays ever screened, starring H. Barney Sherry in Who Killed Walton?

Colonial Theater

"The Naughty Wife," farce by Fred Jackson, is at the Colonial next week under the auspices of Selwyn & Co., who specialize in riotous farce. It has had a good New York run, has been well liked on the road, and it brings a company which should give the best sort of performance. Charles Cherry heads the cast, which includes such well known and capable players as Blanche Yurka, Beverly West, Charles Mather, Ethel Intropodi, J. Harry Irvine, Francis Byrne and William Bittner. It will be a lively show.

Opera House

"My Four Years in Germany," film version of the popular book by James W. Gerard, former United States ambassador to the imperial German court, is at the Opera House next week. The book has proved of great value in arousing the American people to the nature of the contest in which they are engaged, and the film, made under the personal direction of Mr. Gerard, has been warmly received in many cities. It tells the truth, which is a great thing in a film. The government, of course, has approved it for its propaganda value.

LOOKEE! KIDDIES! CIRCUS IS COMING

Ringling Bros. Mammoth Show and Great Spectacle Will Soon Be Close at Hand

"Ringling Day," the big holiday for which young and old impatiently wait at this season of the year, promises to eclipse all other events on the calendar at Cleveland, Friday and Saturday, May 21 and 25.

Exhibitions will be given both afternoon and night. It would seem as though everybody in this locality were planning to attend. Those who do will see many wonders. There will be the great street parade—more than three miles long this year—no end of strange and remarkable wild animals in the gigantic Five-Continent Menagerie, and whole hours of sensations in the mammoth main tent. This season the Ringling Bros. are opening their program with a wonderful spectacle entitled "In Days of Old." More than 1200 actors take part in the great production, which tells the story of the days "when knighthood was in flower." There is a ballet of 300 dancing girls and no end of other striking features. Following the spectacle will come a thousand arenic sensations. There will be seventy riders, headed by May Wirth, who somersaults from the back of one galloping horse to another. Lily Leitzel, the world's greatest aerial gymnast. Australian woodchoppers felling giant trees. Hillary Long, who leaps the gap on his head, and a world of other starting features. Eighty clowns will furnish fun and more trained animals and trick horses and elephants will appear than ever before.

Apparently the kaiser proposes to capture Paris if it takes his last subject—and he has not enough subjects.

Cedre de Virginie Chests

Cedar, with its rose-red heart, is the ideal wood in which to keep things of sentimental as well as material value.

Juniperus Virginiana, as the botanists classify red cedar, has a fragrance pleasing to the human sense but obnoxious to insects.

The compactness of red cedar excludes moisture and thus further protects the contents of chests made of this material.

The Sterling & Welch Store presents a collection of Red Cedar Chests in period designs, some of which are brass-bound and otherwise embellished

OUR POLITICIANS

Insofar as the Cuyahoga County Democratic executive committe is concerned everything is all to the merry for its candidates for congressional, legislative and county offices.

With the exception of County Clerk Ed. B. Haserodt everybody on the slate was endorsed for the primary race which occurs August 13.

Gee, that's a bad looking date for somebody, either Democrat or Republican.

Neither Congressman William Gordon in the Twentieth District, nor Congressman Bob Crosser in the Twentieth District, both Democrats, was endorsed to make a try for renomination.

Undoubtedly, however, they will make the run on August 13, willy-nilly.

Those who were picked to go after the nomination are State Senator Charles A. Mooney in the Twentieth District, and John J. Babka, assistant county prosecutor, in the Twenty-first district. This action means there is to be the hottest kind of a battle between the committee's choice and the friends of Messrs. Crosser and Gordon.

* * *

James G. Blackstock, custodian of the county building, was sanctioned for county clerk, to succeed Haserodt on the ticket. He is very popular with the rank and file of his party and will make a particularly strong candidate.

To Oppose Congressman Emerson

Attorney Charles Higley was selected to make the race in the twenty-second district against Congressman H. I. Emerson, Republican, who will be indorsed by his party organization. Mr. Emerson has the distinction of having stood back of President Wilson in his war measures and will no doubt receive the solid vote of the Republicans in his district at the November election. He will have no opposition at the primaries, it is believed.

* * *

Commissioners Unopposed

The present county commissioners will again be candidates for the office, as all three men were unopposed for renomination by the executive committee. They are President Joseph Menning, Frank T. Andrews and James Kelly.

* * *

Boyle and Zangerle Are O. K.

Merit will tell, so it was to be expected that these two capable officials would again be stamped O. K. by the Democratic leaders and County Treasurer John J. Boyle and County Auditor John A. Zangerle will have the solid vote of their party at the primary election.

* * *

The Other Candidates

For county engineer—William Stinchcomb.

For county recorder—Hosea Paul.

County prosecutor—Samuel Doerfler.

Sheriff—Ed J. Hanratty.

Coroner—Dr. P. J. Byrne.

Ohio Senate—William Agnew, Charles Wagner, Howell Wright and Thomas M. Norris.

Ohio House of Representatives—Norman R. Bliss, M. J. Walsh, Joseph Lustig, Joseph S. Backowski, E. J. Hopple, John J. Kilbane, George S. Myers, James S. Reynolds, John G. Smith, Tom Reynolds, Frank Delahanty, George F. Greve and Tom R. Brannon.

LUNA PARK

Three Armstrongs in "A Night in the Everglades," are featured on Luna Park's free vaudeville bill next week. Theirs is an unusual contortionists' act. Other acts are those of Mlle. Paula, Queen of the Air; Johnson and Crews, singers and dancers; Du Rocher and DeLeg, novelty musical act; Leonard and Louie, some different acrobats, and Nadolyn, comedy juggler. There will be free motion pictures also, and concerts by Gugliotta's band.

Star Theater

The "Liberty Girls," Drew and Campbell's own show plays their own house next week. Jack Conway is the featured player, and the cast includes such burlesque notables as Parry Melton, Mae Penman, Hilda Giles, Charlotte Worth, Brad Sutton, James Collins, Mike Puglia, and the acrobatic team of Paynton and Green, which is one of the best in the business. The two-act farce with music is called "Reilly and the Seminary Girls," and it makes a good show. The attraction is pretentiously staged and costumed, and the list of performers is its guarantee of laughs.

Empire Theater

Jack Reid's "Record Breakers," long a favorite organization on the wheel of the American Burlesque association, plays the Empire next week. Reid stars, and he has capable support in such players as Mildred Howell, Norma Jerome, Miola Elliott, "Toots" Kemp, A. Bonham Bell and Bob Startzman. The bill consists of two farces with music, "Looney Park," and "The Gay New York." There will be vaudeville specialties for good measure, and a big and attractive chorus will have a chance.

CRACK SALESMEN VANISH FORM AUTOMOBILE CIRCLES

Astute buying has taken the place of selling in automobile circles. The change has been brought about by the voluntary restriction of war-time production by motor car manufacturers, and by the universal wave of economy which has taken possession of the United States.

Such is the view taken by S. N. Sutter, located at 2027 Euclid avenue, Cleveland dealer for the Standard Eight.

"There is less need for the crack salesman in automobile sales rooms today than ever before in automobile history," declares Mr. Sutter. "A keener, shrewder sense of automobile values has put real back-bone into the loose buying of old. Cars are being bought today instead of sold. Most of our manufacturers could readily sell more cars than they can produce. The war's requirements have tended to remove crack salesmen from the motor rows and to increase the importance and need of expert service men. Motorists are now in a frame of mind where they are determined to get the last atom of power and usefulness out of their cars, and in this effort the work of the service expert is essential."

The Standard Eight is built by the Standard Steel Car Company of Pittsburgh, Pa., makers of railroad rolling stock.

Homes Are Building

Select your lot now. Make a start toward a home of your own. The easiest way, the way most people have become happy home owners is to buy a lot, pay it off as quickly as possible, get a building loan, and then pay off the loan the same as rent.

You are invited to discuss with us, without obligation, our co-operative plan, which makes it easy for you to own your home.

Willoughby-Euclid Avenue Subdivision

60x200, $480 up. 80x200, $640 up.

Terms very easy, a little down, a little a month, with liberal cash discount.

Protected by conservative restrictions, of one house, for one family to the lot, with complete improvements (including sewer, water, sidewalks, shade trees, parks, tennis courts and paving) now being installed, this property offers an exceptional opportunity to secure a beautiful homesite in the choicest residence district of Willoughby.

Because of the increase in land values it will not be possible again to buy equally well located and developed property in Willoughby, at these low prices.

Buyers of our property at present initial prices may be absolutely certain of a generous increase in value.

Now is the time to act. Don't put it off. Delay will mean second choice and a higher price. Take advantage of present high wages and get started toward that "home of your own" you have dreamed of and longed for. We will be glad to show you how you can have it, with very little money. You can pay for it the same as rent while you use and enjoy your home.

Representatives on the property Saturday afternoons and Sundays.

Well I think we've had about all the rain we need for a time at least. In some places on the Flats we've been informed the water went clear over the road and culvert bridge and washed the seeds right out of gardens that had been planted.

People around here on Waite Hill are busy getting ready and some have already planted their corn. W. S. Hobart planted one field on the 9th as last year the frost caught the corn before it matured and we didn't have a single good ear of corn. He may have been a little too early this spring as the frost may cut it down as soon as it peeks through the ground unless this cold spell dont' let it come up at all.

C. C. Webster and family have moved back to Kirtland and are occupying the S. Traver house. By the way, there isn't any place much better than old Kirtland to live in. Perhaps I may be a little partial to my home town, which would be quite natural, wouldn't it?

Ford Tractor Scrapes Road

The Tannenbaums have got one of those Ford tractors and were out with it today scraping the roads. They surely are a wonderful machine.

The Hobart family were Painesville visitors Tuesday.

Dale Curtis, wife and children, were Sunday guests of Mr. and Mrs. Walter Metcalf.

* * *

Mr Eben Curry was taken to a Cleveland hospital for an operation Thursday last, returning Friday and is getting along nicely.

* * *

Miss Minnie Yaxley was taken ill Monday an a doctor was called and gave her treatments, and thinks she'll get along all night.

* * *

Mr. Dave Hill, our former Kirtland miller, who was taken to the hospital several weeks ago for an operation for mastoids, is getting along fine, and will soon be all right, we're pleased to note.

Mr. Frost, Please Note

The city people are a little slow about getting out to their country homes on account of so much cold rainy weather, I suppose, but the weather this Tuesday morning is just lovely. "It's just a peach."

What Kind of Water Do You Drink?

For a hundred years or more MINNEHAHA SPRING has poured forth every hour two thousand gallons of sparkling water as pure and clear as a mountain stream.

The spring is situated on a high natural gravel cliff from which MINNEHAHA water percolates through miles of clean gravel and sand.

At the spring in a modern and sanitary bottling house the water is bottled and sealed in clean bottles ready for delivery.

The danger to health from drinking lake water is too great to warrant the risk (especially during the summer months).

It is a mistake to think that the boiling of lake water makes it fit to drink, if it is contaminated with filth when it goes into the kettle, it can not be good wtear to drink when it comes out.

Order a case of MINNEHAHA Sparkling Water, it is a natural spring water with a satisfying taste. You'll like it, and the cost is but little.

LEGAL NOTICE

Amelia Kern, whose place of residence is 1001 Market St., Reading, Shasta County, California; Gustave Ossman, whose address is unknown; Mary Rhode, whose place of residence is Castle Rock, Wash.; Herman Rhode, whose place of residence is Castle Rock, Wash.; Louise Rhode, whose place of residence is Castle Rock, Wash., and Anna Rhode, whose place of residence is Castle Rock, Wash., will take notice that Mary Ann Hauser Honeywell, as plaintiff, has filed a petition against them as defendants in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that she is the owner of a life estate by virtue of the following items in a certain will of J. P. Hauser, deceased; that said items 2 and 3 of said will contain the following statement, to-wit:

Second Item: I give, devise and bequeath to my beloved wife, Mary Ann Hauser, all my real and personal estate that I may have and own at my decease of every kind and description; or that I may have any right or title to by heirship or bequest, for her own proper use and behoof, as long as she doth live, with the right to use the same in such manner as she may think best, without impeachment of waste.

Third Item: After the death of my beloved wife, Mary Ann Hauser, the remaining property, if any there be, it is my will that it be equally divided between the legal representatives of my estate and of my wife, Mary Ann Hauser, to share and share alike.

The aforesaid items are contained in the will signed by J. P. Hauser, on the 19th day of January, 1883; that the aforesaid will has been duly admitted to Probate and record by the Probate Court of Cuyahoga County, Ohio, and was known as Probate Court case No. 7391 and is recorded in Volume X, page 381; that the premises in which said plaintiff hereinbefore holds a life estate in and by virtue of the said will of J. P. Hauser are described as follows:

Situated in the township of Independence, County of Cuyahoga and State of Ohio, and known as being 15 acres off of the east side of a certain tract or parcel of land sold by John A. and Harrietta Granger, by deed to Geo. A. Cochran on the 15th day of March, 1866; said tract or parcel of land so conveyed and of which the above 15 acres is a part, is described as follows:

Being situated in the town of Independence, said County of Cuyahoga, being sub-lot 20 of J. A. Granger's subdivision of a part of Tract No. 1 east of the Cuyahoga river in Independence and containing 39.50 acres of land.

That by the terms of said will plaintiff was to have and hold a life estate in said afore described premises; that the premises so described consist of a small farm situated on Granger Road in the Village of South Newburgh, and that on the said premises there is erected a 6-room house, also a small barn and numerous smaller outbuildings; that all of said buildings and all of the fences on said premises are in need of repair; that the premises are worth $13,000.00, but that the same can be rented for no more than $75.00 per annum, which, after paying the taxes and insurance, leaves no money for the sustenance and support of this plaintiff and for the necessary repairs on said premises, and makes the same a very poor investment.

Plaintiff further alleges in her petition that she is still the owner of said life estate and is in possession of the property; that it will be for her advantage and will do no substantial injury to any of the defendants in interest if the property is sold and the proceeds invested under the order of the Court of Common Pleas as provided by the Statutes of the State of Ohio.

The prayer of said petition is for the sale of said real estate free from said entailments, limitations and conditions, and after paying the costs of this suit, that the balance of the proceeds of said sale be re-invested according to law, as provided in Section 11925 to 11935, inclusive, of the General Code of Ohio.

Said petition is No. 163142 and the above named defendants are required to answer the same on or before the 8th day of June, 1918.

NEAL DRINK TREATMENT, QUICK, SURE & SAFE

Thousands of former drinkers give thanks for the Neal Treatment, which in three days changes craving desire for liquor into tremendous dislike for anything alcoholic.

Nervous drinkers who feel that they can't get along without "bracers" need the Neal Treatment. It is a perfectly harmless vegetable remedy, administered by physicians and taken internally. There are no hypodermic injections.

The treatment quickly restores shattered nerves, clears clouded brains and lets sunlight into downcast, discouraged hearts. Over-indulgence in liquor ruins business, mind, health and happiness. The Neal Treatment, in three days can transform a slave to drink to self-mastery.

If you have a friend who ought to take the Neal Treatment, send him to the Neal Institute, 3920 Euclid Avenue, Cleveland, Ohio. Patrons are treated like guests. They enjoy all the comforts of home and even more privacy. All meals are served in their rooms. Home Treatment can be arranged for those who desire it.

For further information and booklet, address the Neal Institute, 3920 Euclid Avenue, Cleveland, Ohio. Phone Rosedale 3490. Open day and night.

No Clothes Are Better than the Service they give

You can't figure value on the basis of PRICE alone; just because a suit costs you ten dollars more elsewhere than it would here at Bond's—is no sound argument why that suit would give you ten dollars' worth MORE of service than a BOND suit. Fact of the matter is IT WON'T. You pay that EXTRA $10 to the ordinary retailer because it costs him $10 to market that suit.

BOND'S CLOTHES CAN ALWAYS BE DEPENDED UPON.

Evidence that Bond's $20 Clothes are dependable, is seen in our steadily increasing patronage—and, what's more, the man who buys ONE Bond suit, COMES BACK here when he needs ANOTHER. If Bond's Clothes were NOT as good as the retailer's $30 clothes, Bond's business could never have grown to its present tremendous proportions.

$20
FOR ANY GARMENT IN STOCK

Your unrestricted choice, gentlemen, not merely a price to advertise in order to attract your attention—but a price upon which we SPECIALIZE. And because we ARE specialists, Bond's Clothes do save you $10—and we can Prove it. Will you let us?

TO THE WEARER, DIRECT

We are manufacturers: we do not employ road sales men to call on retailers to market our factory output. Our OWN outlet stores, where we sell direct to the wearer, is Bond's plan of distributing our product. This DIRECT method is the most economical yet devised—and you can readily understand this method DOES save the purchaser money—in this particular instance AT LEAST $10.

SWIFT & COMPANY U.S.A.

If Swift & Company Made No Profit

The consumer would pay only ¼ cent a pound less for his dressed beef.

If Swift & Company waived all profit on cattle, and gave it to consumers in the form of lower beef prices, this would reduce the cost to the average consumer less than 25 cents per year for all the beef he eats.

In fact, the packer's profit is so insignificant that if surrendered to the consumer the effect upon retail meat prices would be practically nothing.

It is because of the volume of meat handled that the investor in Swift & Company's business receives a satisfactory return upon his money.

These figures for 1917 are convincing:

The profit of $1.29 per head averages ¼ cent per pound on dressed beef—

Average Receipts:

Per animal for beef	$68.97
Per animal for by-products	24.09
	$93.06

Average Disbursements:

Per animal for cattle on hoof	$84.45
Per animal for dressing, selling and freight	7.32
Net profit per animal	1.29
	$93.06

Willoughby Republican,
Willoughby, O.

Your very excellent display of War Savings advertising and publicity, deserves a word of special commendation from the Ohio War Savings Committee. We have read with considerable interest every issue of the Republican coming to this office and venture the suggestion that the success of the War Savings Campaign in Lake county can be largely attributed to the very excellent co operation you have offered in the local campaign.

Your justifiable complaint about the failure to receive plates has been turned over to Mr. Dunlap who is in charge of the advertising of the state committee, and I am sure he will bring about a proper adjustment of the situation and will make attempts to eliminate any future disturbance of this character.

Very truly yours,
OHIO WAR SAVINGS COMMITTEE
C. E. Dittmer, Publicity Secretary.

LOST NATION ROAD LOSES OUT AGAIN

After a practical surety that the Lost Nation road contract would be let to C. A. Williams of Oberlin Monday morning last, after much consultation and visiting of roads, the matter was brought to a halt again at the commissioners' meeting Monday last. George C. von Beseler explains the matter as follows:

"Through some error an old blue print out of the county engineer's office went to C. A. Williams, who bid on the Lost Nation road. This old plan contained no provision for a road with asphalt on bituminous surface, laid on concrete. Mr Williams, by reference to base for monolithic brick, was intending to lay concrete base 5 inches thick in center, and 3½ inches on the side; whereas the true and original plan for the Lost Nation road should be 6 inch base. The contractor was willing to make it 5½ inches."

Mr. Von Beseler ruled that the commissioners could not advertise for the proposals for asphalt pavement with 6-inch base and then let the contract for 5½. Commissioners thereupon re-advertised for bids for concrete road without any reinforcements. Also for an asphalt surface of 2inches laid on concrete base of 5 inches throughout. The bids, if any are received, will be opened June 5th.

NOTICE TO RESIDENTS OF LAKE COUNTY

By the Manufacturers' Unit

H. P. Wolfe, state director of the Ohio War Savings Committee, Columbus, has appointed the Hon. W. J. Carmichael, chairman of the W. S. S. committee for Lake county. Mayor Carmichael will succeed Mr. Vaughn E. Wyman, who recently resigned.

It is a well known fact that Lake county stands only 55th among the 88 counties of the state based on results thus far secured in the W. S. S. campaign, and on this account Mr. Carmichael was very reluctant to accept the appointment. He feels, however, that Lake county should meet its obliagtion in War Savings Stamps and buy its full share of the world's best investment and he has consented to take on the job.

The W. S. S. Manufacturers' Unit for Willoughby succeeded in persuading him to do this and at a special meeting of their committee held Monday evening, May 20th, they unanimously voted to pledge their full and unqualified support to him to the end of this campaign.

The W. S. S. Manufacturers' Unit for Willoughby urge upon the citizens of Lake county the necessity of co-operating with Mr. Carmichael to the limit in putting this proposition over.

LAKE COUNTY WAR CHEST CAMPAIGN NOW IN FULL SWING; GIVING IS ALMOST UNANIMOUS.

The Lake county War Chest fund campaign is on in full swing, and promises to be most successful. Harry Hammar gave a stirring talk at the American Clay Wednesday noon. Following the talk the employes pledged about $3,000. The Standard Tire & Rubber Co. have pledged one day's pay for seven months; this pledge from every employe making a splendid Willoughby start. There is a spirit of an almost unanimous desire to give on the part of every one approached. One day's pay or receipts per month has been suggested as a standard for the pledges.

The War Chest is a simple common sense method for distributing war contributions fairly, equally and efficiently. Each person in Lake County is asked to give all he can possibly spare, either in a lump sum or in monthly payments, and this money is to be divided among the Red Cross, the K. of C., the Y. M. C. A., and the other benevolences of like character.

The campaign will continue up to and including Monday, May 27th.

WILLOUGHBOY BOY, BORN IN IRELAND, LEAVES FOR SERVICE

Thomas James Irwin, employed at Cline's market, leaves this week with the other boys, for Camp Gordon. Tom was born in the northern part of Ireland and is justly proud of his family's record. With Tom there will be four boys in the service—Sam, Tom, David and Johnnie Irwin, the latter a volunteer and above the draft age. All the boys and one sister, the latter employed by Myron T. Herrick's daughter, in Washington, are naturalized American citizens. The father and mother are still living in Ireland. If there is anyone who doesn't think that the Irwin family, from the north of Ireland, aren't good fighters, better wait till Tom is far away before they mention it.

A service flag floats in the window of Cline's market for this boy who is so eager to fight, he had his name advanced before his turn upon the waiting list. A host of good wishes will go with him and the rest of the boys no matter how far their journey may take them.

ANDREWS SCHOOL HAS OPPORTUNITY TO SELL ICE COMPANY HOLDINGS

A special meeting of the board of trustees of the Andrews Institute for Girls was held in the office of the institute Friday evening, May 17, 1918, at 7:30 p. m. There were present A. H. Van Gorder, president; H. F. Kennedy, secretary, also S. D. Shankland, superintendent, S. S. Wilson, general manager, and H. E. Hammar, attorney.

No quorum being present no business was transacted.

An informal discussion was had in regard to the sale of the Andrews school holding in the New York Ice Company of Maine; an offer having been received from Burns Brothers Ice Corporation to take the property at the face value of the bonds.

Mr. Hammar stated he would see the available absent members of the board and advise them of the importance of prompt decision

MAYOR COULBY WOULD LIKE TO SEE LAKE COUNTY WAR CHEST QUOTA $250,000.

Mayor Coulby would like to see Lake county's war fund quota which is to take care of "Y," K. of C. and Red Cross demands for the rest of the year, $250,000. He said so at the Lake county meeting Friday last, and again when he talked at the Methodist church Sunday evening last. Ten dollars per head in Lake county would mean $250,000. This he called human insurance. He said if there is anyone in Lake county who does not care to invest in this insurance, it is too beautiful a place for him to live in; he had better move out.

"WE SELL THRIFT STAMPS"

THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

This Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The spirit and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES.

Almost every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

Of Them We Ask Their Lives; Of You Only Money
THERE is only one way to give to the Red Cross—give till your heart says stop. A little contribution is only a salve to pride.
This is not to say that contributions of only one dollar, or even of only one nickel, are not desired—and *needed.* *They are!*
For you to give $5 when you can give $25—for you to give $25 when you can give $100, or to give $100 when you can give $500—is to dodge the heaviest obligation that this war has laid upon you. Remember, this is *not* a charity:—this is a *duty.*
No man can tell you how much you ought to give. Except this: that "Over There" the need is so great that only by cutting to the quick, only by giving all that you think you can give and then more—only by giving not a little of your excess but much of it—only by taking from your own children and from your wife and from yourself, can the needs of the men who are fighting for you and the needs of the children of the men who have died for you be met.
Millions of loyal Americans will pledge a part of each month's earnings during June, July, August and Sept. $100,000,000 must be raised.
What Will You Do To Help?
Red Cross 2nd War Fund May 20-27
Every cent given to Red Cross War Fund goes for War Relief.
The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.
It is made up almost entirely of volunteer workers, 10,000,000 unselfish Americans.
It is today bringing relief to suffering humanity, both military and civil, in every war-torn Allied country.
It is there to help our soldier boys in time of need.
By helping the starving women and children in the ruined districts of France and Italy it performs a distinctly military service. A soldier who knows that Red Cross is helping his family fights with renewed spirit.
Thus does Red Cross help to win the war.
Congress authorizes it.
President Wilson heads it.
The War Department audits its accounts.
Your Army, your Navy, and your Allies enthusiastically endorse it.
Twenty-two million Americans have joined it.

LECTURES GIVEN WITH PICTURES OF CAMP SHERMAN

Great Film, "The Remaking of a Nation," Will be Shown Here Monday.

On Monday of next week several men will arrive from Camp Sherman. They have been detailed here by division headquarters in connection with the Camp Sherman motion picture, "The Remaking of a Nation," which will be shown in the Hiawatha theatre Monday and Tuesday of next week. It is designed to have lectures delivered by these men during the presentation of the film.

Besides seeing how soldiers are made at Camp Sherman, an officer will explain the details in connection with the transformation of nearly forty thousand young men from nearly all walks of life into healthy, robust sons of Uncle Sam in four and one-half months time.

Every phase of military training will be fully explained as well as pictured—the boys on the drill grounds, at mess, in their sleeping quarters, at bayonet practice, in artillery work, storming the trenches, as well as at play during the recreation hours.

In many of the scenes the 331st infantry, of which Willoughboy boys are members occupy a conspicuous part. Quite likely you will be able to recognize some of your friends.

The twenty-five cents you will pay to see this picture is your small contribution to a great fund which is to be raised in all cities of the state, and which will be used for all Ohio soldiers in any emergency which may arise after they have reached France.

MAYOR COULBY WOULD LIKE TO SEE LAKE COUNTY WAR CHEST QUOTA $250,000.

(Continued from Page 1)

Don't beg, he said to the war chest workers. Demand it. We have the money, the will and the noblest cause for which money was ever spent, he added. Buying Liberty Bonds, he said further, is a good investment. Even the Shah of Persia took them.

A large crowd was present at the Red Cross meeting in Painesville. More should have heard Mr. Coulby at the Methodist church Sunday night.

He is a man of personality and power and forceful ideas that he does not hesitate to express. In instructing the workers, he said: "Don't underrate your man; start high. Don't think him less generous than he wants to be."

WILLOUGHBY HONORS SOLDIER BOY AT FUNERAL

Willoughby paid honors to its second soldier boy to die in service Saturday last, when Paul Setter was buried with military honors. The services were held in the Methodist church. Rev. H. E. Bright took for his text, "Greater love hath no man than this, that he lay down his life for his friend," and drew from it the story of patriotism that had actuated the life of the dead soldier boy. Mr McMahon rendered two beautiful solos.

Many beautiful flowers covered the casket. The beautiful flag recently presented by Mr. and Mrs. Van Gorder, swayed gently above, doing its first military duty. Two honor guards were stationed by the casket, Earl Granger, and the young man who accompanied the body.

The Standard Tire and Rubber Co. girls and men turned out in large numbers. They carried the beautiful Standard Tire Service flag, which in addition to its regular stars, bore one gold star, for the dead soldier.

E. M. Crowther, E. S. Fairley, C. D. Hern, George Cline, C. C. Cottrell and H. F. Kennedy acted as pallbearers. Members of the G. A. R., Standard Tire and Rubber Company, W. R. C., Willoughby drum corps, Andrews girls and school children, the Red Cross and others marched in the memorial procession and circled around the spot for the closing exercises, where Willoughby's second soldier boy sleeps.

Miles Theater

Winifred Gilrain and her dancing girls will be headlined at the Miles the coming week in a pretentious dancing offering. The act is embellished with the most elaborate setting ever presented at the Miles. Each of the seven artists in the act offer a distinct style of dancing. These individual specialties augmented by the assembled numbers, place the act in a feature class by themselves. Brit Wood, known as the Harmonica Rube, has one of the most unique novelties ever donated to vaudeville. Sampsel and Leonard, late stars with "Good Night Paul," and Flora Bella shows, will offer some of their favorite musical comedy numbers. Mullen and Rogers, in Nimble Nonsense. Donald Sister, vaudeville's leading lady gymnasts, and the Parson Twins, in the laughing skit, "Which One Is it?" makes up a well diversified six-act vaudeville show, which will be lengthened and strengthened with a five-act feature photoplay "The Hand at theWindow," starring Margery Wilson

Standard Theater

"Heart of the Sunset," Rex Beach's most famous novel and screen classic of the great American southwest, will be for the first time in Ohio at the Standard theatre the week of May 26.

"Heart of the Sunset," is not a tale of warfare, but rather a fascinating romance of the border, full of thrilling incidents, such as the daring Texas rangers disregarding international law and sweeping into Mexico in an unofficial invitation of foreign land. The Phillipine "watercure," responsible for one of America's greatest army scandals. A Mexican general burying one of his bandits to his neck in an aunt hill, and filling his mouth with honey. Also an America boy being made to watch through the night a band of Mexican savages digging his own grave,and many more hair-raising incidents too numerous to mention, and such as never were put on a screen before in the history of filmdom. Besides this great production a two-reel Charlie Chaplin comedy will be shown.

LUNA PARK

Elsie LaBergere is featured on the bill in Luna Park's free vaudeville theater next week with a posing act in which she is assisted by three dogs. Wray's Manikins have a turn. Mons, Herbert, the musical chief, will perform. Lawrence brothers and Thalma have a juggling act. Mary Maxfield will sing and dance. Love and Wilbur offer "An Aerial Surprise." There will be pictures, too, and band concerts twice daily.

Hippodrome

After every big patriotic campaign the B. F. Keith Hipodrome offers a wonderful vaudeville program to cheer up the people after hard work in putting Cleveland over the top. Next week a gala show of prominent stars will be presented to the Hippodrome patrons. The regular season is rapidly drawing to a close and there will probably be only two more weeks of the regular season and then the summer season will open. Emma Carus, whose annual visit to Cleveland is always a big event will return with Larry Coamer, the musical comedy star. They will present their newest and best act. A co-headliner and one ofsupreme importance at this time will be Josephine Victor, the well-known dramatic star who will present the powerful and gripping patriotic drama, "The Maid of France." This act opened last week in New York with astonishing success. Miss Victor will be remembered in "The Battle," with Maude Adams; "The Yellow Ticket"; the all star cast of a "A Celebrated Case," "Kick In," "In the Bargain," and "Just a Woman." "The Maid of France" is said to be one of the most inspiring playlets ever seen in vaudeville. Not for many years has an act attracted as much attention in vaudeville as Van Schenck, the two boys who play and sing. They have been on Broadway for two years which is a remarkable record for a vaudeville act. They are sure to prove one of the big hits of this all star group of headliners. Foy, Wilmot and Taylor, making their first Cleveland appearance, with a snappy act, "The Vogue in Song and Dance," will introduce Miss Gloria Foy, who has been hailed as vaudeville's most beautiful girl. Moran and Wiser, the two lads who make funny stunts have a comedy feature to offer and will surely please the Hippodrome patrons. Among the other acts will be Harry and Anna Seymour, with their comedy singing and dancing; Ward and Van, the street musicians, and Harms trio, the comedy fun makers

Star Theater

"The Avenue Girls," Detroit burlesque organization, plays the Star next week for that playhouse's closing attraction It will be a big show and a lively one, richer than most in its string of vaudeville specailties Chief of these is the turn of ten Arab acrobats, the George Hamid troupe. Their number includes pretty much every varity of acrobatics and tumbling and there are dancers, contortionists, balancers and strong men, too. Ada Lum is the featured player in the two-act farce with music

THE RAINBOW

I watch the white dawn gleam,
To the thunder of hidden guns.
I hear the hot shells scream
Through skies as sweet as a dream
Where the silver dawn-break runs
And stabbing of light
Scorches the virginal white.
But I feel in my being the old, high, sanctified thrill,
And I thank the gods that the dawn is beautiful still.

From death that hurtles by
I crouch in the trench day-long,
But up to a cloudless sky
From the ground where our dead men lie
A brown lark soars in song.
Through the tortured air,
Rent by the shrapnel's flare,
Over the troubleless dead he carols his fill,
And I thank the gods that the birds are beautiful still.

Where the parapet is low
And level with the eye,
Poppies and cornflowers glow
And the corn sways to and fro
In a pattern against the sky.
The gold stalks hide
Bodies of men who died
Charging at dawn through the dew to be killed or to kill.
I thank the gods that the flowers are beautiful still.

When night falls dark we creep
In silence to our dead.
We dig a few feet deep
And leave them there to sleep—
But blood at night is red,
Yea, even at night,
And a dead man's face is white.
And I dry my hands, that are also trained to kill,
And I look at the stars—for the stars are beautiful still.

Want To Know How To Keep Your Milk Sweet In Warm Weather—Here's Suggestion

As warm weather approaches there is always more or less criticism of our milk supply. The ice man is not cultivating his field and the milk sours due to the gradually rising temperature.

Milk, as we ordinarily get it, is well supplied with all sorts of bacteria.

These bacteria are not many at the start in fresh milk but as this material is nearly an ideal food, they feast and multiply at an astounding rate, particularly if the milk is not kept cold, so that if nothing is done to inhibit growth, the milk soon sours.

Boiling kills the bacteria but this gives the milk that "cooked" taste.

Now oxygen is needed in most processes of life and is a sustainer of life, but in a nascent state it has peculiar properties.

One of these peculiarities is the power of killing bacteria. Now if we can kill the bacteria in milk without leaving anything in it after this is accomplished, we have something that should be of value in keeping milk sweet a reasonable length of time.

Hydrogen dioxide or peroxide of hydrogen is such a material.

It is a chemical combination of distilled water and oxygen and when pure should contain no other materials; the oxygen is at all times seeking for bacteria and in a true warlike spirit that should appeal to the Germans, it appears under the microscope to literally blow them up—with this oxygen.

The oxygen is given off from the milk and a little distilled water is all that is left to tell the tale of destruction and best of all the milk is now free from bacteria both dangerous ones like typhoid or only plain lactic acid bugs.

The peroxide of hydrogen used should be as pure as can be had, no preservative in it and two teaspoons full to a quart of milk will do the work: stir well and let stand at least five hours before using, to allow all the oxygen to act.

SOLDIER AND NEW CASTLE CHAMBER OF COMMERCE LEADER TALK AT WILLOUGHBY PATRIOTIC MEETING.

Bomber Blank had the misfortune to break his artificial leg, so he could not appear at the Willoughby patriotic meeting Monday night, but another soldier boy was there. He related many heart to heart experiences and did not endeavor to conceal the horrors of war.

Mrs. Eva Caldwell, with the Andrews Glee Club chorus rendered two numbers. They were heartily applauded.

Mr. Frank Shankland, in introducing Mr. William Kennedy of the New Castle Chamber of Commerce, said he was glad to see such a large crowd as the speaker more than merited it. This was true. He had the Scotch vigor, heart interest and feeling, and injected them all into his talk. England's fleet, he said, interfered with the Kaiser's dream of Paris in two weeks, London in four and New York in six.

His talk undoubtedly did much toward giving the Victory Chest campaign [illegible]

WHO SAYS WE'RE NOT TO HAVE A FAIR? LAKE COUNTY IS TO HAVE THE BEST EVER.

The agricultural board of Lake county wish to deny a report that has gained some headway through an article published recently that there would be no county or state fairs this year

The national as well as all state governments are urging very strongly the holding of fairs

Too much depends on the cooperation of the American people to abandon any activity so important as the county fair in its bearing toward the betterment of food production.

The Lake county fair will be held on September 10, 11, 12, 13, and the board of directors are planning for a larger and better fair than ever.

The boys and girls club work, under the direction of County Superintendent Kendall and County Agent C. I. Long have a large membership, and very substantial prizes have been offered to stimulate this work.

These prizes will be given in one half cash and one half in War Savings stamps.

A sum of ten per cent of the net proceeds of the fair will be given to swell the War Chest fund and it is earnestly hoped that each and every county resident will do all in their power to swell this fund by their enthusiastic support of the fair.

MRS. FISHER GIVES SPLENDID TALK

A large audience listened to Mrs. J. S. Fisher at the Methodist church Sunday morning. She is an excellent speaker and presented her subject of foreign missions most entainingly. She mentioned a statement accredited to John R. Mott to the effect that 140,000 Chinamen had enlisted with the allies. This was attributed to the influence of the foreign missions. She appealed to young women to enlist in overseas service for the church, stating that at no time in the history of the world had the opportunity for the church been so apparent. The talk was followed by a collection of pledges and contributions for the foreign mission work.

America's Casualties
6183
Speak Louder Than Words

Every day the war is becoming more and more real—more homes are being touched.

According to the latest reports the number of killed, died of disease, wounded and missing, amounts to 6183.

When our Soldier Boys are willing to give themselves, the least that we can do is to give our money, and give largely in order that they may be properly cared for.

We are asked to give at least one-half of a day's pay each month to help fill the Victory Chest.

What is that when compared with what our boys have given up? Don't be cheap—give one whole day's pay each month, for the most that you can give is little enough.

WILLOUGHBY MUST HAVE DONE THIS. LAKE COUNTY SALES SURPRISE COMMITTEE

Columbus, Ohio (Special)—War Savings Stamp sales reports from Lake county for the week ended May 2 were considerably in excess of the expectations of the Ohio War Savings Committee. The achievement of this county made possible the record attained for Ohio in April of selling more War Savings Stamps than any other state in the country.

In this county, total sales of War Savings and Thrift Stamps to May 1 were recorded at state headquarters as [illegible]. This sum was made largely possible by the increase in War Savings Stamp sales for the last two weeks of April.

For April, Ohio sold enough War Savings Stamps to build seven transports to be used in conveying Ohio sons to France. The total cash deposited in the United States treasury for this period was $6,477,730, a gain of $2,012,697 over March. "The rolling effect of the War Savings campaign shows a constant tendency to expand from month to month, as indicated by the gain April sales of 45 per cent over March," a statement issued by H. P. Wolfe, state director, says.

What Kind of Water Do You Drink?

For a hundred years or more MINNEHAHA SPRING has poured forth every hour two thousand gallons of sparkling water as pure and clear as a mountain stream.

The spring is situated on a high natural gravel cliff from which MINNEHAHA water percolates through miles of clean gravel and sand.

At the spring in a modern and sanitary bottling house the water is bottled and sealed in clean bottles ready for delivery.

The danger to health from drinking lake water is too great to warrant the risk (especially during the summer months).

It is a mistake to think that the boiling of lake water makes it fit to drink, if it is contaminated with filth when it goes into the kettle, it can not be good wtear to drink when it comes out.

Order a case of MINNEHAHA Sparkling Water, it is a natural spring water with a satisfying taste. You'll like it, and the cost is but little.

Homes Are Building

Select your lot now. Make a start toward a home of your own. The easiest way, the way most people have become happy home owners is to buy a lot, pay it off as quickly as possible, get a building loan, and then pay off the loan the same as rent.

You are invited to discuss with us, without obligation, our co-operative plan, which makes it easy for you to own your home.

Willoughby-Euclid Avenue Subdivision
60x200, $480 up. 80x200, $640 up.

Terms very easy, a little down, a little a month, with liberal cash discount.

Protected by conservative restrictions, of one house, for one family to the lot, with complete improvements (including sewer, water, sidewalks, shade trees, parks, tennis courts and paving) now being installed, this property offers an exceptional opportunity to secure a beautiful homesite in the choicest residence district of Willoughby.

Because of the increase in land values it will not be possible again to buy equally well located and developed property in Willoughby, at these low prices.

Buyers of our property at present initial prices may be absolutely certain of a generous increase in value.

Now is the time to act. Don't put it off. Delay will mean second choice and a higher price. Take advantage of present high wages and get started toward that "home of your own" you have dreamed of and longed for. We will be glad to show you how you can have it, with very little money. You can pay for it the same as rent while you use and enjoy your home.

Representatives on the property Saturday afternoons and Sundays.

Get Ready NOW

It is absolutely vital for every consumer to get his coal NOW—all that he needs for the winter. Then he will face no shortage himself and he will not be creating a shortage some place else.

The above statement was made by L. A. Snead, Assistant United States Fuel Administrator, on his recent visit to Cleveland.

This statement closely follows one made from Washington that the fuel situation next winter will be more acute than last unless everybody lends a helping hand.

Gas Service saves millions tons of coal every winter. During the coldest weather it displaces over 30,000 tons of coal in a single day.

But even so, the gas supply has proved inadequate to meet every demand made upon it on the extremely cold days.

That is why we again urge our customers to install auxiliary heating appliances for use next winter—and to get the necessary fuel for these appliances immediately.

Don't put it off. Do it now.

The advice of our experts is free.

CANNED TUNA FISH
The Tuna Fish is a very large fish found in the Mediterranean and along the Atlantic and Pacific coasts of North America. It often attains a length of from 12 to 15 feet so you may know it is "some fish." It is caught in nets arranged in funnel-form and is pearly black or dark blue above with silvery sides and is white or silver spotted on the under parts.
The flesh is considered a great delicacy, and is eaten both fresh and preserved, in cans and otherwise, in salt and oil. It is as delicate and delicious as the breast of chicken, and especially fine used in tempting salads. Our Banquet Brand is packed specially for us in California and contains only the most desirable part of the fish which is the white meat. It is delicious as a sandwich placed between thin slices of bread and covered with a spread of your favorite salad dressing. It is economical because there is no waste—no bone, no skin—all pure white meat.

When you buy Bond's Clothes it is not a matter of whether or not you can afford them—but ratehr a question of whether or not you can afford NOT to buy them. MEMORIAL DAY PARADE EXCEEDS ALL PREVIOUS DEMONSTRATIONS

The strains of the Star Spangled Banner opened and closed the Memorial Day services in Willoughby, the most impressive and probably the largest demonstration of the kind that Willoughby has ever had. The music floated out from the Presbyterian church Sunday morning as the Woman's Relief Corps and the G. A. R. marched in for the memorial services there; the words of the same music closed the activities in the afternoon. Between this opening and closing much that stamped Willoughby's Memorial Day Sunday, as not only a patriotic occasion, but one of impressiveness and merit, occurred.

Marchers Form at School

The marchers formed in and around the Andrews school grounds. It is estimated that 1261 were in line. The Painesville, Cleveland Crane, Wickliffe Italian bands, and the Willoughby Drum Corps furnished the music. The Knights and the various organizations represented made a splendid showing. Little Ellis Chesbro and Joseph McCarthy, Jr., in khaki suits, made most interesting and untiring little leaders.

The little folks from the lower schools, under the direction of Miss Blaine, also deserve special mention. They kept step well, and were greatly admired all along the line. During the ceremonies at the church Miss Blaine kept them entertained until time to march again.

* * *

Andrews School Girls Carry Off All Honors.

As marchers, the Andrews School girls could not be excelled. Folks who have seen many soldiers stated that the Andrews girls marched fully as well as a company of trained men. Their splendid time and soldierly bearing showed the result of work and practice. They were a credit to their school and to the town.

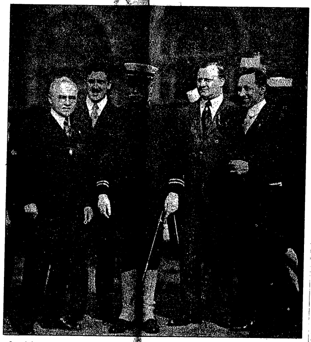
NOTICE

Due to the fact of Decoration Day, Thursday, May 30th, being a legal holiday, it is necessary for The Republican to be made up Wednesday, one day earlier than customary. Some items of news are therefore unavoidably omitted.

Sousa and Willoughby Club President and Other Ad. Club Members



One of the great events in the wonderful Victory Chest campaign in Cleveland, for which the Cleveland Advertising Club must have credit, and of which the club is justly proud, is the bringing of the Great Lakes Training Station Band, under the direction of Lieut. John Philip Sousa, to Cleveland. Sousa, some one has said, might almost be held responsible for the war. His marches inject so much spirit and desire to march, in everybody His music certainly helped to inject a marvelous spirit into Clevelanders, as the Victory Chest results show. The above picture shows Sousa, who is beloved in all countries, and the members of the Ad Club who were responsible for bringing him here. At Sousa's right is M. A. Vinson, manager of the five-day party; S. S. Wilson of Willoughby, president of the Ad Club, and at his left F. M. Boughton, vice president and J. M. Harris, vice president.

WILLOUGHBY HAS MANY 100% BUSINESS HOUSES; ALSO ONE 200% FIRM.

All the employes of the Economy Engineering Co. contributed to the War Chest fund, making it a 100% establishment. This is also true of the I. M. Crowther garage. The Standard Tire & Rubber Co. would really come under a 200% rating, as while the firms in Cleveland who were given the 100% rating, were those where the employes had each pledged one-half day's pay per month for seven months; the Standard Tire & Rubber Co. employes pledged a full day's pay per month for the period covering the balance of the year. This is a record the Standard people have reason to be very proud of Willoughby, too, may be proud of its 200% patriotic manufacturing firm.

Read the record of The Citizens Loan & Building Company of Painesville, O., in this issue.

REV. A. P. HIGLEY TELLS WHY SO MANY GOOD PEOPLE WANT TO COME TO WILLOUGHBY IN OPENING SPLENDID PATRIOTIC SPEECH.

Willoughby Chamber of Commerce Has Successful Ladies' Night.

The Willoughby Chamber of Commerce celebrated its first ladies' night, Tuesday. The affair was an entire success, and the chamber is to be congratulated on the delightful entertainment provided. The Epworth League girls served a most appetizing and enjoyable supper most efficiently. They will use the proceeds for the Fresh Air Camp conducted by the Methodist churches near Painesville.

James McMahon sang, and the audience sang with him; songs which appeared upon a printed program. It afforded some moments of pleasurable and enthusiastic music.

The Rev. A. P. Higley, speaker of the evening, was introduced by L. B. Stockwell, president of the chamber. He is a most happy and forceful speaker, coming close to his listeners in a sympathetic and heart stirring manner. He could easily understand,

WILLOUGHBY WAR CHEST RECORD EXCEEDS ALL EXPECTATIONS

By Frank Shankland

Willoughby's contribution to the War Chest at 2:30 p. m. Tuesday had passed the $20,000 mark, with six more solicitors to be heard from. The most remarkable thing about the drive was the record made by the employes of the Standard Tire & Rubber Company, who gave a day's pay for each of the next seven months. Employes of the American Clay Machinery Company had increased their total Tuesday noon to $3558.87. The largest single gift in the township was $2000.00 from H. M. Hanna. Mrs. S. W. Tucker gave $1000.00, Mrs. Osborne $500, Samuel Austin $700, John Sherwin $500, and Mrs. C. A. Otis, $200.

All of the solicitors worked hard and faithfully and deserve great credit. But few slackers were reported in the village or township, and most of

Decoration Day Parade

(Continued From Page One)

splendid big service flag and probably marched so well because they are a 200% War Chest organization.

* * *

The ambulance corps had two Red Cross dogs. Little John Nelson and Roger Davis looked after them.

* * *

Floats Add Much to Parade.

The floats were splendidly worked out and received special mention by every one.

Mr. and Mrs. John Barnes supplied the teams for the floats.

Mrs. Cecil Todd represented the "Columbia" upon one of the floats. Miss Belle Yaxley, Mrs. Lamb, Mrs. Samsel and James Marble, who took the part of a wounded soldier, aided in representations; as did Mahlon Rentschler and Edward Olsaver. The "Greatest Mother in the World" was well worked out and portrayed by Mrs. George Collister.

The truck with the boxes marked for the boys, tobacco, candy, sweaters, etc., came in for interesting mention along the route. Pajamas for convalescents are the local Red Cross branch's main work. They make them with three pockets on the coat, so that the men may have plenty of room to carry their belongings about in. This department was well represented by a float. Mrs. Birkholz and Mrs. James Smart and Mrs. Emma Randall worked busily, and Gyneth Kenning and Mary Lee Carmichael represented the Junior Red Cross.

Mrs. John Barnes was responsible for many of the "float" ideas.

Miss Beatrice Baker of Cleveland took the part of the convalescent soldier. Fifty or sixty Red Cross marchers were in line. The K. of P. services, a short address by Mr. Emerson and taps by Charles Richardson, closed the ceremonies at the cemetery.

* * *

The Hon. Henry I. Emerson and Dr. Stocking gave the memorial address. The services were simultaneous at the Methodist church and school. M. J. Rentschler presided at the Methodist church. "Keep the Home Fires Burning," was splendidly rendered by Caroline Stewart of the Andrews school. Her voice is one that certainly merits continued training. She was accompanied by the Andrews Glee Club. Too much cannot be said of Mr. McMahon and his splendid quartette, which was so highly commended by Schwab, the great steel man while he was in Cleveland. The songs they rendered were beautiful. Many in the audience were moved to tears.

* * *

The Willoughby Male Quartette

Special pleasure was given the audiences by the singing of the Willoughby Male Quartette, which is always greatly enjoyed.

* * *

Moses Cleveland and Capt. Ellen Deliver Gettysburg Speech.

A feature of the occasion at both the church and the school was the reading of the speech at Gettysburg. Moses Cleveland, G. A. R. Veteran of 97, made the speech at the church. Capt. Ellen gave it at the high school. Much applause greeted each speaker.

The closing exercises of the day when the mothers, who marched so splendidly, presented the service flag to Willoughby, was touching in the extreme. They were not many dry eyes when Dr. Stocking gave the benediction. But the service flag and the beautiful new American flag floated proudly above. The sky was blue and a peace that all may hope is typical of what is to come, prevailed, as the assemblage broke up and the Memorial Day exercises in Willoughby came to a close.

Rev. Higley Tells Why

(Continued From Page One)

he said, after complimenting the chamber upon their efforts, why so many good people came to Willoughby. Coming out, he continued, one appeared to be getting nearer and nearer the promised land. Willoughby; he explained, has the "come hither" look in the eye and this persuasiveness, it is difficult to resist. Mr. Higley has recently returned from a trip to Montgomery. He described the camp, and the recent pictures of Camp Sherman life, shown at the Hiawatha called to mind, aided in recognizing the life at Camp Sheridan as he described it.

Sincerity, genuine sympathy, friendship and reality are generated at the camp, he said. An indominable spirit is being built up that will win; but the sword will perish. "The man with a dream; the man with the love of the superior in his heart," will win, he continued. Cannons and swords perish; ideals never die. Our boys are learning "how to whip hell out of the kaiser," not to become part of a military system. When the job is done, they will return to their mothers and a joyous peace, he outlined. Mr. Higley is a winning and engrossing speaker. As the attraction for the first ladies' night, he was a most happy selection.

The Chamber has established a precedent which leaves much to look forward to upon succeeding like occasions.

DEATH OF OLD RIDGE RESIDENT.

Cephas Gillette, aged 87, died at his home on the Ridge road, at Stop 35, Saturday last. The funeral occurred at the Gillette home on Union street Monday. Mr. Gillette was a long time resident of, the township, and had lived on the ridge for about 40 years. He originally came from Massachusetts, and married Mary Hadlock, connections of whom now reside upon Waite Hill.

One son, Clark Gillette, five grandchildren and four great grandchildren are the immediate family surviving. These include Palmer Gillette and Lieut. Gillette, who left this week for France; also Mrs. Norris French, Mrs. C. P. Weaver and Mrs. Sidney Cavenaugh, of Cleveland.

CAPACITY AUDIENCE WITNESSES MENTOR SENIOR CLASS COMMENCEMENT.

When L. V. Mills, principal of the Mentor schools, stated in his brief talk at the commencement last Friday night that he believed the large turnout indicated the deep interest the village folks take in the schools, he must have touched a responsive chord in the hearts of his listeners, for surely Mentor always turns out a capacity audience for anything in which the pupils are interested. The program was most excellently rendered throughout. Everything turned out splendidly for Misses Ruth Barnes, Edith Todd and Hazel Searl when they got into difficulties by attending a mask ball without permission, when they discovered that Allen Joseph Swain, the sedate instructor at their female seminary, had also attended the same party. George Alton Downing and Henry Consla helped the culprits out considerably, and every one was pleased when the Queen of Hearts and the Instructor fittingly closed the play. The Juniors added a lively and unexpected touch to the proceedings at the close by marching down the aisle and appearing upon the stage, rendering some original remarks in song.

Henry Sandburg, taking the place of Fred Wood, who was absent, gave an interesting talk in presenting the diplomas to the eighth grade.

Following is the program:

Piano duet, "Grand Valse Brilliant" . . . . . Schulhoff
Marion Nott, Margaret Horn
High school chorus, Vocal Gavott . . . . . Carl Bohm
"The Queen of Hearts"
A Comedy in One Act by the Class
Characters:
Geraldine Bruce, a Senior . . . . . Ruth Brown Barnes
Dolly Hilton, her cousin, a Freshman . . . . . Edith May Todd
Marion Kendricks, a Senior . . . . . Hazel Josephine Searl
Fitzhugh Chauncey, Instructor at Weston . . . . . Allen Joseph Swain
Gerald Bruce, a Yale Senior . . . . . George Alton Downing
Tim Gregg a Yale Freshman . . . . . Henry Consla
Scene—Western College.
High school chorus: "Blow Soft Winds" . . . . . Vincent
Class . . . . . L. V. Mills, Principal
Diplomas . . . . . T. D. Morley, President of the Board.
High school chorus: "The Morning Ramble" . . . . . Veazie
W. N. Cheney, Music Director
Presentation of Diplomas to the Eighth Grade . . . . Henry Sandburg
Members of the board—T. D. Morley, president; J. Ralph Roberts, vice president; Louis Merkel, C. P. Quigley, C. N. Rexford.

Some very pleasing comments were heard as to the excellent and commendable manner in which Mr. Mills is conducting the schools.

Our little town of Kirtland as usual is going "way over the top" in the War Chest fund. Old Kirtland never lags behind in any good work and Lake county, too. I'm sure we'll make a good showing as she always does, but as yet we've not the exact figures.

A Memorial Bouquet From Waite Hill

Memorial Sunday called out a large crowd of people from far and near and the program was carried out in fine shape and was indeed very interesting, although solemn, especially the mothers' parade carrying the new service flag. The speaking and music by the bands was all that could be asked for, and it was the most interesting memorial we've attended in many years.

DISTRICT NUMBER SIX IS 100% AMERICAN

Last Friday evening the Parents' Club and School of District No. 6 gave a lawn fete to raise money for the Victory Chest. Supper was served between six and seven and ice cream and cake were to be had at a price which enabled all the children and parents to have all they could enjoy. A grand good time was enjoyed by all and last but not least they raised $50 clear for the Victory Chest. This is not the only thing these children of District No. 6 have done for Uncle Sam this year. Every penny, nickel and dime has been carefully saved for thrift stamps so that now the children have $160 worth. Every child is a member of Junior Red Cross and they have turned in some excellent work. Besides all this they have given $21 to the Y. M. C. A. This is surely a wide awake, patriotic neighborhood, school and teacher.

SERVICE FLAG UNFURLED AT THE CHURCH OF CHRIST

Impressive memorial services were held at the Church of Christ Sunday morning. Rev. Floyd H. Randall took his theme from the thirteenth chapter of Romans.

Miss Caroline Stewart of the Andrews school sang very sweetly a solo which was much appreciated.

Rev. Randall gave a glowing tribute to the boys of the church who were at the front. Some are "over sea" and some are still in camp in the United States.

At the close of the service, Mrs. John Page and Mrs. Meade, two of the mothers went to the front of the church and unfurled a service flag containing eight stars, one for each young man who are members of the church. While standing America was sung, closing with

"God save our noble men
Send them safe home again,
God save our men
Keep them victorious,
Patient and chivalrous,
They are so dear to us,
God save our men."

A LITTLE CHILD SHALL LEAD THEM

Margaret Goodrich, the 13-year-old daughter of Mr. and Mrs. Warren Goodrich, is the first to give a party in keping with the times. We all know what a birthday party means to a child, and what a sacrifice it would be to give one up. Since beginning school it has been this child's costume to observe each birthday with a gathering of her schoolmates, serving refreshments and they following the old custom of carrying gifts. On Friday last as she invited each guest she said there will be no refreshments and please bring no gifts. We can not enjoy these things again until the war is over, then we will have a big party with more things than we can eat. The afternoon was spent with games and other entertainment. A very pleasant time, they all said.

Miss Maragret, we join in wishing you many happy returns of the day, and sincerely hope others will join with you in this conservation of food and money, which our soldiers and allies are needing so much.

Anything that may be needed in the more pretentious to the vineclad little summer cottage in the way of tableware may be found now at The Hinney & Levan Co., Euclid Square at East 14th street, Cleveland.

Hundreds upon hundreds of people in Cleveland are now perfecting their plans to go to their summer homes in the cool and beautiful country now the most betwiching and romantic season of all the 12 months. The flowers, the birds, the trees, the babbling brooks, all are there now.

The hot days are coming on apace in the big, noisy and dusty city.

Those who are so fortunate as to be able to enjoy out-of-door life in the country where the "cooling breezes blow" should see the varied and extensive display of special table service, inexpensive dinner sets, glass ware, silver plated ware, electrical appliances and oil lamps and many other articles that go to make life worth living in homes along the lakes and on the banks of the nearby rivers.

Not only is there every requisite for the house but there is also everything that is appropriate for the camp life—where formality is wafted to the four winds.

The array of the different lines is so large and attractive in design, as well as decoration that a journey through the big store is to have every want filled to the entire satisfaction of the purchaser.

There is Pyrex baking ware, English earthenware, the delightful Blue Bird 42-piece set that's always most charming for the summer home; the electric table grill with the ever handy Ovenette—one may broil, fry, boil or toast and keep cool beside. In fact, there is nothing lacking in this special stock for the cottager. Prices are very moderate.

Miles Theater

The quality and quantity of the Miles shows are always of the same standard summer or winter. For the week starting Monday matinee, June 3rd, a program of unusual merit will be presented. The stellar attraction will be Pepple and Greenwald's Sextette Deluxe, vaudeville's classiest offering. Gardner and Revere, harmonious musical duo, Burns and Lynne, descriptive dancers, Hill and Ackerman in acrobatic nonsense, Grant Gardner, blackface funster, and Casson and Sherlock, a novelty sister comedy duo, will build the big six-act vaudeville show which will be doubled in value by the addition of a six photo play, "The Hand at the Window," featuring Margery Wilson, one of America's foremost picture stars. The show runs continuous from 1 to 11 p. m. daily. Prices are 15, 25 and 35 cents

Standard Theater

For the week of June 2d, the Standard theatre presents the famous Dolly Sisters in "The Million Dollar Dollies." The fascinating Dolly Sisters, known everywhere for their cleverness and charm, are seen in their first moving picture success, and it seems that they were born for the screen, for their sprightly grace developed by their wonderful dancing, qualifies them as exceptional performers for the silver sheet. The sisters Dolly each wear forty-eight complete changes of costume in the course of this production, and a complete vaudeville theatre was built in the studio for one of the scenes, also a Hindu palace which looks as if it had been spirited into existence by the magic of a geni from the Arabian Nights. Having agreed to a most peculiar proposition, the sisters face unusual adventures from the first moment they set foot in the scene of splendor until they are rescued by their sweethearts when they are taken by motor car to a little brick church. The latest Mack Senett Comedy entitled "Love Loops the Loop," also will be shown, making two wonderful features.

CRACK SALESMEN VANISH FROM AUTOMOBILE CIRCLES

Astute buying has taken the place of astute selling in automobile circles. The change has been brought about by the voluntary restriction of wartime production by motor car manufacturers, and by the universal wave of economy which has taken possession of the United States.

Such is the view taken by Mr. S. N. Sutter, located at 2027 Euclid avenue, dealer in Cleveland for the Standard Eight.

"There is less need for the crack salesman in automobile salesrooms today than ever before in automobile history," declares Mr. Sutter. "A keener, shrewder sense of automobile values has put real backbone into the loose buying of old. Cars are being bought today, instead of sold. Most of our manufacturers could readily sell more cars than they can produce. The war's requirements have tended to remove crack salesmen from the motor rows and to increase the importance and need of expert service men. Motorists are now in a frame of mind where they are determined to get the last atom of power and usefulness out of their cars, and in this effort the work of the service expert is essential."

The Standard Eight is built by the Standard Steel Car Company of Pittsburg, Pa., makers of railroad rolling stock.

LUNA PARK

The Flying DeValls, with a circus casting act, are featured on the free vaudeville bill booked for next wek in Luna Park's outdoor theatre. They are athletes and acrobats all. Carter and Venetta have a song and dance number with comedy for good measure. The Williams family will show some Russian dancing. Albino has a novelty musical number. Wellington and Sylvia have a comedy juggling act. Beth Challis is an impersonator. There will be pictures and band concerts, also free.

Hippodrome

As a fitting celebration of the anniversary of B. F. Keith vaudeville in Cleveland and also as a gala closing program for the regular season of vaudeville the management of B. F. Keith's Hippodrome has booked for next week one of the greatest programs of stars ever seen on any vaudeville stage in America. The past season has been a red letter one for this theatre and for Messrs. A. Paul Keith and E. F. Albee decided that an extraordinary show should be offered. Blanche Ring, one of the best known American stars, who has been with a number of wonderful successes, will sing some of her old song hits and also some new ones. Another great headliner will be Helen Ware, the popular dramatic star, who will be supported by a capable company in the gripping playlet by Tom Harry called "The Eternal Barrier." Two such headliners should guarantee the calibre of this wonderful show. Paul Decker, another big star, will present the riotous farce by Maurice Hennequin and Hassard Short entitled "The Ruby Ray." Ben Delley, the clever blackface comedian, will be seen in his second edition of "The New Bell Boy." Ruby Norton and Sam Lee with their beautiful song and dance production should prove one of the most welcome acts on the bill. Moon and Morris in several Broadway productions will offer their sensational dance novelty "Two As One." Olga and Miska, with their miniature Russian ballet and Roode and Francis with their sensational efforts on the slack wire, will no doubt prove entertaining as their acts are far above the average. SOMETHING ABOUT THE WORK OF THE 102ND OHIO ENGINEERS

The 102nd Engineers do great work. Col. Vanderbilt's men make records in building camps.

The 102d Engineers, Col. Vanderbilt's command, is about to complete the largest engineering work ever undertaken by a regiment of engineers in this country. Lieut. W. S. Conrow of Col. Vanderbilt's staff, explained it in detail at 721 Fifth avenue to an eager audience of men for the 102d Engineers, who are detailed at recruiting headquarters with Capt. Tristram Tuper.

The 102nd Engineers, after doing much pioneer work, both at Camp Upton and Camp Wadsworth, are now camped at Belvoir, Va., where they are constructing a concentration camp for engineres.

We went into the hills, said Col. Conrow, "with four companies of about 200 men each, taking all equipment. Many of the men had recently been transferred to the 102d and construction work was new to them. After making a pioneer camp including stables for sixty-two mule teams, and a saw mill we got down to business. Two companies were sent into the forest and set to cutting oak and hickory; the rest of the men were set at clearing and surveying the right of way and preparing the foundation for the bents, the structures which support the trustle.

Before the work was completed timber was ready and when the time came to begin the building of the bents there was a large supply awaiting. In spite of the new conditions faced by our engineers, and the newness of the work to many of the men the two trestles, one 475 feet and the other 525 feet long, was completed in record tim.

The narrow guage railroad which was first built has been practically all replaced by a railroad of standard guage, which connects the camp with the southern system.

The trestles are built to bear the weight of a standard 200,000-pound locomotive of the Mogul type. A complete record of the construction work has been made with a motion picture camera several miles of film having been taken by the engineers.

Philips H. Wells belongs to Company E of the 102d U. S. Engineers, and word has just been received of his safe arrival "Somewhere in France."

There was a picnic dinner at No. 4 school house last Thursday. Just sixty were present. Mrs. Mather furnished ice cream. There were games and races. Every child got a prize whether they won or not. We all had a splendid time. Every family of No. 4 is very grateful to Mrs. Mather for the years she has not only been a teacher but a friend to each pupil. She always had time after school to help over the hard places.

Districts Nos. 4 and 5 Have Commencement

District Nos. 4 and 5 held commencement exercises at the Plains Church of Christ. The program opened with Star Spangled Banner. Closed with America. The program was almost entirely patriotic. Raymond Eckley's "Over the Top," written especially for him and Gracie Scott's rendering of "the service flag" were fine. The children all did splendid. I am sure every one enjoyed the program from beginning to end. There were six graduates this year, four from District No. 5 and two from No. 4, but as the No. 5 eighth grade were at our school the past year they were really No. 4 graduates. Every eighth grader passed. The church was prettily decorated with cut flowers and ferns. Our very best wishes go with our teachers and children.

WHAT'S YOUR GIFT TO THE PRETTY JUNE BRIDE? THEY ASK

Suppose, just for instance, Mr. Man, that your daughter were about to become a bride, you would worry a little as to what kind of a gift would be appropriate for her in the "month of Roses."

That problem is solved by the Sterling & Welch Co., Cleveland.

They have anticipated to a nicety and also artistically exactly what should be given the happy pair in the way of things to "bring sunshine to the hearth."

We wish to say to our readers in a casual way that there is something to be found in the S. & W. stock that will be most acceptable to any bride, whether she be wedded to a millionaire or a man of moderate means.

Getting away from the humdrum side of life of a woman in her home, she always finds joy and pleasure in showing her most intimate friends the many pretty gifts she had received from Mrs. So and So. She who was my school chum.

Well, those gifts are to be seen today in the extensive and elaborate display now on exhibition in Cleveland's oldest carpet and furniture store. Here one will find authentic reproductions of antique furniture and also faithful reproductions of classic models in a very notable collection.

There are desks, chairs, tables, tea wagons, dressing tables, storage chests, lamps and shades. Italian and French mirrors and dozens upon dozens of other beautiful articles that will gladden the heart of the recipient as well as make the donor "proud of his gift to the June bride."

The Florentine rennaissance is represented by all that is artistic and beautiful in design in chairs, chests, etc.

Just a visit to the East gallery of the Sterling & Welch Co. will be a most eloquent argument to those who are on the lookout for something far from the ordinary to present that "happy couple."

Albert Kowper, residence unknown, but whose last known residence was Detroit, Mich., will take notice that Mabel Kowper filed a petition against him in the Court of Common Pleas of Cuyahoga County, Ohio, praying for divorce, alimony and relief on the ground of gross neglect of duty, extreme cruelty and habitual drunkenness for three years. Said petition is No. 163709 and will be for hearing on and after June 28th, 1918.

NECESSITIES VS. LUXURIES

Oud people have a saying, which has become current, that the luxuries of one generation are the necessities of the next. And really we seem to have practiced just such a system of evolution. Our people are shining examples of the truth that extravagance breeds extravagance. We of this generation listen to old people as they describe conditions of their day, and we wonder how they managed to render life at all endurable.

Yet these same old people, in their day, enjoyed life to the full. They did not consider themselves in any sense objects of pity. They lived simple, wholesome lives, and the wisdom of their mode of life is amply demonstrated by the mere fact that they, the exponents of this simple, frugal life are yet with us to bear testimony to its merits.

There is great need that, in many respects, we revert to the frugal life of our ancestors. True, in many matters their luxuries have really become our necessities and are no more extravagance than were their simple luxuries. But we have added unnecessarily to these luxuries. It is these we are called upon to forego.

Mark well the man or woman who continues the extravagances of former years. Their patriotism is of a purely negative quality. Henceforth, until this war is won, extravagance and disloyalty are going to become synonymous terms.

And even then our frugality will be worthless unless it be practiced in the name of the cause, and the results APPLIED TO the cause.

The Farmer's Share

Live stock is marketed from farmer to consumer at a lower cost than almost any other farm product.

The United States Department of Agriculture reported in 1916 that the farmer gets for his cattle "approximately **two-thirds to three-fourths**" of the final retail price paid by the consumer for the resulting beef.

Under normal conditions, the farmer's share of retail prices of various farm products is approximately as follows:

Butter	**71 per cent**
CATTLE	**66⅔ to 75 per cent**
Eggs	**65 per cent**
Potatoes	**55 per cent**
Poultry	**45 per cent**
Fruits	**35 per cent**

The difference between farmer's price and retail price represents the necessary expenses of packing, freight and wholesale and retail distribution.

Swift & Company not only performs the manufacturing operations of preparing cattle for market in its well-equipped packing plants, but it pays the freight on meat to all parts of the United States, operates 500 branch distributing houses, and in most cases even delivers to the retail butcher. All this is done at an expense of less than 2 cents per pound, and at a profit of only about ¼ of a cent per pound of beef.

Large volume of business and expert management, make possible this indispensable service to the live-stock raiser and to the consumer, and make possible the large proportion of retail prices received by farmers.

ABOUT POETS

Poets are born, not made, and many of them are born with odd and even disagreeable characteristics. Some men are born poets, while it is true that some acquire poetry while others have poetry thrust upon them. Poetry is like the faculty, if I may so denominate it, of being able to voluntarily move the ears. It is a gift. It cannot be taught to others.—Bill Nye.

Whatever may be the kaiser's ultimate aim in this war, we are pretty well convinced that it is not popularity he is after.—Houston Post.

Homes Are Building

Select your lot now. Make a start toward a home of your own. The easiest way, the way most people have become happy home owners is to buy a lot, pay it off as quickly as possible, get a building loan, and then pay off the loan the same as rent.

You are invited to discuss with us, without obligation, our co-operative plan, which makes it easy for you to own your home.

Willoughby-Euclid Avenue Subdivision
60x200, $480 up. 80x200, $640 up.

Terms very easy, a little down, a little a month, with liberal cash discount.

Protected by conservative restrictions, of one house, for one family to the lot, with complete improvements (including sewer, water, sidewalks, shade trees, parks, tennis courts and paving) now being installed, this property offers an exceptional opportunity to secure a beautiful homesite in the choicest residence district of Willoughby.

Because of the increase in land values it will not be possible again to buy equally well located and developed property in Willoughby, at these low prices.

Buyers of our property at present initial prices may be absolutely certain of a generous increase in value.

Now is the time to act. Don't put it off. Delay will mean second choice and a higher price. Take advantage of present high wages and get started toward that "home of your own" you have dreamed of and longed for. We will be glad to show you how you can have it, with very little money. You can pay for it the same as rent while you use and enjoy your home.

Representatives on the property Saturday afternoons and Sundays.

WRITING WITH THE KNEE

Armless men have hitherto written, when they have been able to write at all, by holding a pencil between the teeth or toes. Both these plans involve much difficulty. What is asserted to be a much easier method has been devised by Dr. Arthur T. Blachly, formerly of Portland, Ore., but now serving in the Medical Officers' Reserve Corps somewhere between the Pacific ocean and the French front. Dr. Blachly's "knee-writer" is described and illustrated in the Scientific American.

"Those who have lost their hands, or the use of them, may still, with a little practice, write legibly by aid of the knee-writer. The clamps and clips fasten the leather sheaf firmly to the knee, and the pen or pencil to the leather. Paper is held in position before the knee on a little stand. The actual process of writing is not nearly so difficult as might seem. The heel is raised until the foot rests on the ball, giving the knee quite a range of action, combined with sufficient steadiness to insure proper control after a due amount of practice. There can be no comparison between this device and the writing by means of a pencil held in teeth or toes, which has heretofore been about the only resource of the armless."

SECURING A TENOR

The Cornhill Magazine tells this story: "A French impresario was taking out to New Orleans an opera company, which by special agreement was only to include one tenor. Foreigners are usually bad sailors, and the first few days all the members of the company were seasick, one of the effects of which malady is that it weakens the voice so much that people are frequently hoarse for several days after their recovery. Accordingly, as soon as the singers could crawl on deck, they commenced to try their voices, and among them the tenor, who, always anxious to occupy a distinguished position, went on the bridge of the steamer for the purpose. What was his surprise on hearing an echo of his own—voice—another tenor. His amazement became disgust when he heard the third tenor running up the scale, a fourth, a fifth. He looked forward and saw two men eyeing him and each other with intense hatred; he looked aft and saw two other similarly occupied. The five tenors simultaneously made a rush below to the manager's cabin and demanded whether he had not expressly stipulated to each of them that he was to be his only tenor. "I know, I know," replied the manager, "and I will keep my word. You see, none of you have been to New Orleans before or you would understand. When we arrive the yellow fever is sure to be raging, and as you are fresh from Europe two of you will probably be carried off before you land and two more during the rehearsal. One will probably survive; he will be my first and only tenor."

WHY THE WEEKLY PAPER IS READ

When the postmen delivers the weekly paper to your home, your interest in its columns is ever alert for news items concerning some one you know, or perhaps was your neighbor or school chum in former years.

An old friend has just been elected to a county office, another acquaintance has purchased Dr.——— drug store. You say that fellow worked for years as a clerk in that very store. Naturally you read everything in the paper and that is why the paper has lived all these years. To the people who have moved to other localities the weekly paper is like a letter from home. To the citizens who live in the town where the paper is published, they read it every week to learn what their neighbors are doing. They are not interested in the city dailies with its city news of fires, murders and divorce scandal.

A well edited newspaper is a big factor in the community in which it circulates.

This is the mission of this paper. It is "your paper" and if it has proved of benefit to you, you can help it to greater success by having your friends subscribe for it.

THE FOLKS FROM MAINE

The governor of Maine was at the school and was telling the pupils what the people of different States were called.

"Now," he said, "the people from Indiana are called 'Hoosiers'; the people from North Carolina 'Tar Heels'; the people from Michigan we know as 'Michiganders.' Now, what little boy or girl can tell me what the people of Maine are called?"

"I know," said a little girl.

"Well, what are we called?" asked the governor.

"Maniacs." — Norfolk Virginian-Pilot.

NO WAY OUT OF COURT

There is a lawyer in Chicago, for some years a police magistrate who was a natural peacemaker and always endeavored to smooth over any slight differences between the persons brought before him.

Once when the charge involved was for technical assault, it came out in the course of evidence that the parties were neighbors, and had formerly been on the best of terms.

"That is too bad, too bad!" commented the judge. "And between such old friends! Is this not a case that might be settled out of court?"

"I'm sorry to say that it can't be done, your Honor," remarked the plaintiff, seriously. "I thought of that myself, but the coward won't fight."—The Green Bag.

GOOD INTENTIONS

Mayor Speer of Denver at a recent temperance banquet was discussing a drink cure of little efficacy.

"When I think of this cure," he said, "I recall a poor old woman with a red nose who entered a magistrate's office and said:

"'I'd like to take the pledge, if ye please.'

"'Very good,' said the polite clerk. 'And how long did you wish to take it for?'

"'In the past,' said the old woman, 'I've always took it for life.'"

DEPENDED ON THE MULE

Speaking at a political gathering, Congressman Frederick W. Dallinger of Massachusetts referred to the many amusing incidents of the schoolrooms, and related a little incident along that time.

A teacher in a public school was instructing a youthful class in English when she paused and turned to a small boy named Jimmy Brown.

"James," said she, "write on the board, 'Richard can ride the mule if he wants to.'"

This Jimmy proceeded to do to the satisfaction of all concerned.

"Now, then," continued the teacher when Jimmy had returned to his place, "can you find a better form for that sentence?"

"Yes, ma'am," was the prompt response of Jimmy. "'Richard can ride the mule if the mule wants him to.'"—Philadelphia Telegraph.

DEATH'S BROTHERHOOD

When I'm asleep, dreaming and drowsed and warm—
They come, the homeless ones, the noiseless dead,
While the dim charging breakers of the storm
Bellow and drone and rumble overhead,
Out of the gloom they gather about my bed.
They whisper to my heart; their thoughts are mine.
"Why are you here with all your watches ended?
From Ypres to Frise we sought you in the Line."
In bitter safety I awake, unfriended;
And while the dawn begins with slashing rain,
I think of the Battalion in the mud.
"When are you going back to them again?
Are they not still your brothers through our blood?"—By Siegfried Sassoon.

THE SILENT ARMY

No bugle is blown, no roll of drums
No sound of an army marching.
No banners wave high, no battle-cry
Comes from the war-worn field where they lie,
The blue sky overarching.
The call sounds clearer than bugle call
From this silent, dreamless army,
"No cowards were we, when we heard the call,
For freedom we grudged not to give our all."
Is the call from the silent army.

Hushed and quiet and still they lie,
This silent, dreamless army,
While living comrades spring to their side,
And the bugle call and the battle cry
Is heard as dreamer and dreamless lie
Under the stars of the arching sky,
The men who have heard from the men who have died
The call of the silent army.

THE GREAT DUTY

As we go about our daily tasks in peace and safety men are dying every minute on the battlefields of Europe to save civilization. Our own gallant soldiers are shedding their blood in France and our sailors engulfed in the waters of the Atlantic as they go in defense of America's rights and honor.

Upon our performance of the work committed to us depend the lives of thousands of men and women, the fate of many nations, the preservation of civilization and humanity itself; and the more efficient and prompt we people of America are in doing our part, the more quickly will this war come to an end and the greater the number of our soldiers and sailors who will be saved from death and suffering and the greater number of the people of other nations released from bondage and saved from death.

To work, to save, to economize, to give financial support to the government is a duty of the nation and to the world and it is especially a duty to our fighting men who on land and sea are offering their lives for their country, and their countrymen.

SENSE AND SENTIMENT

"George, before we were married you used to send around a dozen roses every week," said she. "Roses are easy," replied he. "This week I'm going to send around two tons of coal and a rib roast."—Washington Star.

A PROFICIENT INSTRUCTOR

When father came home to dinner he observed a vacant chair at the table. "Where's the boy?" he asked, nodding to the chair.

"Harry is upstairs," came in a tone of painful precision from the mother.

"I hope he is not sick."

There was an anxious pause. "No, he is not sick," continued the mother. "It grieves me to say, Richard, that our son, your son, has been heard swearing on the street. I heard him myself."

"Swearing!" exclaimed the father. "I'll teach him to swear!" And with that the angry parent started up stairs in the dark. Half way up he stumbled and came down with his chin on the top step.

When the confusion had subsided Harry's mother was heard saying from the hallway: "That will do, Richard, dear. You have given him enough for one lesson."—Harpers' Magazine.

DECORATION DAY IS DRESS-UP DAY

Although this holiday has its serious significance, custom has proclaimed it the turning point from Spring to Summer fashions. Just around the corner from June, it becomes the ideal time for style transition and many men don their "short ones," change to the straws or get out their summer togs for this holiday. Then again, for many of us it becomes a day for outings, for tours, for get-togethers at the parks or beaches—and by reason of the fact this IS a holiday, dressing up follows as a matter of course.

Enormous Stocks of MEN'S SUITS

They're not only suitable suits for Decoration Day wear, but they'll be serviceable all summer. The newest and best fabrics are represented, and the models are so varied that both men and young men will have little trouble in finding just the garments to answer their needs and their tastes. We call particular attention to the line which we have priced

at $25
(You'll be surprised)

Then for men who do not find this the price they would like to pay, we have clothes from $20 up to $50—and at every price there is the same high standard of workmanship. The difference in price is merely a difference in fabrics and trimmings.

This should be your turning point from Spring to Summer clothes—and this should be your store for these clothes. It's a real pleasure to choose here, for stocks are so comprehensive and varieties so unending! Come here—let us assist you in choosing.

This Is the Season for Outing Trousers

We are prepared with a splendid collection of new Outing Trousers. Here are flannels and fancy worsteds in plain colors, self stripes, needle stripes and silk stripes. These trousers are delightful for evening and dress wear—and they're ideal for golf and tennis. You'll find that our selection is especially attractive—and that our prices are particularly moderate.

Many Men Have Many Uses For Auto Dusters

Some men use them for rain coats as well. That's because a number of our auto dusters are made of rubberized, rain-proof materials. They're particularly well made and light-weight—and at our low prices no outing outfit is complete without one. Priced from

THE ADDRESS AT GETTYSBURG

Fourscore and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal. Now we are engaged in a great civil war, testing whether that nation, or any nation, so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this. But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow this ground. The brave men, living and dead, who struggled here, have consecrated it far above our power to add or detract. The world will little note or long remember what we say here, but it can never forget what they did here. It is for us, the living, rather to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us; that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have lived in vain; that this nation, under God, shall have a new birth of freedom, and that Government of the people, by the people, and for the people shall not perish from the earth.

Then Edmondson, the photographer, took the pictures of all, so that the baby's party could be kept in pictures.

AMERICAN CLAY MAKES SHIPMENT THAT WILL HELP SOME.

Recently our local photographer was called upon to take a few snap shots of a single shipment of ten carloads of steam winches billed out from the American Clay factory.

These winches are to be used in equipping some of the 7500-tone cargo ships now being built at the famous Hog Island plant at Philadelphia. Ten winches are required for a single ship of this size.

A letter just received at the local plant from the production manager of the United States Shipping board, Washington, D. C., states that the submarines sank last year over 11,000 winches and that consequently not only the Willoughby factory, but every other factory engaged in winch work has got to keep hustling to offset that loss.

WAR CHEST FUNDS NOT AVAILABLE FOR THRIFT STAMP CAMPAIGN

Efforts advanced by W. J. Carmichael, county Thrift Stamp chairman, and others interested, to secure $1000 from the War Chest, for the Thrift Stamp campaign in Lake county, proved unavailing. The committee claims that they are not authorized to advance money for this purpose.

FOLLOWING RECOMMENDATION BY MR. SCHWAB, JAMES McMAHON AND QUARTETTE START ON PATRIOTIC TOUR.

First Stop Will Be at American International Ship Building Plant, Hog Island.

The patriotic songs and the singing of James McMahon and his quartette, called forth special words of praise from Schwab, the steel man, when he spoke in Cleveland recently. An interview with him at the Union Club followed and at that time Mr. Schwab suggested to Mr. McMahon that the quartette accompany them on the patriotic speaking tours. Incidentally he said it was the finest quartette that he had ever heard. Sunday a telegram was received from Dr. Eaton, former pastor of the Euclid Avenue Baptist church in Cleveland, known as Rockefeller's church, asking the quartette to be prepared to start. Dr Eaton has charge of the corps of speakers whom Schwab has appointed. The first trip will probably cover ten days. The first appearance of the quartette will be at Hog Island, Philadelphia, at the American International Ship Building plant. The accompanying of the speakers by a quartette will be an innovation. The singers will be known as the Schwab quartette. It is composed of George Brandt, first tenor; C. C. Smith, second tenor; A. C. Frost, baritone, and James McMahon, bass.

C. P. & E. WILL P RESENT FARE RAISE TO STATE UTILITIES — McNUTT-McCALL ALLOTMENT PROPOSITIONS CONSIDERED.

Other Matters Discussed at Regular Council Meeting

Following an effort made this week by the C. P. & E. R. R. Co., to have the councils of nine local municipalities, reject or consider favorably, the proposition of a raise in fare to cover present or wartime high costs, the C. P. & E., through its attorney, Harry Hammar, will present the rejections to the Public Utilities Commission at Columbus, and endeavor to have a ruling made that will permit of a fare raise not to exceed 3c per mile. The Willoughby council, at its meeting Monday night, authorized the transmission of its rejection of the prayer of the Traction Company to the C. P. & E. officials, Mr. von Beseler taking the resolution with him.

In the event that the Public Utilities takes action, it may mean that the village franchise will be lost entirely, or developments may ensue that will allow of the raising of the fare without reference to any local franchises

Representatives of the C. P. & E. were present at each council meeting of the nine interested municipalities this week. The power to make terms or concessions will probably be lost to each if the contemplated ac-

Dr. Samuel Langer, superintendent of the Pacific Orphan Asylum, San Francisco, visited the Andrews school Monday. Starting from the southwestern part of Mexico, they have traveled 2100 miles. At the Cleveland Automobile Club it was stated that theirs was the first machine to make the trip through. A Franklin car was used.

ICE PLANTS CONTROLLED BY ANDREWS INSTITUTE TO BE SOLD

An adjourned meeting of the board of trustees of the Andrews Institute for Girls was held in the offices of the institute Monday afternoon. Those present were Mr. A. H. Van Gorder, president; H. F. Kennedy, secretary and treasurer; Hon. W. J. Carmichael and R. N. Whitcomb, also General Manager S. S. Wilson, Supt. S. D. Shankland and Attorney H. E. Hammar.

The subject of providing the necessary cottage facilities for the coming year came up for final disposition. After some discussion it was decided to remain in the Barnes property on River street, known as cottage No. 6. Other houses under discussion for this purpose were those owned by G. C. Silsby and J. B. Chesbro. Several proposals to purchase additional property in the village for cottage purposes were received, but the board decided that it was unwise to make further investments in real estate at this time.

A formal resolution was passed ratifying the tentative proposition recently made by the manager to Burns Bros. Ice Corporation for the sale of the three ice plants controlled by the institute, and authorizing the executive officers of the institute to carry out the same and to do everything necessary to complete the sale.

Authority was also given to the manager to make the necessary repairs on the old Harmon house on Kirtland road and rent the same.

Paving of Waldamere Avenue in McNutt-McCall Allotment Taken Up.

Messrs. McNutt and McCall were present when the matter of reinforcement of concrete to avoid possibility of later breaking down of the roadway on Waldamere Avenue was taken up and discussed at length. Considerable settling has been noticed, Mr. Clark said. It was estimated that the additional cost for the reinforcing with the concrete would be between $7500 and $10,000.

Asked for an opinion, Mr. Von Beseler said that the village had taken the long chance of investing $125,000 in the allotment; that it was imperative, therefore, that it went right. He advanced the opinion that it would be better to have a street that would be a credit during the life of the pavement. Having expended so much money he deemed it best to spend a little more, and have the best; stated that the assessment could be spread over the lot owners, who would have a pavement that would stay put. Arrangements for the money would be secured from the River street paving fund, the village issuing bonds for its transfer to the sinking fund for the sum of $8000 or $9000.

Mr McNutt expressed complete satisfaction with the plan as outlined. There being no objection advanced by the council the engineer was to be instructed to proceed with the reinforcements as outlined.

JUDGE REYNOLDS GIVES STIRRING TALK AT MENTOR MEMORIAL SERVICES

A simple, impressive memorial service was held in Mentor Sunday, June 2nd. The Painesville and Cleveland Crane bands and the Willoughby drum corps participated, and with the G. A. R., W. R. C., K. of P., Maccabees and others, marched from the Methodist church to the Christian church, where the services were held. Following the church services, the march was resumed and services held at the cemetery. Mrs. Ella Barnes acted as the Pythian Sisters color bearer; Mr. Baldwin for the G. A. R.; Mrs. Eliza Rexford for the W. R. C., and Mrs. C. A. Norton for the Maccabees. Miss Otis and Mrs. R. M. Case presided at the piano. Messrs. Lilley, Saxton, Frizzell, Call, Baldwin, Hayden, Cleveland and Eddy of Willoughby and Hr. Hardaker of Wickliffe comprised the G. A. R. members attending.

The Rev. E. H. Biddle, Rev. F. R. Dunbar and Rev. Mr. Schaffner participated in the services, Mr. Schaffner presiding.

R. M. Case rendered a most enjoyable solo. Daniel Knisley gave a four minute speech, and Mrs. E. F. Birkholz contributed a solo. A most enjoyable feature was the singing by the "Minute" quartette, made up of Messrs. Schaffner, Case, Birkholz and Biddle. Judge Reynolds, speaker of the day, gave a stirring address. He drew a story from the life, liberty and pursuit of happiness creed of the Declaration of Independence; and looked forward to the time when American soldiers would stand in the imperial palace at Berlin and call for the kaiser and the Hohenzollerns and Poe's raven would appear and cry, "Never more, never more." The speaker was heartily applauded on a number of occasions.

WAITE HILL MAN LEAVES SHERWIN FARM WITH PATRIOTIC DEMONSTRATION

Harold Vernon Simonds, who has been one of the reliable employes at the John Sherwin farm, left for Columbus Barracks Friday last. His fellow workers gave him a parting present and entertainment. The table was decorated with the flags of the allied nations. In accepting the presentation made, Mr. Simonds picked up the various flags, with appropriate remarks concerning each. Great cheering occurred when he held up Old Glory. Simonds' parents lived in Croyden, England. He has three brothers in the British army, and one in the British navy. Simonds was lifted high in the air while the company sang "America." The flags of all the allied nations covered the machine in which he left Waite Hill.

RELICS FROM THE BATTLEFIELDS OF EUROPE

"Mit Gott fur Koenig und Vaterland," are the words in metal letters on a patent leather helmet which is among the many interesting war relics now on exhibition at Wilson's store. A large sword evidently owned by a superior officer, daggers that are battered, bayonets that are broken and many guns in all stages of ruin and uselessness. One German gun contains a bullet in the end of the muzzle which came from the French side. One bayonet, still encased in its scabbard, cannot be removed by reason of its being bent by a steel bullet. Shells of various sizes, some of the timing mechanism and some filled with pieces of timber through which the shell passed and gathered a portion of the wood as it pierced through. A canteen and innumerable buttons picked from the German uniforms; a French trench shovel is also shown whose blades are pierced with a bullet.

This exhibition has been lent to Mr. Wilson by the Serbian Relief Association and is shown here for the last time publicly. It was recently purchased by one of the wealthy citizens of Cleveland, to be added to a private collection. This unusual display was brought here especially for the students and children of Willoughby and vicinity, that all may have at least a vague idea of the horrors and intensity of the fight.

These pieces were picked up after the battle of Monostair in 1915 in which the Russians, Germans, Serbians and French were engaged.

The exhibition is free to the entire public for examination. Any voluntary funds which a person is moved to give will be received for the Servian refugees and orphans. Every cent that is given goes to this fund, as all expenses, including transportation, etc., are borne by the firm. These relics will be shown for about one week.

MRS. BALDWIN KEEPS OPEN HOUSE AT SPLENDID PATRIOTIC PAGEANT AT SHADY BROOK FARM

Despite lowering clouds and threatening weather, about 1,000 people gathered at the Shady Brook farm at Mentor to observe Decoration Day in a patriotic and wholesome way. The games and sports were led by Mr. Snell, County "Y" secretary. Mr. Williams of Cleveland conducted the community singing. The Painesville Military Band gave a special concert. War conditions as they exist today were discussed in a stirring address by Victor Morgan, editor in chief of the Cleveland Press, and main speaker of the day. Too much cannot be said of the pageant. "Columbia Draws the Sword," which, at 3:30, was given on the natural outdoors setting of living green. The East Cleveland high school pupils deserve great credit for the manner in which they presented the play. The lessons of patriotism and loyalty taught in this production, brought nw significance to the meaning of Decoration Day. At the close the audience joined in the national anthem, after which, in accordance with the president's proclamation, the Rev. Mr. Schaffner of Mentor, made a prayer for the allied cause, our men in arms and our homes. This great event was held for the benefit of the Kirtland and Mentor Red Cross and was made possible through the generosity and thoughtfulness of Lieut. and Mrs. A. D. Baldwin, at whose beautiful summer home it was held.

National War Savings Pledge Week—June 24th to 28th

Appealing to "every man, woman and child to pledge themselves on or before June 28 to save constantly and to buy War Savings Stamps as regularly as possible," President Wilson asks that there "be none unenlisted on that day." Week of June 24 to 28 will be known as National War Savings Pledge Week.

"The war is one of nations—not of Armies," said the president, "and all of our 100,000,000 people must be economically and industrially adjusted to war conditions if this nation is to play its full part in the conflict.

"The War Savings Stamps issued by the Treasury Department are within the reach of everyone. To practice thrift in peace times is a virtue and brings great benefit to the individual at all times; with the desperate need of the civilized world today for materials and labor with which to end the war, the practice of individual thrift is a patriotic duty and a necessity.

"I appeal to all who own either Liberty Bonds or War Savings Stamps to continue to practice economy and thrift and to appeal to all who do not own government securities to do likewise and purchase them to the extent of their means. The man who buys War Savings Stamps transfers the purchasing power of his money to the United States government until after the war, and to that same degree does not buy in competition with the government.

"I earnestly appeal to every man, woman and child to pledge themselves on or before June 28 to save constantly and to buy War Savings Stamps as regularly as possible. May there be none unenlisted on that day."

CROSSING TO FRANCE. DAN FLICKINGER MEETS BUD FISHER EN ROUTE

(Editor's Note: We are indebted to Mr. Sidney S. Wilson for these letters of personal and delightful interest from Dan Flickinger, written while crossing. Later we will publish letters of equal interest written by Captain Flickinger after his arrival in France.)

On Board H. M. S.
April 4, 1918.

Dear Folks:

Here it is the 3rd day out on this big trip, and I am only starting to write you. But you know of course why it is that my letter writing is going to fall off so now, when all my mail will be censored and even this will not be mailed till after we land. How I wish that I could write you everything, with all the details. It sure would fill a book. This way, tho, I have to be so careful what not to say that I'm afraid my letters won't seem very interesting.

Well, the whole thing has been so wonderful from the start that it would take pages to describe it. I'll try to begin at the beginning and tell you what I think will get by.

It was very hard leaving Camp Merritt last Monday as the train left at 7 a. m. and we had about 3 hours work to do before that time. I never worked and worried so in my life as I did finally getting these men off for the big sail. Well, but that's all over and past now. We took a ferry across from the train here to our great big ship. And say it's a wonder. We boarded that noon, other troops, of course coming both before and after. And believe me I was the most relieved man on earth when I checked this company on board, saw that their assignment to quarters was correct, and after checking on the four officers, beat it here for my little stateroom. It was a big load off me.

Well, we didn't sail until Tuesday noon, as there were still many more men to be loaded, not to mention baggage and so on. Monday night, I was feeling pretty tough as I'd lost so much sleep the few days before in getting out of Camp Merritt. However, I was feeling all right the next day and I am glad to say, have not as yet been troubled by sea sickness to amount to anything. Luckily it has been fairly calm and whether or not I will be able to say the same thing after a little rough weather remains to be seen. But, I am not fearing it now that I know how to walk off the dizzy feeling.

What a shame it is that I can't write you just what I want to, without having to cut out all of the most interesting and exciting details. But it can't be helped, I guess, so what I don't mention, will have to be left to your imagination.

You'd be surprised when I tell you how busy, actually rushed, we've been here on board ship. I expected a rest, but by George, it seems like nothing doing in that line when you are traveling with troops. We have boat drills, exercises, lectures and officers' meetings most all day long it seems.

The days are quite short indeed, and those hours that I dreamed of having with a book out on deck, or lounging around in a fine big saloon, never seem to materialize. However, it will be a little easier from now on, since things are half started; and I have made up my mind to take all the rest I can now because heaven knows when there will be another chance. Of course I am enjoying the whole thing immensely. It is a great experience which I would not miss for anything on earth. Here's looking forward to the day when we can take this trip together and when there won't be any submarines lying in wait to sink you at any time.

I have a fine double state-room with an outside window, which in itself is quite a luxury on board ship. My bunkie is Arthur Williams—you remember him and his wife at Charlotte. We like it fine, and are lucky to have such a good room.

Perhaps it is well after all that I cannot tell nearly all I want to, because I am going to have a hard enough time stopping as it is. If you ever get this letter all right, I wish you would please read it to the folks, as I will never have another chance to write about this voyage.

Every evening we have entertainments in the officers' saloon which are very welcome. There is unlimited talent on board ship among these thousand of men; and our regimental chaplain is very industrious about looking things up and arranging the performances. Then, too, the band from our regiment is more than making a name for itself. They serve all kinds of soft drinks, and what fun it is to see the fellows puzzle over the English money that the waiter brings back in change. If we only had more time to enjoy that big room in there, I'd like it better. It sure is queer all they can find for you to do even on board ship. The only two very important things, though, are many boat and fire drills and the constant fight against dirt. This morning I was up on deck above mine (this is A deck) and enjoyed looking things all over and trying to decide what all the strange devices are for. I thought of how you and I and Ray once looked over a lake freighter at Cleveland. As yet have not had a chance to get down in the hold nor up in the crow's nest, but I will soon. It would take a person a week to learn this boat all over; it's just like a sky scraper with decks instead of stories.

Have just been re-reading some of your last few letters. I hate to think of not receiving any now for so long, and also that I probably missed some back at Camp Merritt. Will call this enough now but will be continued in our next number, with much love.

DAN.

April 8. 1918.
On Board.

Dear Family:

We have been out just a week now, and still plowing along towards our destination. No one especially cares how long it takes, though because the big question is not so much when we get there as it is, do we get there at all. Of course you know we are in the danger zone now and get in deeper and deeper the farther east we go. Personally I am not worrying a bit about the old U-boats, because I think they would have quite a job to get us. Wish I could tell you what we do to keep guard, etc., against them, but of course cannot. It probably is not against the rules, however, to tell you that the lifeboat drills get more and more frequent; and our life preservers now are part of our clothing and equipment. I have to laugh at some of the men and officers; they are scared to death, all the time. This is one of the least of our troubles, I think, and I'm ready for a salt water bath any time things break that way.

After one or two fruitless efforts Don Swain and I managed to get one of the engineers to show us all over the engine rooms and boiler stokeholes. It was quite a sight and well worth the English tip we gave our guide. This ship has four propellers or screws—each driven by a steam turbine. The unique thing about the turbine as an engine is the ability to use the steam three times, before its power is finally so much spent as to warrant condensation. I won't bore you with details except to state that it is a very economical system; and would also be fast were it not for the fact that the ship's bottom is very dirty. The seamen mean by that term, that there is a heavy layer of barnacles on the bottom, which cuts down her speed a few knots. (Look up in some hand book of useless information and find out how much a knot is.)

Speaking about knots and all strange [illegible] money, the metric system for everything, and even tell time differently. As I say, the first thing I'm going to do when I see old New York again in October, 1920 (?) is to walk a mile some place, buy a quarter's worth of anything a foot long.

We had a regular entertainment the other night. It has been the custom to give a little show for the benefit of the Merchant, Sailors, Orphans and Widows' Association. Our three chaplains on board gave a peach for all officers present the other night. The collection place showed everything from dimes and six-pence to pistols and rubles. (No marks were noticed, however.)

I almost forgot to tell you one little thing; Bud Fisher, the papa of Mutt and Jeff is on the boat. Just think of it! I am becoming famous already. I've brushed elbows with one of our great modern artists. At that he is a very pleasant chap. There are a few other civilians on board, too.

About the only time it is considered good form to talk about the weather, is on board ship I understand, so here goes. Well to make a short story still shorter we simply had not had any. It's all been climate. Really we've been mighty lucky about storms all the way and the sea has been calm. Now I am not knocking on wood, because to tell you the truth I sort of like to see a little rough weather just to find out how this big ship would act. Maybe it would mix up my stomach a bit; but so far I sure have had a fine appetite. The food has been good too. On all ships sailing from the United States now, enough food is always taken to last the return trip. So you see we have no fear of running short even if we don't land for a few days yet.

Hope you are well and happy. Give my love to all the friends and keep a lot for yourself, as ever,

DAN.

Standard Theater

Week of June 9th the Standard theatre presents Howard Hickman, the well known star in a new photo-play entitled "Blue Blood." The story is without a doubt one of the best written in years, and tells oft he sins of heredity, and the crime of worshipping blue blood and so called aritocracy, with all the sacrifices that people make to this false god, and that is the main theme of Blue Blood. The play lays bare the sins of the wealthy and those who would sacrifice their souls for the pleasures that follow in the trail of money and title. In fact it is well worth for every parent, rich or poor, to see and study this wonderful photoplay, as the future of their children may depend on it some day. Also a Charlie Chaplin comedy, never before shown in Cleveland, and one that will surely drive away the blues, and called "The Hula Hula Dance," will be shown.

83 H. P. CAR GETS 13 MILES PER GALLON OF GASOLINE

Until recently Pittsburgh automobile circles have been less concerned with long mileage on gasoline than with high power, fast running time, without reference to such trivial details as gas economy.

The war has placed the emphasis upon thrift in Pittsburgh, whence comes interesting news of long automobile mileage on gas.

Harper K. Beegle, city supervisor, and member of the Quarter Million Club, reports an average of thirteen miles to the gallon on a recent trip from Pittsburgh to Newark, Ohio, via Washington, Pa., and Wheeling, West Virginia, in his Standard Eight. This would have been a good record even for a much lighter-weight car with fewer cylinders. For an eight-cylinder 83-horsepower seven passenger touring car weighing around 3500 pounds, it is regarded as exceptional.

"The low operating cost of this high-powered car has brought it into growing favor as a passenger vehicle for commuting service," according to S. N. Sutter, located at 2027 Euclid avenue, Cleveland, dealer for the Standard Eight.

"This car," he continued, "is built by the Standard Steel Car Co. of Pittsburgh, makers of railroad rolling stock, and it therefore takes naturally to war-time passenger service for commuters who are compelled to get along without the crack express trains of former days."

NEED A GIRL ON THE FARM? SEND YOUR REQUEST TO LAKE ERIE COLLEGE UNIT

A nation wide patriotic movement has been started to inaugurate a woman's Land Army of America to supply women workers on the farms so as to increase the output of farm products.

The essence of the plan now being put into operation is that the women workers live in a community under a supervisor or matron with a system of co-operative housekeeping and go out from this center in squads to work on neighboring farms.

The work these women will do will cover all the lighter forms of field farm work, especially in connection with those crops which require weeding and hoeing and with the picking of fruits and vegetables.

Work in flower gardens will be allowed only at such times as the labor supply exceeds the farmer's demands.

All types of women may enlist, college girls, school teachers and women workers in seasonal trades.

A most successful unit of this kind was in operation at Mt. Kisco in the summer of 1917.

The work is now being taken up in northeastern Ohio with three units, one at Lake Erie College, one at Madison, Ohio, and one on the Barber farm at Barberton.

The girls will work eight hours a day for which labor the farmer will pay two dollars to the unit, the girl receiving fifteen dollars a month, her board, lodging, laundry and part of her uniform.

The undertaking is patriotic and the plan is inaugurated here this summer in the belief that the work of these right-minded women may result in furnishing practical help to the farmer and in the increased production of crops.

Those who have already worked in such units report the best results, in health to the girl.

Applicants may register at Lake Erie College, the Y. W. C. A. in Cleveland, or at the College for Women in Cleveland.

Farmers may apply now for help at the Chamber of Commerce, Painesville or to Mr. C. L. Long, agricultural agent, or later to the unit headquarters.

Lake Erie College will be opened for this work June 24th.

Vera Temin, residence unknown, will take notice that John Temin filed an answer and cross petition against her in the Court of Common Pleas of Cuyahoga County, Ohio, praying for divorce and relief on the ground of gross neglect of duty. Said answer and cross petition are No. 162617 and will be for hearing on and after June 28th, 1918. M16 J20

Hippodrome

Now that the regular vaudeville season at B. F. Keith's has come to a glorious close, the management has arranged to open a bigger and better summer vaudeville season with popular summer prices. The summer entertainment of this theater has always been looked forward to by the theatre goers of Cleveland. With everything going up because of the war the Hippodrome just changes things about and reduces prices. For the warm months the matinee prices are ten and twenty cents and the evening prices are ten, twenty, twenty-five and thirty-five cents. Together with a carefully selected program of entertaining vaudeville hits there is also an hour of exclusive feature pictures, thus giving the patrons two great shows for one admission. The theatre has put on its summer clothes. All the seats have been covered and cool looking summer draperies have been hung. A new addition has been made to the cooling system which should make the theatre one of the most comfortable spots in Cleveland. The first of the summer shows will open next Monday matinee and the management promises a brilliant program to open the new policy. Later the famous arbor with its free and refreshing drinks will be open to the patrons.

WAR SAVINGS BALL TO TOUR OHIO

Columbus, Ohio—Bringing down to date the "extravagant feature" of the "Tippecanoe and Tyler, too," political campaign of 1840, there will be started from Columbus next Monday, June 10, the Ohio War Savings Ball. It will tour the state during the next 90 days in the interest of the War Savings Stamp campaign.

The War Savings Ball—manufactured and donated by the W. E. Lamneck Company, Columbus—is made of galvanized tin; six feet in diameter, soundly reinforced and braced. It will be painted red, white and blue and on its face will be carried War Savings captions.

After leaving Columbus, the first stop of the War Savings Ball will be in Delaware county. Local advance notices of its appearance in each county will be given.

The War Savings Ball idea was borrowed from the political campaign of 1840. In the "History of Ohio—the Rise and Progress of an American State," published by E. O. Randall and Daniel J. Ryan, this reference is made: "The most extravagant feature of the campaign was a huge ball, ten to twelve feet in diameter, which was rolled along in the processions of the day. It made its first appearance at the Young Men's Whig Convention at Baltimore. It was a round wooden frame, covered with linen painted in bright colors, and on all sides covered with political phrases. It was transferred from city to city to be used in Whig political conventions. At one time we find it at Zanesville, then at Nashville, and again at Annapolis."

EAST OHIO GAS CO. WARNS PEOPLE TO PUT IN FUEL FOR WINTER

From many sources comes the repeated warnings to be prepared for next winter in the way of fuel. But there is none more significant than the timely one given by the East Ohio Gas Co. to the people of Cleveland and surrounding towns.

It's the business of this distributor of fuel to SELL gas and the more it sells the better for the stockholders, no doubt, from a dividend point of view.

Repeatedly it has said through its advertisements in newspapers to "anticipate your needs."

In its latest warning consumers are very frankly told that the East Ohio will not be in a position to furnish any more gas the coming winter than it did last winter, in all likelihood.

"Unless the domestic consumer puts in his order early he may not be able to get any coal at all next winter; we strongly urge our customers to install two-fuel heating appliances—and to order the necessary fuel now."

That's the way the company puts it up to the people—it's an opportune injunction and coming unselfishly as it does from a concern that deals in nothing but fuel ti would be the part of wisdom for everybody to fill the coal bins at once.

TREMAINE-HAYES WEDDING

On the lawn at Hillandale, the home in Wickliffe of Mr. and Mrs. B. G. Tremaine, their daughter, Bertine, was married to Lieutenant Warwick J. Hayes, on Friday afternoon, May 17th. The ceremoney, at 4 o'clock, was read by the bride's uncle, Rev. E. P. Edmons of Columbus, the bridal party standing before a vine-covered trellis over which floated an American flag and Battery D's flag of the 135th Field Artillery, of which the bridegroom is a member at Camp Sheridan. The bride's brothers, Warren and Allen Tremaine, stretched red, white and blue ribbons from the veranda to the trellis, to form an aisle through which the bridal party passed.

Miss Tremaine, who walked with her father and was given in marriage by him, made a beautiful bride. Whitethread lace formed the bridal gown. It was made short, the tulle veil worn with orange blossoms froming her train. She carried lilies-of-the valley and orchids in shower effect. The bridegroom's gift was a diamond and sapphire barpin. Of course, the bridegroom was in uniform, as was his brother, Kenneth Hayes, who served him as best man, and Lieutenants Oliver Clay, Frederick Comey and Frederick Witzel, who acted as ushers, with Mr. Ford Sprague, Mr. B. Carl Tremaine and Mr. Burton G. Tremaine, Jr. Mrs. Tremaine, the bride's mother, was wearing a gown of flesh colored georgette and satin, and Mrs. Harry E. Hayes, the bridegroom's mother, was gowned in sand colored chiffon with filet lace. Both carried orchids. Mrs. J. H. Morley, a life-long friend of the Hayes family, was in black velvet with point lace. Flags and flowers in the national colors were used throughout the house. A buffet supper was served in the dining-room. The large wedding cake was ornamented with flags of our allies. Lieutenant and Mrs. Hayes motored to East Aurora, and returning from there Tuesday morning left at once for Montgomery.—Cleveland Topics.

End the Dread of a Wash Day

In hundreds of thousands of homes the day which the housewife dreads above all others is wash day. In 200,000 other homes that dread has passed away entirely—thanks to the Thor Electric Washing Machine. The Thor does an average week's washing in an hour—makes the clothes spotlessly clean—saves wear on them—and helps solve the problem of hired help. It saves the hire of a laundress—makes it easier to keep a maid if you want one—or even enables you to dispense with her entirely. Get a Thor before next wash day.

Buy NOW and Save Money

Make a start toward a home of your own. The easiest way, the way most people have become happy home owners is to buy a lot, pay it off as quickly as possible, get a building loan, and then pay off the loan the same as rent.

You are invited to discuss with us, without obligation, our co-operative plan, which makes it easy for you to own your home.

Willoughby-Euclid Avenue Subdivision

60x200, $480 up. 80x200, $640 up.

Terms very easy, a little down, a little a month, with liberal cash discount.

Protected by conservative restrictions, of one house, for one family to the lot, with complete improvements (including sewer, water, sidewalks, shade trees, parks, tennis courts and paving) now being installed, this property offers an exceptional opportunity to secure a beautiful homesite in the choicest residence district of Willoughby.

Because of the increase in land values it will not be possible again to buy equally well located and developed property in Willoughby, at these low prices.

Buyers of our property at present initial prices may be absolutely certain of a generous increase in value.

Now is the time to act. Don't put it off. Delay will mean second choice and a higher price. Take advantage of present high wages and get started toward that "home of your own" you have dreamed of and longed for. We will be glad to show you how you can have it, with very little money. You can pay for it the same as rent while you use and enjoy your home.

Representatives on the property Saturday afternoons and Sundays.

WIRE YOUR HOUSE For Electric Light

Houses that are not wired for Electric Light are decreasing in value all the time. And they are getting more difficult to sell and rent every year.

If you own property, it is simply a matter of good business to install electricity in your houses. The higher price you will get when you sell or rent will more than offset the cost of the wiring.

Anticipate Your Needs

The Fuel Administration has issued repeated warnings to all domestic consumers urging them to order now all the coal they will need next winter.

Munition factories must be run to full capacity. Ships must be bunkered—and unless the domestic consumer puts in his order early he may not be able to get any coal at all next winter.

During the past winter, the coal shortage caused an unprecedented demand for natural gas for heatin purposes.

Although, we did our utmost to deliver enough gas to meet all domestic heating requirements, the supply proved inadequate.

Furthermore we absolutely cannot promise to deliver a greater quantity of gas next winter.

Therefore we strongly urge our customers to install two-fuel heating appliances—and to order the necessary auxiliary fuel now.

Anticipate your needs. You know next winter is going to be cold. Get ready for it now!

Samuel F. Perkins, and the unknown heirs and devisees of Samuel F. Perkins, deceased, Sadie Perkins and the unknown heirs and devisees of Sadie Perkins, deceased, all of whose places of residence are unknown, and the names of the unknown heirs and devisees of Samuel F. Perkins, deceased, and Sadie Perkins, deceased being unknown, will take notice that Elizabeth Davis, as plaintiff, has filed a petition against them, as defendants, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that she is the owner in fee simple and is in actual possession of the following described real estate, to wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being a part of sublot No. 45 in Gaius Burk's subdivision of a part of original one hundred acre lots Nos. 315 and 455, as shown by the recorded plat of said subdivision in Volume 2 of Maps, page 57 of Cuyahoga County Records and bounded and described as follows:

Beginning at a point in the northerly line of Harvard Avenue, S. E. about 174 feet and 3 inches East from the intersection of Jones Road S. E. and Harvard Avenue S. E. and at the southwest corner of land deeded to John T. Hobbs by deed dated Feb. 3, 1883, and recorded in Volume 347, page 77, Cuyahoga County Records; thence northerly at right angles with Harvard Avenue S. E., 50 feet; thence northwesterly at right angles with Jones Road S. E. to the southerly line of said Jones Road S. E. at the northwest corner of said Hobbs land; thence southwesterly along the southerly line of Jones Road S. E. to a point 40 feet from said Hobbs north west corner; thence southeasterly about 42 feet to a point 41 feet and 11 inches from the northerly line of Harvard Avenue S. E. and 55 feet from the east line of the parcel herein described; thence southerly 41 feet and 11 inches to the northerly line to Harvard Avenue, S. E.; thence easterly along the northerly line of Harvard Avenue, S. E. 55 feet to the place of beginning.

The petition alleges that the defendants claim an interest or estate in said premises, hostile and adverse to plaintiff's rights, in this to wit: that prior to the year 1894, Samuel F. Perkins was the owner of the above described premises, and that on the 31st day of March, 1894, one E. A. Gongwer was appointed guardian of the aforementioned Samuel F. Perkins, a drunkard; that subsequently, on the 24th day of March, 1894, the aforesaid E. A. Gongwer filed a petition in the Probate Court of Cuyahoga County, Ohio, for the purpose of selling the real estate of his ward, to pay his debts, naming the said Samuel F. Perkins, as the sole and only defendant, altho at the time the said Samuel F. Perkins was a widower with one child, to wit: Sadie Perkins. The petition alleges that no notice was served on the defendant Samuel F. Perkins, nor was his child, Sadie Perkins, who was entitled to the next estate of inheritance, made a party defendant; that subsequently, a hearing was had in the Probate Court, as aforesaid, and the Court allowed the prayer of the petition and appointed appraisers therein, who duly appraised said premises in the sum of $1350.00; that on the 13th day of May, 1895, an order of private sale was issued, and said premises were sold to William H. Davis and Elizabeth Davis, the latter the plaintiff herein, for the sum of $1350.00; that on May 14th 1895, said sale was confirmed, and a guardian was ordered to make a deed to said purchaser; that on said day the said William H. Davis and Elizabeth Davis paid to the said E. A. Gongwer guardian, the sum of $1350.00 and obtained therefor an official guardian's deed conveying said premises to them for said sum of money, which deed was recorded in Volume 597, page 630 of Cuyahoga County Records.

The petition further alleges that the said plaintiff and her husband, William H. Davis, continued in the possession of said premises down to the time of the death of her husband, who died testate, leaving his interest in said premises to this plaintiff.

The petition further alleges that the alleged claim of the defendants has no value, and is of no effect, and that the said defendants have no interest whatever in said premises, but that the alleged claim they make, constitutes a cloud upon the title of plaintiff, and that this plaintiff has had the actual, open, notorious, continuous and adverse possession of said premises since the 15th day of May, 1895.

The prayer of said petition is that the said defendants may be compelled to show their interest, if any, in said premisse; that the same be adjudged to be null and void, and the plaintiff's title quieted against the same.

Said petition is No. 163799 and the above named defendants are required to answer the same on or before the 18th day of July, 1918.

TWENTY-SIXTH YEAR—NO. 15 WILLOUGHBY, O. JUNE 14, 1918. ONE DOLLAR AND TWENTY-FIVE CENTS A YEAR IN ADVANCE

Flag Day Is Friday, June 14th

The great minds and great hearts and brave men and women of the past made our flag a real flag. They made the flag for us; today we are making it for those who will come after us.

I say we are making it, because you and I, I hope, are doing all we can to help our army and our navy win the fight against the blood-reeking autocracy that wishes to unmake half the flags of the world and put the modern flag of piracy in their places. For this is true: Each flag that is a real flag must be made again and again with the passing years. It is thus our flag has been made and perpetuated. In time of peace it has been a flag of peace and a truer symbol of peace than the white flag of submission. It has also been a war banner as glorious as any that ever floated above the heads of armed men.

This Flag Day it will float from the staffs of a million American homes, perhaps from ten million or twenty million, but its greatest glory—the greatest glory of its 140 years—is that it will float in the breezes of France and Flanders beside the flags of Belgium, France and Great Britain, and on the seven seas of the world in the world's greatest combat against autocratic brutality. No longer the flag of a group of colonies, Old Glory has become the banner of a world power, the emblem of the mightiest free people that ever existed.—ELLIS PARKER BUTLER.

SERVICE FLAG WITH FORTY STARS WILL FLOAT IN THE W. H. S. AUDITORIUM FOR COMMENCEMENT NIGHT.

A beautiful new service flag will float over the stage at the W. H. S. auditorium Friday night when the graduation exercises for the class of 1918 are held. The stars are in honor of all who have attended the Willoughby high school who are in service. Laurence Wells and Verne Wilbur were the first to leave from the high school. The present class is one of the largest in the history of the school. It is unique in the fact that it is evenly divided, ten boys and ten girls. It is said that this does not happen once in 20 years. This is the class also who were compelled to vacate the old building. Their course, therefore, has been much interrupted. They entered school in 1914, and left the old building the spring of 1915.

CAN A CAN FOR THE CANTEEN

"Can a can for the canteen."

This is a slogan set forth by Mrs. H. S. Stebbins to stimulate interest in the Canteen Club of Cleveland. This is an activity under the direct supervision of the Cleveland Red Cross society. It is a home for soldier and sailor boys awaiting orders in Cleveland. Two hundred and fifty men per day are being served. The workers are all practically volunteers. Supplies are asked from the homes; vegetables, lettuce, cherries, anything seasonable and this is what appeals to the boys, home made jellies, pickles, jams, etc. Tuesday at the Red Cross meeting Mrs. Carmichael appointed a committee consisting of Mrs. Stebbins, Mrs. Ohm, Mrs. Penfield and Mrs. Barnes to look after the contributions. Thursday, Monday and Tuesday are appointed days to accept materials for the first shipment. Articles may be brought to the Red Cross rooms. Mrs. J. B. Perkins of Mentor, has charge of supplies sent from Mentor and surrounding suburbs, Tuesday being the day appointed by the Cleveland committee for such contributions.

The club is located at 2738 Prospect. Going in on the Main Line car, by getting off at 30th street, one is right at the club, which has a conspicuous sign.

Naval orchestras furnished music and colored lights playing upon the fountains and changed to suit the varying dances and classes, made a picture of great beauty.

Colored waiters served refreshments to all the guests numbering several thousand. It was a "wonderful, never to be forgotten week," Mrs. Talbot said. Paul is a graduate of W. H. S. and secured his admission to Annapolis through Congressman Gordon.

LOCAL O. E. S. RECEIVES MUCH PRAISE AT INSPECTION

Willoughby Chapter O. E. S., held its annual inspection meeting on June 3. An informal reception was followed by a six thirty dinner when about 100 guests and members were seated at the table beautifully decorated for the occasion by the efficient committee in charge.

The inspecting officer was Mrs. Rose Waltz Norris, Grand Matron of the state, of Deshler, O.

Mrs. Norris spoke feelingly of the flag service, which means much to her as her husband, Capt. Norris, is a physician and surgeon in the front line trenches of France, and her only son is waiting the call in a southern camp.

Many guests were present from Cleveland and points east. The local chapter received much praise for its high degree of excellence in ritualistic work and was especially commended for its initiative in the adoption of a war orphan.

"OVER THE ROADS TO WAR" FILM TO BE SHOWN AT HIAWATHA

Combining the thrills of the the armies of three nations actively engaged in war with a graphic portrayal of a simple method by which the motorists of America can release one hundred million dolars' worth of valuable necessity to our fighting forces, the thrilling Universal film, "Over the Roads to War" will be shown Thursday, June 20th, at the Hiawatha.

"The war is being fought on rubber," says Clarence Pierce of the Willoughby Tire Shop.

"France, Italy and America combined to make this film, which shows the armies of the three Allies, as well as such spots in the history of our country as Bunker Hill Monument, the Gettysburg battlefield, Independence Hall, the Betsy Ross House and the Liberty Bell.

"Governor Whitman of New York is a prominent participant in the film, which has won the endorsement of the United States Government.

"Entirely aside from its spectacular scenes, with such views as an Italian army climbing the steep slopes of the Apenines, and French 'poilus' dashing to the front on top of huge omnibuses, it brings a message of thrift, with a simple, lucid demonstration of how to help save $100,000,000 a year to help win the war."

The film is being shown at the Hiawatha through the courtesy of the Firestone Company and it's local representative, Clarence Pierce.

NORMAL SCHOOL COMMENCEMENT AT WILLOUGHBY

An unusual program was given by the Lake County Normal class at its commencement in Willoughby June 4. Class demonstrations of rhythmic action plays, folk dances and dramatization, conducted by the members of the class, with children from the Willoughby schools were successfully given. Certificates were presented by the county superintendent to nine young women: Louise Barnett, Painesville; Agnese Barry and Dorothy Walding, Madison; Caroline Binnig, Thompson; Blanche Grover, Katherine Markell and Florence Yaxlye, Kirtland; Hazel Rush, Willoughby and Dorothy West, Perry. With the exception of Miss West, who will continue her normal training in Cleveland next year, all of the class have secured positions to teach in our county schools next year. The county normal school will continue next year applications should be sent without delay to County Superintendent F. H. Kendall.

A LETTER FROM LEWIS B. SCHUPP

June 2, 1918.

E. D. Bryant.

My Dear Editor:

Excuse this form of address but I don not know whether you are man or woman. But I want to thank you for your kindness in sending me the Republican for the past month. It has been a source of pleasure to me and several other comrades from that vicinity. But as we are moving from here and not knowing what our destination is, you had best discontinue it until I again notify you which I shall do as soon as we are moved. Am sending this camp paper in hopes it may aid you.

Sincerely,

GRADUATING CLASS TO HAVE PICNIC

The graduating class of the W. H. S. enjoyed a picnic supper and class party at Willoughbeach Thursday night.

LETTER FROM HAROLD NEUMANN

May 18, 1918.

Dear Mother:

We expect to leave here before long, but don't know when. The engineers, 145th and 148th, are leaving; want to see L. Barber before he goes. I am through with the kitchen police today and am glad of it, as my hands are all soft from being in the water all week. Received the box and it is swell. Spent the whole night with Lewis Schupp of Kirtland, reading the papers. Barber was over Sunday night and also last night. Had French toast, oatmeal and prunes for breakfast; very good.

With love to all.
HAROLD.

BENJAMIN CHAPIN, RECENTLY SEEN AT THE HIAWATHA IN "THE SON OF DEMOCRACY," IS DEAD.

Benjamin Chapin, famous as a Lincoln impersonator, passed away in New Jersey recently. Mr. Chapin had appeared in impersonations of Lincoln for many years. For five years he labored upon the "Son of Democracy" films, in order to reach a larger number of people thereby. His death occurred before he could realize financial fruits from the results. He was buried at his birthplace in Bristolville, Ohio.

HIGH SCHOOL PLEDGES MUCH FOR WAR CHEST

The W. H. S. pledged almost $500 for the Lake county War Chest pledges and contributions are still coming in. One worker, the report of whose district was inadvertently omitted from the reports was that of E. M Otis. He had the portion of Euclid avenue from the park to Barber avenue and secured about $150.

SOLDIER SELLS THRIFT STAMPS AT RALLY MEETING

Bomber Blank and Major Bechtol were the men in uniform speaking at the Thrift Stamp rally Friday night. The boys bring a great message any time and folks are turning out in large numbers to hear the men who have had these terrible experiences across the water.

Postmaster Webster introduced Harry Hammar, saying he had been told Willoughby had "copped Lake county's best orator for the evening." Similar rallies were held all over the country.

Bomber Blank sold thrift stamps. The Modern Woodmen Band played and the Willoughby male quartette sang.

BACCALAUREATE SERVICE FOR GRADUATING CLASS

WE NEED THE MONEY HERE, SAYS GIBSON AND YOU DON'T HAVE TO PAY THE FREIGHT. READ ON:

Say, which do you figure is cheaper: 1 pair head lamps at $6.00, 2 front fenders at $7.50, 1 radiator $25.00, or a nice classy bumper for about $5.50 or $6.00? Think that over and then come in and talk bumper with me. I am agoing to sell them whether I make a cent or not. Tires and Tubes are agoing up every day and you know you will need one or more soon; and I have the best money can buy at the price I ask. My present stock of oils and grease are nearly exhausted and the next shipment will be a considerable higher. So get busy now, as it is a necessity for your car. Just compare my prices with the catalogue houses, freight added, and see how far you are ahead by sending your money out of town; and right here is where we need it. I may not be here long, so get what you want of what I've got and if I have not got it I can get it or it isn't made.

YOUNG MEN **YOUNG WOMEN**

Back Up The Boys

The force of the punch of our boys "Over There" comes from the army at home. The calls from the Government and the calls from the Business Houses are directed at you.

Will you answer the call?

HIGH SCHOOL GRADUATES, your services are in demand. Uncle Sam needs the help of every efficiently trained stenographer and typist that he can secure. The number available is far below the demand.

Business Houses are handicapped because of the lack of people properly trained in business and stenography for the higher positions.

In the Army and Navy men are needed for specialized service requiring a knowledge of shorthand and typewriting or a knowledge of accounting and record keeping.

Make this your choice of service. It is a training and experience without which you will be handicapped after the war.

The Spencerian School is conducting courses to meet the present demands. These are thorough courses, backed up by years of careful preparation. They are for the people who are looking forward to the higher business positions.

The rapid rise of Spencerian graduates to positions of trust and responsibility is proof that

DAN FLICKINGER REACHES FRANCE

A French Village,
Sat. P. M., April 20, 1918.

Dear Folks:

The tone of this letter cannot help but be happy, because I am feeling so much that way myself. At last we are settled! Thank heaven! The mere fact that after a certain period of training we will have to go up the line and take our turn at the Germans doesn't worry me a bit. The point is my lady, we won't have to move for a while, our men are well quartered in billets, and we are well fixed in grand style. It sure is great and you bet I feel mighty relieved now that the company is all here, and that Capt. Swanton (also here) will soon take over command of it. We made the whole trip from the states without losing one of our 159 men. Lucky, in a way.

Of course I hate to give up command of the company—after all my work, and now since it is in good running order—but such is life in the army! I'm getting used to it. Incidentolly I won't be sorry to be relieved of some of the responsibility. Haven't any idea what will happen to me next; there is of course, a big shakeup due in the regiment, in order to get us organized for fighting. I hope I don't get sent back to "B" Co., although you can never tell what is going to happen. I should worry; I'm fixed so comfortably here I don't care what I do, as long as they leave me here.

For once I can tell you a lot without breaking any censor rules, just so long as I don't give you the name of this quaint little village in which we are billeted.

To go back a few days, first; that last letter was written from a rest camp near the port of debarkation here in France. From there we had a day and a half journey on the train and a half day hike to this place, our final base. Of course, this is southeast of Paris, and in the direction of the front. We were all disappointed that we did not come through Paris—we just passed through the suburbs. All I could see through the mist was the Eifel Tower. It was a hard trip.

Well it will take me a long time to tell you about our life here in this village. Its almost too good to be true! Although we are working hard and drilling on a fairly stiff schedule, our quarters are so nice and the food so great that we would not even care if the war would be called off right now! The men are billeted around in different buildings—some houses, some barns, some sheds, etc, with four or five to forty men per building. They just live there of course; we have new buildings for mess shacks where we do our own cooking as usual. The orderly room, or company office, is centrally located in an old house with a stone floor.

The officers are sure fixed great! Just imagine me here now sitting in my upstairs room in this old stone house, writing at a real table and looking down along the village street at the old French people and children, our soldiers, and the domestic animals. Gee, what new sights we see every day; this little old village itself is the type tourists used to come and visit, with its fine old church, town hall, mayor's home, and beautiful fields and gardens surrounding. You know, dog-gone it, this world is too pretty to be fighting in; I'm in favor of postponing this war until fall at least! No chance. Believe me there's a mighty stern undercurrent here with all this pretty village and no one knows how soon we'll have to go up.

The house I'm living in is owned by an old French peasant and his wife. They have a grandson about 16 years old and a little granddaughter about 4. Its pathetic to see all the young and middle aged men gone from here, and from other villages. You see nothing but old men and boys around. War has certainly hit this poor town hard. Our people back home don't even know what real war is yet. For all I know this old house may have been built by Louis XXXII.? It sure is old but what a treat it is for me to live in a house again. And this bed! It's four feet deep and soft all the way through. There's a good window in my room and it's well located as regards headquarters, the Company and our eating house.

That's what I'm going to tell you about next, Emma. You remember how your husband likes French fried potatoes and chocolate (incidentally all food in general). Well, we have these two French dishes every day, and believe me, I know now why they call them French fried. This place where all we officers eat is the village hotel, and they sure can cook. We pay the government for our rations and pay these people extra for the cooking and service. The madam that runs this combination hotel, bar, and inn is the wife of a French officer who was taken prisoner in the first battle of Verdun. She hears from him only once every 40 days. So you [illegible]

food, because this cold, raw weather and the work makes you hungry. They may call it sunny France, but they certainly never meant this part of the country! Everything grows nice and green, though—just like in England.

Only part of our regiment is here—the other two battalions with headquarters and supply companies are around in adjacent villages, just as the rest of our brigade and division is all in this immediate vicinity. My company is attached to this battalion here for administration.

One of these fine mornings, I suppose, when I'd rather get up and be queen of the May, the order will come for us to move our men east and be ready to take over our sector. Ye Gods! how scared we all will be the first time. I'm not worrying about it though. You either get killed or wounded or else neither, and in any case, there are big advantages. But I'm like the darky who sold his stove in the spring; it's warm now and winter (war) is not here quiet yet.

Well, I'm looking forward to my first letter from you.

With much love,
DAN.

KINNEY & LEVAN'S 35th ANNIVERSARY

The week of June 17th The Kinney & Levan Co., at Euclid Ave. and E. 14th St., will celebrate a double anniversary—thirty-five years in business in Cleveland—five years in their new building on upper Euclid Ave.

From a small store at 120 Superior St., where China, Glassware and Lighting ware were sold this firm has made rapid growth. New departments which include merchandise for the furnishing of the home have been added as the demand grew, until now this is considered to be the Largest Exclusve Store of its kind in America.

To celebrate these occasions the salesrooms are beautifully decorated, and a number of interesting demonstrations will be given. Domestic Science cooking, the famous Biltmore Coffe and Basket Making will be shown while representatives from two large Silver Factories will show the different processes their products pass thru. The Oriental Studio, which is being recognized as one of the show places of Cleveland, has been redecorated and tea will be served free by girls in gorgeous Chinese costumes.

During the week some splendid bargains in seasonable goods will be offered which will interest the housewives.

GOVERNMENT NEEDS CLERKS

Washington, D. C., June 12.—Expert clerical work has a more important place in the government's war organization than most people realize. We all know that the war can not be won in the trenches alone; that an effective establishment at home is vital to the success of the biggest job ever undertaken by any nation; but the full extent to which the specialized clerk is neded is perhaps not generally understood. And it is in this class of work that women have the best opportunity to be of real service to the government at this time.

In the national capital alone the civilian force increased from 30,000 to nearly 80,000 during the first year of our participation in the war. Nine-tenths of the new employes are clerks of one kind or another, and fully three-fourths of them are women. 18,000 stenographers and typists are at work constantly in the government offices at Washington on the tons of correspondence and records made necessary by war preparations on a scale such as the world has never before known.

General clerks, that is, those without a specialty, are not difficult to obtain even under present conditions, but the United States Civil Service Commission. charged with the duty of recruiting the civil service to meet war neds, is experiencing difficulty in obtaining a sufficent number of applications for many clerical positions which require special training or experience. There is an urgent call for applicants for the positions of stenographer, typewriter, bookkeeper-typewriter, c lerk-bookkeeper, cost accountant, accounting and statistical clerk, statistician clerk qualified in accounting, clerk qualified in business administration, index and catalogue clerk, schedule clerk, passenger-rate clerk, blue-print file clerk and assistant to business manager. All of these positions are open to both men and women. Representatives of the Civil Service Commission at the post offices in all cities are prepared to furnish definite information and application blanks.

DOROTHY PHILLIPS IN "A SOUL FOR SALE

"A Soul For Sale" is not very often heard of, with the high cost of living one has to conserve and buy food, instead of buying souls, nevertheless you can buy it at a reasonable cost at the Standard Theatre for one week beginning June 16th.

"A Soul For Sale," with Dorothy Phillips, is a strong drama adapted from the story "Barter," and tells of a mother who, in order to be in high society and have plenty of money and jewelry would sell her daughter to the highest bidder, but as this fails she actually robs one of her daughter's suitors out of a large sum of money, the girl finds this out and returns it, but is seen by the man and is misunderstood. also seen leaving the man's apartments, which spoils her reputation and the confidence of the man she loves. She then has many unpleasant experiences, until she again meets her lover on the roof of a burning building, and everything adjusts itself to the satisfaction of both themselves and the audience that witness this great feature. A new comedy production by Mack Sennett entitled "Two Tough Tenderfeet" will also be shown.

LEGAL NOTICE

Louis C. Shiperd, who resides at No. 9 Park Lane, Evansville, Indiana, and the unknown heirs of John J. Shipherd, deceased, all of whose names and places of residence are unknown, will take notice that E. H. Everett, as plaintiff, has filed a petition against them, as defendants, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is seized in fee simple and is in possession of the following described real estate, to wit:

Situate in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being sublots Numbers 203 and 205 to 222, both inclusive, in Crosby's Allotment of part of original Euclid Township tract number 16. as shown by the recorded plat in Vol. 9 of Maps, page 25 of Cuyahoga County Records.

The petition alleges that the defendants claim some interest in said premises adverse to the title of plaintiff, the nature and kind of which is entirely unknown to plaintiff; that he derived his title to an undivided one-half interest of the premises above described by deed from Henry W. Putnam, and that on January 21st, 1890, he purchased tax title to all of said lots and that he paid the taxes and assessments on said lots, and has been in possession of them adversely to the widow and heirs of John J. Shipherd, for more than twenty-eight years.

The prayer of said petition is that the plaintiff may be adjudged the owner of all of said lots, freed from all claims of any estate or interest therein of the said defendants and for relief.

Said petition is No. 164054 and the above named defendants are required to answer the same on or before the 26th day of July, 1918.

Hippodrome

When the patrons of B. F. Keith's Hippodrome witness the new summer vaudeville program next week they will be treated to one of the most remarkable shows at popular prices ever presented on a vaudeville stage in America. It will look more like a winter program than any summer show at the Hippodrome. Johny Dooley, the star of the recent Passing Show, and who recently headlined at the B. F. Keith Palace Theatre in New York, will be the headline attraction next week. This act alone is quite enough to assure the numerous summer vaudeville patrons that they have a real bargain in store. W. H. Macart and Athlynne Bradford, another headline feature, will present their delighted one-act farce entitled "Love Honor and Obey," written by Mr. Macart. This couple have not been seen here for several years although Mr. Macart has many friends in Cleveland. With the Maryland Singers as headliner No. 3 all records for summer attendance should be broken. Mr. Ralph Dunbar has surpassed all other endeavors with this group of southern singers and musicians. Another sure-fire success will be Rucker and Winifred, the ebony-head entertainers who have a style distinctly thir own. The Belgium Trio, a group of wonderful athletes who juggle human beings will make their first Cleveland appearance. A joyfest for the young and old will be presented by Strassell's Animals. This is one of the most original animal acts ever seen. Other vaudeville features in the nature of a surprise will be announced later. The six reels of exclusive photoplays will surely prove pleasing to the picture enthusiasts.

Buy NOW and Save Money

Make a start toward a home of your own. The easiest way, the way most people have become happy home owners is to buy a lot, pay it off as quickly as possible, get a building loan, and then pay off the loan the same as rent.

You are invited to discuss with us, without obligation, our co-operative plan, which makes it easy for you to own your home.

Willoughby-Euclid Avenue Subdivision
60x200, $480 up. 80x200, $640 up.

Terms very easy, a little down, a little a month, with liberal cash discount.

Protected by conservative restrictions, of one house, for one family to the lot, with complete improvements (including sewer, water, sidewalks, shade trees, parks, tennis courts and paving) now being installed, this property offers an exceptional opportunity to secure a beautiful homesite in the choicest residence district of Willoughby.

Because of the increase in land values it will not be possible again to buy equally well located and developed property in Willoughby, at these low prices.

Buyers of our property at present initial prices may be absolutely certain of a generous increase in value.

Now is the time to act. Don't put it off. Delay will mean second choice and a higher price. Take advantage of present high wages and get started toward that "home of your own" you have dreamed of and longed for. We will be glad to show you how you can have it, with very little money. You can pay for it the same as rent while you use and enjoy your home.

Notice to Gas Consumers!

AT A REGULAR SESSION OF THE PUBLIC UTILITIES COMMISSION, HELD AT COLUMBUS, OHIO, ON THE TWENTY-FIRST DAY OF MAY, 1918.

Present:
Charles C. Marshall, Chairman;
Beecher W. Waltermire,
Byron M. Clendening,
Commissioners.

Administration Order No. 24

The Public Utilities Commission, having under consideration the probable inability of natural gas companies to furnish an adequate supply to all their consumers during the coming winter, and the necessity of formulating more definite rules for the guidance of such public utility companies in disconnecting industrial and other consumers from the service, when necessary, during an emergency, to conserve the supply for domestic consumers, and the order in which disconnection should be made, as well as the order in which the service should be restored when the emergency is passed, hereby adopts the following rules and regulations, to wit:

1. That for the purpose of disconnecting or curtailing service to consumers during an emergency, all consumers of natural gas are divided into two general classes, namely: Domestic Consumers and Industrial Consumers.

2. That domestic consumers, for such purposes, include the users of natural gas for heating, lighting and cooking in private homes, boarding houses, and apartment houses; and users of natural gas for lighting and cooking only, in hotels, restaurants, bakeries, eating places, club houses, hospitals and other charitable institutions.

3. That all other consumers shall be designated as "Industrial Consumers"; but for the purposes of disconnection or curtailment during an emergency, the following subdivisions of industrial consumers may be made, in cases where there is more than a sufficient supply of gas for domestic consumers as herein specified, but not a sufficient supply for all industrial consumers:

A. Users who are not included in the domestic consumers class, as herein specified, but who are engaged in preparing or preserving foodstuffs, or food producing plants, for such purposes only.

B. Industries directly engaged in manufacturing or producing war materials; for such purposes only; and users of gas in gas engines.

C. All other industrial consumers.

When there is not sufficient gas for all industrial consumers, as herein defined, the surplus shall be furnished to industrials in the order above named.

4. This classification is subject to the following exception: Where natural gas is being used in limited quantities for scientific, experimental or mechanical purposes, and where other means of producing light and heat for such purposes can not be reasonably substituted, an amount essential to such use, but not to exceed five thousand (5,000) cubic feet per month to each consumer so engaged may be used for such purposes only, and as if they were included in the class of domestic consumers herein specified.

5. If, after disconnecting all industrial consumers, there is not a sufficient supply of gas for the domestic consumers, then all boilers and furnaces not provided with gas fixtures and appliances primarily designed for burning natural gas as a fuel shall be disconnected; and if it becomes necessary to further restrict the use of gas to meet the emergency, domestic consumers may be limited to the use of thirty-five thousand (35,000) cubic feet per month, in one building or for one family.

6. A copy of these regulations shall be furnished by each natural gas company to its consumers not later than June 15, 1918.

7. Consumers who do not promptly disconnect or curtail in accordance with these rules and regulations, when notified by the utility that it is necessary so to do, shall, upon discovery, be wholly disconnected from the service until the emergency is passed.

Situated in the City of Cleveland, County of Cuyahoga, State of Ohio, known as sublot No. 57 of Caroline Beyerle's subdivision of a part of original Lots Nos. 286 and 287 in said City. Samuel F. Perkins, and the unknown heirs and devisees of Samuel F. Perkins, deceased, Sadie Perkins, and the unknown heirs and devisees of Sadie Perkins, deceased, all of whose places of residence are unknown, and the names of the unknown heirs and devisees of Samuel F. Perkins, deceased, and Sadie Perkins, deceased, being unknown, will take notice that Elizabeth Davis, as plaintiff, has filed a petition against them, as defendants, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that she is the owner in fee simple and is in actual possession of the following described real estate, to wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being a part of sublot No. 45 in Gaius Burk's subdivision of a part of original one hundred acre lots Nos. 315 and 455, as shown by the recorded plat of said subdivision in Volume 2 of Maps, page 57 of Cuyahoga County Records and bounded and described as follows:

Beginning at a point in the northerly line of Harvard Avenue, S. E. about 174 feet and 3 inches East from the intersection of Jones Road S. E. and Harvard Avenue S. E. and at the southwest corner of land deeded to John T. Hobbs by deed dated Feb. 3, 1888, and recorded in Volume 347, page 77, Cuyahoga County Records; thence northerly at right angles with Harvard Avenue S. E., 50 feet; thence northwesterly at right angles with Jones Road S. E. to the southerly line of said Jones Road S. E. at the northwest corner of said Hobbs land; thence southwesterly along the southerly line of Jones Road S. E. to a point 40 feet from said Hobbs north west corner; thence southeasterly about 42 feet to a point 41 feet and 11 inches from the northerly line of Harvard Avenue S. E. and 55 feet from the east line of the parcel herein described; thence southerly 41 feet and 11 inches to the northerly line to Harvard Avenue, S. E.; thence easterly along the northerly line of Harvard Avenue, S. E. 55 feet to the place of beginning.

The petition alleges that the defendants claim an interest or estate in said premises, hostile and adverse to plaintiff's rights, in this to wit: that prior to the year 1894, Samuel F. Perkins was the owner of the above described premises, and that on the 31st day of March, 1894, one E. A. Gongwer was appointed guardian of the aforementioned Samuel F. Perkins, a drunkard; that subsequently, on the 24th day of March, 1894 the aforesaid E. A. Gongwer filed a petition in the Probate Court of Cuyahoga County, Ohio, for the purpose of selling the real estate of his ward, to pay his debts, naming the said Samuel F. Perkins, as the sole and only defendant, altho at the time the said Samuel F. Perkins was a widower with one child, to wit: Sadie Perkins. The petition alleges that no notice was served on the defendant, Samuel F. Perkins, nor was his child, Sadie Perkins, who was entitled to the next estate of inheritance, made a party defendant; that subsequently, a hearing was had in the Probate Court, as aforesaid, and the Court allowed the prayer of the petition and appointed appraisers therein, who duly appraised said premises in the sum of $1850.00; that on the 13th day of May, 1895, an order of private sale was issued, and said premises were sold to William H. Davis and Elizabeth Davis, the latter the plaintiff herein, for the sum of $1350.00; that on May 14th, 1895, said sale was confirmed, and a guardian was ordered to make a deed to said purchaser; that on said day the said William H. Davis and Elizabeth Davis paid to the said E. A. Gongwer guardian, the sum of $1350.00 and obtained therefor an official guardian's deed, conveying said premises to them for said sum of money, which deed was recorded in Volume 597, page 636 of Cuyahoga County Records.

The petition further alleges that the said plaintiff and her husband, William H. Davis, continued in the possession of said premises down to the time of the death of her husband who died testate, leaving his interest in said premises to this plaintiff.

The petition further alleges that the alleged claim of the defendants has no value, and is of no effect, and that the said defendants have no interest whatever in said premises, but that the alleged claim they make, constitutes a cloud upon the title of plaintiff, and that this plaintiff has had the actual, open, notorious, continuous and adverse possession of said premises since the 15th day of May, 1895.

The prayer of said petition is that the said defendants may be compelled to show their interest, if any, in said premise; that the same be adjudged to be null and void, and the plaintiff's title quieted against the same.

Said petition is No. 163799 and the above named defendants are required to answer the same on or before the 13th day of July, 1918.

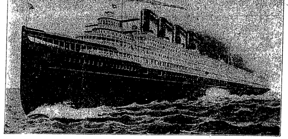
Greatest Ship on Fresh Water Off For Buffalo Saturday Night



The big ship "Seeandbee" will leave her dock at the foot of East 9th street, Cleveland, for Buffalo—her first trip this season. Here's the most thrilling ride on all the chain of the Great Lakes—thrilling for the reason that one is thrilled when stepping aboard the most magnificent steamship on fresh water.

A vacation trip to Niagara Falls for the week-end—with ample time to take in "all the glories" of that famous place—is one that can be had for a very small cost and its a ride that all should take, both for health and pleasure.

The Cleveland and Buffalo Transit Company has provided every comfort for their guests, whether bound for Buffalo, Detroit or Cleveland—not to say a word as to Cedar Point and Put-in-Bay, when the two latter places are in full swing for summer vacationists—then the boats will also be ready.

FORTY-SEVENTH ANNUAL COMMENCEMENT WILLOUGHBY HIGH SCHOOL

Something About the Graduates

By Professor E. M. Otis

The forty-seventh commencement of the Willoughby High School took place on Friday, June 14. The high school auditorium was prettily decorated with flags and flowers, the colors red and white predominating. A beautiful service flag of forty stars, the gift of the class of '18, occupied the center of the stage and was surrounded by the national colors, which completed the background of the scenery. Above the class was suspended the motto, "Temporibus Mutamur," "We are changed by the times." Palms and ferns were tastefully arranged on the sides and rear, a bank of red and white roses encircling the front. Between the stage and balcony the flags of allies were hung.

More than five hundred people assembled to listen to a program of more than usual interest. Six members of the class had been chosen to give orations, all of which were timely and patriotic. An address of unusual eloquence by Judge A. G. Reynolds closed the speaking program.

In the place of the usual high school music Warren Whitney sang two groups of songs which were much appreciated by the audience and the class

Rev. L. P. McCulloch offered the invocation, and the superintendent presented the diplomas on behalf of the board of education.

A brief account of each of the graduates follows:

John F. Clair, classical course, member of literary team 1917, varsity football 1917, commencement speaker.

CANTEEN CLUB IS DELIGHTED WITH WILLOUGHBY "SHOWER."

The Canteen Club of Cleveland experienced a Willoughby "shower" Wednesday, and it was an experience that delighted and surprised them. "The can a can for the canteen" movement started by Mrs. Stebbins last week resulted in hundreds of jars of canned articles and many baskets of fresh vegetables being brought to the Red Cross rooms for delivery to the sailors and soldiers' canteen club in Cleveland.

Wednesday Mrs. Stebbins and Mrs. Penfield were at the Canteen Club when the load arrived. The ladies were delighted and stated that Willoughby was the first to inaugurate such a shower, and the generous quantity and variety called forth much praise. This is the list of articles that the Willoughby Red Cross members sent in, in the "shower":

62 quarts fruit, 32 quarts vegetables, 81 quarts pickles, 13 bottles catsup, 195 glasses jelly, 3 quarts jelly, 42 glasses jam 10½ quarts jam, 1 quart honye, 2 bottles olives, 6 dozen eggs, 2 lbs. batter, 1 bushel asparagus, 1 basket early vegetables, 1 pineapple.

James McMahon

Editor Willoughby Republican,
Willoughby, O.

As the Cleveland Press sent with as a special correspondent on our trip to the western Pennsylvania coal mine district, I thought your good paper might want some special stuff, so appointed myself as your representative.

As you know, we are sent here by the government, to assist in speeding up the coal production, by preaching, and in our particular case, by singing to the miners, the gospel of patriotically sticking to their work and assisting in this great world struggle. We are helpless without plenty of coal.

We are meeting with phenomenal success. Mr. George Schneider, secretary of the Cleveland Athletic Club, is our "preacher." It is wonderful to see the men respond to his efforts. They are more than eager to do their share and all they need is something like we're doing to awaken them to a conscious necessity. They don't realize the important link they are in the great chain. We were in MacDonald last night and our meeting was held in a ball park that was surrounded by a big hill on three sides, forming a fine amphitheater. The setting was wonderful amongst these grand Pennsylvania hills. These men were asked last night that if they were willing to pledge themselves to do six full days of labor every week during this war, to raise their hand. It was thrilling to see the solemn look on those faces as every hand in this crowd of two thousand toilers was raised.

The government is doing a wonderful work in this propaganda to the toilers. It makes the men realize as they never have before that their work is just as important to ultimate victory as is the work of the man in the front line trench. The working men of the country are being mobilized into an army of second defense, such that can't help but bring victory to the first lines.

It is gratifying to say the least to have a small part in this great movement.

Sincerely yours,
JAMES A. McMAHON.

WE NEED THE MONEY HERE, SAYS GIBSON AND YOU DON'T HAVE TO PAY THE FREIGHT. READ ON:

Say, which do you figure is cheaper: 1 pair head lamps at $6.00, 2 front fenders at $7.50, 1 radiator $25.00, or a nice classy bumper for about $5.50 or $6.00? Think that over and then come in and talk bumper with me. I am agoing to sell them whether I make a cent or not. Tires and Tubes are agoing up every day and you know you will need one or more soon; and I have the best money can buy at the price I ask. My present stock of oils and grease are nearly exhausted and the next shipment will be a considerable higher. So get busy now, as it is a necessity for your car. Just compare my prices with the catalogue houses, freight added, and see how far you are ahead by sending your money out of town; and right here is where we need it. I may not be here long, so get what you want of what I've got and if I have not got it I can get it or it isn't made.

DAN FLICKINGER IN FRANCE, SAYS HE WOULD LIKE TO FIND A NEWSPAPER, SO HE COULD KNOW SOMETHING ABOUT THE WAR.

A French Village,
May 5, 1918.

Dear Folks:

As you may already know from my last letter to Emma, I've moved again. Have my old job back as battalion scout officer now (except it's the Third Battalion) and like it fine.

On the first of the month the intelligence sections of each of the four regiments in our division were sent up here to this little town to attend the divisional intelligence school for three weeks. It was about a 30 kil. trip up here, most of which we made in motor trucks. Each battalion scout officer has 22 men and 6 N. C. O's in his section—all picked men, who we've trained for scouts, snipers and observers. I have a good little bunch in my section; all real Americans, fairly well educated and very much interested in the work.

You don't know what a treat it is to be away from the responsibility and routine work connected with company duty. Although we all are working one and one-half hours more here each day and studying at night, it is much more agreeable work. We learn lots of new things from some of our instructors who've returned from the front; and we, in turn, teach it to our men. It's altogether very interesting work, with all the advantages connected with a training camp or any school. By that, I mean we don't have to worry with things like equipment, sickness, guard duty, fatigue parties, absence without leave, rations, mess, sanitation and all the other administrative matters which, with a company take more of your time than actually training and instructing your men. Everybody likes to be out in the field; and we sure are here.

Well although this little village is not as large as the one I left, we've obtained better billets for both our men and ourselves. It's the first time American troops have ever been quartered in the town and hence the Y. M. C. A. has not been established here yet for the men. Since, however, there are only about 350 men here with us, hardly any barns had to be used. We secured mostly old back rooms with better light and wooden or stone floors. The officers are fixed up very well.

Right across from my room is the church and what a racket that priest in there does make with those bells. I guess most all of France is Catholic; anyway, they sure believe in bells. When the church bells are not ringing those in the town hall are. We all laugh and wonder if they make such a fuss over 12 o'clock noon and early morning mass that they do when they really want to spread an alarm. First morning I was awakened about an hour before reveille (5 a. m.) by the worst clatter and banging I ever heard. I did not know whether it was the Germans approaching the village or New Year's eve.

I sure hope, kind people, that you'll pass these letters around and explain to everybody that I think of my relatives even if I don't write to them. But I've decided there's no use of writing to any one except Emma and you people—nor even then very often. It doesn't pay; I don't know how many of my letters will ever straggle through and it takes so long anyway that naturally you don't feel like corresponding so much. As a matter of fact, I've been lucky in receiving those three letters from Emma and that one from Aunt Mary, as lots of soldiers and officers over here have never received a "bloomin" thing. You see it takes so long to come down through G. H. Q., A. E. F., and then down to our division, next to our regimental headquarters and finally to any number of 10 villages around here, in which the 30th is billetted.

Speaking about mail, you know we have to censor all the men's mail in our respective command and good Lord, how some of them do write. Every day it seems to us who have to read them over, but then we are glad to do it, as that's the one thing a fellow can do when he either wants to become homesick or relieve the condition. It's a great life providing you get through.

Of course, everybody thinks they have the correct "dope" on when we're going up; but you might just as well try to bet on the weather. Nobody knows, except that we are sometime and that fact alone is enough to keep us all working hard. Sure is a different spirit over here than there was back home. Wish we could get a newspaper. I'd like to know something about the war. With lots of love to all.

DAN.

P. S.—The food is picking up; we had both butter and sugar today.

Standard Theater

Week of June 23rd, the Standard Theatre again offers one of its special selected features that has always been a guarantee of good taste to its patrons.

"Honor's Cross," featuring Rhea Mitchell, the charming young star, and a company of selected players, such as Hershel Mayall, Edward Coxen and many others of fame.

"Honor's Cross" is all story, there is not a superfluous moment in the whole drama and is a gripping tale of a young girl's fight against the powers of prey, but finally through good fortune wins out, and a happy ending comes.

A powerful good comedy concludes the program.

GOOD ROAD BETWEEN BUFFALO AND CLEVELAND

An investigation of the route from Buffalo to Cleveland that is expected to add important information to that already at hand, is now under way by the Portland Cement Association, through the efforts of their division engineer, Mr. M. J. Finneran.

A careful study of the highway is now being made by Mr. Finneran, who because of his experience as a highway engineer, and acquaintance with this section, was chosen for this important work. Mr. Finneran passed through this place Friday, bound for Cleveland and riding a five-ton freight truck of the E. H. Scott Company, which operates a regular freight service between Erie and Cleveland.

The data developed by Mr. Finneran's study will be carefully prepared and will be placed on file at the Chicago office of the Portland Cement Association where it will be at the service of those interested in the project. The route will pass through this community, which will benefit accordingly, once the road is permanently improved with a durable, hard-surfaced pavemene.t

Shipherd, deceased, all of whose names and places of residence are unknown, will take notice that E. H. Everett, as plaintiff, has filed a petition against them, as defendants, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is seized in fee simple and is in possession of the following described real estate, to wit:

Situate in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being sublots Numbers 203 and 205 to 222, both inclusive, in Crosby's Allotment of part of original Euclid Township tract number 16, as shown by the recorded plat in Vol. 9 of Maps, page 25 of Cuyahoga County Records.

FINAL RETURNS ON WILLOUGHBY WAR CHEST CONTRIBUTIONS.

By Frank Shankland

The total subscriptions from Willoughby to the War Chest fund amount to $22,235.96. In the previous Red Cross drive, Willoughby village and township subscribed $5378.42 while in the Y. M. C. A. drive, the total amounted to about $3100.

Willoughby's War Chest contribution amounted to more than the cost of operating our village public schools for a year. At the specified rates for French war orphans, the subscription would take care of an army of French orphans for a year. Willoughby may well be proud of its record in this war drive, for although there were few large subscribers, yet nearly everybody in the village and township are listed among the subscribers.

Life and excitement and a general settling down to work prevailed at the Andrews Institute Monday, when the summer term opened and approximately 200 girls started upon the various courses offered. Red Cross work drew many, and canning is a special feature this year account of the patriotic conservation measures. The classes were well at work Monday. It is said to be an indication of a well organized school to have a good class arrangement the first day of the school. Miss Bessie Gillard of the Mechanics Institute, Rochester, is a new addition to the teaching force, taking the place of Mrs. Bolton, who is away for the summer.

SPECIAL COUNCIL MEETING

A special meeting of the council was called Monday night, all members including Mr. Von Beseler were present. A petition was received asking that Wilson avenue, from River to Euclid, be sprinkled. President Wilson Asks Everyone To Economize

..."The great results which we seek can be obtained only by the participation of every member of the nation, young and old, in a national concerted thrift movement.

...To practice thrift in peace times is a virtue and brings great benefit to the individual at all times; with the desperate need of the civilized world today for materials and labor with which to end the war, the practice of individual thrift is a patriotic duty and a necessity."

The essential thing now is to regularly put something into a savings account, and thus be ready for the needs of the future—both personal and national needs. We will pay you 4 per cent interest on your Savings Account compounded twice a year.

THE BIG GUN SEEMS OUT OF COMMISSION

"Spirit of French Cannot Be Broken," Says Harvey Burgess in Letter From France

Assistant Prosecuting Attorney Harvey Burgess of Niles, son of Capt. and Mrs. Burgess, who is now engaged in the work of the Red Cross, in a letter written from Paris May 23rd, to a friend, says:

"I am enjoying the sights of Paris and have been since May 11th. We had a very uneventful trip coming over. I came by the way of Liverpool and across England.

"As I see Paris it is hard to realize there is such a terrific struggle going on within the distance of but a few miles. The spirit of the French cannot be broken. Life is gay and all seem to be happy. The air raids, of which we have had five since I have been here, cause no alarm. People go into the open places and watch. It reminds me of a Fourth of July celebraton. One can see the flash of the bursting shell of the barrage fire and then in a few seconds hear it explode. The boches have lost one or more machines in every raid and they accomplished but little.

"The big gun which was shooting into Paris is no longer in operation. We are satisfied it has been destroyed.

"The Red Cross is doing a wonderful work here. One sees it manifested wherever one might be. It is impossible to realize the extent of their work but from what I have seen I have formed a hazy idea and it is wonderful. If the people at home could only see what is being accomplished with their money they would not have to be called upon to donate to the fund but would do so voluntarily.

"I do not know when I will be sent out into the war zone, which is called the 'advance zone,' but I expect it will be in the very near future. What I have learned of my work it is going to be extremely interesting. It will probably take me about as near the front as a non-combatant will be allowed to go.

"Living is somewhat expensive but we certainly have plenty to eat. Sugar and butter are rather scarce and I have not seen a piece of pie since I left home."

THE LAST WORD: USUALLY THE BEST. WOMAN'S RIGHT TO IT IS UNQUESTIONED. WOMAN'S PLACE IS IN THE HOME. YES, THE ENLARGED HOME OF THE RACE.

An Essay By Miss Marion Randall.

The essays given by the graduates of the W. H. S. Friday night were in every case most excellent and splendidly given by the scholars, without reference to notes. We are reproducing Miss Randall's essay, as an example. It seems, as Judge Reynolds said at the exercises, particularly opportune in view of President Wilson's recent expression in regard to universal suffrage:

This is an age of new influences. The present war has given birth to new forces that are transforming politics, industry, religion and the home. These influences are destructive to powers of evil and tend to weed out everything that is false and injurious to civilization.

Thus it is that the more frequent presence of women in the different walks of life is one of the wonders and problems of the day. Women's inefficiency has been taken for granted too long, and we should remember that often, what is longest taken for granted is least supported by evidence. From time immemorial women have been compared with the helpless clinging vine, incapable of facing danger or hardships without the shielding presence of the sturdy oak. But by breaking a link here and a fetter there women have gradually freed themselves from their ancient bondage And now they stand forth as man's equal in intellect, courage and executive ability. Deborah Jenkins said that "she despised the modern idea of women being equal to men—equal indeed—she knew they were superior."

But first we would like to know what brought about this remarkable change. We find that women have achieved more in the last fifty years than in a thousand or more preceding. This progress may be traced back to the industrial revolution of the eighteenth century. The introduction of machinery during that period marked a new epoch in woman's life. The country home which had been a workshop, was left for the crowded and unhealthy city, which, together with machinery, left little need for creature employment in the home. Up to this time women had made everything needed by the family except weapons and agricultural implements. They spun and wove all the cloth used for clothing, knitted socks, cooked and taught their children. This is still true of the Navajo Indians in Arizona: the squaw's duty being to weave the beautiful Navajo rugs and blankets, always in demand, while her husband takes the money which she makes, to buy more squaws who will earn more money for him. Splendid economics, is it not? But when man invented machinery, that took spinning and weaving out of the home. Thus women, deprived of their regular work, immediately sought other activity, and started forth seeking new fields to conquer.

Step by step and with undaunted courage, they have persisted until the iron-barred doors of every profession and industry have opened to them. Take, for instance, the teaching profession. In this, women have succeeded most easily. We can hardly imagine a time when women were barred from the school-room, yet it was not so very long ago that such a condition existed. The argument against their employment was the same old one we have always heard, "Woman's place is in the home." Now nearly all the teachers of the elementary grades and most of the high schools are women. This is true of many heads of colleges and schools for women. Fifty years ago such a thing was unknown.

In the industries women have progressed very rapidly, until now there is hardly an enterprise in which they are not found. They have shown fitness for callings which they never dreamed of entering before. In Cleveland it is a common thing to see women taxi-drivers and the elevator boys are nearly all girls now. Due to the shortage of men, women are toiling night and day in the munition factories supplying guns and ammunition which are convincing Fritz that he is getting as good as he sends. There are any number of women bellhops, porters, electricians and farmerettes, railway flagwomen, mine operators and contractors.

Then in the professions women have had a hard struggle except in the liberal arts. Women were naturally attracted to medicine as their sex has always been peculiarly endowed with a gift for nursing and healing. Just as witches and healers could not be stamped out by hanging, so modern women have ceased to be barred from the professions by early refusals. When Elizabeth Blackford, the first woman physician, went to Edinburgh to receive her degree, she was heartily welcomed by the medical students with cabbages, eggs and carrots. Recently women surgeons and physicians in English, repulsed by the British War Office, served so competently under French and Servian governments, that in a short time the same department was only too glad to recall them to service in England. Women doctors and nurses have been invaluable throughout the war and men will not easily be able to overlook this fact when peace is declared Although the road has been all uphill and filled with ruts, women have emerged victorious.

The legal profession has been undoubtedly the hardest one for women to enter, altho the world has long recognized their right to the last word and their unquestioned talent for arguing. So we now have women judges, prosecutors and experts in international law. We find others administering estates and defending criminal cases. Several women have taken the law course in order to fit themselves for the management of their own estates. In Cleveland, Miss Florence Allen, a lawyer of note, is a well-known worker on the suffrage platform Even the most conservative of men's institutions, the Boston Bar Association, has extended its membership to women, Dean Clarence Ashley of New York university said, "After many years of observation I find no difference between men and women as to legal aptitude.' But it has been only with the greatest difficulty that women have achieved success and even now in England they are refused admittance to the bar. In this respect we are far ahead of Europe although a great deal of prejudice still exists here.

Women can not be kept out of politics, either. Miss Jeanette Rankin is the frst woman elected to the national legislative body. In the west women have become mayors; many states have women in their legislature. Mrs. Carlson of Colorado is vice governor. Women received equal suffrage first in the western states, and many others have followed. All of the women of New York will be able to vote now since suffrage has claimed that state. The franchise is being gradually extended to women and it will not be long before every woman will be allowed to vote.

Democracy has been a great factor in bringing about this emancipation of women. It has abolished class distinctions, a great obstacle in the path of freedom. Formerly, if women belonged to the royal class they might rule. For example, Elizabeth and Victoria, two of England's greatest sovereigns. But democracy said that each person should rule himself and then allowed all the men to rule all the women—a doubtful improvement Lincoln tells us that the government is of, for and by the people. Are not women people?

But this present war has seen the greatest real victory for women. They have quietly slipped into the places vacated by men who serving their country and filled these in an efficient and womanly way. They have been tried under stress and found capable. Inevitably men are beginning to worry about woman's status after the war. It is certain that women will not quietly drop back into their former positions. Independence once secured will not be relinquished. Women have not only furnished money for hospitals, collected supplies and cared for the wounded but they have also filled men's places in finance, politics and in factories. Even in America we notice that many women have filled their husband's places as bread winners. One woman said, "I want to be married to my fiance before he goes. If he comes back wounded, I want to support him" That is the spirit that is winning for women everywhere. Men, since the war, no longer remark that woman's place is in the home. We are told that the period immediately following the war will be the age of women Mr. Schwab recently stated that after the war there will be a new aristocracy—not of wealth, but of service.

As a result of these changes, life no longer centers around frivolity, leisure and the styles. Women require some things more substantial to occupy their time than bridge or the newest thing in fashions. Never before in history have all civilized activities in all nations changed so rapidly as in the past five years. As Kipling says, "The female of the species is more deadly than the male." Woman has always been the enemy of evils that threaten her home, and now, more than ever, she is sweeping out these evil influences, cleaning up the political house and making pure the moral atmosphere about her. She is fighting fiercely not only for present issues but for the preservation of the race as well." Truly, Mr. Kipling, "she is the deadly foe of evil." Her place is in the home but she has enlarged her home and it is no longer home in the narrow sense of the word but she has given it a nobler meaning and she has become the home of the race. So in all this development, of all the strides made by civilization, [illegible] the greatest [illegible] aided [illegible] whether [illegible] strength and [illegible] the world.

DAUGHTER OF F. M. OSBORNE IS WED

June has been cheated of several of the largest weddings because of war office orders hastening the departure of troops but regardless of war, the uncertainty of leaves of absence for bridegrooms and ushers as well, June is to remain the month with more large weddings on its social calendar than any other of the year.

Miss Helen Margaret Osborne, daughter of Mrs. Frank M. Osborne, who have their summer home upon the Plains, was the first June bride. She was married to Ensign Edward P. Bruch at the home of her sister, Mrs. Karl Frederick Bruch, formerly Miss Mildred Osborne, on Fairmount boulevard, Shaker Heights. Ensign Bruch is a brother of Mr. Karl F. Bruch. They are sons of Mr. and Mrs. F. W. Bruch, 11130 Euclid avenue.

The navy colors, blue and gold, were used in the color scheme in the house while the tent was hung with American and allied flags. Blue and gold were the colors of the gowns worn by the bride's attendants.

Mrs. Karl Bruch was the matron of honor. The other attendants were Mrs. Francis C. Mills Jr., and Mrs. Walter L. Robinson, sisters of the bride; Miss Marguerite Swentzel of Kansas City and Mrs. Morgens De Neergaard Farch.

All wore gowns of yellow marquisette with navy blue trimmings. The skirts were bound in blue and the girdles of the gowns were of blue and yellow. They carried arm bouquets of blue larkspur and wore leghorn hats with blue ribbons.

Four children preceded the bridal party to the altar—Barbara Bruch and Dorothy Francis Robison, both of whom wore yellow organdie frocks and carried blue larkspur, Master Francis C Mills III, and Master Walter L. Robison, Jr., who wore white satin suits and carried canes.

Mr. Karl Bruch served his brother as best man The ushers were Mr. Alfred Bruch of Washington, Mr. Kenneth Hayes, Mr. Clarence Osborne and Mr. Richard Ziesing.

The bride wore a gown of white satin made with a full court train and trimmed with lace which had belonged to her mother. She carried lilies of the valley. Her veil was lace and tulle.

Mrs Osborne was in cream colored chiffon and lace. Mrs. Bruch also wore lace. Both assisted the bridal in receiving the 200 guests.

Ensign and Mrs. Bruch will live in Annapolis as Mr. Bruch has been assigned there since receiving his commission at Newport.

Mr. and Mrs. Karl Bruch entertained the bridal party at a buffet luncheon at the Roadside club.

Eva Kenta, residence unknown, will take notice that Vasilie Kenta filed a petition against her in the Court of Common Pleas of Cuyahoga County, Ohio, praying for divorce, custody of child and relief on the ground of gross neglect of duty and adultery. Said petition is No. 163557 and will be for hearing on and after June 21st, 1918.

A Home, Or An "Abode"

Which Will You Have a Few Years Hence?

Will you have a house and lot of your own, a home where no man can deny you, where no landlord can raise the rent or order you to move, where every improvement made benefits you and adds to the convenience and happiness of your family, a "home of your own," which gives that indescribable but satisfying sense of satisfaction, security and contentment which is the portion only of happy home owners? Will you be living in a home of your own, a monument to your industry, thrift and foresight, and a haven of security and comfort for yourself and family?

Or, will you still "exist" in an "abode," a borrowed (rented) house and have to show for your money, only a bundle of rent receipts—"souvenirs of improvidence"?

These are practical, vital questions. Whether a few years hence finds us happy home owners or regretful rent payers, depends only on us. One thing is sure, we never will have a home of our own till we make a start toward it. And, the first requisite is a lot, homesite.

Willoughby-Euclid Avenue Subdivision

60x200, 500 up. 80x200, $660 up.

Terms very easy, a little down, a little a month, with liberal cash discount.

Protected by conservative restrictions, of one house, for one family to the lot, with complete improvements (including sewer, water, sidewalks, shade trees, parks, tennis courts and paving) now being installed, this property offers an exceptional opportunity to secure a beautiful homesite in the choicest residence district of Willoughby.

Because of the increase in land values it will not be possible again to buy equally well located and developed property in Willoughby, at these low prices.

Buyers of our property at present initial prices may be absolutely certain of a generous increase in value.

Now is the time to act. Don't put it off. Delay will mean second choice and a higher price. Take advantage of present high wages and get started toward that "home of your own" you have dreamed of and longed for. We will be glad to show you how you can have it, with very little money. You can pay for it the same as rent while you use and enjoy your home.

Representatives on the property Saturday afternoons and Sundays.

LEGAL NOTICE
Samuel F. Perkins, and the unknown heirs and devisees of Samuel F. Perkins, deceased, Sadie Perkins and the unknown heirs and devisees of Sadie Perkins, deceased, all of whose places of residence are unknown, and the names of the unknown heirs and devisees of Samuel F. Perkins, deceased, and Sadie Perkins, deceased being unknown, will take notice that Elizabeth Davis, as plaintiff, has filed a petition against them, as defendants, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that she is the owner in fee simple and is in actual possession of the following described real estate, to wit:

Situated in the City of Cleveland County of Cuyahoga and State of Ohio, and known as being a part of sublot No. 45 in Gaius Burk's subdivision of a part of original one hundred acre lots Nos. 315 and 455, as shown by the recorded plat of said subdivision in Volume 2 of Maps page 57 of Cuyahoga County Records and bounded and described as follows:

Beginning at a point in the northerly line of Harvard Avenue, S. E about 174 feet and 9 inches East from the intersection of Jones Road S. E. and Harvard Avenue S. E. and at the southwest corner of land deeded to John T. Hobbs by deed dated Feb. 3, 1883, and recorded in Volume 347, page 77, Cuyahoga County Records; thence northerly at right angles with Harvard Avenue S. E., 50 feet; thence northwesterly at right angles with Jones Road S. E. to the southerly line of said Jones Road S. E. at the northwest corner of said Hobbs land; thence southwesterly along the southerly line of Jones Road S. E. to a point 40 feet from said Hobbs north west corner; thence southeasterly about 42 feet to a point 41 feet and 11 inches from the northerly line of Harvard Avenue S. E. and 55 feet from the east line of the parcel herein described; thence southerly 41 feet and 11 inches to the northerly line to Harvard Avenue, S. E.; thence easterly along the northerly line of Harvard Avenue, S. E. 55 feet to the place of beginning.

The petition alleges that the defendants claim an interest or estate in said premises, hostile and adverse to plaintiff's rights, in this to wit: that prior to the year 1894, Samuel F. Perkins was the owner of the above described premises, and that on the 31st day of March, 1894, one E. A. Gongwer was appointed guardian of the aforementioned Samuel F. Perkins, a drunkard; that subsequently on the 24th day of March, 1894, the aforesaid E. A. Gongwer filed a petition in the Probate Court of Cuyahoga County, Ohio, for the purpose of selling the real estate of his ward, to pay his debts, naming the said Samuel F. Perkins, as the sole and only defendant, altho at the time the said Samuel F. Perkins was a widower with one child, to wit: Sadie Perkins. The petition alleges that no notice was served on the defendant, Samuel F. Perkins, nor was his child, Sadie Perkins, who was entitled to the next estate of inheritance, made a party defendant; that subsequently, a hearing was had in the Probate Court, as aforesaid, and the Court allowed the prayer of the petition, and appointed appraisers therein, who duly appraised said premises in the sum of $1350.00; that on the 13th day of May, 1895, an order of private sale was issued; and said premises were sold to William H. Davis and Elizabeth Davis, the latter the plaintiff, herein, for the sum of $1350.00; that on May 14th, 1895, said sale was confirmed, and a guardian was ordered to make a deed to said purchaser; that on said day the said William H. Davis and Elizabeth Davis paid to the said E. A. Gongwer, guardian, the sum of $1350.00 and obtained therefor an official guardian's deed, conveying said premises to them for said sum of money, which deed was recorded in Volume 597, page 636 of Cuyahoga County Records.

The petition further alleges that the said plaintiff and her husband, William H. Davis, continued in the possession of said premises down to the time of the death of her husband, who died testate, leaving his interest in said premises to this plaintiff.

The petition further alleges that the alleged claim of the defendants has no value, and is of no effect, and that the said defendants have no interest whatever in said premises, but that the alleged claim they make, constitutes a cloud upon the title of plaintiff, and that this plaintiff has had the actual, open, notorious, continuous and adverse possession of said premises since the 15th day of May, 1895.

The prayer of said petition is that the said defendants may be compelled to show their interest, if any, in said premises; that the same be adjudged to be null and void, and the plaintiff's title quieted against the same.

Said petition is No. 163799 and the above named defendants are required to answer the same on or before the 13th day of July, 1918.

"THE ROCKETS' RED GLARE; BOMBS BURSTING IN AIR," GRAPHICALLY DESCRIBED BY SOLDIER IN FRANCE

The following letter from Oliver H. Perry, addressed to C. M. Shipman of the J. H. R. Products Co., Willoughby, describes most graphically the actual feelings of a boy in battle. One may also notice his almost pathetic assumption that we know all about his particular night's battles, when many of us, alas, can only grasp and know of the high spots in the battles, about which we read. This Oliver Hazard Perry who writes this letter, is a direct descendant of the Perry of Lake Erie fame, who after his defeat of the British fleet on the lake made the laconic and modest announcement to General Harrison, "We have met the enemy and they are ours."

April 4th, 1918.

My dear Mell:

In the last two days I have handled 32 bags of mail out of which I have received my share. Received shirt with all pockets filled with chocolates but all squashed, also package from Princeton, do not know who from. Also lot of papers from Jersey City, two from Andrew, also 10 letters in last four days.

The censorship has been lifted. We are now in a rest camp, or as it is, a cave and a very old cave at that and believe me we needed the rest. Have "done our bit" in the trenches and they were not make believe ones, either. We were under artillery fire continually, twice under a heavy barrage. The last night we were in the trenches was a very eventful night of my life in the army and more especially of the company. I was sitting talking in the officers' kitchen, when suddenly the Boches opened fire on our front line occupied by French soldiers; yet our men were there also, working.

An answer began by the Allies after two minutes. It seemed as if hell broke loose. The reply by our artillery was terrific. Both sides were sending over a heavy barrage and under this we had to go out and get a machine gun bunch; more than this I cannot tell, much as I would like to, but I can say we sure were in it strong. The results are all I can tell you. Lieut. Bishop, Sergt. Olsen, Corp. Sanderson, Privates Brown and Johnson will no doubt receive medals for "distinguished service." Gen. Edwards and colonel have praised the company for their part in the night's occurrences. I think most of the men feel the same as the captain as he expressed himself yesterday in speaking for the Co. in ——Y. M. C. A. for in his talk he belittles the facts and said that he though we only did our duty as we swore to do when we enlisted. You have probably read the accounts of the night by this time, when you read this.

You should have heard the terrific noise that barrage made. Those words in the National Anthem, "The rockets' red glare, the bombs bursting in air," were very true that night. I was wondering if Brud's Artillery was helping us out. Did the papers get it right about Basil being Major? Have not heard from him in several weeks, when we get our seven days' furlough I hope I can look him up.

Today I received a carton of Fatima cigarettes from Gil. Ross of Winthrop avenue. Certainly good of him as I did not know him very well.

These caves are very interesting. The first one we were in must have been 20 years old, it was so large that once upon a time two British soldiers were lost in it and died of starvation. We live some 35 feet under ground.

The cities and towns we have passed through are all in ruins, completely destroyed.

I suppose we wil see plenty more of the same and will get used to it after a bit. Some day I will have some good stories to tell of the things I have seen: it is great.

Give my best remembrances to al,

Sincerely,
OLIVER H. PERRY

MAIL DELIVERY SERVICE IN VILLAGE DEFERRED

The city delivery of mail cannot be started in the village July 1st, as contemplated, due to the fact that the civil service department is so crowded with work, they are unable to rate the papers, which will permit of the appointment of the carriers. A town becomes eligible for city mail delivery when its postoffice receipts reach ten thousand dollars. Willoughby has qualified and everything is completed, here and at Washington, the only delay being in the civil service department. The service canot probably be installed until at least July 15.

IMPORTANT IMPROVEMENT IN HOLDINGS OF ANDREWS SCHOOL EFFECTED

It is a matter of considerable interest to the friends of the Andrews Institute to learn that by recent negotiations of the committee consisting of Messrs. Van Gorder, Hammar and Wilson that an improvement has been made in the securities of the New York Ice Company. The contracts made two years ago for a period of five years for ice which is now far below cost, was a menace to the ice company under the present war-time conditions. This contract has now been cancelled and a new one made whereby the product is sold at a profit and the company can continue.

PICTURE YOUR UPPER ROOMS FALLING UPON THE KITCHEN RANGE, AND YOU WILL HAVE AN IDEA OF ONE SOLDIER BOY'S EXPERIENCE

The following interesting account of some of the soldier boys' experiences were written by a cousin of S. S. Wilson, and addressed to his mother:

"Believe me," he says in his "Mothers' Day" letter, this detachment of Co. E, sure have got it in for the Huns now. You see we are just about a stone's throw from No Man's Land; and those dirty bums sent over one of their big shells yesterday morning, which just tore our witchen all to pieces. Luckily no one was very close, although Ray and the cook were so near that they nearly got covered with debris. If you want an idea of what it was like, just stand by your bed room door, and imagine you hear an awful bang, and picture my room and the bathroom coming down on top of your range. Then of course you exit out of the window, and hit for the dugout.

"Mail has been making very good time, which helps a lot. Every day is Mothers' Day with me. Wish I could make your dreams come true some night and come into Ellensburg on a string of box cars, and then disturb you from your slumbers to let me in. I am glad the people at home take an interest in fellows over here, for it helps a lot really to know that those left behind are backing us up.

"When the mail comes is a great time with us. After the letters and papers are devoured eagerly and gone over time and again, we almost live for the mail. Don't be afraid of sending too much.

K. OF P. LODGE SELLS $5050 IN WAR STAMPS IN TEN MINUTES.

When it comes to patriotism, the K. of P. lodge shows its colors in so substantial a way that it just flows over. Geo. C. von Beseler, who gave patriotic talks in Wickliffe and Willoughby, Wednesday night, gave an excellent Thrift Stamp Talk at the meeting of the lodge. M. J. Rentschler, whose splendid patriotic talks are a delight to hear, also addressed the gathering. In less than ten minutes following, the members had purchased $5050 in war savings stamps and the lodge also took another $200 in addition to that which they already have.

A war savings stamp a month will give the kaiser a bump.

Total for Lake county previously reported	$108,069.18
Week ending June 20	3,749.94
Total sales to June 20	$111,819.12
Sales for Willoughby Post Office District for week ending June 20	1,614.78

WE NEED THE MONEY HERE, SAYS GIBSON AND YOU DON'T HAVE TO PAY THE FREIGHT. READ ON:
Say, which do you figure is cheaper: 1 pair head lamps at $6.00, 2 front fenders at $7.50, 1 radiator $25.00, or a nice classy bumper for about $5.50 or $6.00? Think that over and then come in and talk bumper with me. I am agoing to sell them whether I make a cent or not. Tires and Tubes are agoing up every day and you know you will need one or more soon; and I have the best money can buy at the price I ask. My present stock of oils and grease are nearly exhausted and the next shipment will be a considerable higher. So get busy now, as it is a necessity for your car. Just compare my prices with the catalogue houses, freight added, and see how far you are ahead by sending your money out of town; and right here is where we need it. I may not be here long, so get what you want of what I've got and if I have not got it I can get it or it isn't made.

"And for the support of this declaration, with a firm reliance in the protection of Divine Providence, we mutually Pledge to each other our lives, our Fortunes and our sacred honor."
—Declaration of Independence

WITHOUT THIS PLEDGE, THE IMMORTAL CHARTER OF HUMAN LIBERTY WOULD HAVE SIGNIFIED NOTHING BUT A MERE PROTEST. WITH THIS PLEDGE, IT WAS ENDOWED WITH ETERNAL LIFE AND SPRANG INTO EXISTENCE AS THE GREATEST DOCUMENT OF ALL RECORDED TIME.

THESE MEN MET TO OPPOSE TYRANNY AND TO DEMAND FREEDOM. THEY KNEW WHAT WOULD BE THE CONSEQUENCES OF THEIR MIGHTY ACTION. "WE MUST HANG TOGETHER," SAID ONE, "OR WE SHALL HANG SEPARATELY." ANOTHER, FEARING THAT NON-PARTICIPANTS MIGHT SUFFER, IDENTIFIED HIS SIGNATURE BY ATTACHING THE PLACE OF HIS RESIDENCE
THE MAN WHO DARES ACT, DARES OPENLY TO PLEDGE SUPPORT IN ADVANCE TO THAT ACTION. EVERY SOLDIER WHO SWEARS ALLEGIANCE TO THE FLAG PLEDGES HIMSELF TO DIE FOR HIS COUNTRY. THERE ARE MILLIONS OF AMERICANS WHO HAVE TAKEN THIS OATH; HUNDREDS HAVE REDEEMED IT WITH THEIR LIFE'S BLOOD. THEIR SACRED HONOR STANDS UNSPOTTED.

To those who are not permitted to fight is accorded the high privilege of sustaining the soldiers in the field. To them now comes the plea of the nation for a **PLEDGE**. It is for financial support. They are asked to make a covenant that they will give assurance to the fighting forces that behind the lines of shot and shell are arrayed the dedicated dollars of loyal men, women, and even the children of this land.
They are urged to **PLEDGE** themselves to purchase the maximum amount of War Savings Stamps, which is $1,000, maturity value. These little bonds sell for $4.17 each, and represent sixteen of the 25-cent Thrift Stamps, plus 17 cents in cash. If conditions are such that they cannot buy the maximum amount of $1000, they should pledge themselves to take any part of this total. Give your pledge now and resolve to redeem it by systematically saving sufficient of your surplus between today and Nov. 30. Sacrifice your favorite luxury or devote yourself to some new endeavor to increase your income to the end that you, like the Fathers, may **PLEDGE** a part of your fortune and all your sacred honor toward making every human being "a free man, in a free country, in a free world."

DAN FLICKINGER FINDS IT A LUXURY TO BUY THINGS IN FRANCE

Just wrote yesterday about all the news I had to tell and now I want to write you again. Gee, I would love to hear from you, but of course, it's not your fault that I haven't heard since those three letters came. When I think of the mail from you that must be lying around various parts of France or England, it makes me feel tough. I know there are at least 10 letters or maybe 20 for me that are still en route, or else plain sidetracked. Lieut. Beebe, our R. I. O., went back to regimental headquarters yesterday hoping to get some mail, but nothing doing. Transportation of food comes first, then the men, and mail follows along as best it can with everything else. Anyway when they do come I'll get a bunch, won't I?

Well, today was the first rainy day we've had for four days, and that's going some for France at this time of the year. I'm getting all kinds of wear out of my little trench coat and am so glad I didn't have a lining put in it. By the time it gets cold enough to need a lining, I'll need a new coat. Yet you can also sure believe if I get through this summer campaign all O. K., I won't care if I have to buy five coats. Verily, yes.

We had a fairly good day's work today in spite of a little sprinkle. Last Saturday it was so warm and sunny the whole school here went down for a swim. You don't mind the rain here because it's so soft and warm; and then when the sun does shine, she sure do shine.

Looks like it will take more than this summer to beat the Germans; and if they hold on another winter we will all have to whack at them again next year. But you never can tell; and things might begin to look mighty good for us along late next summer and fall. Let's hope so, anyway.

I certainly think of you a lot at evenings. Although I'm working hard all day and am very busy the candles are too poor to do much reading or studying at night. So there's nothing left to do but go to the little cafes or go to bed. I generally do the latter—so at least I can console myself that I'm making up now for all the sleep I ever lost.

Well, folks, take good care of yourself, because there's a mighty good chance I'll be back—at least most of me. I sure hope and pray you are well.

With all my love,
DAN.

P. S.—I'll soon have a year's service in the army.

Sunday, May 12, 1918.

Dear Family:

Well, believe me, I was a happy man when your letter of April 8 came. Gee, but I was glad to get it and hear all the news about you and everything. I think that's a fine idea about numbering our letters—and as you can see, I have adopted the suggestion. Am not quite sure whether this letter should be 7 or 8 but will call it 7.

Well, today is Sunday, thank the Lord, because I need this day of rest. We've had a pretty tough week; been on the go eight hours solid each day and have had three mighty problems which kept us up late. In addition we took a 15-mile hike last Thursday down to a town where the divisional Q. M. is located. Although it was a long hike and done chiefly for practice in advance and rear guard formations and so on, we all were mighty pleased to get down there because we could buy things. And that is a luxury in this country, I can assure you. All those who were out of cigarettes, candy, soap, towels, toilet articles, and little things like that could get at least some of them.

We had no misigivngs about buying so much because there is nothing but almonds and wine in this little village, and heaven knows when we'll get a chance again. I'm fixed fine now—one dozen cakes of real Swiss chocolate and plenty of shaving soap.

Say, this is sure a great school we have. The work is going fine; we are awfully busy, but get a lot done on a large variety of subjects. These days it certainly does take a trained man to be of any value at the front line. It's hard to tell who is learning the most, the men or us in teaching it to them.

Just a word about the weather; when it's not raining, it's getting ready to. But I don't care; my good old slicker and trench coat keep me dry, and I change off with four pairs of shoes in turn.

When we are not at work (which is only on Sunday) it's deader than a Roman grave yard here. The chief excitement is going to the center of the town and watch them bring in sheep from the hills. What a mixup it is. We have no time off at all during the week and I guess it's just as well. It's hard work to train and drill men and learn things yourself all at the same time.

In your letter I was mighty glad to hear about Bill's visit and all the news about you. You don't know how good it all sounds to my hungry ears. I haven't a kick coming in the world, though, because it's a thousand times worse than this at the front, and we are really living very comfortable. Lots of funny things happen.

Received a mighty good letter from Mr. Hancock, one of the Mystic Tie Masons. Keep up your good spirits.

With the same old love,
DAN.

MOTOR VS. LOCOMOTIVE

Motor-driven cars are catching up with and passing the locomotive as the most dependable means of wartime transportation.

"I told a prospect the other day," reports S. N. Sutter, Manager, located at 2027 Euclid Avenue, Cleveland, dealer here for the Standard Eight, "that on short hauls, motor trucks have already moved freight comparing favorably in amount with that handled by our railroads, and for the first time that prospect began to show some comeback, instead of just listening.

I argued that so far as passenger transportation was concerned, automobiles were today checking up more miles than the yearly passenger mile service of all our railroads put together, and nearly as many as all our railroads and trolley lines combined. He was still more interested. He hadn't appreciated to what extent the motor was competing with the locomotive in these war days.

"I informed him that the Standard Eight was the pet offspring of the Standard Steel Car Company which has made railroad cars for years before making its first automobile.

"I didn't talk beauty of lines, though my car has the best of them, I talked power, speed economy, and long winded dependability on distance runs, the qualities that best fit modern automobiles to compete with the railroads.

"He was impressed by the record number of miles my car had made on a gallon of gas, but evidently he had heard a monotony of talk on that line. The facts that scored strongest with him were that my company was the only one fabricating its own steel for its frames, and that the Standard Eight possessed the highest horsepower per pound of car weight of any car of its class. You see he was one of those men always looking into the future, and, once realizing the trend of things, he wanted to be sure he was buying a car powerful and dependable enough to eat up distance on all roads and actually to compete with fast train service. When I sell a car, I make it clear to the purchaser that he is getting a private fully-equipped railroad line of his own," concluded the dealer.

SCHOOL HOUSES OPEN

Columbus, Ohio.—To all adults of the state, there has come forward a "Notice of Enlistment" in the civilian army of War Savings Stamp purchasers.

To every one of the 1500 township clerks in Ohio a request has been forwarded from the Ohio War Savings Committee to keep open on Friday, June 28—National War Savings Day—the school houses in these townships. Appropriate posters announcing the "Notice of Enlistment" have been distributed to each of these clerks so that adequate publicity will be given observation of the day.

"You are hereby instructed to appear on that day (June 28) at the nearest school house or other place locally designated, and enroll as a regular purchaser of War Savings Stamps," the proclamation states, in compliance with the public statements of President Wilson and Governor Cox. "The government of the United States expects all citizens to pledge themselves to save and economize to help win the war."

On the face of the "Notice of Enlistment" is carried this appeal to the civilian population from President Wilson: "I earnestly appeal to every man, woman and child to pledge themselves on or before June 28, to save constantly and to buy War Savings Stamps as regularly as possible. May there be none unenlisted on that day."

"The money invested in War Savings Stamps is not a gift," the "notice to" Ohioans state, "or a donation, but it is a loan to the government. It will all be paid back with 4.27 per cent interest."

IMPERATIVE NEED FOR MORE NURSES

By Mrs. Alberta Williams, of Painesville Red Cross

An appeal to physicians and surgeons has been made by Mary M. Roberts, director of nursing, Lake Division, American Red Cross. Said she:

"The medical profession can render splendid patriotic service by encouraging patients to have part time instead of full time nursing service, by releasing office nurses, by discouraging the use of luxury nurses, by generously advising nurses who go to them for advice to enroll for active Red Cross service.

Nurses want to give this service. Doctors, are you aiding or retarding them?

Telegrams have been received from Champ Sherman, O., and Camp Tyler, Ky., telling of the need for more nurses.

Prosecuting Attorney Von Beseler Speaks on War Savings Stamps at Wickliffe.

Prosecuting Attorney Geo. C. von Beseler was the speaker at the usual weekly picture show in the auditorium of the public school in Wickliffe Wednesday night.

He spoke in part as follows:

"My fellow countrymen:

"The great Napoleon once said that the God of battle and of victory is always with the army that has the heaviest artillery. A famous Greek general said, that success in war rests with the side that has the most money. I believe that success in war ultimately will come to the side that has the highest morale among the troops. The morale of the troops, however, depends quite largely upon the character of the support behind the lines and at home. America and her allies now have the heaviest artillery and all that they can use. America certainly has unlimited supplies of money, provided you and I are willing to let loose of it. The morale of our troops in camp and abroad is the marvel of all military experience. Now let us do our part.

"This week is War Savings Stamp Week. Now the phrase W. S. S. is too little understood. While it is a proposition of thrift with us, yet we must understand that it is purchasing bonds on the installment plan. The installments may be as small as twenty-five cents and as large as $1000. The investment pays a little better rate of interest than that paid on any Liberty Loan yet floated. But our government intended that we should buy these bonds in installments by making self-sacrifices. For instance, in our home, we now buy meat less than once each week. We eat vegetables. The money we would have put into meat we put into War Savings Stamps. Thus we save the meat for the soldiers. We lend to the government our money we would have spent for the meat, and the government is able to buy that same meat with our money for our soldiers at the front who need it most.

"Why shouldn't those boys have the best? In one week twenty-seven troop trains of from ten to fifteen cars each went east over the Nickel Plate road alone, going forth to fight our battles for us. Already Lake county has lost Barrett in the air, Hazlett of Madison, Nick Rose of Willoughby, Warren of Perry, and Fred Rogers of Painesvile in camp and Well Clothier in a munition plant. Stanley Mauck and Karl Locke have died in the trenches. After all, what is it that these boys get out of the whole thing? We at home are the ones who receive the benefits. They go, they fight, they die in order that our homes might be spared desolation—in order that our temples might not be desecrated—in order that our wives—our daughters and our sisters might not be ravished by the brutality of German soldiery.

"Some man within the hearing of my voice yea, I believe it some man within the hearing of my voice can and ought to go to the postoffice tomorrow and buy $1000 in War Savings Stamps in memory of Stanley Mauck and Karl Locke. If you, my friend, already have invested a thousand dollars in your own name, invest another thousand dollars in the name of your wife or your child. Others within the sound of my voice can arrange for five hundred dollars in stamps. Many can invest one hundred dollars—a hundred can invest fifty dollars; another hundred, twenty-five dollars, and certainly every man here can invest ten or five dollars; every woman can invest at least one dollar, and every child twenty-five cents. Is it not a wonderful scheme that every man, woman and child tomorrow can buy something in memory of Stanley Mauck and in memory of Karl Locke, who have given up their lives for us.

"Yes, the boys are going eastwerd on the trains and over the ocean every day.

"Caught on the patriotic wave,
They go—perhaps to fill a grave—
But where the heart is true
And foes insult our native land,
Men question not but take their stand
To see the matter through.

"For all true men abhor the shame
Connected with a coward's name;
They have but one desire,
And that is to defend their flag,
When enemies attempt to drag
Old Glory in the mire.

"So wave ye on, old banner bright;
For you your sons will ever fight,
We'll keep you flying high,
Where you can float above the trees
And snap defiance in the breeze—
We'll keep you there or die."

AN INTERESTING LETTER FROM FRANCE FROM HARRY BARNHISEL

Somewhere in France,
May 22, 1918.

My Darling Mother:

We are stationed here in France and are very contented although an awful long ways from home.

We are getting the best of treatment in every respect, all we want to eat and fine places to sleep.

Harry and I are still together, the best of pals as ever, although we have our little spats every now and then, but when we finish we are always the best of friends again.

We have transferred into a different branch of the service called tank service, heavy.

I am sure we will both like it better as it is a very interesting branch and we will both be able to accomplish more with the training we have both had at home.

I would like to explain it more thoroughly but am afraid my letter would not pass censorship if I did.

There is only one objection to foreign service, that is, it is very difficult to get cigarettes over here so in case you wish to send me anything why just send some smokes.

Say, Mugs, I wired the day before we left Camp Merritt for money. I thought you would understand, so in case you wired money have the Western Union refund same as I never called for it, in fact I guess we were in mid-ocean before your wire would reach Merritt.

Our trip was wonderful; clear across the big sea we had very calm sea all the time and very few even got seasick and for once I was a lucky number.

Believe me, Mugs, France is sure one wonderful country, the most beautiful I have ever seen, the most beautiful farm lands you can imagine, most all the buildings are constructed of stone, brick and cement, in fact, as yet I have not seen a frame building.

The lay of the ground is about the most odd feature here, as every place you travel you find nothing but hill and dale.

We have a fine Y. M. C. A. very close to us and I think about the best in France; entertainments most every night and real homelike.

We are drilling most every day so our time is limited as to pleasure, but we have dandy ball games and such quite often. We go out most every day on great big long hikes in the country; then days we are off we can get permission to go out for a ride, horse back.

Say, Mugs, write and tell me what arrangement you have made with John and also if you have all your crops in.

Have written you several letters since our arrival but of course there is no certainty as to their reaching their destination, but surely hope you have received them.

As yet I haven't received any mail from the states but expect a great big long letter from my darling old mother in the very near future.

Let me assure you that I'll write as often as possible and that I am perfectly well and safe so mother dear, please don't worry.

Will close, promising to write every chance I can, with all my love and kisses to my darling mother.

Yours,
HARRY.

REV. H. E. BRIGHT TO DELIVER 4th OF JULY ADDRESS AT DAMASCUS

The Rev. H. E. Bright will deliver the patriotic address at Damascus, where he was in charge of the service several years ago. He has been called back on numerous occasions. Their observance of the 4th is always noteworthy one. Following this Mr Bright will leave for Camp Sherman. During the month of July he will be engaged entirely in cantonment work, the church having given him this time for this work. The "Y" secretary at Camp Sherman requested Mr. Bright to take this in hand during that period. Camp Sherman is almost entirely filled with new men now. Practically the entire 83rd regiment is in France. A letter received Wednesday morning by Mr. Bright from his brother, Benj. Bright, at Camp Humphrey, Va., stated that the men only stayed in the camps about six weeks. Mr. Brights brother is a noncommissioned officer and expects to leave for France at any time.

M. J. RENTSCHLER DENOUNCES "KAISERISM" IN FORCEFUL SPEECH AT PERRY.

Seventy men, members of the Perry chamber of commerce, one of the liveliest bunches in Lake county, heard M. J. Rentschler of the J. H. R. Products Co., manufacturing chemists, of Willoughby, speak in the interests of the W. S. S. campaign at the I. O. O. F. hall Perry, Saturday night. And they heard just about the best talk of all in the numerous war campaigns, says the Lake County Herald.

Rentschler is a whirlwind and he has the added advantage of having studied chemistry in Germany for a period of three years. His story of university life in Germany was illuminating. Life is one duel after another in the German universities and the best scrapper is the best man.

His story of how his old and kindly professor was taken out and shot by the order of the kaiser because he would not develop a new poison gas to use against the allies was pathetic. Rentschler became so angry that he fairly shook when he denounced the system.

Rentschler stated that the Germany of Bismark was for a Germany united within itself. The kaiser wanted to include the earth.

"But," said Rentschler with much force, "by the lord Harry we'll lick him to a finish."

Rentschler admitted it was going to be some job, however, and that it was up to us at home to buy war savings stamps and pay the bills. Rentschler made the statement that the morals of the German people were way below any other nation on earth and a great deal worse than the much-advertised French morals. Immortality was openly advertised in magazines for boys and girls, he said.

The talk was great and the audience was raised to a high pitch of enthusiasm and pledged themselves to work like nailers for the W. S. S. campaign. President George Salkeld was chairman. Mayor W. J. Carmichael of Willoughby, W. S. S. chairman, was present and introduced Mr. Rentschler.

It didn't seem to be very far away, although we didn't hear them talking, but what worried me most was for fear they'd come down and land in our strawberry patch.

IN AN EMERGENCY

Most people are at some time confronted by the necessity of finding funds quickly.

In these war times, when loans are not always easily procured, and when the need for extra cash is frequent and urgent, it is necessary to have a reserve that can be quickly applied to the emergency.

A Savings Account will meet such conditions better than any other reserve. It is always subject to your instant withdrawal and earns 4% interest compounded semi-annually. Make your reserve grow steadily.

A Home, Or An "Abode"
Which Will You Have a Few Years Hence?

Will you have a home on a lot of your own, a home where no man can deny you, where no landlord can raise your rent or order you to move, where every improvement made by you is an added value to the convenience and happiness of your family, a "home of your own," [illegible] contentment which is the [illegible] of happy home owners? Will you be [illegible] of your own, a monument to your industry [illegible] and a haven of security [illegible] for you and family?

Or, will you still [illegible] a borrowed (rented) home and [illegible] to show for your money, only a bundle of rent receipts [illegible] of improvidence?

These are practical, vital questions. Whether a few years hence finds us happy home owners or regretful rent payers depends only on us. One thing is sure, we never will have a home of our own till we make a start toward it. And the first requisite is a lot, a homesite.

Willoughby-Euclid Avenue Subdivision

60x200, $500 up. 80x200, $660 up.

Terms very easy, a little down, a little a month, with liberal cash discount.

Protected by conservative restrictions, of one house, for one family to the lot, with complete improvements (including sewer, water, sidewalks, shade trees, parks, tennis courts and paving) now being installed, this property offers an exceptional opportunity to secure a beautiful homesite in the choicest residence district of Willoughby.

Now is the time to act. Don't put it off. Delay will mean second choice and a higher price. Take advantage of present high wages and get started toward that "home of your own" you have dreamed of and longed for. We will be glad to show you how you can have it, with very little money. You can pay for it the same as rent while you use and enjoy your home.

LEGAL NOTICE

William Schultz, who resides at Route No. 1, Box 161, Knox, Indiana, will take notice that August Schultz, Administrator of the Estate of Anna Schultz, deceased, as plaintiff, has filed a petition against him and others, as defendants, in the Probate Court of Cuyahoga County, Ohio, alleging that the personal estate of said decedent is insufficient to pay the debts and charges of said estate, and that said decedent died seized in fee simple of the following real estate, to wit:

Situated in the City of Cleveland, County of Cuyahoga, State of Ohio, known as sublot No. 57 of Caroline Beyerle's subdivision of a part of original Lots Nos. 286 and 287 in said City. Being 36 feet front on Independence Street and of same width 130 feet deep. As per plat of said subdivision recorded in Vol 12 of Maps, page 44, Cuyahoga County Records.

The petition further alleges that the said Anna Schultz died leaving August Schultz, her husband, who is entitled to dower in said premises.

The prayer of said petition is that the dower of said August Schultz may be set off or assigned to him in said premises, or the value thereof be paid to him in money, out of the proceeds of the sale of the said premises, as he may elect, and for authority to sell the above described premises for the payment of the debts and charges in said estate.

The defendant above named is further notified that he is required to answer said petition on or before the 13th day of July, A. D. 1918.

LEGAL NOTICE

Samuel F. Perkins, and the unknown heirs and devisees of Samuel F. Perkins, deceased, Sadie Perkins and the unknown heirs and devisees of Sadie Perkins, deceased, all of whose places of residence are unknown, and the names of the unknown heirs and devisees of Samuel F. Perkins, deceased, and Sadie Perkins, deceased being unknown, will take notice that Elizabeth Davis, as plaintiff, has filed a petition against them, as defendants, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that she is the owner in fee simple and is in actual possession of the following described real estate, to wit:

Situated in the City of Cleveland County of Cuyahoga and State of Ohio, and known as being a part of sublot No. 45 in Gaius Burk's subdivision of a part of original one hundred acre lots Nos. 315 and 455, as shown by the recorded plat of said subdivision in Volume 2 of Maps page 57 of Cuyahoga County Records and bounded and described as follows:

Beginning at a point in the northerly line of Harvard Avenue, S. E. about 174 feet and 3 inches East from the intersection of Jones Road S. E. and Harvard Avenue S. E. and at the southwest corner of land deeded to John T. Hobbs by deed dated Feb. 3, 1883, and recorded in Volume 347, page 77, Cuyahoga County Records; thence northerly at right angles with Harvard Avenue S. E., 50 feet; thence northwesterly at right angles with Jones Road S. E. to the southerly line of said Jones Road S. E. at the northwest corner of said Hobbs land; thence southwesterly along the southerly line of Jones Road S. E. to a point 40 feet from said Hobbs north west corner; thence southeasterly about 42 feet to a point 41 feet and 11 inches from the northerly line of Harvard Avenue S. E. and 55 feet from the east line of the parcel herein described; thence southerly 41 feet and 11 inches to the northerly line to Harvard Avenue, S. E.; thence easterly along the northerly line of Harvard Avenue, S. E. 55 feet to the place of beginning.

The petition alleges that the defendants claim an interest or estate in said premises, hostile and adverse to plaintiff's rights, in this to wit: that prior to the year 1894, Samuel F. Perkins was the owner of the above described premises, and that on the 31st day of March, 1894, one E. A. Gongwer was appointed guardian of the aforementioned Samuel F. Perkins, a drunkard; that subsequently, on the 24th day of March, 1894, the aforesaid E. A. Gongwer filed a petition in the Probate Court of Cuyahoga County, Ohio, for the purpose of selling the real estate of his ward, to pay his debts, naming the said Samuel F. Perkins, as the sole and only defendant, altho at the time the said Samuel F. Perkins was a widower with one child, to wit: Sadie Perkins. The petition alleges that no notice was served on the defendant, Samuel F. Perkins, nor was his child, Sadie Perkins, who was entitled to the next estate of inheritance, made a party defendant; that subsequently, a hearing was had in the Probate Court, as aforesaid, and the Court allowed the prayer of the petition, and appointed appraisers therein, who duly appraised said premises in the sum of $1350.00; that on the 13th day of May, 1895, an order of private sale was issued, and said premises were sold to William H. Davis and Elizabeth Davis, the latter the plaintiff herein, for the sum of $1350.00; that on May 14th, 1895, said sale was confirmed, and a guardian was ordered to make a deed to said purchaser; that on said day the said William H. Davis and Elizabeth Davis paid to the said E. A. Gongwer, guardian, the sum of $1350.00 and obtained therefor an official guardian's deed, conveying said premises to them for said sum of money, which deed was recorded in Volume 597, page 636 of Cuyahoga County Records.

The petition further alleges that the said plaintiff and her husband, William H. Davis, continued in the possession of said premises down to the time of the death of her husband, who died testate, leaving his interest in said premises to this plaintiff.

The petition further alleges that the alleged claim of the defendants has no value, and is of no effect, and that the said defendants have no interest whatever in said premises, but that the alleged claim they make, constitutes a cloud upon the title of plaintiff, and that this plaintiff has had the actual, open, notorious, continuous and adverse possession of said premises since the 16th day of May, 1895.

The prayer of said petition is that the said defendants may be compelled to show their interest, if any, in said premisse; that the same be adjudged to be null and void, and the plaintiff's title quieted against the same.

Said petition is No. 163799 and the above named defendants are required to answer the same on or before the 13th day of July, 1918.

Barnum, and ———Barnum, husband of Cecelia Barnum, all of whose first names are unknown, and the places of residence of each of said parties being unknown, will take notice that the Guardian Savings & Trust Co., a corporation, as plaintiff, has filed a petition against them, and others, as defendants, in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that there is due it the sum of $2500.00 with interest at 6% per annum, from March 15th, 1915, payable quarterly, on the 15th days of March, June, September and December, with interest on all overdue interest at the same rate, and further alleging that there is due it the sum of $155.64 with interest at 6% per annum from the 4th day of February, 1916, computed in the same manner, on a note executed by William W. Situated in the Village of Olmsted Falls, County of Cuyahoga and State of Ohio, and known as being part of Original Olmsted Township Lot No. 4, Tract No. 5, and bounded and described as follows: Beginning on the northerly line of said lot No. 4, at a point 15 chains east of the center line of State Road, and at the northeast corner of a parcel of land conveyed to Elisha Fitch, by deed recorded in Vol. 82, page 232 of Cuyahoga County Records; thence easterly along said northerly line 279 66-100 feet to the northwest corner of a parcel of land conveyed to Florain Pelz by deed recorded in Vol. 71, page 105 of Cuyahoga County Records; thence south 21 degrees, 24' west, along the westerly line of land so conveyed to Pelz, 144 95-100 feet to the southwest corner thereof; thence south 26 degrees, 22 1-2' west, 74 3-10 feet to the northwest corner of a parcel of land conveyed to Daisy Hyde by deed recorded in Vol. 598, page 403 of Cuyahoga County Records; thence south 18 degrees 41' west 120 27-100 feet to the southwest corner of land conveyed to Hyde, as aforesaid; thence south 70 degrees 14' east along the southerly line of said Hyde land, 213 71-100 feet to the westerly line of Bradford Road, (so called) thence south 26 degrees 23' west along the westerly line of Bradford Road (so called) 20 13-100 feet to the northeast corner of land conveyed to Edward W. W. Kidney by deed recorded in Vol. 493, page 282 of Cuyahoga County Records; thence 5 degrees 19 1-2' east along the westerly line of land so conveyed to Kidney 196 feet to the southeast corner of land conveyed to Elisha Fitch by deed recorded in Vol. 82, page 232 of Cuyahoga County Records; thence north 7 degrees [illegible] along the westerly line of land [illegible] and containing 4 802-1000 acres of land, according to survey made in September 1900 by F. Kidney, by deed recorded in Vol. 722, page 177 of Cuyahoga County Records.

The petition further alleges that the defendants first above named claim some interest or lien in the above described premises, but the plaintiff says that its lien is the first and best lien against said premises.

The prayer of said petition is that the defendants be required to set up their respective claims, if any they have in said premises, or be forever barred from asserting the same; for judgment against William W. Drake and Mary E. Drake, as principals and William H. Millikan, as surety, for the sum of $2500.00 with interest at 6 per cent per annum, from March 15th, 1915, payable quarterly, on the 15th days of March, June, September and December, with interest on all over-due interest at the same rate and for the sum of $155.64 with interest at 6 per cent per annum from the 4th day of February, 1916, computed in the same manner; that its mortgage be found to be the first and best lien against said premises; that said mortgage be foreclosed, the premises sold and the proceeds thereof applied, first, to the payment of its claims and for relief.

Said petition is No. 150101 and the defendants first above named are required to answer the same on or before the 20th day of July, 1918.
